

COOPERATIVE PURCHASE AGREEMENT

Cooperative Name:	State of California, Department of General Services, Procurement Division
Contractor:	Kovarus, Inc.
State of California Statewide Cooperative Standard Agreement Number:	1-13-70-10C
State of California Initial Agreement Term:	07/19/2013 through 07/18/2017 with 2 – one-year options to renew.
State of California Amended Term (1st renewal option exercised):	July 19, 2017, through July 18, 2018
State of California Remaining Options to Renew:	1 year
City of Stockton Cooperative Purchase Agreement Term:	Start Date: _____ End Date: July 18, 2018
City of Stockton Cooperative Purchase Agreement Amount:	Not to Exceed \$179,293.06

The City of Stockton, a California municipal corporation on behalf of itself and its associated entities ("City"), and the above-named Contractor ("Contractor"), do hereby agree that City shall be granted the pricing, terms, and conditions under the above referenced State of California ("State") Statewide Cooperative Standard Agreement ("Standard Agreement") Number 1-13-70-10C, as such may be amended from time to time. The State Standard Agreement and associated documents, referenced in the Standard Agreement, are incorporated herein as Exhibit A to this City Cooperative Purchase Agreement ("Agreement").

Contractor shall grant such pricing, terms, and conditions to City for all procurements of goods and services, whether taking place on a City purchase order, purchasing card (credit card), or other purchasing modality, whether via telephone, via the Contractor website, or via direct purchase at a Contractor retail location.

In addition to the pricing, terms and conditions stated in the Standard Agreement 1-13-70-10C, Contractor shall, at Contractor's sole cost and expense and for the full term of the Agreement or any extension thereof, obtain and maintain all the insurance requirements listed in attached Exhibit B.

The Term of this Agreement shall remain in effect through July 18, 2018, and will be

automatically extended, if renewed by the State, through July 18, 2019, unless terminated earlier by City.

To the fullest extent permitted by law, Contractor shall hold harmless, defend at its own expense, and indemnify the City of Stockton, its officers, employees, agents, and volunteers, against any and all liability, claims, losses, damages, or expenses, including reasonable attorney's fees, arising from all acts or omissions of contractor or its officers, agents, or employees in rendering services under this contract; excluding, however, such liability, claims, losses, damages, or expenses arising from the City of Stockton's sole negligence or willful acts. The duty to defend and the duty to indemnify are separate and distinct obligations. The indemnification obligations of this section shall survive the termination of this agreement.

City and Contractor do hereby enter into this Agreement, for the items available in the above-named State Standard Agreement Number 1-13-70-10C Exhibit A and referenced in the attached quote Exhibit C. In no way, shall payment to the Contractor and this Agreement exceed \$179,293.06 for the purchase of storage equipment replacements for the 400 East Main data center. Any person signing this Agreement on behalf of City or Contractor does represent and warrants that he or she has full authority to do so.

This Agreement may be amended only by a written amendment, consistent with the State Standard Agreement, signed by Contractor and City.

STATEMENT OF WORK**1. INTRODUCTION**

This Statement of Work ("Agreement") reflects the goods and services to be provided by Kovarus, Inc., hereinafter referred to as the "Contractor," for the State of California hereinafter referred to as the "State" for the Entry Level Data Storage Statewide Contract. RFP DGS 1002-023, Section 6, Technical Requirements, shall be incorporated as a part of this Statement of Work along with all attachments and exhibits.

2. SCOPE

The Contractor will provide Entry Level Data Storage equipment to the State departments and local governmental agencies in a timely and efficient manner. Available equipment is limited to that meeting the requirements of Attachment 7, including but not limited to:

- 12 to 96 drive capacity

The Contractor will be the primary point for warehousing, data collection, reporting, and distribution of Entry Level Data Storage to the State.

There is no guaranteed dollar value for this contract.

All purchases will be F.O.B. destination, freight prepaid by the Contractor, to the ordering organization's receiving point. Responsibility and liability for loss or damage for all orders shall remain with the Contractor until final inspection and acceptance, when all responsibility shall pass to the ordering organization, except the responsibility for latent defects, fraud, and warranty obligations.

3. PERIOD OF PERFORMANCE

The term of this Agreement is July 19, 2013 through July 18, 2017 with the option to extend two (2) additional one (1) year periods or portion thereof upon approval by the Department of General Services, Procurement Division and no work shall begin until such time.

During this period of performance, the Contractor will receive purchase orders from both State and local governmental agencies for purchases made via Statewide Contract Number 1-13-70-10C.

4. CONTRACTOR RESPONSIBILITIESResponsible Contractor

The prime Contractor shall be responsible for successful performance of the contract. The prime Contractor shall also be responsible for the successful performance of any and all of their subcontractors.

The prime Contractor is the sole point of contact with regard to contractual matters, payment of and all charges resulting from the outsource or purchase of the equipment, and maintenance of the equipment for the term of the contract.

The prime Contractor is responsible for compliance with requirements under the contract, even if requirements are delegated to subcontractors. All State policies, guidelines, and requirements apply to subcontractors. The prime Contractor and subcontractors shall not in any way represent themselves in the name of the State of California without prior written approval.

1-13-70-10C

Entry Level Data Storage

The Contractor shall make available to the State technically competent personnel to accomplish the tasks and deliverables for the implementation and management of the contract.

The Contractor shall remain an authorized reseller of the contracted products through the duration of the contract.

The Contractor shall maintain in force (as required by State law) a valid Worker's Compensation Insurance Policy for all employees engaged in the performance of the contract and agree to furnish the State satisfactory evidence thereof at any time the State may so request.

Contracted Products

The Contractor shall provide all goods and services as described in Attachment 7.

Subcontractors

The Contractor has committed to utilize the following subcontractors:

Subcontractor	Subcontracted Duties
Castro International Consulting	Program management, technical services, systems consulting
EMC Corporation	Professional services

Small Business and Disabled Veteran Business Enterprise Commitment

The Contractor has committed to the following levels of subcontractor participation:

Subcontractor	Certification	Participation Commitment
Castro International Consulting	SB, DVBE	5%
EMC Corporation	None	2%

The Contractor shall meet or exceed their Disabled Veteran Business Enterprise (DVBE) commitment level within six (6) months of contract award and continue to do so on a contract-to-date basis.

Quality Assurance

Contract items - including hardware, software, and firmware – are covered by a ninety (90) day manufacturer's warranty.

Maintenance response is required per Section 6.6.3, Maintenance Levels, of Attachment 7.

Liquidated damages of \$100.00 will be deducted from a service invoice for each hour over the required response time and each hour of downtime exceeding twenty-four (24) work hours. In the case of no service invoice, the State will provide the Contractor with written notification of any liquidated damage fees assessed along with notification of how payment is to be received.

The Contractor shall offer credit for items shipped in error, items returned within thirty (30) calendar days of acceptance, and defective or freight damaged items.

The Contractor will not impose a restocking fee for items that were damaged upon receipt, incorrectly shipped, returned within thirty (30) calendar days of acceptance, or returned items that are exchanged within thirty (30) calendar days. A 10% restocking fee will be charged for all other reasons.

The Contractor is not required to accept returns more than sixty (60) calendar days after acceptance.

In the event of product recall, the Contractor will provide notification the State's Contract Administrator (CA) and each applicable ordering agency. The Contractor will pick up, test, destroy, or return recalled products to the manufacturer at no cost to the ordering agency. Each ordering

agency will have the option of accepting replacement products or credit in exchange for recalled products.

Orders

The Contractor shall not accept orders that are incomplete, contain non-contract items, or contain non-contract terms and conditions. The Contractor cannot refuse to accept orders from any State department or local governmental agency for any reason without written consent from the State's CA.

Delivery

Deliveries are to be made statewide to the location specified on the individual order and may be inside buildings, high-rise office buildings, and receiving docks. Delivery shall be completed within thirty (30) calendar days after receipt of an order unless otherwise agreed to by the ordering agency. Products will be shipped in recycled packaging and will include a packing slip and a packaging label visible on the outside of the box. Packing slip and packaging label content details are as follows:

Content	Packing Slip	Packing Label
Agency order number (Purchase Order number)	X	
Ordering agency name	X	
Line item description	X	
Quantity ordered	X	
Quantity included in shipment	X	
Back ordered or out of stock items and availability date of unfilled/partial shipment	X	
Number of parcels	X	
Destination	X	
Authorized purchaser	X	X
Address	X	X
Department and floor	X	X
Authorized purchaser contact name	X	X
Authorized purchaser telephone number	X	X

Physical installation includes coordination of installation with the State representative, power-up, installation of latest firmware, installation of software and updates, and removal of trade-in equipment (if any) and dunnage. Testing and diagnostics must include execution of a suite of hardware and software. The basic configuration must be completed and accepted by a State representative. Installation shall include electronic documentation, including configuration instructions.

Take Back

The Contractor will work in conjunction with the manufacturer to provide trade-back options as detailed below:

The Contractor offers different take-back / trade-in programs, depending on whether it is EMC equipment or Non-EMC Equipment:

- EMC Equipment – The Contractor will be responsible for facilitating the pick-up and return of this equipment to an EMC facility. The customer is responsible for getting the equipment de-installed and moved to a shipping dock for pick-up. Upon return to an EMC facility, the equipment will either be refurbished or torn down and the refurbished product or parts will be

1-13-70-10C
Entry Level Data Storage

sold through an alternate market. If the products or parts are not re-marketable the equipment will be recycled.

- Non-EMC Equipment – The Contractor will be responsible for facilitating the pick-up and return of this equipment. The customer is responsible for getting the equipment de-installed and moved to a shipping dock for pick-up. If the equipment has market value, it will be shipped directly to an EMC broker partner who will re-sell the equipment in an alternate market. If the equipment has no market value, the equipment will be shipped to an EMC facility where it will be recycled.

Based on the process followed at EMC regarding the recycling of EMC equipment taken back through trade-in programs, the recycling process is carried out at our manufacturing sites, which are all located outside of California.

Under EMC's disk retention program, the State is permitted to remove and retain data storage media (including but not limited to any hard disk drive(s) in the data storage device) prior to Take Back / Trade-In or replacement, if defective. Additional costs for such disk retention services can be found in the publicly available EMC Price List. With respect to products NOT covered under the disk retention requirements of this RFP, any defective Parts that have been replaced will become the property of EMC.

Replacement parts installed will become the property of the authorized purchaser.

Contract Management

The Contractor has designated the following Contract Manager (CM) to work with the CA to fully implement and manage the contract:

Contact Name:	Daniel J. Morris
Telephone:	(916) 949-3442
Facsimile:	(800) 558-9974
Email:	dmorris@kovarus.com
Address:	Kovarus, Inc. Attn: Daniel J. Morris 1420 E. Roseville Pkwy, Suite 140-106 Roseville, CA 95661-3080

The Contractor employs a customer service unit that is dedicated to this contract. The unit is available weekdays by telephone from 8:00 AM – 5:00 PM (the Contractor will extend customer service hours during historically peak workload periods such as end of Fiscal Year); each unit member has been trained in the requirements of the contract, has the authority to take administrative action to correct problems that may occur, and is designated for training and general customer service follow-up. The customer service unit will respond to all customer inquiries within one (1) business day. In addition, the contractor's primary Original Equipment Manufacturer (OEM), EMC2, will assign a Strategic Account Manager (SAM) to the State account. The SAM will reside in EMC's Roseville, California office and will develop support procedures designed to resolve issues before they affect project operations.

Reporting

The Contractor will provide the following reports to the State's CA:

Report	Period	Due Date
Contract Usage	Monthly	15 th of the following month
Local Business Activity	Monthly	15 th of the following month
SB/DVBE Participation	Monthly	15 th of the following month
Aging Debt	Monthly	15 th of the following month

Ad Hoc	As required	As required
--------	-------------	-------------

The Contract will submit these reports regardless of contract activity.

Local Governmental Agency Incentive Fee

On a monthly basis, the Contractor will remit to the Department of General Services a Local Governmental Agency Incentive Fee check in the amount of one (1) percent of the total local government agency sales – less taxes, returns, and credits – for one month.

5. STATE RESPONSIBILITIES

The State will provide a CA that will work with the Contractor's CM to fully implement and manage the contract.

The State CA will be responsible for reviewing and approving each deliverable.

State users will follow the State Administrative Manual Chapter 5900 and the State Contracting Manual, Volume 3, Chapter 2, Section C, Topic 1 prior to exercising any contract Take Back provision.

6. USER RESPONSIBILITIES

Mandatory Contract

Use of this contract is mandatory for all State of California departments.

SB/DVBE Option Off Ramp

This contract is subject to the SB/DVBE Option Off Ramp. A State department may, at its option, purchase goods from \$5,000.01 up to \$249,999.99 from California certified SB or DVBE suppliers as long as the department obtains price quotations from two (2) or more such businesses, in accordance with Government Code Section 14838.5(a) and (b). All Off Ramp purchases must be for the same brand, model, and configuration listed in the Contractor's catalog at the time of the purchase. Pricing must be at or below contract price.

Purchase Execution

State departments will submit orders on a Purchasing Authority Purchase Order (Std. 65) via fax or mail. Local governmental agencies may submit orders on their own purchase document. All purchase documents shall contain the following information:

- Agency Order Number (Purchase Order Number)
- Ordering Agency Name
- Agency Billing Code
- Purchasing Authority Number
- Leveraged Procurement Number (Contract Number)
- Agency Name
- Agency Contact Information
- Supplier Information (Contact Name, Address, Phone Number, Fax Number, E-mail)
- Line Item number
- Quantity
- Unit of Measure
- Commodity Code Number
- Product Description
- Unit Price
- Extension Price
- Electronic Waste Recycling Fee

Delivery

The ordering agencies will ensure the Contractor has proper access to the appropriate areas for deliveries.

Point of Contact

The ordering agencies will provide a Point of Contact (POC) for each purchase to insure that the goods and/or services are delivered in accordance with the terms and conditions of the contract. This person will be the POC for arranging the delivery, installation, and maintenance.

7. TASKS

The Contractor agrees to perform the required tasks in accordance with the Attachment 6 and Attachment 7, and the ordering customer's purchase document.

8. DELIVERABLES

Contractor shall provide all deliverables identified in Attachment 7. Deliverables must be prepared in accordance with the RFP requirements and submitted to the CA by the dates as specified below.

The Contractor will provide the following deliverables according to the following schedule:

Schedule	Tasks
Within 10 Days of Contract Award	<ul style="list-style-type: none"> Final Implementation Plan
Within 15 Days of Contract Award	<ul style="list-style-type: none"> Preliminary copy of invoice Preliminary Order Receipt Acknowledgment Customer Service Unit information Preliminary reports
Within 30 Days of Contract Award	<ul style="list-style-type: none"> Preliminary copy of catalog. Completed PCRC Workbook Information
Within 60 Days of Contract Award	Contractor achieves SB/DVBE commitment level on a contract-to-date basis.
Monthly (by the 15 th)	<ul style="list-style-type: none"> Contract Usage Report Local Business Activity Report Local Governmental Agency Incentive Fee Check SB/DVBE Participation Report Aging Debt Report
Bi-Annually (January 31/July 31)	<ul style="list-style-type: none"> Post Consumer Recycled Content Usage Report
Quarterly or as needed	<ul style="list-style-type: none"> Electronic Catalog
Upon request	<ul style="list-style-type: none"> Toxics in Packaging Certificate of Compliance Material Safety Data Sheet

9. BILLING INFORMATION

The Contractor will invoice the ordering agency within seven (7) calendar days of delivery. Invoice content is detailed in the Contract User Instructions. Payment will be made by check, electronic funds transfer, or CAL-Card.

Contract (Mandatory) 1-13-70-10C Supplement 7
Contract User Instructions

1. SCOPE

The State's contract with Kovarus, Inc. (Contractor) provides Entry Level Data Storage at contracted pricing to the State of California and local governmental agencies in accordance with the requirements of contract number 1-13-70-10C. The Contractor shall supply the entire portfolio of products as identified in the contract and will be the primary point of contact for data collection, reporting, and distribution of Entry Level Data Storage to the State.

The contract term is for four (4) years with an option to extend the contract for two (2) additional one (1) year periods or portion thereof. The terms, conditions, and prices for the contract extension option shall be by mutual agreement between the Contractor and the State. If a mutual agreement cannot be met the contract may be terminated at the end of the current contract term.

2. CONTRACT USAGE/RULES**A. State Departments**

- The use of this contract is mandatory for all State of California departments.
- Ordering departments must adhere to all applicable State laws, regulations, policies, best practices, and purchasing authority requirements, e.g. California Codes, Code of Regulations, State Administrative Manual, Management Memos, and State Contracting Manual Volume 2 and 3, as applicable.
- Prior to placing orders against this contract, departments must have been granted IT purchasing authority by the Department of General Services, Procurement Division (DGS/PD) for the use of this statewide contract. The department's current purchasing authority number must be entered in the appropriate location on each purchase document. Departments that have not been granted purchasing authority by DGS/PD for the use of the State's statewide contracts may access the Purchasing Authority Application at <http://www.dgs.ca.gov/pd/Resources/publications/SCM2.aspx> or may contact DGS/PD's Purchasing Authority Management Section by e-mail at pams@dgs.ca.gov.
- Departments must have a DGS agency billing code prior to placing orders against this contract. Ordering departments may contact their Purchasing Authority contact or their department's fiscal office to obtain this information.

B. Local Governmental Agencies

- Local governmental agency use of this contract is optional.
- Local government agencies are defined as "any city, county, city and county, district or other governmental body or corporation, including the California State Universities (CSU) and University of California (UC) systems, K-12 schools and community colleges", empowered to expend public funds for the acquisition of products, per Public Contract Code Chapter 2, Paragraph 10298 (a) (b). While the State makes this contract available to local governmental agencies, each local governmental agency should determine whether this contract is consistent with its procurement policies and regulations.
- Local governmental agencies shall have the same rights and privileges as the State under the terms of this contract. Any agencies desiring to participate shall be required to adhere to the same responsibilities as do State agencies and have no authority to amend, modify or change any condition of the contract.
- Local governmental agencies must have a DGS agency billing code prior to placing orders against this contract. DGS agency billing codes may be obtained by emailing the DGS billing code contact with the following information:
 - Local governmental agency
 - Contact name
 - Telephone number
 - Mailing address
 - Facsimile number and e-mail address

DGS Billing Code Contacts: 916-375-4400

Exhibit A

STATE OF CALIFORNIA
DEPARTMENT OF GENERAL SERVICES
PROCUREMENT DIVISION

Contract (Mandatory) 1-13-70-10C Supplement 7
Contract User Instructions

- C. Unless otherwise specified within this document, the term “ordering agencies” will refer to all State departments and/or local governmental agencies eligible to utilize this contract. Ordering and/or usage instructions exclusive to State departments or local governmental agencies shall be identified within each article.

