Unless you contact us before the end of the first 40 hours guarantee period, you agree that our professional is satisfactory.
Time Report	Our professional will submit a time report for verification and approval at the end of each week. Your approval thereby indicates your acknowledgement of the General Conditions of Assignment and these Terms of Payment. Our compensation to our professional is on a weekly basis, and you will be billed weekly for the total hours of work by the professional, including time spent completing, revising, and/or resubmitting a time report during business hours, and we ask that you respect those guidelines. Additionally, we may, at our option, charge interest on any overdue amounts at a rate of the lesser of 1 1/2% per month or the highest rate allowed by applicable law from the date the amount first became due.
Overtime	Overtime will be billed at 1.00 times the normal billing rate. Overtime applies when hours of work by the professional exceed 40 hours per week (and in California exceed more than 8 hours in a day and as other state laws may require). If state law requires double time pay, the double time hours will be billed at 1.00 times the normal billing rate.
Hiring the Person Referred to You	<p>After you evaluate the performance and potential of our professional, you may wish to employ this person directly. Our professionals represent our pool of skilled professionals and in the event you wish them converted to your employ or another employer to whom you refer them, you agree to pay a conversion fee. You also agree to pay a conversion fee if our professional is hired by (i) a subsidiary or other related company or business as a result of your referral of our professional to that company or (ii) one of your customers as a result of our professional providing services to that customer.</p> <p>The conversion fee will equal 35% of the professional's aggregate annual compensation, including bonuses.</p> <p>The conversion fee will be owed and invoiced upon your hiring of our professional, and payment is due upon receipt of this invoice. The same calculation will be used if you convert our professional on a part-time basis using the full-time equivalent salary.</p>
Employment Taxes and Withholdings	<i>Robert Half</i> will handle, to the extent applicable, any workers' compensation insurance, federal, state and local withholding taxes and unemployment taxes, as well as social security, state disability insurance or other payroll charges.
General Conditions	<p><i>Robert Half</i> may charge you a technology fee for the provision of equipment or technology, if you request that our professional use equipment or technology provided by us. <i>Robert Half</i> may also increase our rates provided under the Terms of Payment to reflect increases in our own costs of doing business, including costs associated with higher wages for workers and/or related tax, benefit and other costs. We will provide written or verbal notice of the technology fees and/or increase in our rates. Any increase in our rates will be prospective, starting as of the effective date <i>Robert Half</i> specifies.</p> <p>A copy of the General Conditions of Assignment has been provided to you. - The demonstrated understanding and approach to provide the services identified in this Request for Proposals.
- Successful experience and capabilities of the firm providing similar services.
- Demonstrated experience successfully placing personnel in otherwise difficult to fill positions (e.g. professional accounting and engineering)

5. **EVALUATION OF PROPOSALS:**

Proposals will be evaluated according to the established evaluation criteria identified herein. The City may initiate discussions/interviews and may conduct negotiations with each of the selected Offerors. During negotiations, proposals may be revised by the Offeror and the City may obtain best and final offers. Once negotiations are completed, the City may again make a determination as to whether the Offeror has the capability, integrity or reliability to provide the required services.

Only proposals from responsible Offerors that are seen as reasonably susceptible of being selected for award, based on information contained in the proposal, will be evaluated by the City.

Should the City determine that only one Offeror is fully qualified or that one Offeror is clearly more highly qualified than others, a contract may be negotiated and subsequently awarded to that Offeror if the City finds that such a selection is in the best interest of the City.

Temporary Service Workers

RFP 21-1160-6025

SECTION D SCOPE OF WORK

TEMPORARY SERVICE WORKERS

PURPOSE:

The City of Newport News (City) is seeking proposals from qualified temporary employment agencies (Contractor) to provide "Temporary Service Workers" for various City departments on an as-needed basis. This solicitation shall be the basis for a multiyear contract(s) with various temporary agencies for as-needed temporary service workers.

BACKGROUND:

The City provides a variety of local government services to over 180,000 citizens and is a regional water provider to citizens and businesses in Newport News as well as four other local jurisdictions. To assist City departments with periodic project implementation and with maintaining these services and operations in the event of staffing shortages, the City contracts for various temporary personnel.

The temporary personnel are utilized on an as-needed basis, and are subject to working within the City's hours of operation for the specific assignment. Depending on the nature of the job, some positions are seasonal and the duration of each requirement can vary from less than a week to several months. The City's administrative hours of operation have been established as Monday through Friday, 8:00 am to 5:00 pm; however, individual departments are authorized to establish schedules that most effectively provide City services. As such, individual operating schedules and staff assignments may necessitate weekend, evening, or other shift work; however, all schedules are administered in accordance with applicable federal and state regulations.

