Interests & Experiences

Please tell us about yourself and why you want to serve.

I have been living in this community for over 20 years. I attended San Joaquin Delta College where I received my AA degree. At Delta College, I was involved in a number of student organizations and was also elected Student Body President. I transferred to the University of the Pacific where I received my Bachelor of Science in business administration and also served in student government. I went on to earn a Master's in Business Administration from National University. Since graduating, I have been involved in student mentoring organizations and currently serve as Vice President of the Pacific Alumni Association. I have also been an active member of the Rotary Club. Through Rotary, I have been involved in many local projects helping those in need. I feel it is important to give back to the community that has given me so much.

Please state the reason you would like to be a member of this board/commission.

I believe it is really important to give back to the community in which, I live, work and am raising my family. I feel that the planning commission has an important responsibility of making sure to support opportunities that will benefit the community and its future generation.

Interests & Experiences

Please tell us about yourself and why you want to serve.

Real Estate Professional for 12 years and over the past four years, I have had the pleasure of serving as a Planning Commissioner for District 6 in Stockton. Being a Planning Commissioner has allowed me to better understand local government, participate in dialogue and decisions for the best Land-Use in the City, encourage community and stakeholder collaboration in development decisions. I would like to continue to serve to continue to do the above and be apart of the update of the current General Plan.

Please state the reason you would like to be a member of this board/commission.

I would like to continue serving as a Planning Commissioner for the following reasons: 1) Maintain new Alcohol Ordinance and making balanced decisions that work for our city and local small businesses. 2) Taking a SmartGrowth approach when it comes to Development. Smart growth is an approach to development that encourages a mix of building types and uses, diverse housing and transportation options, development within existing neighborhoods, and community engagement. 3) Enjoyment of serving the citizens of the city to assure that their voice is heard and land use issues are addressed.