3. DGS ADMINISTRATIVE FEES

A. State Departments

The DGS will bill each State department an administrative fee for use of this statewide contract. The administrative fee should NOT be included in the order total, nor remitted before an invoice is received from DGS.

Current fees are available online in the Procurement Division Price Book located at:

<http://www.dgs.ca.gov/ofs/home.aspx> (Go to Price Book and click on “Purchasing” under Procurement Division.)

B. Local Governmental Agencies

For all local government agency transactions issued against the contract the Contractor is required to remit to the DGS/PD an Incentive Fee of an amount equal to 1% of the total purchase order amount excluding taxes and freight. This Incentive Fee shall not be included in the agency’s purchase price, nor invoiced or charged to the purchasing entity. All prices quoted to local governmental agency customers shall reflect State contract pricing, including any and all applicable discounts, and shall include no other add-on fees.

4. SB/DVBE OFF-RAMP PROVISION

The Entry Level Data Storage Statewide Contract 1-13-70-10C is **mandatory** for use by all State of California departments except when the “SB/DVBE Off-Ramp” provision is utilized. The SB/DVBE Off-Ramp provision allows a State department to, at its option, purchase contract items from a California certified small business (SB), including a “microbusiness” (MB), or a Disabled Veteran Business Enterprise (DVBE) in accordance with the rules outlined within this document.

Note: The rules outlined herein are exclusive to the Entry Level Data Storage Statewide Contract 1-13-70-10C and do not affect any other contract. Departments may not use the SB/DVBE Off-ramp provision to buy outside of the mandatory statewide contract if the rules cannot be applied. In these situations, the purchase must be made through the mandatory statewide contract.

A. SB/DVBE Off-Ramp Provision Usage Rules

In order to utilize the SB/DVBE Off-ramp provision, departments must comply with the following usage rules:

Requirement	Description / Procedure
Purchasing Authority	Departments must have approved Purchasing Authority Category for SB/DVBE Option per GC section 14838.5(a) granted by the DGS/PD in order to utilize the SB/DVBE Off-Ramp provision as identified within the statewide contract..
Transaction Limits	Transactions must be less than \$250,000 excluding sales and use tax, finance charges, postage, and handling charges.
Supplier Certifications	SB/DVBE Offramp purchases must be made to a supplier with a current California SB or DVBE certification. State departments can verify certifications at the following website: www.caleprocure.ca.gov

Exhibit A

STATE OF CALIFORNIA
DEPARTMENT OF GENERAL SERVICES
PROCUREMENT DIVISION

Contract (Mandatory) 1-13-70-10C Supplement 7
Contract User Instructions

Requirement	Description / Procedure
<p>Price Quotations</p>	<p>Departments must obtain price quotations from California-certified SB, MB, or DVBE supplier(s) as follows:</p> <ul style="list-style-type: none"> ➤ For purchases between \$0 and under \$5,000, departments must obtain at least one (1) phone quote or written quote. ➤ For purchases between \$5,000 and under \$250,000, departments must obtain at least two (2) price quotations. Refer to SCM Volume 3, Chap.4. <p><u>Note:</u> Quotes must be obtained from suppliers of the same certification type (SB or DVBE).</p>
<p>Evaluation</p>	<p>State departments must document in the procurement file that the products being purchased are:</p> <ol style="list-style-type: none"> 1) <u>The same brand and model</u> as the products available from the statewide contract including product description, functional requirements, and manufacturer warranties as provided in the statewide contract; <u>and</u> 2) <u>Equal to or less expensive</u> than the pricing offered from the statewide contract for the equivalent products based on the total order value before taxes.
<p>Identifying Off Ramp purchases</p>	<p>Departments electing to exercise the Off Ramp provision by conducting a SB/DVBE Option purchase <u>must</u>, when executing the resulting purchase document, enter "OFF RAMP" in the box titled "Leveraged Procurement Agreement No." on the STD.65.</p> <p>Refer to the following example for identifying Off Ramp purchases.</p>

STATE OF CALIFORNIA - GENERAL SERVICES PROCUREMENT DIVISION PURCHASING AUTHORITY PURCHASE ORDER STD. 65 (REV. 7/2003)			CONTRACT REGISTRATION NUMBER CP1234567	AGENCY ORDER NUMBER 12-HQ-0092	AMENDMENT NO. []

B. Off Ramp Documentation

Requirement	Description / Procedure
Off-Ramp Documentation	<p>The procurement file must be documented to support the contract award and the action taken including the following documents:</p> <ul style="list-style-type: none"> • Copy of Statewide Contract User Instructions in support of executing a SB/DVBE purchase outside of the mandatory contract. • Statewide contract pricing sheet, highlighting the equivalent products being purchased and used for evaluation. • SB or DVBE price quotes obtained. • SB or DVBE certification verification. <p>Refer to SCM Volume 3 for additional documentation requirements.</p>

5. **EXEMPT PURCHASES**

To purchase Entry Level Data Storage equipment other than that offered on this contract or contract number 1-13-70-10C requires an approved exemption from the DGS/PD CA. Please refer to <http://www.dgs.ca.gov/pd/Programs/Leveraged/contracts/exemptionprocess.aspx> for information and the required justification forms regarding the exemption process.

6. **CONTRACT ADMINISTRATION**

Both the State and the Contractor have assigned contract administrators as the single points of contact for problem resolution and related contract issues.

Administrator Information	DGS/PD (State Contract Administrator)	Kovarus, Inc. (Contractor)
Contact Name:	Eileen Tardiff	Daniel J. Morris
Telephone:	(916) 375-4463	(916) 949-3442
Facsimile:	(916) 375-4613	(800) 558-9974
Email:	eileen.tardiff@dgs.ca.gov	dmorris@kovarus.com
Address:	DGS/Procurement Division Attn: Eileen Tardiff 707 Third Street, 2 nd Floor, MS 222 West Sacramento, CA 95605	Kovarus, Inc. Attn: Daniel J. Morris 1303 J Street, Suite 410 Sacramento, CA 95814

7. **PROBLEM RESOLUTION/SUPPLIER PERFORMANCE**

A. Problem Resolution

For problem resolution and supplier performance issues, ordering agencies should first contact the Contractor's Contract Manager identified in Article 6, Contract Administration.

If difficulties continue or issues are unresolved after five (5) working days of initial contact, ordering agencies may notify the DGS/PD CA identified in Article 6, Contract Administration for resolution.

B. Supplier Performance

For Contractor performance issues, ordering agencies must submit a completed Attachment D, [Supplier Performance Report](#), via email or facsimile to the DGS/PD CA identified in Article 6, Contract Administration. The ordering agency must include all relevant order information and/or documentation (e.g., purchase documents).

Exhibit A

STATE OF CALIFORNIA
DEPARTMENT OF GENERAL SERVICES
PROCUREMENT DIVISION

Contract (Mandatory) 1-13-70-10C Supplement 7
Contract User Instructions

8. CONTRACT ITEMS

Only products meeting or exceeding the specifications of Attachment B, Mandatory Technical Requirements, within the scope of the V Data Storage may be purchased under this contract. Items meeting or exceeding the specifications may be quoted by the Contractor and require approval by the DGS/PD CA. The base criteria to consider are:

- All items are directly related to Entry Level Data Storage.
- The discounts and the List Price from the OEM's most current publically available Index meet the contract discount for that type of item.
- ***\$0.00 items do not require validation against the price workbook.***
- ***Cloud compatible equipment is available for purchase from this contract.***
- Items do not conflict with any other mandatory statewide commodities contract.

Note: Department business needs determine the deployment of equipment; DGS/PD does not mandate the manner in which equipment is to be employed.

All items must be offered at the same core discount appropriate for the product type: Hardware, Software, Hardware Maintenance, Software Maintenance, Installation, and Technical Services. Offers may be offered at a greater discount than the contract discount. Offers at a lesser discount will not be considered.

Entry Level Data Storage Contract Discount Group	Contract Discount
Hardware	47.5%
Software	79.55%
Hardware Maintenance	100%
Software Maintenance	100%
Installation	20.21%
Technical Services	20.21%

Products outside the scope of Entry Level Data Storage may not be purchased from this contract. State departments may request an Exemption and these requests require approval by the DGS/PD CA. Refer to Article 5, Exempt Purchases.

Technical Services and Statements of Work:

Contractor shall provide the Technical Services listed in Attachment A, Contract Pricing, related to Entry Level Data Storage as specified by Attachment B1, Technical Services. A Statement of Work (SOW) is required when Technical Services are ordered. The SOW must be created by the ordering agency and submitted to the DGS/PD CA for approval prior to executing and releasing the purchase order to the Contractor.

- Cloud Services is deemed out of scope and is not allowed to be purchased via this contract.
- Converged Infrastructure is deemed out of scope and is not allowed to be purchased via this contract.

9. SPECIFICATIONS

All products purchased must conform to Attachment B, Mandatory Technical Requirements.

10. CUSTOMER SERVICE

The Contractor will have a customer service unit that is dedicated to this contract. The customer service unit provides office and personnel resources for responding to inquiries, including telephone and email coverage weekdays during the hours of 8:00 a.m. - 5:00 p.m., PT.

The customer service unit shall be staffed with individuals that:

Exhibit A

STATE OF CALIFORNIA
DEPARTMENT OF GENERAL SERVICES
PROCUREMENT DIVISION

Contract (Mandatory) 1-13-70-10C Supplement 7
Contract User Instructions

- Are trained in the requirements of this contract;
- Have the authority to take administrative action to correct problems that may occur; and
- Are designated for training and general customer service follow-up.

The Contractor's customer service unit shall respond to all customer inquiries within one (1) business day of initial contact.

Customer Service Contact	Phone	Email
Andrew Abodeely	(650) 952-7855	aabodeely@kovarus.com

11. CONTRACT WEBSITE CONTENTS

A contract website specific to the Statewide Contract for Entry Level Data Storage is available and contains the following data elements at minimum:

- Detailed line item descriptions of Entry Level Data Storage hardware, software, and technical services;
- Warranty/Maintenance information
- State-specific contract current pricing;
- SB/DVBE participation information

12. PRE-ORDER CONFIGURATION CONSULTATION (OFFER GENERATION)

The Contractor shall provide pre-sale pre-order technical consultation and configuration assistance to ordering departments in order to assure acquired configurations are operationally designed for the ordering agency's technology needs. Ordering agencies will assure that the Contractor has been appraised on the technical needs of the systems and components acquired under the contract.

13. OFFER FORMAT

The Contractor shall provide an offer to ordering agencies in MS Excel spreadsheet format. Purchase items may not take place without the written authorization of the DGS/PD CA. The authorization process requires submission of the Contractor's offer format spreadsheet showing company letterhead which must include the following data elements:

- Contractor letterhead
- Offer/Quote "prepared by" name and contact information
- Offer/Quote number
- Date of Offer/Quote
- Date of the OEM's publically available price index (MSRP/MSIP)
- Ordering agency name
- Ordering agency contact person
- Contract number
- Contract expiration date
- Table consisting of:
 - Description of Item
 - Quantity
 - Manufacturer's Part Number/SKU
 - MSRP/Index Price
 - Contract Discount
 - Contract Unit Price
 - Extended Price (Quantity x Contract Price)
 - Subtotals of taxable and non-taxable items
 - Rate and calculated tax
 - Applicable fees
 - Grand total
 - Note that contract terms require approval by the DGS/PD CA prior to purchase.

Exhibit A

STATE OF CALIFORNIA
DEPARTMENT OF GENERAL SERVICES
PROCUREMENT DIVISION

Contract (Mandatory) 1-13-70-10C Supplement 7
Contract User Instructions

14. ELECTRONIC WASTE RECYCLING FEE

The Contractor will comply with the Electronic Waste Recycling Act of 2003 requiring retailers to collect a recycling fee from consumers on covered electronic devices, starting January 1, 2005. California Public Resources Code Section 42463(f) defines a "covered electronic device" as a video display device containing a screen greater than four inches measured diagonally. The fees must be shown on all purchase orders. See the code identified above for more information and exceptions to this definition or go to http://www.boe.ca.gov/sptaxprog/tax_rates_stfd.htm#6 for a breakdown of the current fees.

15. PRODUCT SUBSTITUTIONS/DISCONTINUED ITEMS

Products and configurations meeting or exceeding the contract requirements shall be available throughout the duration of the contract term. The contract provides for technology refresh as models are discontinued or cease production.

The Contractor will maintain the contract discount as bid throughout the original term of the contract and any extensions.

16. PROMOTIONAL PRICING

During special pricing promotions, the Contractor shall offer State and local governmental agency purchasers the promotional pricing or the discount percentage off list, per RFP DGS 1002-023 Section 6.7.1, Pricing, whichever is lower.

The Contractor shall notify the DGS/PD CA of all promotional pricing changes. Notification shall include at a minimum:

- Promotion start and end dates.
- Models, products, and services included in the promotion.
- Promotional pricing.
- Promotional pricing shall not be cause for a permanent change in pricing.
- Promotional items shall come with all benefits of the statewide contract terms and conditions and shall include all provisions such as warranty and delivery.

17. STATE AGENCY INFORMATION TECHNOLOGY CERTIFICATION REQUIREMENT

This requirement does not apply to local government agencies.

For State agencies, a signed certification of compliance with State information technology policies is required for all information technology procurements that cost \$100,000 or more and are in support of a development effort. The required format for the certification is provided in SAM Section 4832 and policy is set forth by the State Office of the Chief Information Officer (OCIO), www.cio.ca.gov.

18. PURCHASE EXECUTION

A. State Departments

1) Std. 65 Purchase Documents

State departments not transacting in FISCAL must use the Purchasing Authority Purchase Order (Std. 65) for purchase execution. An electronic version of the Std. 65 is available at the Office of State Publishing web site: <http://www.dgs.ca.gov/pd/Forms.aspx> (select Standard Forms).

The Contractor shall not accept purchase documents from ordering agencies for this contract that are incomplete or contain non-contract items.

Buyers must include product and service line item descriptions and prices. Bundled configurations with a total price are not acceptable.

Example of incorrect listing:

Exhibit A

STATE OF CALIFORNIA
DEPARTMENT OF GENERAL SERVICES
PROCUREMENT DIVISION

Contract (Mandatory) 1-13-70-10C Supplement 7
Contract User Instructions

Item	QTY	Unit	Description	Unit Price	Extension Total
201	1	Each	Computer equipment	\$3,000.00	\$3,000.00

All Purchasing Authority Purchase Orders (STD 65) must contain the following elements at a minimum:

- Agency Order Number (Purchase Order Number)
- Ordering Agency Name
- Agency Billing Code
- Purchasing Authority Number
- Leveraged Procurement Number (State Contract Number)
- Agency Contact Information (Contact Name, Phone Number, Fax Number, E-mail)
- Supplier Information (Contact Name, Address, Phone Number, Fax Number, E-mail)
- Contract Line Item number (CLIN)
- Quantity
- Unit of Measure
- Product Description
- Unit Price (State Contract Price)
- Extension Price
- Cal-Card Payment information (if applicable)
- Subcontractor name(s) and participation percentage (if applicable)
- Special instructions regarding delivery hours, security measures, pallet sizes (if applicable)

A DGS/PD approved offer must accompany all Purchasing Authority Purchase Orders (STD 65) released to the Contractor.

2) FI\$CAL Purchase Documents

State departments transacting in FI\$CAL will follow the FI\$CAL procurement and contracting procedures.

3) Subcontractor Identification

Note: State departments must identify subcontractors on individual purchase documents whenever subcontractors have been identified. Refer to SCM Volume 2 & 3, Chapter 3. Info Blocks 3.5.7 (SCM 2) and 3.4.7 (SCM 3) entitled "Bidder Declaration". Click on the *Bidder Declaration Narrative* for further information.

4) Bidder Declaration/Commercially Useful Function (CUF)

The DGS/PD, as the awarding department, has assessed the prime Contractor and subcontractor certifications and CUF during the solicitation evaluation process. As a result, when executing purchase documents pursuant to this contract it is not necessary for State departments operating under statewide contract purchasing authority to request the completion of a Bidder Declaration document or perform additional CUF analysis. The department should make a notation of this within their procurement file.

5) Blanket Orders

The use of blanket orders against this statewide contract is not allowed.

B. Local Governmental Agencies

Local governmental agencies may use their own purchase document for purchase execution. The purchase documents must include the same data elements as listed above (Exception: Purchasing Authority Number is used by State departments only).

19. MINIMUM ORDER

There is no minimum order on this contract.

Exhibit A

STATE OF CALIFORNIA
DEPARTMENT OF GENERAL SERVICES
PROCUREMENT DIVISION

Contract (Mandatory) 1-13-70-10C Supplement 7
Contract User Instructions

20. ORDERING PROCEDUREA. Ordering Methods:

Ordering agencies are to submit appropriate purchase documents directly to the Contractor via one of the following ordering methods:

- U.S. Mail
- Facsimile
- Email

The Contractor's Order Placement Information is as follows:

ORDER PLACEMENT INFORMATION		
U.S. Mail	Facsimile	Email
Kovarus, Inc. Attn: Dan Morris 2000 Crow Canyon Place, Suite 250 San Ramon, CA 4583	(800) 558-9974	dmorris@kovarus.com

Note: When using any of the ordering methods specified above, all State departments must conform to proper State procedures.

21. ORDER ACCEPTANCE

The Contractor shall accept orders from any State department or local governmental agency. The Contractor shall not accept purchase documents for this contract that:

- Are incomplete;
- Are submitted without DGS/PD CA approval;
- Contain non-contract items; or
- Contain non-contract terms and conditions.

The Contractor must not refuse to accept orders from any State department or local governmental agency for any other reason without written authorization from the DGS/PD CA.

22. ORDER RECEIPT CONFIRMATION

The Contractor will provide ordering agencies with an order receipt confirmation, via e-mail or facsimile, within 48 hours of receipt of purchase document. The Order Receipt Confirmation shall include the following information:

- Ordering Agency Name
- Agency Order Number (Purchase Order Number)
- Contractor's Order Number
- Description of Goods
- Purchase Order Total Cost
- Anticipated Delivery Date
- Identification of any Out of Stock/Discontinued Items

23. OUT OF STOCK REMEDY

Upon receipt of order acknowledgment identifying out of stock items, the ordering agencies shall have the following options:

- Request back order; or
- Cancel the item from the order with no penalty.

Exhibit A

STATE OF CALIFORNIA
DEPARTMENT OF GENERAL SERVICES
PROCUREMENT DIVISION

Contract (Mandatory) 1-13-70-10C Supplement 7
Contract User Instructions

Contractor will provide notification to the ordering agencies regarding out-of-stock items which have been back ordered.

Under no circumstance is the Contractor permitted to make substitutions with non-contract items or unauthorized products.

24. DISCONTINUED ITEM REMEDY

Upon receipt of order acknowledgment identifying discontinued items, the ordering agencies shall have the following options:

- Amend purchase document to reflect State-approved substitute item (per Article 15, Product Substitutions/Discontinued Items)
- Cancel the item from the order.