As a result of this Request for Proposals (RFP), it is anticipated that multiple awards will be made and Contractors may be categorized as primary or secondary Contractors based upon the evaluation criteria and negotiated terms and conditions. As needs arise, the City will contact one or more Contractors to obtain the individual(s) most suited to the assignment.

SCOPE OF WORK:

General Operational Guidelines

The Contractor shall furnish Temporary Service Workers to perform work in the following categories described below as identified by the City at the time of request for temporary services. Proposals may be submitted for all or some of the position categories identified below. *The City reserves the right to identify additional labor categories and rates as needed or required during the term of the contract.*

- Laborers – Jobs in this category include workers with more limited skills who require only brief training to perform tasks that require little or no independent judgment. Examples include: construction worker helpers; equipment operators; laborers; refuse and recyclable materials collectors; pipe layers.
- Craft Workers and Operatives – Most jobs in this category include intermediate or higher skilled occupations and include workers who operate machinery or factory-related equipment, construction (building trades craft workers and their formal apprentices) and natural resource extraction workers. Examples include: laundry workers; photographic process workers (printers);

RFP 21-1160-6025

electrical and electronic equipment assemblers; truck drivers; industrial truck and tractor (forklift) operators; parking lot attendants; carpenters; electricians; painters (both construction and maintenance); pipelayers, plumbers, and pipefitters. This category also includes occupations related to the installation, maintenance and part replacement of equipment, machines and tools, such as: automotive mechanics and electric and electronic equipment repairers.

- Administrative Personnel – Jobs in this category involve non-managerial tasks providing administrative and support assistance, primarily in office settings. Examples of these types of positions include: office and administrative support workers; bookkeeping; accounting and auditing clerks; dispatchers; couriers; computer operators; word processors and typists; and general office clerks.
- Technicians – Jobs in this category include activities that require applied scientific skills, usually obtained by post secondary education of varying lengths, depending on the particular occupation, recognizing that in some instances additional training, certification, or comparable experience is required. Examples of these types of positions include: drafters; emergency medical technicians; chemical technicians; and broadcast and sound engineering technicians.
- Professional Staff – Most jobs in this category require bachelor or graduate degrees, and/or professional certification. In some instances, comparable experience may establish a person's qualifications. Examples of these kinds of positions include: accountants and auditors; architects; chemists; computer programmers; engineers; lawyers; librarians; natural scientists; registered nurses; and surveyors.
- Service Workers – Jobs in this category include food service, cleaning service, personal service, and protective service activities. Skill may be acquired through formal training, job-related training or direct experience. Examples include: cooks; transportation attendants; janitors; and security guards.
- Professional Accounting – Job descriptions for this category are listed in **Exhibit I**.

Specific knowledge, skill or ability requirements necessary for the work to be performed will be identified by the City with each individual request and the per hour pay rate will be determined by skill level of the Temporary Service Worker within the specific position category requested and the corresponding pay ranges. Invoices should reflect the agreed-upon rate for the individual worker based on the pay rate established (approved) for the position.

- A. Request for Service Engagement: The City will notify the Contractor of the City's Point of Contact, as well as backup, who is authorized to request Temporary Service Workers. A City purchase order shall be required prior to commencement of work. For reporting purposes, the purchase order number for each service engagement must be reported and clearly stated on all required monthly summary reports.
- B. Response Time: The Contractor shall respond to a new request within one (1) business day, or within the timeframe established by the City, to confirm availability of a suitable Temporary Service Worker to fill the request. The City reserves the right to simultaneously give all Contractors an opportunity to fill positions on a "first come" basis when there is an urgent need. In the event of an emergency requirement, the Contractor shall make every commercially reasonable attempt to respond to the request in the City's established emergency time frame.

Upon Contractor's confirmation of Temporary Service Worker availability, the City's Point of Contact will provide Contractor with instructions regarding the assignment. This may also include an interview (phone interview or face-to-face interview) or skills assessment prior to placement with the City. If the City

RFP 21-1160-6025

determines that the candidate does not meet the skill requirements of the position, the City will reject the candidate and move to the next candidate, or request other resumes from which to choose another candidate, at no cost to the City. When the request is given to more than one Contractor, the City will notify all Contractors when the request is filled.

