On January 22, 2026, the City Clerk of the City of Stockton opened, examined, and publicly declared the sealed proposals or bids offered for the Bridge Rehabilitation and Replacement Program, Project No. WT17004/Federal Project No. BPMPL-5008(177); and

The project includes a mixture of erosion repairs, replacement of the asphalt approaches, deck sealing, and barrier replacement on six bridges identified on the approved Bridge Preventative Maintenance Program as follows:

1. Carolyn Weston Boulevard over French Camp Slough
2. Center Street over Stockton Channel
3. El Dorado Street over Calaveras River

T.P.A. Construction, Inc. is the lowest responsive bidder in the amount of \$1,226,272.50 and its bid is regular in all respects; and

The project is in conformance with the City's General Plan, pursuant to California Government Code, section 65402, and is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) as specified under section 15301(c) of the CEQA Guidelines, because this is a discretionary project under the City's jurisdiction and qualifies as a project which has been determined to not have a significant effect on the environment; now, therefore,