Under no circumstance is the Contractor permitted to make substitutions with unauthorized products without approval from the DGS/PD CA.

25. DELIVERY SCHEDULES

Delivery for orders placed against this contract shall be in accordance with the following:

A. Locations

Deliveries are to be made (statewide) to the location specified on the individual purchase order, which may include, but not limited to inside buildings, high-rise office buildings, and receiving docks.

B. Schedule

Delivery of ordered product shall be completed in full within thirty (30) calendar days after receipt of an order (ARO). Since receiving hours for each ordering agency will vary by facility, it will be the Contractor's responsibility to check with each facility for their specific delivery hours before delivery occurs. The Contractor must notify the ordering agency within 12 hours of scheduled delivery time, if delivery cannot be made within the time frame specified on the Order Receipt Confirmation.

Contractor is requested to make deliveries in Los Angeles County, Orange County, San Bernardino Metropolitan Area, and San Diego Metropolitan Area during off-peak hours. Off-peak hours are Monday through Friday, 10:00 AM to 4:00 PM.

C. Security Requirements

Deliveries may be made to locations inside secure institutional grounds (such as the California State Prisons) that require prior clearances to be made for delivery drivers. Since security clearance procedures for each facility may vary, it will be the Contractor's responsibility for contacting the secure location for security clearance procedures, hours of operation for deliveries and service, dress code, and other rules of delivery.

Departments with these security requirements must note them on the Purchasing Authority Purchase Orders (STD 65) or Statement of Work.

26. EMERGENCY/EXPEDITED ORDERS

Not Applicable.

27. FREE ON BOARD (F.O.B.) DESTINATION

All prices are F.O.B. destination; freight prepaid by the Contractor, to the ordering organization's receiving point. Responsibility and liability for loss or damage for all orders will remain with the Contractor until final inspection and acceptance, when all responsibility will pass to the ordering organization, except the responsibility for latent defects, fraud, and the warranty obligations.

Exhibit A

STATE OF CALIFORNIA
DEPARTMENT OF GENERAL SERVICES
PROCUREMENT DIVISION

Contract (Mandatory) 1-13-70-10C Supplement 7
Contract User Instructions

28. PALLETS

Unless otherwise specified on the ordering agency's purchase order document, standard commercially available pallet sizes should be used. All pallets shall be of sturdy construction and adequate condition to assure delivery of the goods without damage to the goods or safety hazards.

Exchange pallets may be available; however, the State assumes no responsibility for the availability to exchange pallets. Delivery drivers shall not remove more pallets from the location than delivering at time of delivery.

29. SHIPPED ORDERS

All shipments must comply with General Provisions (rev 06/08/2010) Paragraph 12 entitled "Packing and Shipment". The General Provisions are available at:

<http://www.documents.dgs.ca.gov/pd/modellang/GPnonIT060810.pdf>.

30. PACKING SLIP

A packing slip will be included with each shipment, which will include at least the following information in no particular order:

- Agency Order Number (Purchase Order Number)
- Ordering Agency Name
- Line item description
- Quantity ordered
- Quantity included in shipment
- Any back ordered or out of stock items and availability date of unfilled and partial shipment
- Number of parcels
- Destination
- All information contained on the packing label

31. PACKING LABEL

A packing label will also be included with each order shipped and include the following items, visible on the outside of the box:

- Authorized Purchaser
- Address
- Department and floor
- Authorized Purchaser Contact Name
- Authorized Purchaser Telephone Number

32. HAZARDOUS MATERIALS DOCUMENTATION

For products that contain hazardous chemicals, as defined by California Code of Regulations, Title 8, Section 339, the Contractor must provide a Material Safety Data Sheet (MSDS), via facsimile or email, to the ordering agency upon written request.

33. INSTALLATION

Installation is available on the contract, including installation planning for new array or upgrades including space, power receptacles, cabling and cooling. Physical installation coordination includes coordination of installation with State representative, power-up, installation of latest firmware, installation of software and updates and removal of trade-in equipment and dunnage. Testing and diagnostics must include execution of a suite of hardware and software. The basic configuration must be completed and accepted by a State representative. Installation shall include electronic documentation, including configuration instructions, at no additional price.

Exhibit A

STATE OF CALIFORNIA
DEPARTMENT OF GENERAL SERVICES
PROCUREMENT DIVISION

Contract (Mandatory) 1-13-70-10C Supplement 7
Contract User Instructions

34. INSPECTION AND ACCEPTANCE

In accordance with General Provisions – Information Technology (GSPD-401IT, 06/08/2010) unless otherwise noted in the ordering agency's SOW, rejection of deliverables is must be processed within 30 days of delivery or it shall be deemed as accepted by the State. Please refer to <http://www.documents.dgs.ca.gov/pd/modellang/GPIT060810.pdf> for the complete language.

35. RETURN POLICY

Contractor will accept all products for return at no cost to the ordering agency within 30 calendar days of acceptance, and credit the customer in full.

Note: Products returned should be in the packaging as delivered and include all documentation. Lost or damaged packaging materials and/or documentation shall be supplied by the Contractor. The Contractor shall not charge for these materials in excess of the Contractor's cost or the ten (10) percent Restocking Fee, whichever is lower. The Contractor shall provide the CA and/or ordering department(s) a copy of the Contractor's material cost, if requested, within ten (10) days of request.

All returns shall be picked up within seven (7) working days of notification. Notification is defined as notice in writing, by facsimile or e-mail.

36. CREDIT POLICY

The Contractor shall offer credit/refund for the following items:

- Items shipped in error
- Items that are returned within 30 calendar days of delivery
- Defective or freight-damaged items

In all cases, the ordering agency shall have the option of taking an exchange or receiving a credit. The Contractor will be responsible for the credit or replacement of all products, including those covered by manufacturer warranties. Contractor cannot require the ordering agency to deal directly with the manufacturer.

37. RESTOCKING FEES

The Contractor will not impose a restocking fee on the ordering agency for the following situations:

- Items returned that were damaged upon receipt
- Incorrect items shipped
- Items that are returned within 30 calendar days of delivery
- Items that are returned, but exchanged for other items within 30 calendar days.

Re-stocking fees for all other reasons shall be ten percent (10%) of the value of the items needing re-stocking. The packaging and documentation provisions of Article 36, Return Policy, shall apply to re-stocked items. The Contractor will not be required to accept returns more than 60 days after delivery. The State will be responsible for return transportation costs to the Contractor if so accepted after 60 days after delivery.

38. INVOICING

Ordering agencies may require separate invoicing, as specified by each ordering agency. The Contractor's invoice must identify, at a minimum, the information listed below:

Exhibit A

STATE OF CALIFORNIA
DEPARTMENT OF GENERAL SERVICES
PROCUREMENT DIVISION

Contract (Mandatory) 1-13-70-10C Supplement 7
Contract User Instructions

- Contractor's name, address and telephone number
- Leveraged Procurement Number (State's Contract Number)
- Agency Order Number (Purchase Order Number)
- Agency Billing Code
- Ordering Agency Name
- Delivery address of the order
- Product(s) description
- Contractor's product stock keeping unit number (SKU)
- State Contract Price(s) per unit(s) and extended price
- Quantities of merchandise issued
- Date ordered
- Date delivered
- Listing of returns or back ordered items
- If applicable, discounts shall be clearly indicated on each invoice as a written statement.
- Totals for each order. Each invoice shall have a total for all orders, a total for all credits, and amount due from each agency
- Any other mutually agreed upon requirements the State may later deem necessary
- Invoices shall be submitted to the ordering agencies within seven (7) calendar days from date of delivery.

39. PAYMENT

A. Terms

Payment terms for this contract are net forty-five (45) days. Payment will be made in accordance with the provisions of the California Prompt Payment Act, Government Code Section 927, et seq. Unless expressly exempted by statute, the Act requires State departments to pay properly submitted, undisputed invoices not more than forty-five (45) days after the date of acceptance of goods, performance of services, or receipt of an undisputed invoice, whichever is later.

B. CAL-Card Use

State departments may use the CAL-Card for the payment of invoices. Use of the CAL-Card requires the execution of Purchasing Authority Purchase Order (Std. 65) as referenced in Article 18, Purchase Execution, and must include all required documentation applicable to the purchase.

The CAL-Card is a payment mechanism, not a procurement approach and, therefore, does not relieve departments from adhering to all procurement laws, regulations, policies, procedures, and best practices, including those discussed in the State Contracting Manual (SCM) Volume 1 and Volume 2. This includes but is not limited to the application of all sales and use tax laws, rules and policies as applicable to the purchase.

C. Payee Data Record

Each State accounting office must have a copy of the Payee Data Record (Std. 204) in order to process payments. State departments should forward a copy of the Std. 204 to their accounting offices. Without the Std. 204, payment may be unnecessarily delayed. State departments should contact the Contractor for copies of the Payee Data Record.

40. CAL-CARD INVOICING

All CAL-Card invoices are to be processed separately from other payment methods and include the elements identified in Article 39, Invoicing. CAL-Card invoices shall be submitted to the CAL-Card account holder.

Note: The total invoice amount for each CAL-Card order must reflect a zero balance due or credit, if applicable, and state "paid by CAL-Card".

For additional information regarding DGS/PD's CAL-Card program, see the following website:

<http://www.dgs.ca.gov/pd/Programs/CALCard.aspx>

Contract User Instructions

41. CALIFORNIA SELLER'S PERMIT

The California seller permit number for the Contractor is listed below. State departments can verify that permits are currently valid at the following website: www.boe.ca.gov. State departments must adhere to the file documentation required identified in the State Contracting Manual Volume 2 and Volume 3, as applicable.

Contractor Name	Seller Permit #
Kovarus, Inc.	100427261

42. WARRANTY

The Contractor must honor all manufacturers' warranties and guarantees for a period of no less than ninety (90) days from the date of acceptance on all products offered as part of this contract. The Contractor shall bear all material and labor costs for repair of equipment defects and failure. The hardware/software cost shall include the manufacturer's warranty cost.

During the warranty period, the Contractor must:

- Honor all manufacturers' warranties and guarantees on all products offered through the contract.
- Continue to provide warranty service after contract termination until expiration of warranties for products that have been sold under the contract.
- Provide all labor, parts and travel necessary to keep the products in good operating condition and preserve its operating efficiency in accordance with its technical specifications.
- Pay any necessary shipment and insurance costs.
- All operating system software and firmware will be considered an integral component of the equipment and the Contractor will respond to all requests for warranty service for any failure.

Warranty services during the warranty period will not include electrical work external to the products, the furnishing of supplies, or adding or removing accessories, attachments, or other devices not provided under this contract. Warranty services also will not include repair of damage resulting from transportation by the ordering agency between State or local sites or from accident, unless the accident is caused by negligent or intentional acts or omissions of Bidder or its agents.

43. QUALITY ASSURANCE GUARANTEES

The Contractor shall represent and warrant that Entry Level Data Storage products provided shall be free from defects in material and workmanship, given normal use and care, over the period of the manufacturer warranty. The terms of this contract will supersede any language to the contrary on purchase orders, invoices, or other sources. Contractors must use new products, parts, and components for all new equipment purchased by the State. Contractors may use parts that are equal in performance to new parts for warranty replacement repair parts only as long as it does not violate manufacturers' warranty.

44. MAINTENANCE

Maintenance services shall include all products, software and firmware maintenance costs and costs of labor, parts, travel, factory overhaul, rehabilitation, transportation and substitute products as necessary. If it is necessary to remove any products from an ordering agency's location covered by on-site maintenance, the Contractor will provide substitute products at the time of removal. Substitute products will be comparable to or better than the products removed. If the Contractor must return the products to the factory, the Contractor will pay all costs of the products from the time it leaves the ordering agency's site until it is returned to the site in good operating condition. Only new standard parts or parts equal in performance to new parts will be used in effecting repairs. Replacement parts installed will become the property of the ordering agency. Replaced parts will become the property of the Contractor except as follows. The State reserves the right to remove and retain data storage media, including but not limited to any hard disk drives in the data storage device, prior replacement, if defective.

Exhibit A

STATE OF CALIFORNIA
DEPARTMENT OF GENERAL SERVICES
PROCUREMENT DIVISION

Contract (Mandatory) 1-13-70-10C Supplement 7
Contract User Instructions

All operating system software and firmware will be considered an integral component of the equipment and the Contractor will respond to all requests for maintenance service for any failure.

Maintenance services during the maintenance period will not include electrical work external to the products, the furnishing of supplies, or adding or removing accessories, attachments, or other devices not provided under this contract. Maintenance services also will not include repair of damage resulting from transportation by the ordering agency between State or local sites or from accident, unless the accident is caused by negligent or intentional acts or omissions of Bidder or its agents.

45. PRINCIPAL PERIOD OF MAINTENANCE

The Contractor must provide onsite maintenance in accordance with the following Principal Period of Maintenance (PPM) times after notification from an authorized representative of the State of a problem with any of the goods included on this contract.

- Level 1: Metropolitan Areas shall be:
 - 24x7x2 (two (2) hour call-back response time), including State holidays; and
 - 24x7x4 (four (4) hour, onsite response time), including State holidays.
- Level 2: In all areas of the state not identified below: shall be:
 - 24x7x2 (two (2) hour call-back response time), including public holidays; and
 - 24x7x8 NBD (eight (8) hour, Next Business Day, onsite response time), including State holidays.

46. RECYCLED CONTENT

There is no recycled content for this contract.

47. SMALL BUSINESS/DISABLED VETERAN BUSINESS ENTERPRISE

The subcontractors to be used in the work performed for this contract are listed below. Their Small Business (SB) and Disabled Veteran Business Enterprise (DVBE) certifications and percentage commitments for this contract are also listed.

State departments can verify that the certifications are currently valid at the following website:

www.caleprocure.ca.gov.

Exhibit A

STATE OF CALIFORNIA
DEPARTMENT OF GENERAL SERVICES
PROCUREMENT DIVISION

Contract (Mandatory) 1-13-70-10C Supplement 7
Contract User Instructions

SUBCONTRACTOR INFORMATION				
Name	OSDS Certification #	SB Percent (%)	DVBE Percent (%)	Work to be Performed
Castro International Consulting	1744407	5%	5%	Program Management Technical Services Systems Consulting
EMC Corporation	NA	NA	NA	Professional Services

State departments must identify subcontractors on individual purchase documents whenever subcontractors have been identified. Refer to SCM Volume 2 & 3, Chapter 3. Info Blocks 3.5.7 (SCM 2) and 3.4.7 (SCM 3) entitled "Bidder Declaration". Click on the Bidder Declaration Narrative for further information.

The Contractor has committed to DVBE participation at total statewide contract levels of 5%.

Individual orders may have no applicable participation or may have participation greater than that of the total contract commitment. The exact participation percentage levels for each purchase order will be determined on an order-by-order basis in cooperation with the Contractor prior to submittal of a Purchasing Authority Purchase Order (STD 65).

The DGS/PD, as the awarding department, has assessed the prime Contractor and subcontractor certifications and CUF during the solicitation evaluation process. As a result, when executing purchase documents pursuant to this contract it is not necessary for State departments operating under statewide contract purchasing authority to request the completion of a Bidder Declaration document or perform additional CUF analysis. The department should make a notation of this within their procurement file.

Exception: It is the responsibility of ordering departments to confirm CUF when technical services are acquired by an ordering department and performed by certified SB/DVBE subcontractors consistent with commitments identified in the table above.

Any irregularities or concerns regarding prime or SB/DVBE sub-Contractor responsibilities are to be immediately documented and reported to the DGS/PD CA for further investigation. Information provided to the DGS/PD CA includes, but is not limited to:

- Copy of executed purchase document
- Value-added service description
- Work performance issue or concern
- Department contact name, email, and phone number

Departments may request from the Contractor a monthly report providing the SB/DVBE participation levels on purchase orders.

48. TAKE BACK/TRADE IN

Before any Take Back or Trade-In can occur, ordering agencies must obtain approval for discarding their IT equipment from the DGS Surplus Property and Reutilization Program. In accordance with the State Administrative Manual (SAM), Chapter 5900, Information Technology-Disposal of IT Equipment, each agency must explore the reutilization of surplus IT equipment prior to requesting approval for recycling or attempting to use the equipment as a credit toward the purchase of new equipment.

Exhibit A

STATE OF CALIFORNIA
DEPARTMENT OF GENERAL SERVICES
PROCUREMENT DIVISION

Contract (Mandatory) 1-13-70-10C Supplement 7
Contract User Instructions

This contract offers a Take Back service for replaced data storage equipment, including other OEM equipment. It is not mandatory that the ordering agency use the Take Back service offered. The equipment returned as part of the Take Back service shall be environmentally responsibly managed. To the greatest extent feasible, the equipment is to be refurbished for resale or recycled. Ordering agencies may remove and retain storage media prior to Take Back/Trade-In.

See Attachment C, Take Back/Trade In for more information.

49. ELECTRONIC WASTE RECYCLING

The Contractor will comply with the Electronic Waste Recycling Act of 2003 requiring retailers to collect a recycling fee from consumers on covered electronic devices, starting January 1, 2005. California Public Resources Code Section 42463(f) defines a "covered electronic device" as a video display device containing a screen greater than four inches measured diagonally. The fees must be shown on all purchase orders. See the code identified above for more information and exceptions to this definition or go to http://www.boe.ca.gov/sptaxprog/tax_rates_stfd.htm#6 for a breakdown of the fees.

ENTRY LEVEL STORAGE - MANDATORY TECHNICAL REQUIREMENTS		
Item	Mandatory Requirement	
MR Cat C - 1	Block mode functionality	The solution must support block mode storage.
MR Cat C - 2	Hardware Connectivity	The solution must support multiple 1Gbps and 10Gbps iSCSI ports.
MR Cat C - 3	Scalability	The solution product set/family must have offerings that cover a range from 12 to 96 or more drives.
MR Cat C - 4	Availability and Redundancy	The solution must provide high availability, 99.99%, via maintenance functions and designed in reliability and redundancy. Single component failures must never bring down the system.
MR Cat C - 5	Non-disruptive Upgrade	The solution must provide non-disruptive hardware, firmware and software upgrades.
MR Cat C - 6	Data Protection Disaster Recovery	The solution must provide comprehensive data protection and disaster recovery functionality. Functions must include snapshots, clones, and replication.
MR Cat C - 7	Multi-pathing	The solution must support based multi-pathing including Windows Server MPIO.
MR Cat C - 8	Thin Provisioning	The solution must provide thin provisioning.
MR Cat C - 9	This Item Intentionally Left Blank	
MR Cat C - 10	Security	The solution must provide functionality for controlling access, restricting access, logging access, and protecting data.
MR Cat C - 11	Management	The solution must provide a comprehensive management system for configuration, monitoring, alerting, performance, and administration. The management solution must be able to consolidate multiple systems in one command console and managed as an integrated solution.
MR Cat C - 12	Virtualization support	The solution must be compatible with VMware and Hyper-V.
MR Cat C - 13	Database support	The solution must be compatible with database software including but not limited to Microsoft SQL Server and Oracle.
MR Cat C - 14	Backup software support	The solution must be compatible with backup software including Tivoli Storage Manager, Symantec NetBackup, EMC Networker, and CommVault.
MR Cat C - 15	Hardware and Software Compatibility Lists	The solution must have a compatibility list of hardware and software.
MR Cat C - 16	Drive Configuration Protection	Must provide drive configurations with fault tolerance from single and multiple (two or more) drive failures; array continues to operate with single and multiple failed drives.

Technical Services

Lead Implementation Manager

The Lead Implementation Manager will ensure that complex storage efforts are aligned with the overall IT Architectural road map, and disposition issues between suppliers, technical staff, and Contractor Subject Matter Experts (SME's). As required, the Lead Implementation Manager will escalate to the Customer Program Portfolio Management (PPM) and the Executive Steering Committee (ESC) office and if required, the CIO. The Lead Implementation Manager will review, align, update, and integrate supplier SOW's, receive technical input from the Customer team, and SME's, to ensure a comprehensive production and tactical action plan to meet the approved, refreshed end state strategic storage architecture.

Responsibilities of the Lead Implementation Manager include:

- Ensures Contractor provides deliverables on time as developed with the Customer Sponsor and Project Leader related to the activities of this engagement.
- Provide high level oversight and meet when necessary to coordinate project teams and sponsor activities.
- Resolve issues with the Customer CIO, ESC, and Module Teams.
- Ensure the Customer team, Contractor team, Customer Sponsor and Customer PPM are aware of program status and issues.
- Provide high level contact with Project Sponsor and project leader to assure all Contractor, third party resources and subcontractors are performing to project expectations.
- Deliver Storage Implementation Portfolio Management leadership for all program tasks pertaining to this engagement.
- Assures risk assessments are maintained throughout the project lifecycle.
- Conduct meetings as necessary, gathering information needed to ensure the refreshed storage configurations and planned storage implementations meet Customer's IT infrastructure and business requirements.
- Provide artifacts for implementations, SOW's, processes, procedures, risk assessments, and other items as they pertain to the verification and support of deliverables within the Customer master implementation schedule.
- Provide a communications plan for phases and sub-elements as applicable. Targeted communications will include; end customer, staff, program, and CIO. All communications will be reviewed and vetted with Customer Program Portfolio Management prior to release.
- Ensure Customer staff engagement and knowledge transfer throughout the life of the project. In addition, Contractor will provide documentation and operational procedures in support of sustaining an enterprise class IT storage environment.
- Obtain program completion signoff from Customer.

Exhibit A

1-13-70-10C

Attachment B1

Associate Implementation Manager

Contractor will provide an experienced Associate Implementation Manager to provide leadership in supervising and managing the execution of this effort in a controlled, phased implementation strategy that will limit downtime and application outage requirements. The individuals assigned to this effort will provide SME capabilities for the respective areas. Accountability and closure of assigned duties will report to the lead implementation manager and Customer Sponsors. The associate will be individuals which are SME's to support the required storage technology integration at the scheduled time to support the overall schedule and effort

Responsibilities of the Associate Implementation Manager include:

- Develop the Project Timeline, and ensure schedules are observed
- Manage the day-to-day activities of the project team
- Resolve issues with the Customer Project Manager and module teams
- Ensure the Customer team, Contractor team, Customer Sponsor and Customer Project Manager are aware of project status and issues
- Provide a single point-of-contact between Contractor and Customer and all third party resources for the duration of each activity
- Deliver project leadership for all project tasks pertaining to this engagement
- Perform risk assessment planning throughout the lifecycle of the project
- Verify all hardware and software requirements are met
- Manage all Contractor resources and coordination of Customer and any third party resources assigned to project related activities
- Conduct meetings as necessary, gathering information needed to ensure the configuration and implementation meet the Customer IT infrastructure and business requirements
- Obtain project completion signoff from customer.

Exhibit A

1-13-70-10C

Attachment B1

Senior Solutions Architect

Contractor will provide an experienced and qualified Senior Solutions Architect to the project.

Responsibilities of the Senior Solutions Architect include:

- Supports the configuration and development of the technical content defined in a statement of work.
- Configures the solution and supports the installation, customization, and integration of the solution.
- Prepares technical architectural and implementation configuration documents and works with project management to develop the implementation plan.
- Works closely with project management to define project deliverables and schedules, and for professional services engagements plays a project quality assurance role to ensure the delivery proceeds smoothly and on-schedule helping to resolve project delivery issues that may arise.
- Provides technical leadership during the implementation of an engagement.
- Participates in the installation, customization, and integration of a solution.
- Maintains awareness of existing or potential customer software/hardware/systems situations.
- Proactively alerts project management technical team of potential problems and solutions.

Storage Area Network (SAN) Manager

The SAN Manager, at a minimum, must be able to support the following requirements:

- Interoperability with all major hardware vendors (e.g., EMC, HDS, HP, IBM, SUN, Dell).
- SAN security software that can be applied to individual network ports, switches or entire fabric.
- Automatic discovery of SAN components and devices.
- Topology views (both at the physical and logical levels).
- Zone Control (add or remove devices from a single console).
- Real Time Monitoring and Alerts.
- Capable of predicting errors/potential SAN problems.
- Open industry standards.

Storage Resource Manager (SRM)

The Storage resources Manager, at a minimum, must be able to support the following requirements:

- Interoperability with all major hardware vendors (EMC, HDS, HP, IBM, SUN).
- Interoperability with UNIX, AIX, Windows and Linux environments.
- Enterprise wide reporting (detailed information on capacity and utilization).
- Asset Management and Charge (detailed information used for chargeback, must be able to export chargeback information to an enterprise wide chargeback system).
- File level analysis (detailed information on all files).
- Subsystem reporting (detailed information on disk subsystems).
- Automated capacity provisioning (capacity on demand).
- Must include Volume Virtualization. This will allow the defining of small LUNS on the hardware side and presenting them to the host system as one LUN.

Entry Level Data Storage

Trade-In Program

Kovarus works in conjunction with the manufacturer, EMC to provide trade-back options as detailed below:

Kovarus/EMC offers different take-back / trade-in programs, depending on whether it is EMC equipment or Non-EMC Equipment:

- **EMC Equipment** – Kovarus will be responsible for facilitating the pick-up and return of this equipment to an EMC facility. The customer is responsible for getting the equipment de-installed and moved to a shipping dock for pick-up. Upon return to an EMC facility, the equipment will either be refurbished or torn down and the refurbished product or parts will be sold through an alternate market. If the products or parts are not re-marketable the equipment will be recycled.
- **Non-EMC Equipment** – Kovarus will be responsible for facilitating the pick-up and return of this equipment. The customer is responsible for getting the equipment de-installed and moved to a shipping dock for pick-up. If the equipment has market value, it will be shipped directly to an EMC broker partner who will re-sell the equipment in an alternate market. If the equipment has no market value, the equipment will be shipped to an EMC facility where it will be recycled.

Based on the process followed at EMC regarding the recycling of EMC equipment taken back through trade-in programs, the recycling process is carried out at our manufacturing sites, which are all located outside of California.

Under EMC's disk retention program, the State is permitted to remove and retain data storage media (including but not limited to any hard disk drive(s) in the data storage device) prior to Take Back / Trade-In or replacement, if defective. Additional costs for such disk retention services can be found in the publicly available EMC Price List. With respect to products NOT covered under the disk retention requirements of this RFP, any defective Parts that have been replaced will become the property of EMC.

Replacement parts installed will become the property of the authorized purchaser.

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

1. **DEFINITIONS:** Unless otherwise specified in the Statement of Work, the following terms shall be given the meaning shown, unless context requires otherwise.
- a) **"Acceptance Tests"** means those tests performed during the Performance Period which are intended to determine compliance of Equipment and Software with the specifications and all other Attachments incorporated herein by reference and to determine the reliability of the Equipment.
 - b) **"Application Program"** means a computer program which is intended to be executed for the purpose of performing useful work for the user of the information being processed. Application programs are developed or otherwise acquired by the user of the Hardware/Software system, but they may be supplied by the Contractor.
 - c) **"Attachment"** means a mechanical, electrical, or electronic interconnection to the Contractor-supplied Machine or System of Equipment, manufactured by other than the original Equipment manufacturer that is not connected by the Contractor.
 - d) **"Business entity"** means any individual, business, partnership, joint venture, corporation, S-corporation, limited liability company, sole proprietorship, joint stock company, consortium, or other private legal entity recognized by statute.
 - e) **"Buyer"** means the State's authorized contracting official.
 - f) **"Commercial Hardware"** means Hardware developed or regularly used that: (i) has been sold, leased, or licensed to the general public; (ii) has been offered for sale, lease, or license to the general public; (iii) has not been offered, sold, leased, or licensed to the public but will be available for commercial sale, lease, or license in time to satisfy the delivery requirements of this Contract; or (iv) satisfies a criterion expressed in (i), (ii), or (iii) above and would require only minor modifications to meet the requirements of this Contract.
 - g) **"Commercial Software"** means Software developed or regularly used that: (i) has been sold, leased, or licensed to the general public; (ii) has been offered for sale, lease, or license to the general public; (iii) has not been offered, sold, leased, or licensed to the public but will be available for commercial sale, lease, or license in time to satisfy the delivery requirements of this Contract; or (iv) satisfies a criterion expressed in (i), (ii), or (iii) above and would require only minor modifications to meet the requirements of this Contract.
 - h) **"Contract"** means this Contract or agreement (including any purchase order), by whatever name known or in whatever format used.
 - i) **"Custom Software"** means Software that does not meet the definition of Commercial Software.
 - j) **"Contractor"** means the Business Entity with whom the State enters into this Contract. Contractor shall be synonymous with "supplier", "vendor" or other similar term.
 - k) **"Data Processing Subsystem"** means a complement of Contractor-furnished individual Machines, including the necessary controlling elements (or the functional equivalent), Operating Software and Software, if any, which are acquired to operate as an integrated group, and which are interconnected entirely by Contractor-supplied power and/or signal cables; e.g., direct access controller and drives, a cluster of terminals with their controller, etc.
 - l) **"Data Processing System (System)"** means the total complement of Contractor-furnished Machines, including one or more central processors (or instruction processors), Operating Software which are acquired to operate as an integrated group.
 - m) **"Deliverables"** means Goods, Software, Information Technology, telecommunications technology, Hardware, and other items (e.g. reports) to be delivered pursuant to this Contract, including any such items furnished incident to the provision of services.
 - n) **"Designated CPU(s)"** means for each product, if applicable, the central processing unit of the computers or the server unit, including any associated peripheral units. If no specific "Designated CPU(s)" are specified on the Contract, the term shall mean any and all CPUs located at the site specified therein.
 - o) **"Documentation"** means manuals and other printed materials necessary or useful to the State in its use or maintenance of the Equipment or Software provided hereunder. Manuals and other printed materials customized for the State hereunder constitute Work Product if such materials are required by the Statement of Work.
 - p) **"Equipment"** is an all-inclusive term which refers either to individual Machines or to a complete Data Processing System or Subsystem, including its Hardware and Operating Software (if any).
 - q) **"Equipment Failure"** is a malfunction in the Equipment, excluding all external factors, which prevents the accomplishment of the Equipment's intended function(s). If microcode or Operating Software residing in the Equipment is necessary for the proper operation of the Equipment, a failure of such microcode or Operating Software which prevents the accomplishment of the Equipment's intended functions shall be deemed to be an Equipment Failure.
 - r) **"Facility Readiness Date"** means the date specified in the Statement of Work by which the State must have the site prepared and available for Equipment delivery and installation.
 - s) **"Goods"** means all types of tangible personal property, including but not limited to materials, supplies, and Equipment (including computer and telecommunications Equipment).
 - t) **"Hardware"** usually refers to computer Equipment and is contrasted with Software. See also Equipment.
 - u) **"Installation Date"** means the date specified in the Statement of Work by which the Contractor must have the ordered Equipment ready (certified) for use by the State.
 - v) **"Information Technology"** includes, but is not limited to, all electronic technology systems and services, automated information handling, System design and analysis, conversion of data, computer programming, information storage and retrieval, telecommunications which include voice, video, and data communications, requisite System controls, simulation, electronic commerce, and all related interactions between people and Machines.
 - w) **"Machine"** means an individual unit of a Data Processing System or Subsystem, separately identified by a type and/or model number, comprised of but not limited to mechanical, electro-mechanical, and electronic parts, microcode, and special features installed thereon and including any necessary Software, e.g., central processing unit, memory module, tape unit, card reader, etc.
 - x) **"Machine Alteration"** means any change to a Contractor-supplied Machine which is not made by the Contractor, and which results in the Machine deviating from its physical, mechanical, electrical, or electronic (including microcode) design, whether or not additional devices or parts are employed in making such change.
 - y) **"Maintenance Diagnostic Routines"** means the diagnostic programs customarily used by the Contractor to test Equipment for proper functioning and reliability.
 - z) **"Manufacturing Materials"** means parts, tools, dies, jigs, fixtures, plans, drawings, and information produced or acquired, or rights acquired, specifically to fulfill obligations set forth herein.
 - aa) **"Mean Time Between Failure (MTBF)"** means the average expected or observed time between consecutive failures in a System or component.
 - bb) **"Mean Time to Repair (MTTR)"** means the average expected or observed time required to repair a System or component and return it to normal operation.

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

- cc) **"Operating Software"** means those routines, whether or not identified as Program Products, that reside in the Equipment and are required for the Equipment to perform its intended function(s), and which interface the operator, other Contractor-supplied programs, and user programs to the Equipment.
- dd) **"Operational Use Time"** means for performance measurement purposes, that time during which Equipment is in actual operation by the State. For maintenance Operational Use Time purposes, that time during which Equipment is in actual operation and is not synonymous with power on time.
- ee) **"Period of Maintenance Coverage"** means the period of time, as selected by the State, during which maintenance services are provided by the Contractor for a fixed monthly charge, as opposed to an hourly charge for services rendered. The Period of Maintenance Coverage consists of the Principal Period of Maintenance and any additional hours of coverage per day, and/or increased coverage for weekends and holidays.
- ff) **"Preventive Maintenance"** means that maintenance, performed on a scheduled basis by the Contractor, which is designed to keep the Equipment in proper operating condition.
- gg) **"Principal Period of Maintenance"** means any nine consecutive hours per day (usually between the hours of 7:00 a.m. and 6:00 p.m.) as selected by the State, including an official meal period not to exceed one hour, Monday through Friday, excluding holidays observed at the installation.
- hh) **"Programming Aids"** means Contractor-supplied programs and routines executable on the Contractor's Equipment which assists a programmer in the development of applications including language processors, sorts, communications modules, data base management systems, and utility routines, (tape-to-disk routines, disk-to-print routines, etc.).
- ii) **"Program Product"** means programs, routines, subroutines, and related items which are proprietary to the Contractor and which are licensed to the State for its use, usually on the basis of separately stated charges and appropriate contractual provisions.
- jj) **"Remedial Maintenance"** means that maintenance performed by the Contractor which results from Equipment (including Operating Software) failure, and which is performed as required, i.e., on an unscheduled basis.
- kk) **"Software"** means an all-inclusive term which refers to any computer programs, routines, or subroutines supplied by the Contractor, including Operating Software, Programming Aids, Application Programs, and Program Products.
- ll) **"Software Failure"** means a malfunction in the Contractor-supplied Software, other than Operating Software, which prevents the accomplishment of work, even though the Equipment (including its Operating Software) may still be capable of operating properly. For Operating Software failure, see definition of Equipment Failure.
- mm) **"State"** means the government of the State of California, its employees and authorized representatives, including without limitation any department, agency, or other unit of the government of the State of California.
- nn) **"System"** means the complete collection of Hardware, Software and services as described in this Contract, integrated and functioning together, and performing in accordance with this Contract.
- oo) **"U.S. Intellectual Property Rights"** means intellectual property rights enforceable in the United States of America, including without limitation rights in trade secrets, copyrights, and U.S. patents.
2. **CONTRACT FORMATION:**
- a) If this Contract results from a sealed bid offered in response to a solicitation conducted pursuant to Chapters 2 (commencing with Section 10290), 3 (commencing with Section 12100), and 3.6 (commencing with Section 12125) of Part 2 of Division 2 of the Public Contract Code (PCC), then Contractor's bid is a firm offer to the State which is accepted by the issuance of this Contract and no further action is required by either party.
- b) If this Contract results from a solicitation other than described in paragraph a), above, the Contractor's quotation or proposal is deemed a firm offer and this Contract document is the State's acceptance of that offer.
- c) If this Contract resulted from a joint bid, it shall be deemed one indivisible Contract. Each such joint Contractor will be jointly and severally liable for the performance of the entire Contract. The State assumes no responsibility or obligation for the division of orders or purchases among joint Contractors.
3. **COMPLETE INTEGRATION:** This Contract, including any documents incorporated herein by express reference, is intended to be a complete integration and there are no prior or contemporaneous different or additional agreements pertaining to the subject matter of the Contract.
4. **SEVERABILITY:** The Contractor and the State agree that if any provision of this Contract is found to be illegal or unenforceable, such term or provision shall be deemed stricken and the remainder of the Contract shall remain in full force and effect. Either party having knowledge of such term or provision shall promptly inform the other of the presumed non-applicability of such provision.
5. **INDEPENDENT CONTRACTOR:** Contractor and the agents and employees of the Contractor, in the performance of this Contract, shall act in an independent capacity and not as officers or employees or agents of the State.
6. **APPLICABLE LAW:** This Contract shall be governed by and shall be interpreted in accordance with the laws of the State of California; venue of any action brought with regard to this Contract shall be in Sacramento County, Sacramento, California. The United Nations Convention on Contracts for the International Sale of Goods shall not apply to this Contract.
7. **COMPLIANCE WITH STATUTES AND REGULATIONS:**
- a) The State and the Contractor warrants and certifies that in the performance of this Contract, it will comply with all applicable statutes, rules, regulations and orders of the United States and the State of California. The Contractor agrees to indemnify the State against any loss, cost, damage or liability by reason of the Contractor's violation of this provision.
- b) The State will notify the Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and
- c) The Contractor will have sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided that (i) when substantial principles of government or public law are involved, when litigation might create precedent affecting future State operations or liability, or when involvement of the State is otherwise mandated by law, the State may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (ii) where a settlement would impose liability on the State, affect principles of California government or public law, or impact the authority of the State, the Department of General Services will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and (iii) the State will reasonably cooperate in the defense and in any related settlement negotiations.
- d) If this Contract is in excess of \$554,000, it is subject to the requirements of the World Trade Organization (WTO) Government Procurement Agreement (GPA).
- e) To the extent that this Contract falls within the scope of Government Code Section 11135, the Contractor hereby agrees to respond to and resolve any complaint brought to

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

its attention, regarding accessibility of its products or services.

8. CONTRACTOR'S POWER AND AUTHORITY: The Contractor warrants that it has full power and authority to grant the rights herein granted and will hold the State harmless from and against any loss, cost, liability, and expense (including reasonable attorney fees) arising out of any breach of this warranty. Further, the Contractor avers that it will not enter into any arrangement with any third party which might abridge any rights of the State under this Contract.

- a) The State will notify the Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and
- b) The Contractor will have sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided that (i) when substantial principles of government or public law are involved, when litigation might create precedent affecting future State operations or liability, or when involvement of the State is otherwise mandated by law, the State may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (ii) where a settlement would impose liability on the State, affect principles of California government or public law, or impact the authority of the State, the Department of General Services will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and (iii) the State will reasonably cooperate in the defense and in any related settlement negotiations.

9. ASSIGNMENT: This Contract shall not be assignable by the Contractor in whole or in part without the written consent of the State. The State's consent shall not be unreasonably withheld or delayed. For the purpose of this paragraph, the State will not unreasonably prohibit the Contractor from freely assigning its right to payment, provided that the Contractor remains responsible for its obligations hereunder.

10. WAIVER OF RIGHTS: Any action or inaction by the State or the failure of the State on any occasion, to enforce any right or provision of the Contract, shall not be construed to be a waiver by the State of its rights hereunder and shall not prevent the State from enforcing such provision or right on any future occasion. The rights and remedies of the State herein are cumulative and are in addition to any other rights or remedies that the State may have at law or in equity.

11. ORDER OF PRECEDENCE: In the event of any inconsistency between the articles, attachments, specifications or provisions which constitute this Contract, the following order of precedence shall apply:

- a) These General Provisions – Information Technology (In the instances provided herein where the paragraph begins: "Unless otherwise specified in the Statement of Work" provisions specified in the Statement of Work replacing these paragraphs shall take precedence over the paragraph referenced in these General Provisions);
- b) Contract form, i.e., Purchase Order STD 65, Standard Agreement STD 213, etc., and any amendments thereto;
- c) Other Special Provisions;
- d) Statement of Work, including any specifications incorporated by reference herein;
- e) Cost worksheets; and
- f) All other attachments incorporated in the Contract by reference.

12. PACKING AND SHIPMENT:

- a) All Goods are to be packed in suitable containers for protection in shipment and storage, and in accordance with applicable specifications. Each container of a multiple container shipment shall be identified to:
 - i) show the number of the container and the total number of containers in the shipment; and
 - ii) the number of the container in which the packing sheet has been enclosed.

- b) All shipments by the Contractor or its subcontractors must include packing sheets identifying: the State's Contract number; item number; quantity and unit of measure; part number and description of the Goods shipped; and appropriate evidence of inspection, if required. Goods for different Contracts shall be listed on separate packing sheets.
- c) Shipments must be made as specified in this Contract, as it may be amended, or otherwise directed in writing by the State's Transportation Management Unit within the Department of General Services, Procurement Division.

13. TRANSPORTATION COSTS AND OTHER FEES OR EXPENSES: No charge for delivery, drayage, express, parcel post, packing, cartage, insurance, license fees, permits, cost of bonds, or for any other purpose will be paid by the State unless expressly included and itemized in the Contract.

- a) The Contractor must strictly follow Contract requirements regarding Free on Board (F.O.B.), freight terms and routing instructions. The State may permit use of an alternate carrier at no additional cost to the State with advance written authorization of the Buyer.
- b) If "prepay and add" is selected, supporting freight bills are required when over \$50, unless an exact freight charge is approved by the Transportation Management Unit within the Department of General Services Procurement Division and a waiver is granted.
- c) On "F.O.B. Shipping Point" transactions, should any shipments under the Contract be received by the State in a damaged condition and any related freight loss and damage claims filed against the carrier or carriers be wholly or partially declined by the carrier or carriers with the inference that damage was the result of the act of the shipper such as inadequate packaging or loading or some inherent defect in the Equipment and/or material, the Contractor, on request of the State, shall at Contractor's own expense assist the State in establishing carrier liability by supplying evidence that the Equipment and/or material was properly constructed, manufactured, packaged, and secured to withstand normal transportation conditions.

14. DELIVERY: The Contractor shall strictly adhere to the delivery and completion schedules specified in this Contract. Time, if stated as a number of days, shall mean calendar days unless otherwise specified. The quantities specified herein are the only quantities required. If the Contractor delivers in excess of the quantities specified herein, the State shall not be required to make any payment for the excess Deliverables, and may return them to Contractor at the Contractor's expense or utilize any other rights available to the State at law or in equity.

15. SUBSTITUTIONS: Substitution of Deliverables may not be tendered without advance written consent of the Buyer. The Contractor shall not use any specification in lieu of those contained in the Contract without written consent of the Buyer.

16. INSPECTION, ACCEPTANCE AND REJECTION: Unless otherwise specified in the Statement of Work:

- a) When acquiring Commercial Hardware or Commercial Software, the State shall rely on Contractor's existing quality assurance system as a substitute for State inspection and testing. For all other acquisitions, Contractor and its subcontractors will provide and maintain a quality assurance system acceptable to the State covering Deliverables and services under this Contract and will tender to the State only those Deliverables that have been inspected and found to conform to this Contract's requirements. The Contractor will keep records evidencing inspections and their result, and will make these records available to the State during Contract performance and for three years after final payment. The Contractor shall permit the State to review procedures, practices, processes, and related documents to determine the acceptability of the Contractor's quality assurance System or other similar business practices related to performance of the Contract.

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

- b) All Deliverables may be subject to inspection and test by the State or its authorized representatives.
- c) The Contractor and its subcontractors shall provide all reasonable facilities for the safety and convenience of inspectors at no additional cost to the State. The Contractor shall furnish to inspectors all information and data as may be reasonably required to perform their inspection.
- d) Subject to subsection 16 (a) above, all Deliverables may be subject to final inspection, test and acceptance by the State at destination, notwithstanding any payment or inspection at source..
- e) The State shall give written notice of rejection of Deliverables delivered or services performed hereunder within a reasonable time after receipt of such Deliverables or performance of such services. Such notice of rejection will state the respects in which the Deliverables do not substantially conform to their specifications. If the State does not provide such notice of rejection within fifteen (15) days of delivery for purchases of Commercial Hardware or Commercial Software or thirty (30) days of delivery for all other purchases, such Deliverables and services will be deemed to have been accepted. Acceptance by the State will be final and irreversible, except as it relates to latent defects, fraud, and gross mistakes amounting to fraud. Acceptance shall not be construed to waive any warranty rights that the State might have at law or by express reservation in this Contract with respect to any nonconformity.
- f) Unless otherwise specified in the Statement of Work, title to Equipment shall remain with the Contractor and assigns, if any, until such time as successful acceptance testing has been achieved. Title to a special feature installed on a Machine and for which only a single installation charge was paid shall pass to the State at no additional charge, together with title to the Machine on which it was installed.

17. SAMPLES:

- a) Samples of items may be required by the State for inspection and specification testing and must be furnished free of expense to the State. The samples furnished must be identical in all respects to the products bid and/or specified in the Contract.
- b) Samples, if not destroyed by tests, may, upon request made at the time the sample is furnished, be returned at the Contractor's expense.

18. WARRANTY:

- a) Unless otherwise specified in the Statement of Work, the warranties in this subsection a) begin upon delivery of the goods or services in question and end one (1) year thereafter. The Contractor warrants that (i) Deliverables and services furnished hereunder will substantially conform to the requirements of this Contract (including without limitation all descriptions, specifications, and drawings identified in the Statement of Work), and (ii) the Deliverables will be free from material defects in materials and workmanship. Where the parties have agreed to design specifications (such as a Detailed Design Document) and incorporated the same or equivalent in the Statement of Work directly or by reference, the Contractor will warrant that its Deliverables provide all material functionality required thereby. In addition to the other warranties set forth herein, where the Contract calls for delivery of Commercial Software, the Contractor warrants that such Software will perform in accordance with its license and accompanying Documentation. The State's approval of designs or specifications furnished by Contractor shall not relieve the Contractor of its obligations under this warranty.
- b) The Contractor warrants that Deliverables furnished hereunder (i) will be free, at the time of delivery, of harmful code (i.e. computer viruses, worms, trap doors, time bombs, disabling code, or any similar malicious mechanism designed to interfere with the intended operation of, or cause damage to, computers, data, or Software); and (ii) will not infringe or violate any U.S. Intellectual Property Right.

Without limiting the generality of the foregoing, if the State believes that harmful code may be present in any Commercial Software delivered hereunder, the Contractor will, upon the State's request, provide a new or clean install of the Software.

- c) Unless otherwise specified in the Statement of Work:
 - (i) The Contractor does not warrant that any Software provided hereunder is error-free or that it will run without immaterial interruption.
 - (ii) The Contractor does not warrant and will have no responsibility for a claim to the extent that it arises directly from (A) a modification made by the State, unless such modification is approved or directed by the Contractor, (B) use of Software in combination with or on products other than as specified by the Contractor, or (C) misuse by the State.
 - (iii) Where the Contractor resells Commercial Hardware or Commercial Software it purchased from a third party, Contractor, to the extent it is legally able to do so, will pass through any such third party warranties to the State and will reasonably cooperate in enforcing them. Such warranty pass-through will not relieve the Contractor from Contractor's warranty obligations set forth above.
- d) All warranties, including special warranties specified elsewhere herein, shall inure to the State, its successors, assigns, customer agencies, and governmental users of the Deliverables or services.
- e) Except as may be specifically provided in the Statement of Work or elsewhere in this Contract, for any breach of the warranties provided in this Section, the State's exclusive remedy and the Contractor's sole obligation will be limited to:
 - (i) re-performance, repair, or replacement of the nonconforming Deliverable (including without limitation an infringing Deliverable) or service; or
 - (ii) should the State in its sole discretion consent, refund of all amounts paid by the State for the nonconforming Deliverable or service and payment to the State of any additional amounts necessary to equal the State's Cost to Cover. "Cost to Cover" means the cost, properly mitigated, of procuring Deliverables or services of equivalent capability, function, and performance. The payment obligation in subsection (e)(ii) above will not exceed the limits on the Contractor's liability set forth in the Section entitled "Limitation of Liability."
- f) EXCEPT FOR THE EXPRESS WARRANTIES SPECIFIED IN THIS SECTION, THE CONTRACTOR MAKES NO WARRANTIES EITHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

19. SAFETY AND ACCIDENT PREVENTION: In performing work under this Contract on State premises, the Contractor shall conform to any specific safety requirements contained in the Contract or as required by law or regulation. The Contractor shall take any additional precautions as the State may reasonably require for safety and accident prevention purposes. Any violation of such rules and requirements, unless promptly corrected, shall be grounds for termination of this Contract in accordance with the default provisions hereof.

20. INSURANCE: The Contractor shall maintain all commercial general liability insurance, workers' compensation insurance and any other insurance required under the Contract. The Contractor shall furnish insurance certificate(s) evidencing required insurance coverage acceptable to the State, including endorsements showing the State as an "additional insured" if required under the Contract. Any required endorsements requested by the State must be separately provided; merely referring to such coverage on the certificates(s) is insufficient for this purpose. When performing work on state owned or controlled property, Contractor shall provide a waiver of subrogation in favor of the State for its workers' compensation policy.

21. TERMINATION FOR NON-APPROPRIATION OF FUNDS:

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

- a) If the term of this Contract extends into fiscal years subsequent to that in which it is approved, such continuation of the Contract is contingent on the appropriation of funds for such purpose by the Legislature. If funds to effect such continued payment are not appropriated, the Contractor agrees to take back any affected Deliverables furnished under this Contract, terminate any services supplied to the State under this Contract, and relieve the State of any further obligation therefor.
- b) The State agrees that if it appears likely that subsection a) above will be invoked, the State and Contractor shall agree to take all reasonable steps to prioritize work and Deliverables and minimize the incurrence of costs prior to the expiration of funding for this Contract.
- c) THE STATE AGREES THAT IF PARAGRAPH a) ABOVE IS INVOKED, COMMERCIAL HARDWARE AND SOFTWARE THAT HAS NOT BEEN PAID FOR SHALL BE RETURNED TO THE CONTRACTOR IN SUBSTANTIALLY THE SAME CONDITION IN WHICH DELIVERED TO THE STATE, SUBJECT TO NORMAL WEAR AND TEAR. THE STATE FURTHER AGREES TO PAY FOR PACKING, CRATING, TRANSPORTATION TO THE CONTRACTOR'S NEAREST FACILITY AND FOR REIMBURSEMENT TO THE CONTRACTOR FOR EXPENSES INCURRED FOR THEIR ASSISTANCE IN SUCH PACKING AND CRATING.
- 22. TERMINATION FOR THE CONVENIENCE OF THE STATE:**
- a) The State may terminate performance of work under this Contract for its convenience in whole or, from time to time, in part, if the Department of General Services, Deputy Director Procurement Division, or designee, determines that a termination is in the State's interest. The Department of General Services, Deputy Director, Procurement Division, or designee, shall terminate by delivering to the Contractor a Notice of Termination specifying the extent of termination and the effective date thereof.
- b) After receipt of a Notice of Termination, and except as directed by the State, the Contractor shall immediately proceed with the following obligations, as applicable, regardless of any delay in determining or adjusting any amounts due under this clause. The Contractor shall:
- (i) Stop work as specified in the Notice of Termination.
 - (ii) Place no further subcontracts for materials, services, or facilities, except as necessary to complete the continuing portion of the Contract.
 - (iii) Terminate all subcontracts to the extent they relate to the work terminated.
 - (iv) Settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts;
- c) After termination, the Contractor shall submit a final termination settlement proposal to the State in the form and with the information prescribed by the State. The Contractor shall submit the proposal promptly, but no later than 90 days after the effective date of termination, unless a different time is provided in the Statement of Work or in the Notice of Termination.
- d) The Contractor and the State may agree upon the whole or any part of the amount to be paid as requested under subsection (c) above.
- e) Unless otherwise set forth in the Statement of Work, if the Contractor and the State fail to agree on the amount to be paid because of the termination for convenience, the State will pay the Contractor the following amounts; provided that in no event will total payments exceed the amount payable to the Contractor if the Contract had been fully performed:
- (i) The Contract price for Deliverables or services accepted or retained by the State and not previously paid for, adjusted for any savings on freight and other charges; and
 - (ii) The total of:
 - A) The reasonable costs incurred in the performance of the work terminated, including initial costs and preparatory expenses allocable thereto, but excluding any cost attributable to Deliverables or services paid or to be paid;
 - B) The reasonable cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the Contract; and
 - C) Reasonable storage, transportation, demobilization, unamortized overhead and capital costs, and other costs reasonably incurred by the Contractor in winding down and terminating its work.
 - f) The Contractor will use generally accepted accounting principles, or accounting principles otherwise agreed to in writing by the parties, and sound business practices in determining all costs claimed, agreed to, or determined under this clause.
- 23. TERMINATION FOR DEFAULT:**
- a) The State may, subject to the clause titled "Force Majeure" and to sub-section d) below, by written notice of default to the Contractor, terminate this Contract in whole or in part if the Contractor fails to:
- i) Deliver the Deliverables or perform the services within the time specified in the Contract or any amendment thereto;
 - ii) Make progress, so that the lack of progress endangers performance of this Contract; or
 - iii) Perform any of the other provisions of this Contract.
- b) The State's right to terminate this Contract under sub-section a) above, may be exercised only if the failure constitutes a material breach of this Contract and if the Contractor does not cure such failure within the time frame stated in the State's cure notice, which in no event will be less than fifteen (15) days, unless the Statement of Work calls for a different period.
- c) If the State terminates this Contract in whole or in part pursuant to this Section, it may acquire, under terms and in the manner the Buyer considers appropriate, Deliverables or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those Deliverables and services, including without limitation costs third party vendors charge for Manufacturing Materials (but subject to the clause entitled "Limitation of Liability"). However, the Contractor shall continue the work not terminated.
- d) If the Contract is terminated for default, the State may require the Contractor to transfer title, or in the case of licensed Software, license, and deliver to the State, as directed by the Buyer, any:
- (i) completed Deliverables,
 - (ii) partially completed Deliverables, and,
 - (iii) subject to provisions of sub-section e) below, Manufacturing Materials related to the terminated portion of this Contract. Nothing in this sub-section d) will be construed to grant the State rights to Deliverables that it would not have received had this Contract been fully performed. Upon direction of the Buyer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.
- e) The State shall pay Contract price for completed Deliverables delivered and accepted and items the State requires the Contractor to transfer under section (d) above. Unless the Statement of Work calls for different procedures or requires no-charge delivery of materials, the Contractor and Buyer shall attempt to agree on the amount of payment for Manufacturing Materials and other materials delivered and accepted by the State for the protection and preservation of the property; provided that where the Contractor has billed the State for any such materials, no additional charge will apply. Failure to agree will constitute a dispute under the Disputes clause. The State may withhold from these amounts any sum it determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

- f) If, after termination, it is determined by a final decision that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the State.
- g) Both parties, State and Contractor, upon any termination for default, have a duty to mitigate the damages suffered by it.
- h) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this Contract, and are subject to the clause titled "Limitation of Liability."
- 24. FORCE MAJEURE:** Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the Contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include, but are not limited to:
- Acts of God or of the public enemy, and
 - Acts of the federal or State government in either its sovereign or contractual capacity.
- If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform.
- 25. RIGHTS AND REMEDIES OF STATE FOR DEFAULT:**
- In the event any Deliverables furnished or services provided by the Contractor in the performance of the Contract should fail to conform to the requirements herein, or to the sample submitted by the Contractor, the State may reject the same, and it shall become the duty of the Contractor to reclaim and remove the item promptly or to correct the performance of services, without expense to the State, and immediately replace all such rejected items with others conforming to the Contract.
 - In addition to any other rights and remedies the State may have, the State may require the Contractor, at Contractor's expense, to ship Deliverables via air freight or expedited routing to avoid or minimize actual or potential delay if the delay is the fault of the Contractor.
 - In the event of the termination of the Contract, either in whole or in part, by reason of default or breach by the Contractor, any loss or damage sustained by the State in procuring any items which the Contractor agreed to supply shall be borne and paid for by the Contractor (but subject to the clause entitled "Limitation of Liability").
 - The State reserves the right to offset the reasonable cost of all damages caused to the State against any outstanding invoices or amounts owed to the Contractor or to make a claim against the Contractor therefore.
- 26. LIMITATION OF LIABILITY:**
- Except as may be otherwise approved by the Department of General Services Deputy Director, Procurement Division or their designee, Contractor's liability for damages to the State for any cause whatsoever, and regardless of the form of action, whether in Contract or in tort, shall be limited to the Purchase Price. For purposes of this sub-section a), "Purchase Price" will mean the aggregate Contract price; except that, with respect to a Contract under which multiple purchase orders will be issued (e.g., a Master Agreement or Multiple Award Schedule contract), "Purchase Price" will mean the total price of the purchase order for the Deliverable(s) or service(s) that gave rise to the loss, such that the Contractor will have a separate limitation of liability for each purchase order.
 - The foregoing limitation of liability shall not apply (i) to any liability under the General Provisions entitled "Compliance with Statutes and Regulations" (ii) to liability under the General Provisions, entitled "Patent, Copyright, and Trade Secret Indemnity" or to any other liability (including without limitation indemnification obligations) for infringement of third party intellectual property rights; (iii) to claims arising under provisions herein calling for indemnification for third party claims against the State for death, bodily injury to persons or damage to real or tangible personal property caused by the Contractor's negligence or willful misconduct; or (iv) to costs or attorney's fees that the State becomes entitled to recover as a prevailing party in any action.
- c) The State's liability for damages for any cause whatsoever, and regardless of the form of action, whether in Contract or in tort, shall be limited to the Purchase Price, as that term is defined in subsection a) above. Nothing herein shall be construed to waive or limit the State's sovereign immunity or any other immunity from suit provided by law.
- d) In no event will either the Contractor or the State be liable for consequential, incidental, indirect, special, or punitive damages, even if notification has been given as to the possibility of such damages, except (i) to the extent that the Contractor's liability for such damages is specifically set forth in the Statement of Work or (ii) to the extent that the Contractor's liability for such damages arises out of subsection b)(i), b)(ii), or b)(iv) above.
- 27. CONTRACTOR'S LIABILITY FOR INJURY TO PERSONS OR DAMAGE TO PROPERTY:**
- The Contractor shall be liable for damages arising out of injury to the person and/or damage to the property of the State, employees of the State, persons designated by the State for training, or any other person(s) other than agents or employees of the Contractor, designated by the State for any purpose, prior to, during, or subsequent to delivery, installation, acceptance, and use of the Deliverables either at the Contractor's site or at the State's place of business, provided that the injury or damage was caused by the fault or negligence of the Contractor.
 - The Contractor shall not be liable for damages arising out of or caused by an alteration or an Attachment not made or installed by the Contractor, or for damage to alterations or Attachments that may result from the normal operation and maintenance of the Deliverables provided by the Contractor during the Contract.
- 28. INDEMNIFICATION:** The Contractor agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all third party claims, costs (including without limitation reasonable attorneys' fees), and losses due to the injury or death of any individual, or the loss or damage to any real or tangible personal property, resulting from the willful misconduct or negligent acts or omissions of the Contractor or any of its affiliates, agents, subcontractors, employees, suppliers, or laborers furnishing or supplying work, services, materials, or supplies in connection with the performance of this Contract. Such defense and payment will be conditional upon the following:
- The State will notify the Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and
 - The Contractor will have sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided that (i) when substantial principles of government or public law are involved, when litigation might create precedent affecting future State operations or liability, or when involvement of the State is otherwise mandated by law, the State may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (ii) where a settlement would impose liability on the State, affect principles of California government or public law, or impact the authority of the State, the Department of General Services will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and (iii) the State will reasonably cooperate in the defense and in any related settlement negotiations.
- 29. INVOICES:** Unless otherwise specified, invoices shall be sent to the address set forth herein. Invoices shall be submitted in triplicate and shall include the Contract number; release order number (if applicable); item number; unit price, extended item price and invoice total amount. State sales tax and/or use tax shall be itemized separately and added to each invoice as applicable.

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

- 30. REQUIRED PAYMENT DATE:** Payment will be made in accordance with the provisions of the California Prompt Payment Act, Government Code Section 927 et. seq. Unless expressly exempted by statute, the Act requires State agencies to pay properly submitted, undisputed invoices not more than 45 days after (i) the date of acceptance of Deliverables or performance of services; or (ii) receipt of an undisputed invoice, whichever is later.
- 31. TAXES:** Unless otherwise required by law, the State of California is exempt from Federal excise taxes. The State will only pay for any State or local sales or use taxes on the services rendered or Goods supplied to the State pursuant to this Contract.
- 32. NEWLY MANUFACTURED GOODS:** All Goods furnished under this Contract shall be newly manufactured Goods or certified as new and warranted as new by the manufacturer; used or reconditioned Goods are prohibited, unless otherwise specified.
- 33. CONTRACT MODIFICATION:** No amendment or variation of the terms of this Contract shall be valid unless made in writing, signed by the parties and approved as required. No oral understanding or agreement not incorporated in the Contract is binding on any of the parties.
- 34. CONFIDENTIALITY OF DATA:** All financial, statistical, personal, technical and other data and information relating to the State's operation which are designated confidential by the State and made available to the Contractor in order to carry out this Contract, or which become available to the Contractor in carrying out this Contract, shall be protected by the Contractor from unauthorized use and disclosure through the observance of the same or more effective procedural requirements as are applicable to the State. The identification of all such confidential data and information as well as the State's procedural requirements for protection of such data and information from unauthorized use and disclosure shall be provided by the State in writing to the Contractor. If the methods and procedures employed by the Contractor for the protection of the Contractor's data and information are deemed by the State to be adequate for the protection of the State's confidential information, such methods and procedures may be used, with the written consent of the State, to carry out the intent of this paragraph. The Contractor shall not be required under the provisions of this paragraph to keep confidential any data or information which is or becomes publicly available, is already rightfully in the Contractor's possession without obligation of confidentiality, is independently developed by the Contractor outside the scope of this Contract, or is rightfully obtained from third parties.
- 35. NEWS RELEASES:** Unless otherwise exempted, news releases, endorsements, advertising, and social media content pertaining to this Contract shall not be made without prior written approval of the Department of General Services.
- 36. DOCUMENTATION:**
- The Contractor agrees to provide to the State, at no charge, all Documentation as described within the Statement of Work, and updated versions thereof, which are necessary or useful to the State in its use of the Equipment or Software provided hereunder. The Contractor agrees to provide additional Documentation at prices not in excess of charges made by the Contractor to its other customers for similar Documentation.
 - If the Contractor is unable to perform maintenance or the State desires to perform its own maintenance on Equipment purchased under this Contract then upon written notice by the State the Contractor will provide at Contractor's then current rates and fees adequate and reasonable assistance including relevant Documentation to allow the State to maintain the Equipment based on the Contractor's methodology. The Contractor agrees that the State may reproduce such Documentation for its own use in maintaining the Equipment. If the Contractor is unable to perform maintenance, the Contractor agrees to license any other Contractor that the State may have hired to maintain the Equipment to use the above noted Documentation. The State agrees to include the Contractor's copyright notice on any such Documentation reproduced, in accordance with copyright instructions to be provided by the Contractor.
- 37. RIGHTS IN WORK PRODUCT:**
- All inventions, discoveries, intellectual property, technical communications and records originated or prepared by the Contractor pursuant to this Contract including papers, reports, charts, computer programs, and other Documentation or improvements thereto, and including the Contractor's administrative communications and records relating to this Contract (collectively, the "Work Product"), shall be the Contractor's exclusive property. The provisions of this sub-section a) may be revised in a Statement of Work.
 - Software and other materials developed or otherwise obtained by or for the Contractor or its affiliates independently of this Contract or applicable purchase order ("Pre-Existing Materials") do not constitute Work Product. If the Contractor creates derivative works of Pre-Existing Materials, the elements of such derivative works created pursuant to this Contract constitute Work Product, but other elements do not. Nothing in this Section 37 will be construed to interfere with the Contractor's or its affiliates' ownership of Pre-Existing Materials.
 - The State will have Government Purpose Rights to the Work Product as Deliverable or delivered to the State hereunder. "Government Purpose Rights" are the unlimited, irrevocable, worldwide, perpetual, royalty-free, non-exclusive rights and licenses to use, modify, reproduce, perform, release, display, create derivative works from, and disclose the Work Product. "Government Purpose Rights" also include the right to release or disclose the Work Product outside the State for any State government purpose and to authorize recipients to use, modify, reproduce, perform, release, display, create derivative works from, and disclose the Work Product for any State government purpose. Such recipients of the Work Product may include, without limitation, State Contractors, California local governments, the U.S. federal government, and the State and local governments of other states. "Government Purpose Rights" do not include any rights to use, modify, reproduce, perform, release, display, create derivative works from, or disclose the Work Product for any commercial purpose.
 - The ideas, concepts, know-how, or techniques relating to data processing, developed during the course of this Contract by the Contractor or jointly by the Contractor and the State may be used by either party without obligation of notice or accounting.
 - This Contract shall not preclude the Contractor from developing materials outside this Contract that are competitive, irrespective of their similarity to materials which might be delivered to the State pursuant to this Contract.
- 38. SOFTWARE LICENSE:** Unless otherwise specified in the Statement of Work, the Contractor hereby grants to the State and the State accepts from the Contractor, subject to the terms and conditions of this Contract, a perpetual, irrevocable, royalty-free, non-exclusive, license to use the Software Products in this Contract (hereinafter referred to as "Software Products").
- The State may use the Software Products in the conduct of its own business, and any division thereof
 - The license granted above authorizes the State to use the Software Products in machine-readable form on the Computer System located at the site(s) specified in the Statement of Work. Said Computer System and its associated units (collectively referred to as CPU) are as designated in the Statement of Work. If the designated CPU is inoperative due to malfunction, the license herein granted shall be temporarily extended to authorize the State to use the Software Products, in machine-readable form, on any other State CPU until the designated CPU is returned to operation.

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

- c) By prior written notice, the State may redesignate the CPU in which the Software Products are to be used provided that the redesignated CPU is substantially similar in size and scale at no additional cost. The redesignation shall not be limited to the original site and will be effective upon the date specified in the notice of redesignation.
- d) Acceptance of Commercial Software (including third party Software) and Custom Software will be governed by the terms and conditions of this Contract.

39. PROTECTION OF PROPRIETARY SOFTWARE AND OTHER PROPRIETARY DATA:

- a) The State agrees that all material appropriately marked or identified in writing as proprietary, and furnished hereunder are provided for the State's exclusive use for the purposes of this Contract only. All such proprietary data shall remain the property of the Contractor. The State agrees to take all reasonable steps to insure that such proprietary data are not disclosed to others, without prior written consent of the Contractor, subject to the California Public Records Act.
- b) The State will insure, prior to disposing of any media, that any licensed materials contained thereon have been erased or otherwise destroyed.
- c) The State agrees that it will take appropriate action by instruction, agreement or otherwise with its employees or other persons permitted access to licensed software and other proprietary data to satisfy its obligations in this Contract with respect to use, copying, modification, protection and security of proprietary software and other proprietary data.

40. RIGHT TO COPY OR MODIFY:

- a) Any Software Product provided by the Contractor in machine-readable form may be copied, in whole or in part, in printed or machine-readable form for use by the State with the designated CPU, to perform one-time benchmark tests, for archival or emergency restart purposes, to replace a worn copy, to understand the contents of such machine-readable material, or to modify the Software Product as provided below; provided, however, that no more than the number of printed copies and machine-readable copies as specified in the Statement of Work will be in existence under this Contract at any time without prior written consent of the Contractor. Such consent shall not be unreasonably withheld by the Contractor. The original, and any copies of the Software Product, in whole or in part, which are made hereunder shall be the property of the Contractor.
- b) The State may modify any non-personal computer Software Product, in machine-readable form, for its own use and merge it into other program material. Any portion of the Software Product included in any merged program material shall be used only on the designated CPUs and shall be subject to the terms and conditions of the Contract.

- 41. FUTURE RELEASES:** Unless otherwise specifically provided in this Contract, or the Statement of Work, if improved versions, e.g., patches, bug fixes, updates or releases, of any Software Product are developed by the contractor, and are made available to other licensees, they will be made available to the State at no additional cost only if such are made available to other licensees at no additional cost. If the Contractor offers new versions or upgrades to the Software Product, they shall be made available to the State at the State's option at a price no greater than the Contract price plus a price increase proportionate to the increase from the list price of the original version to that of the new version, if any. If the Software Product has no list price, such price increase will be proportionate to the increase in average price from the original to the new version, if any, as estimated by the Contractor in good faith.

42. ENCRYPTION/CPU ID AUTHORIZATION CODES:

- a) When Encryption/CPU Identification (ID) authorization codes are required to operate the Software Products, the

Contractor will provide all codes to the State with delivery of the Software.

- b) In case of an inoperative CPU, the Contractor will provide a temporary encryption/CPU ID authorization code to the State for use on a temporarily authorized CPU until the designated CPU is returned to operation.
- c) When changes in designated CPUs occur, the State will notify the Contractor via telephone and/or facsimile/e-mail of such change. Upon receipt of such notice, the Contractor will issue via telephone and/or facsimile/e-mail to the State within 24 hours, a temporary encryption ID authorization code for use on the newly designated CPU until such time as permanent code is assigned.

43. PATENT, COPYRIGHT AND TRADE SECRET INDEMNITY:

- a) Contractor will indemnify, defend, and save harmless the State, its officers, agents, and employees, from any and all third party claims, costs (including without limitation reasonable attorneys' fees), and losses for infringement or violation of any U.S. Intellectual Property Right by any product or service provided hereunder. With respect to claims arising from computer Hardware or Software manufactured by a third party and sold by Contractor as a reseller, Contractor will pass through to the State such indemnity rights as it receives from such third party ("Third Party Obligation") and will cooperate in enforcing them; provided that if the third party manufacturer fails to honor the Third Party Obligation, Contractor will provide the State with indemnity protection equal to that called for by the Third Party Obligation, but in no event greater than that called for in the first sentence of this Section). The provisions of the preceding sentence apply only to third party computer Hardware or Software sold as a distinct unit and accepted by the State.

Unless a Third Party Obligation provides otherwise, the defense and payment obligations set forth in this Section will be conditional upon the following:

- (i) The State will notify the Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and
 - (ii) The Contractor will have sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided that (a) when substantial principles of government or public law are involved, when litigation might create precedent affecting future State operations or liability, or when involvement of the State is otherwise mandated by law, the State may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (b) where a settlement would impose liability on the State, affect principles of California government or public law, or impact the authority of the State, the Department of General Services will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and (c) the State will reasonably cooperate in the defense and in any related settlement negotiations.
- b) Should the Deliverables, or the operation thereof, become, or in the Contractor's opinion are likely to become, the subject of a claim of infringement or violation of a U.S. Intellectual Property Right, the State shall permit the Contractor, at its option and expense, either to procure for the State the right to continue using the Deliverables, or to replace or modify the same so that they become non-infringing. If none of these options can reasonably be taken, or if the use of such Deliverables by the State shall be prevented by injunction, the Contractor agrees to take back such Deliverables and make every reasonable effort to assist the State in procuring substitute Deliverables. If, in the sole opinion of the State, the return of such

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

infringing Deliverables makes the retention of other Deliverables acquired from the Contractor under this Contract impractical, the State shall then have the option of terminating such Contracts, or applicable portions thereof, without penalty or termination charge. The Contractor agrees to take back such Deliverables and refund any sums the State has paid the Contractor less any reasonable amount for use or damage.

- c) The Contractor shall have no liability to the State under any provision of this clause with respect to any claim of patent, copyright or trade secret infringement which is based upon:
- (i) The combination or utilization of Deliverables furnished hereunder with Equipment, Software or devices not made or furnished by the Contractor; or,
 - (ii) The operation of Equipment furnished by the Contractor under the control of any Operating Software other than, or in addition to, the current version of Contractor-supplied Operating Software; or
 - (iii) The modification initiated by the State, or a third party at the State's direction, of any Deliverable furnished hereunder; or
 - (iv) The combination or utilization of Software furnished hereunder with non-contractor supplied Software.
- d) The Contractor certifies that it has appropriate systems and controls in place to ensure that State funds will not be used in the performance of this Contract for the acquisition, operation or maintenance of computer Software in violation of copyright laws.

44. DISPUTES:

- a) The parties shall deal in good faith and attempt to resolve potential disputes informally. If the dispute persists, the Contractor shall submit to the contracting Department Director or designee a written demand for a final decision regarding the disposition of any dispute between the parties arising under, related to or involving this Contract. Contractor's written demand shall be fully supported by factual information, and if such demand involves a cost adjustment to the Contract, the Contractor shall include with the demand a written statement signed by an authorized person indicating that the demand is made in good faith, that the supporting data are accurate and complete and that the amount requested accurately reflects the Contract adjustment for which Contractor believes the State is liable. The contracting Department Director or designee shall have 30 days after receipt of Contractor's written demand invoking this Section "Disputes" to render a written decision. If a written decision is not rendered within 30 days after receipt of the Contractor's demand, it shall be deemed a decision adverse to the Contractor's contention. If the Contractor is not satisfied with the decision of the contracting Department Director or designee, the Contractor may appeal the decision, in writing, within 15 days of its issuance (or the expiration of the 30 day period in the event no decision is rendered by the contracting department), to the Department of General Services, Deputy Director, Procurement Division, who shall have 45 days to render a final decision. If the Contractor does not appeal the decision of the contracting Department Director or designee, the decision shall be conclusive and binding regarding the dispute and the Contractor shall be barred from commencing an action in court, or with the Victims Compensation Government Claims Board, for failure to exhaust Contractor's administrative remedies.
- b) Pending the final resolution of any dispute arising under, related to or involving this Contract, Contractor agrees to diligently proceed with the performance of this Contract, including the delivery of Goods or providing of services in accordance with the State's instructions regarding this Contract. Contractor's failure to diligently proceed in accordance with the State's instructions regarding this Contract shall be considered a material breach of this Contract.

- c) Any final decision of the State shall be expressly identified as such, shall be in writing, and shall be signed by the Deputy Director, Procurement Division if an appeal was made. If the Deputy Director, Procurement Division fails to render a final decision within 45 days after receipt of the Contractor's appeal for a final decision, it shall be deemed a final decision adverse to the Contractor's contentions. The State's final decision shall be conclusive and binding regarding the dispute unless the Contractor commences an action in a court of competent jurisdiction to contest such decision within 90 days following the date of the final decision or one (1) year following the accrual of the cause of action, whichever is later.
- d) For disputes involving purchases made by the Department of General Services, Procurement Division, the Contractor shall submit to the Department Director or designee a written demand for a final decision, which shall be fully supported in the manner described in subsection a above. The Department Director or designee shall have 30 days to render a final decision. If a final decision is not rendered within 30 days after receipt of the Contractor's demand, it shall be deemed a final decision adverse to the Contractor's contention. The final decision shall be conclusive and binding regarding the dispute unless the Contractor commences an action in a court of competent jurisdiction to contest such decision within 90 days following the date of the final decision or one (1) year following the accrual of the cause of action, whichever is later.
- e) The dates of decision and appeal in this section may be modified by mutual consent, as applicable, excepting the time to commence an action in a court of competent jurisdiction.

45. STOP WORK:

- a) The State may, at any time, by written Stop Work Order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this Contract for a period up to 45 days after the Stop Work Order is delivered to the Contractor, and for any further period to which the parties may agree. The Stop Work Order shall be specifically identified as such and shall indicate it is issued under this clause. Upon receipt of the Stop Work Order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work Order during the period of work stoppage. Within a period of 45 days after a Stop Work Order is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the State shall either:
- (i) Cancel the Stop Work Order; or
 - (ii) Terminate the work covered by the Stop Work Order as provided for in the termination for default or the termination for convenience clause of this Contract.
- b) If a Stop Work Order issued under this clause is canceled or the period of the Stop Work Order or any extension thereof expires, the Contractor shall resume work. The State shall make an equitable adjustment in the delivery schedule, the Contract price, or both, and the Contract shall be modified, in writing, accordingly, if:
- (i) The Stop Work Order results in an increase in the time required for, or in the Contractor's cost properly allocable to the performance of any part of this Contract; and
 - (ii) The Contractor asserts its right to an equitable adjustment within 60 days after the end of the period of work stoppage; provided, that if the State decides the facts justify the action, the State may receive and act upon a proposal submitted at any time before final payment under this Contract.
- c) If a Stop Work Order is not canceled and the work covered by the Stop Work Order is terminated in accordance with the provision entitled Termination for the Convenience of the State, the State shall allow reasonable costs resulting from the Stop Work Order in arriving at the termination settlement.

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

- d) The State shall not be liable to the Contractor for loss of profits because of a Stop Work Order issued under this clause.
- 46. EXAMINATION AND AUDIT:** The Contractor agrees that the State or its designated representative shall have the right to review and copy any records and supporting documentation directly pertaining to performance of this Contract. The Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated. The Contractor agrees to allow the auditor(s) access to such records during normal business hours and in such a manner so as to not interfere unreasonably with normal business activities and to allow interviews of any employees or others who might reasonably have information related to such records. Further, the Contractor agrees to include a similar right of the State to audit records and interview staff in any subcontract related to performance of this Contract. The State shall provide reasonable advance written notice of such audit(s) to the Contractor.
- 47. FOLLOW-ON CONTRACTS:**
- a) If the Contractor or its affiliates provides Technical Consulting and Direction (as defined below), the Contractor and its affiliates:
- (i) will not be awarded a subsequent Contract to supply the service or system, or any significant component thereof, that is used for or in connection with any subject of such Technical Consulting and Direction; and
 - (ii) will not act as consultant to any person or entity that does receive a Contract described in sub-section (i). This prohibition will continue for one (1) year after termination of this Contract or completion of the Technical Consulting and Direction, whichever comes later.
- b) "Technical Consulting and Direction" means services for which the Contractor received compensation from the State and includes:
- (i) development of or assistance in the development of work statements, specifications, solicitations, or feasibility studies;
 - (ii) development or design of test requirements;
 - (iii) evaluation of test data;
 - (iv) direction of or evaluation of another Contractor;
 - (v) provision of formal recommendations regarding the acquisition of Information Technology products or services; or
 - (vi) provisions of formal recommendations regarding any of the above. For purposes of this Section, "affiliates" are employees, directors, partners, joint venture participants, parent corporations, subsidiaries, or any other entity controlled by, controlling, or under common control with the Contractor. Control exists when an entity owns or directs more than fifty percent (50%) of the outstanding shares or securities representing the right to vote for the election of directors or other managing authority.
- c) To the extent permissible by law, the Director of the Department of General Services, or designee, may waive the restrictions set forth in this Section by written notice to the Contractor if the Director determines their application would not be in the State's best interest. Except as prohibited by law, the restrictions of this Section will not apply:
- (i) to follow-on advice given by vendors of commercial off-the-shelf products, including Software and Hardware, on the operation, integration, repair, or maintenance of such products after sale; or
 - (ii) where the State has entered into a master agreement for Software or services and the scope of work at the time of Contract execution expressly calls for future recommendations among the Contractor's own products.
- d) The restrictions set forth in this Section are in addition to conflict of interest restrictions imposed on public Contractors by California law ("Conflict Laws"). In the event of any inconsistency, such Conflict Laws override the provisions of this Section, even if enacted after execution of this Contract.
- 48. PRIORITY HIRING CONSIDERATIONS:** If this Contract includes services in excess of \$200,000, the Contractor shall give priority consideration in filling vacancies in positions funded by the Contract to qualified recipients of aid under Welfare and Institutions Code Section 11200 in accordance with PCC Section 10353.
- 49. COVENANT AGAINST GRATUITIES:** The Contractor warrants that no gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by the Contractor, or any agent or representative of the Contractor, to any officer or employee of the State with a view toward securing the Contract or securing favorable treatment with respect to any determinations concerning the performance of the Contract. For breach or violation of this warranty, the State shall have the right to terminate the Contract, either in whole or in part, and any loss or damage sustained by the State in procuring on the open market any items which the Contractor agreed to supply shall be borne and paid for by the Contractor. The rights and remedies of the State provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or in equity.
- 50. NONDISCRIMINATION CLAUSE:**
- a) During the performance of this Contract, the Contractor and its subcontractors shall not unlawfully discriminate, harass or allow harassment, against any employee or applicant for employment because of sex, sexual orientation, race, color, ancestry, religious creed, national origin, disability (including HIV and AIDS), medical condition (cancer), age, marital status, and denial of family care leave. The Contractor and subcontractors shall insure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. The Contractor and subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Government Code, Section 12990 et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Section 7285.0 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations are incorporated into this Contract by reference and made a part hereof as if set forth in full. The Contractor and its subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement.
 - b) The Contractor shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under the Contract.
- 51. NATIONAL LABOR RELATIONS BOARD CERTIFICATION:** The Contractor swears under penalty of perjury that no more than one final, unappealable finding of contempt of court by a federal court has been issued against the Contractor within the immediately preceding two-year period because of the Contractor's failure to comply with an order of the National Labor Relations Board. This provision is required by, and shall be construed in accordance with, PCC Section 10296.
- 52. ASSIGNMENT OF ANTITRUST ACTIONS:** Pursuant to Government Code Sections 4552, 4553, and 4554, the following provisions are incorporated herein:
- a) In submitting a bid to the State, the supplier offers and agrees that if the bid is accepted, it will assign to the State all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. 15) or under the Cartwright Act (Chapter 2, commencing with Section 16700, of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of Goods, material or other items, or services by the supplier for sale to the State pursuant to the solicitation. Such assignment shall

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

- be made and become effective at the time the State tenders final payment to the supplier.
- b) If the State receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under this chapter, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, upon demand, recover from the State any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the State as part of the bid price, less the expenses incurred in obtaining that portion of the recovery.
- c) Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have been injured by the violation of law for which the cause of action arose and
- the assignee has not been injured thereby, or
 - the assignee declines to file a court action for the cause of action.
- 53. DRUG-FREE WORKPLACE CERTIFICATION:** The Contractor certifies under penalty of perjury under the laws of the State of California that the Contractor will comply with the requirements of the Drug-Free Workplace Act of 1990 (Government Code Section 8350 et seq.) and will provide a drug-free workplace by taking the following actions:
- Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited and specifying actions to be taken against employees for violations, as required by Government Code Section 8355(a).
 - Establish a Drug-Free Awareness Program as required by Government Code Section 8355(b) to inform employees about all of the following:
 - the dangers of drug abuse in the workplace;
 - the person's or organization's policy of maintaining a drug-free workplace;
 - any available counseling, rehabilitation and employee assistance programs; and,
 - penalties that may be imposed upon employees for drug abuse violations.
 - Provide, as required by Government Code Section 8355(c), that every employee who works on the proposed or resulting Contract:
 - will receive a copy of the company's drug-free policy statement; and,
 - will agree to abide by the terms of the company's statement as a condition of employment on the Contract.
- 54. FOUR-DIGIT DATE COMPLIANCE:** Contractor warrants that it will provide only Four-Digit Date Compliant (as defined below) Deliverables and/or services to the State. "Four Digit Date Compliant" Deliverables and services can accurately process, calculate, compare, and sequence date data, including without limitation date data arising out of or relating to leap years and changes in centuries. This warranty and representation is subject to the warranty terms and conditions of this Contract and does not limit the generality of warranty obligations set forth elsewhere herein.
- 55. SWEATFREE CODE OF CONDUCT:**
- Contractor declares under penalty of perjury that no equipment, materials, or supplies furnished to the State pursuant to the Contract have been produced in whole or in part by sweatshop labor, forced labor, convict labor, indentured labor under penal sanction, abusive forms of child labor or exploitation of children in sweatshop labor, or with the benefit of sweatshop labor, forced labor, convict labor, indentured labor under penal sanction, abusive forms of child labor or exploitation of children in sweatshop labor. The Contractor further declares under penalty of perjury that they adhere to the Sweatfree Code of Conduct as set forth on the California Department of Industrial Relations website located at www.dir.ca.gov, and Public Contract Code Section 6108.
 - The Contractor agrees to cooperate fully in providing reasonable access to its records, documents, agents or employees, or premises if reasonably required by authorized officials of the State, the Department of Industrial Relations, or the Department of Justice to determine the Contractor's compliance with the requirements under paragraph (a).
- 56. RECYCLED CONTENT REQUIREMENTS:** The Contractor shall certify in writing under penalty of perjury, the minimum, if not exact, percentage of post-consumer material (as defined in the Public Contract Code (PCC) Section 12200-12209), in products, materials, goods, or supplies offered or sold to the State that fall under any of the statutory categories regardless of whether the product meets the requirements of Section 12209. The certification shall be provided by the contractor, even if the product or good contains no postconsumer recycled material, and even if the postconsumer content is unknown. With respect to printer or duplication cartridges that comply with the requirements of Section 12156(e), the certification required by this subdivision shall specify that the cartridges so comply (PCC 12205 (b)(2)). A state agency contracting officer may waive the certification requirements if the percentage of postconsumer material in the products, materials, goods, or supplies can be verified in a written advertisement, including, but not limited to, a product label, a catalog, or a manufacturer or vendor Internet web site. Contractors are to use, to the maximum extent economically feasible in the performance of the contract work, recycled content products (PCC 12203(d)).
- 57. CHILD SUPPORT COMPLIANCE ACT:** For any Contract in excess of \$100,000, the Contractor acknowledges in accordance with PCC Section 7110, that:
- The Contractor recognizes the importance of child and family support obligations and shall fully comply with all applicable State and federal laws relating to child and family support enforcement, including, but not limited to, disclosure of information and compliance with earnings assignment orders, as provided in Chapter 8 (commencing with Section 5200) of Part 5 of Division 9 of the Family Code; and
 - The Contractor, to the best of its knowledge is fully complying with the earnings assignment orders of all employees and is providing the names of all new employees to the New Hire Registry maintained by the California Employment Development Department.
- 58. AMERICANS WITH DISABILITIES ACT:** The Contractor assures the State that the Contractor complies with the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.).
- 59. ELECTRONIC WASTE RECYCLING ACT OF 2003:** The Contractor certifies that it complies with the applicable requirements of the Electronic Waste Recycling Act of 2003, Chapter 8.5, Part 3 of Division 30, commencing with Section 42460 of the Public Resources Code. The Contractor shall maintain documentation and provide reasonable access to its records and documents that evidence compliance.
- 60. USE TAX COLLECTION:** In accordance with PCC Section 10295.1, the Contractor certifies that it complies with the requirements of Section 7101 of the Revenue and Taxation Code. Contractor further certifies that it will immediately advise the State of any change in its retailer's seller's permit or certification of registration or applicable affiliate's seller's permit or certificate of registration as described in subdivision (a) of PCC Section 10295.1.
- 61. EXPATRIATE CORPORATIONS:** Contractor hereby declares that it is not an expatriate corporation or subsidiary of an expatriate corporation within the meaning of PCC Sections 10286 and 10286.1, and is eligible to contract with the State.
- 62. DOMESTIC PARTNERS:** For contracts over \$100,000 executed or amended after January 1, 2007, the contractor certifies that the contractor is in compliance with Public Contract Code Section 10295.3.

GENERAL PROVISIONS – INFORMATION TECHNOLOGY**63. SMALL BUSINESS PARTICIPATION AND DVBE PARTICIPATION REPORTING REQUIREMENTS:**

- a) If for this Contract the Contractor made a commitment to achieve small business participation, then the Contractor must within 60 days of receiving final payment under this Contract (or within such other time period as may be specified elsewhere in this Contract) report to the awarding department the actual percentage of small business participation that was achieved. (Govt. Code § 14841.)
- b) If for this Contract the Contractor made a commitment to achieve disabled veteran business enterprise (DVBE) participation, then Contractor must within 60 days of receiving final payment under this Contract (or within such other time period as may be specified elsewhere in this Contract) certify in a report to the awarding department: (1) the total amount the prime Contractor received under the Contract; (2) the name and address of the DVBE(s) that participated in the performance of the Contract; (3) the amount each DVBE received from the prime Contractor; (4) that all payments under the Contract have been made to the DVBE; and (5) the actual percentage of DVBE participation that was achieved. A person or entity that knowingly provides false information shall be subject to a civil penalty for each violation. (Mil. & Vets. Code § 999.5(d); Govt. Code § 14841.)

64. LOSS LEADER: It is unlawful for any person engaged in business within this state to sell or use any article or product as a "loss leader" as defined in Section 17030 of the Business and Professions Code. (PCC 12104.5(b)).

Exhibit A
**STATE MODEL
INFORMATION TECHNOLOGY
PURCHASE SPECIAL PROVISIONS**

**TO BE USED WITH THE GENERAL PROVISIONS – IT. DEVELOP AND
INCLUDE A STATEMENT OF WORK**

1 Liquidated Damages

a. General

In the event that the Contractor fails to deliver in accordance with the Contract requirements, the parties agree that the delay will interfere with the proper implementation of the State's programs, to the loss and damage of the State. From the nature of the case, it would be impracticable and extremely difficult to fix the actual damages sustained in the event of any such delay. The State and Contractor, therefore, presume that in the event of any such delay the amount of damage which will be sustained from a delay will be the amounts set forth in the Statement of Work, and the State and the Contractor agree that in the event of any such delay, the Contractor shall pay such amounts as liquidated damages and not as a penalty. Amounts due the State as liquidated damages may be deducted by the State from any money payable to the Contractor. The State shall notify the Contractor in writing of any claim for liquidated damages pursuant to this paragraph on or before the date State deducts such sums from money payable to the Contractor.

b. Timing of Delivery

- i) Contractor will be liable for any liquidated damages for late performance (including late delivery) specified in the Statement of Work if Contractor fails to provide any subject service or deliver any subject Deliverable, ready for use in substantial conformance with its specifications, on or before the Delivery Dates in the Statement of Work. Unless otherwise specified in the Statement of Work: (A) such liquidated damages will stand in lieu of all other damages for such late performance or nonperformance; and (B) if the Contractor fails to provide a software Deliverable listed in the Statement of Work by the specified Delivery Date, but provides suitable substitution of software acceptable to the State, liquidated damages shall not apply to the listed software Deliverable.
- ii) The State will pay additional monetary compensation for early performance to the extent specifically called for in the Statement of Work.

2 Title to Equipment

Unless otherwise specified in the Statement of Work, title to the Equipment shall remain in the Contractor and assigns, if any, until such time as successful acceptance testing has been achieved. Title to a special feature installed on a Machine and for which only a single installation charge was paid shall pass to the State at no additional charge, together with title to the Machine on which it was installed.

Exhibit A
**STATE MODEL
INFORMATION TECHNOLOGY
PURCHASE SPECIAL PROVISIONS**

3 Price Decline (Applicable to Third Party Contractors)

Prices quoted shall be the maximum for the contract period subject to any price escalation provisions reflected in the Statement of Work. However, should a price decline be announced by the manufacturer after contract award, but prior to a third party contractor taking title to the Equipment, and should the third party contractor be the recipient of this manufacturer's price decline, it shall be passed on in total to the State by the third party contractor. Any interest, finance, or other charges based on the contract price will be recomputed using the original bid rates and the differences will also be passed to the State in total.

4 Price Decline (Applicable to Manufacturers)

Prices quoted shall be the maximum for the contract period subject to any price escalation provisions reflected in the Statement of Work. However, should a price decline be announced by the manufacturer after contract award, but prior to the State taking title to the Equipment, it shall be passed on in total to the State by the manufacturer. Any interest, finance, or other charges based on the contract price will be recomputed using the original bid rates and the differences will also be passed to the State in total.

Exhibit A
**STATE MODEL
INFORMATION TECHNOLOGY
MAINTENANCE SPECIAL PROVISIONS**

**TO BE USED WITH THE GENERAL PROVISIONS – IT. DEVELOP AND
INCLUDE A STATEMENT OF WORK.**

The following terms and conditions are superseded and replaced by any alternate or inconsistent terms and conditions in the Statement of Work.

1 Maintenance of Equipment

The Contractor is responsible under this Contract to maintain the Equipment identified in the Statement of Work. The Contractor shall keep the Equipment in good operating condition and shall always be responsive to the maintenance requirements of the State. Equipment maintenance shall be provided in accordance with this Contract, with the maintenance charges, Period of Maintenance Coverage, locations, etc. listed in the Statement of Work.

2 Exclusions

a. Maintenance service does not include:

- 1) Electrical work external to the Machines or maintenance of accessories, alterations, Attachments, or other devices not listed in the Statement of Work.
- 2) Repair of damage or increase in service time caused by: accident; disaster, which shall include, but not be limited to, fire, flood, water, wind, and lightning; transportation; neglect, misuse, fault or negligence of the State; and alterations, which shall include, but not be limited to, any deviation from Contractor's physical, mechanical, or electrical Machine design, and Attachments.
- 3) Repair of damage or increase in service time resulting from failure to provide a suitable installation environment with all facilities prescribed by the appropriate Contractor Installation Manual–Physical Planning (including, but not limited to, failure of, or failure to provide adequate electrical power, air conditioning or humidity control).
- 4) Repair of damage or increase in service time attributable to the use of the Machines for other than the data processing purpose for which it was acquired.
- 5) Furnishing platens, supplies or accessories; painting or refinishing the Machines or furnishing material therefore; inspecting Machines altered by other than Contractor; making specification changes or performing services connected with the relocation of Machines; or adding or removing accessories, Attachments or other devices.
- 6) Such service which is impractical for Contractor to render because of alterations or connection by mechanical or electrical means to another Machine.
- 7) Repair of damage, replacement of parts (due to other than normal wear) or repetitive service calls caused by the use of supplies or materials not meeting Contractor's specifications for such supplies or materials.
- 8) Repair of damage or increase in service time caused by conversion from one Contractor model to another or the installation or removal of a Contractor feature whenever any of the foregoing was performed by other than the Contractor.

Exhibit A
**STATE MODEL
INFORMATION TECHNOLOGY
MAINTENANCE SPECIAL PROVISIONS**

- 9) Repair or maintenance by Contractor that is required to restore Equipment to proper operating condition after any person other than Contractor's employee had performed maintenance or otherwise repaired an item of Equipment.
- b. The Contractor may be required to perform repair or maintenance on excluded items in paragraph a, above. An additional charge for such repair or maintenance shall be at the established Contract rates in the Statement of Work, or if not stated, be at Contractor's applicable time and material rates and terms then in effect. The procedures for authorization of such maintenance may be the same as those for Remedial Maintenance outside of the Principle Period of Maintenance.

3 Responsibilities of the Contractor

- a. This maintenance service includes the following and may be further described in the Statement of Work:
 - 1) Scheduled Preventive Maintenance based upon the specific needs of the individual Machines as determined by manufacturer.
 - 2) Unscheduled, on-call Remedial Maintenance. Such maintenance will include lubrication, adjustments, and replacement of maintenance parts deemed necessary by the Contractor.
- b. Maintenance parts will be furnished by Contractor and will be new or equivalent to new in performance when used in these Machines. Replaced maintenance parts become the property of the Contractor.
- c. Preventive maintenance shall be performed on a schedule which is mutually acceptable to the State and the Contractor, which is consistent with the State's operating requirements, and which is based upon the specific needs of the Equipment as determined by the manufacturer. Such schedules shall be in writing and shall specify the frequency and duration of Preventive Maintenance for the Equipment in the Statement of Work.
- d. Remedial Maintenance shall be commenced promptly after notification by an authorized State representative that Equipment and/or Software is inoperative.

4 Responsibilities of the State

- a. The State shall provide an appropriate operating environment, including temperature, humidity, and electrical power, in accordance with the environmental requirements contained in the Contractor's published specifications for the Equipment listed on the Statement of Work.
- b. Unless mutually agreed to by the Contractor and the State, State personnel will not perform maintenance or attempt repairs to the Equipment while such Equipment is governed by the terms of this Contract.
- c. Subject to the State's security regulations, the Contractor shall have full and free access to the Machines to provide service thereon.

5 Maintenance Coverage

- a. Period of Maintenance Coverage:

Exhibit A
**STATE MODEL
INFORMATION TECHNOLOGY
MAINTENANCE SPECIAL PROVISIONS**

- 1) The State may select a period or periods of maintenance coverage, as stated in the Statement of Work, in accordance with the following:
 - (a) A minimum monthly maintenance charge entitles the State to maintenance coverage during the Principal Period of Maintenance.
 - (b) The State may select in lieu of the hours available for the minimum monthly maintenance charge, one or more of the optional periods of maintenance coverage for an additional charge as shown in the Statement of Work
- 2) The hours of maintenance coverage for a Machine on Monday through Friday shall be the same each day; and the hours on Saturday and Sunday shall be the same hours on all Saturdays or Sundays. All Machines covered under this Contract must have a simultaneous span of time within the selected periods of maintenance coverage, at least equal to the shortest period offered for any Machine in the System.
- 3) The State may change its selected Period of Maintenance Coverage by giving Contractor fifteen (15) days prior written notice.

b. Preventive Maintenance (scheduled)

Preventive maintenance can either be performed within or outside of the Principal Period of Maintenance (PPM). An additional charge may be made for Preventive Maintenance to be performed outside of the PPM, as set forth in the Statement of Work. No additional charge shall be made for Preventive Maintenance that is to be performed within the PPM.

c. Remedial Maintenance (unscheduled)

- 1) Remedial Maintenance shall be performed after notification by authorized State personnel that the Equipment is malfunctioning.
- 2) The Contractor shall provide the State with a designated point of contact and will initiate the Remedial Maintenance.
- 3) There shall be no additional maintenance charges for:
 - (a) Remedial Maintenance during the Period of Maintenance Coverage unless the Remedial Maintenance is due to the fault or negligence of the State.
 - (b) Time spent by maintenance personnel after arrival at the site awaiting the arrival of additional maintenance personnel and/or delivery of parts, etc., after a service call has been commenced.
 - (c) Remedial Maintenance required because the scheduled Preventive Maintenance preceding the malfunction had not been performed, unless the State had failed to provide access to the Equipment.
 - (d) For time of delay beyond the PPM, Contractor shall continue to perform maintenance for the same amount of time outside the covered period without additional charge to the State.
 - (e) The first hour of work performed when Remedial Maintenance service is requested during the covered Period of Maintenance and the actual work is begun outside such period.

Exhibit A
**STATE MODEL
INFORMATION TECHNOLOGY
MAINTENANCE SPECIAL PROVISIONS**

6 Maintenance Charges

- a. The monthly maintenance charges described include all maintenance costs, and the State will pay no additional charges unless specifically set forth in this Contract. Maintenance rates shall be firm for the Contract period subject to any maximum annual maintenance escalation as set forth in the Statement of Work.
- b. Maintenance charges for fractions of a calendar month shall be computed at the rate of 1/30 of the applicable Total Monthly Maintenance Charge, for each day maintenance was provided.
- c. There will be no charge for travel expense associated with maintenance service or programming service under this Contract except that actual travel expenses will be charged in those instances where the site at which the Machine is located is not normally accessible by private automobile or scheduled public transportation.
- d. All maintenance and other service activities (including but not limited to activities relating to pre-installation planning, inspections, relocation of Machines, engineering changes and altered programming) which may be made available by Contractor to the State at no additional charge or at Contractor's then applicable time and material charges, in connection with any Machines or programming supplied under this Contract, shall be subject to the terms and conditions of this Contract, unless such activities are provided under another written agreement signed by the State and the Contractor.

7 Maintenance Credit for Inoperative Machines

The Contractor shall grant a proportionate maintenance credit on a Machine shown in the Statement of Work when the Machine is inoperative for consecutive scheduled work periods totaling 24 hours from the time the State notifies the Contractor the Machine was inoperative, provided (1) the Machine became inoperative through no fault of the State, and (2) the breakdown was attributable to Equipment Failure. The credits to be granted by the Contractor to the State shall be as reflected in the Statement of Work.

8 Engineering Changes

Engineering changes, determined applicable by Contractor, will be controlled and installed by Contractor on Equipment covered by this contract. The State may elect to have only mandatory changes, as determined by Contractor, installed on Machines so designated. A written notice of this election must be provided to the Contractor for confirmation. There shall be no charge for engineering changes made. Any Contractor-initiated change shall be installed at a time mutually agreeable to the State and the Contractor. Contractor reserves the right to charge, at its then current time and material rates, for additional service time and materials required due to noninstallation of applicable engineering changes after Contractor has made a reasonable effort to secure time to install such changes.

9 Relocation of Equipment

Exhibit A
**STATE MODEL
INFORMATION TECHNOLOGY
MAINTENANCE SPECIAL PROVISIONS**

- a. In the event the Equipment being maintained under the terms and conditions of this Contract is moved to another location within the State of California, the Contractor shall continue to maintain the Equipment at the new location.
- b. The charges of the Contractor to dismantle and pack the Equipment and installation at the new location shall be at the rates set forth in the Statement of Work. The State agrees to pay all costs incidental to any move, including costs for packing, crating, rigging, transportation, unpacking, uncrating, insurance, installation, and State and local sales tax, if any.
- c. If Contractor is responsible for the move, no re-certification charges to confirm continued maintenance eligibility will be applicable. If the move is conducted by other than Contractor, State agrees to pay re-certification charges to Contractor at rates set forth in the Statement of Work.

10 Termination

Notwithstanding the Termination for Convenience provisions contained in the General Provisions, upon thirty (30) days' written notification to the Contractor, State may terminate, at no cost to the State, maintenance for all or any portion of the Equipment identified in the Statement of Work.

Exhibit A
**STATE MODEL
INFORMATION TECHNOLOGY
SOFTWARE SPECIAL PROVISIONS**

**TO BE USED WITH THE GENERAL PROVISIONS -- IT. DEVELOP AND
INCLUDE A STATEMENT OF WORK.**

1 License Grant

- a. Contractor hereby grants to the State and the State accepts from Contractor, subject to the terms and conditions of this Contract, a non-exclusive, non-transferable license to use the Software Products listed in Statement of Work of this Contract (hereinafter referred to as "Software Products").
- b. State may use the Software Products in the conduct of its own business, and any division thereof.
- c. The license granted above authorizes the State to use the Software Products in machine-readable form on the Computer System located at the site(s) specified in the Statement of Work. Said Computer System and its associated units (collectively referred to as CPU) are as designated in the Statement of Work. If the designated CPU is inoperative due to malfunction, the license herein granted shall be temporarily extended to authorize the State to use the Software Products, in machine-readable form, on any other State CPU until the designated CPU is returned to operation.
- d. By prior written notice, the State may redesignate the CPU in which the Software Products are to be used. The redesignation will be effective upon the date specified in the notice of redesignation.

2 Encryption/CPU ID Authorization Codes

- a. When Encryption/CPU Identification (ID) authorization codes are required to operate the Software Products, the Contractor will provide all codes to the State with delivery of the Software.
- b. In case of an inoperative CPU as defined in paragraph 1c. above, Contractor will provide a temporary encryption/CPU ID authorization code to the State for use on a temporarily authorized CPU until the designated CPU is returned to operation.
- c. When changes in designated CPUs occur, the State will notify the Contractor via telephone and/or facsimile/e-mail of such change. Upon receipt of such notice, Contractor will issue via telephone and/or facsimile/e-mail to the State within 24 hours, a temporary encryption ID authorization code for use on the newly designated CPU until such time as a permanent code is assigned.

3 Fees and Charges

Upon acceptance of Software by State, in accordance with Paragraphs 5 herein and the Statement of Work, State will pay the license fee or recurring charge for the Software Products as set forth in Statement of Work. Charges will commence on the Acceptance Date as established in the Statement of Work. The Contractor shall render invoices for recurring charges or single charges in the month following the month in which the charges accrue.

Exhibit A
**STATE MODEL
INFORMATION TECHNOLOGY
SOFTWARE SPECIAL PROVISIONS**

4 Maintenance

The following terms and conditions are superseded and replaced by any alternate or inconsistent terms and conditions in the Statement of Work.

- a. The correction of any residual errors in any Software Product that may be discovered by Contractor or by the State will be considered maintenance. Such maintenance will be performed by Contractor without additional charge for the duration of this contract. Suspected errors discovered by the State in the Software Products will be handled by the following procedures:
 - 1) A listing of the output and a copy of the identical input data in machine-readable form will be submitted to Contractor along with a completed copy of the appropriate Contractor information form and, if appropriate, a listing of the contents of the memory of the CPU at the time the error condition was noted.
 - 2) Errors in the Software Product as verified by Contractor will be corrected by providing a new copy of said Software Product (or of the affected portions) in machine-readable form.
 - 3) The Contractor shall attempt to correct Software Product errors within a reasonable time.
- b. Contractor will be available to assist the State in isolating and correcting error conditions caused by the State's particular Hardware or Operating System at rates in accordance with the Statement of Work.
- c. If Contractor is called upon by State to correct an error caused by State's negligence, modification by State, State supplied data, Machine or operator failure, or due to any other cause not inherent in the original Software Products, Contractor reserves the right to charge State for such service on a time and material basis, or rates in accordance with the Statement of Work.

5 Acceptance of Software

- a. **Commercial Software.** Acceptance of Commercial Software will be governed by the terms and conditions of the license agreement governing such Software.
- b. **Custom Software.** Unless otherwise provided in the Statement of Work, acceptance procedures for Custom Software will be as set forth in this subsection (b). The State shall be deemed to have accepted each Custom Software Product (i) upon its issuance of written notice of such acceptance or (ii) sixty (60) days after the Installation Date, unless at or before that time the State gives Contractor written notice of rejection (collectively, "Acceptance"). No payment for Custom Software will be due before Acceptance thereof, except to the extent required by progress payment terms in the Statement of Work. Any notice of rejection will explain how the Custom Software Product fails to substantially conform to the functional and performance specifications of this Contract. Contractor will, upon receipt of such notice, investigate the reported deficiency and exercise reasonable best efforts to remedy it promptly. The State, in its sole discretion, will have the option to re-perform the acceptance test. If the Contractor is unable to remedy the deficiency within (60) days of notice of rejection, the State shall have the option of accepting substitute Software, terminating for default the portion of the Contract that relates to such Custom Software, or terminating this Contract in its entirety for default.

Exhibit A
**STATE MODEL
INFORMATION TECHNOLOGY
SOFTWARE SPECIAL PROVISIONS**

6 Right To Copy or Modify

- a. Any Software Product provided by Contractor in machine-readable form may be copied, in whole or in part, in printed or machine-readable form for use by the State with the designated CPU, to perform one-time benchmark tests, for archival or emergency restart purposes, to replace a worn copy, to understand the contents of such machine-readable material, or to modify the Software Product as provided below; provided, however, that no more than the number of printed copies and machine-readable copies as specified in the Statement of Work will be in existence under this Contract at any one time without prior written consent from Contractor. Such consent shall not be unreasonably withheld by the Contractor. The original, and any copies of the Software Product, in whole or in part, which are made hereunder shall be the property of the Contractor.
- b. The State agrees to keep any such copies and the original at a mutually designated State location, except that the State may transport or transmit a copy of the original of any Software Product to another State location for backup use when required by CPU malfunction, provided the copy or the original is destroyed or returned to the designated location when the malfunction is corrected.
- c. The State may modify any non-personal computer Software Product, in machine-readable form, for its own use and merge it into other program material; provided that nothing in this sub-section c) will be construed to contradict the terms of any separate applicable third party license agreement. Any portion of the Software Product included in any merged program material shall be used only on the designated CPUs and shall be subject to the terms and conditions of this Contract.

7 Future Releases

Unless otherwise specifically provided in this Contract, or the Statement of Work, if improved versions of any Software Product are developed by Contractor, and are made available to other licensees, they will be made available to the State at the State's option at a price no greater than the Contract price plus a price increase proportionate to the increase from the list price of the original version to that of the new version, if any. If the Software Product has no list price, such price increase will be proportionate to the increase in average price from the original to the new version, if any, as estimated by the Contractor in good faith.

Exhibit B:
Insurance Requirements for Professional Services

()

Consultant shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Consultant, its agents, representatives, or employees.

MINIMUM SCOPE AND LIMIT OF INSURANCE

Coverage shall be at least as broad as:

1. **Commercial General Liability (CGL):** Insurance Services Office Form CG 00 01 covering CGL on an “occurrence” basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than **\$1,000,000** per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location or the **general aggregate limit shall be twice** the required occurrence limit.
2. **Automobile Liability:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if Consultant has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than **\$1,000,000** per accident for bodily injury and property damage.
3. **Workers’ Compensation** insurance as required by the State of California, with Statutory Limits, and Employer’s Liability Insurance with limit of no less than **\$1,000,000** per accident for bodily injury or disease. ***(Not required if consultant provides written verification it has no employees)***
4. **Professional Liability (Errors and Omissions)** Insurance appropriate to the Consultant’s profession, with limit no less than **\$2,000,000** per occurrence or claim, \$2,000,000 aggregate. (If Claims-made, see below.)

If the Consultant maintains higher limits than the minimums shown above, the City of Stockton requires and shall be entitled to coverage for the higher limits maintained by the consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City of Stockton.

Other Insurance Provisions

The insurance policies are to contain, or be endorsed to contain, the following provisions:

Additional Insured Status

The City of Stockton, its Mayor, Council, officers, representatives, agents, employees and volunteers are to be covered as additional insureds on the CGL policy and AL policy with respect to liability arising out of work or operations performed by or on behalf of the Consultant including materials, parts, or equipment furnished in

connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the Consultant's insurance (**at least as broad as** ISO Form CG 20 10 11 85 or both CG 20 10 and CG 20 37 forms if later revisions used). Additional insured Name of Organization shall read "City of Stockton, its Mayor, Council, officers, representatives, agents, employees and volunteers." Policy shall cover City of Stockton, its Mayor, Council, officers, representatives, agents, employees and volunteers for all locations work is done under this contract.

Primary Coverage

For any claims related to this contract, the **Consultant's insurance coverage shall be endorsed as primary** insurance as respects the City of Stockton, its Mayor, Council, officers, representatives, agents, employees and volunteers. Any insurance or self-insurance maintained by the City of Stockton, its Mayor, Council, officers, representatives, agents, employees and volunteers shall be excess of the Consultant's insurance and shall not contribute with it. The City of Stockton does not accept endorsements limiting the Consultant's insurance coverage to the sole negligence of the Named Insured.

Notice of Cancellation

Each insurance policy required above shall state that **coverage shall not be canceled, except with notice to the City of Stockton.**

Waiver of Subrogation

Consultant hereby grants to City of Stockton a waiver of any right to subrogation which any insurer of said Consultant may acquire against the City of Stockton by virtue of the payment of any loss under such insurance. Consultant agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the City of Stockton has received a waiver of subrogation endorsement from the insurer.

Deductibles and Self-Insured Retentions

Any deductibles or self-insured retentions must be declared to and approved by the City of Stockton Risk Services. The City of Stockton may require the Consultant to provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.

Acceptability of Insurers

Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII if admitted to do business in the State of California; if not admitted to do business in the State of California, insurance is to be placed with insurers with a current A.M. Best's rating of no less than A+:X.

Claims Made Policies

If any of the required policies provide coverage on a claims-made basis:

1. The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.
2. If Claims Made policy form is used, a three (3) year discovery and reporting tail period of coverage is required after completion of work.

Verification of Coverage

Consultant shall furnish the City of Stockton with original certificates and amendatory endorsements required by this clause. All certificates and endorsements are to be received and approved by the City of Stockton Risk Services before work commences. Failure to obtain the required documents prior to the work beginning shall not waive the Consultant's obligation to provide them. The City of Stockton reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time, for any reason or no reason.

Consultant shall, prior to the commencement of work under this Agreement, provide the City of Stockton with a copy of its Declarations Page and Endorsement Page for each of the required policies.

Certificate Holder Address

Proper address for mailing certificates, endorsements and notices shall be:

- City of Stockton
- 400 E Main Street, 3rd Floor – HR
- Attn: City Risk Services
- Stockton, CA 95202

City of Stockton Risk Services Phone: 209-937-5037

City of Stockton Risk Services Fax: 209-937-8558

Maintenance of Insurance

If at any time during the life of the Contract or any extension, the Consultant fails to maintain the required insurance in full force and effect, all work under the Contract shall be discontinued immediately. Any failure to maintain the required insurance shall be sufficient cause for the CITY to terminate this Contract.

Subcontractors

Consultant shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Consultant shall ensure that City of Stockton is an additional insured on insurance required from subcontractors.

Special Risks or Circumstances

City of Stockton reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.