Temporary Service Workers Selection Guidelines

A. Background Checks:

Certain Temporary Service Workers will be subject to criminal history background checks as a condition of providing services of a sensitive nature including matters involving public welfare, safety, health activities, monetary or confidential matters, children's activities, therapeutic recreation programs, mature adult programs, and access to the Criminal Justice Information System (CJIS) or the Virginia Criminal Information Network (VCIN).

The City's Director of Human Resources, or their designee, shall determine the type and scope of the criminal history record checks and any other background checks required based on the specific assignment requested by the City and may include a federal, state or local check, as well as a check through the National Sex Offender Registry, or the Virginia Child Abuse and Neglect Registry. The Contractor is responsible for conducting identified criminal history checks on potential Temporary Service Workers prior to placing the potential Temporary Service Worker with the City. The Contractor shall be responsible for costs associated with the criminal history background checks. The requirement for a background check shall be identified by the City prior to making the request for service engagement.

B. DMV Driver Record Check:

If operation of a vehicle is a requirement of the temporary assignment, the City will provide a vehicle for the assigned work. The Contractor shall perform a DMV driver's license record check prior to placing the potential Temporary Service Worker with the City. The Contractor shall be responsible for ensuring any individual assigned or permitted to operate vehicles is properly licensed. When operation of a City vehicle requires a Commercial Driver's License, the potential Temporary Service Worker must possess a minimum of a CDL permit. The Contractor shall be responsible for costs associated with the DMV driver's license record check.

Prior to driving a City vehicle, the Temporary Service Worker must complete the City's online safe driving course, which will be administered and managed by the City. The requirement for a DMV Driver Record Check shall be identified by the City prior to making the request for service engagement.

Performance and Conduct Requirements for Temporary Service Workers

A. Standards of Conduct:

Temporary Service Workers will conduct themselves in a professional manner and shall comply with City and departmental policies, procedures, rules, and directives. City equipment (all property owned, leased, or controlled by the City, including but not limited to vehicles, computers, tools, devices, and materials), facilities, and information, will be used only for work-related purposes.

Smoking or tobacco use in any form while on City property and while performing services for the City is prohibited. Reporting to work or being at work while under the influence of alcohol or a

Temporary Service Workers that are not able to read, write, speak, or comprehend the English language will not be acceptable and the City will incur no expenses and wages.
- C. **Certifications:** Certifications for Temporary Service Workers required for a specific assignment will be identified by the City at the time of request. The Contractor shall keep a current record of Temporary Service Worker certifications and the expiration dates to ensure that required certifications are maintained. If the Temporary Service Worker's certification expires during an assignment, the City reserves the right to send the Temporary Service Worker for recertification training and may invoice the Contractor for the training cost incurred, or send the worker home as the City determines appropriate.
- D. **Attire and Related Safety Equipment**

The Contractor shall send Temporary Service Workers to job assignments dressed appropriately for the identified assignment. The Contractor shall provide all personal safety equipment as required for the specific assignment including, but not limited to, gloves, rain suits, rubber boots, steel-toe shoes/boots, etc. Temporary Service Workers who report to work without the appropriate attire, safety equipment, or in an unacceptable condition (including proper hygiene), may be sent home at the City supervisor's discretion. The Temporary Service Worker will not be paid in these instances. In some instances, Temporary Service Workers may be issued uniforms. It will be the responsibility of the Temporary Service Worker to maintain possession of any City-issued uniform and to turn them in to their supervisor upon completion of the temporary assignment.

The Contractor shall be responsible for any attire and related safety equipment if issued by the City (hard hats, job specific equipment, etc. that is damaged beyond normal wear and tear) or not returned at the end of the temporary assignment and will be charged actual replacement costs.

Contractor's SPOC, who will receive temporary service worker requests, shall be available via telephone and email.

The Contractor's SPOC shall meet with the City's point of contact (POC) and/or the hiring manager, as requested, to discuss all services and any absentee or performance issues. The SPOC will contact the City's POC directly to receive the Temporary Service Worker's arrival instructions once the order is filled.

- B. **Refusal:** The City shall have the right at any time to refuse any Temporary Service Worker provided by the Contractor for any job related deficiency. Replacement of any Temporary Service Worker shall be in compliance with all applicable anti-discrimination laws. The rejected Temporary Service Worker shall be immediately removed and prompt arrangements made for a suitable replacement.

- D. Please outline these rates on Attachment B of this submittal.

E. Hours of Work and Overtime:

The Contractor shall verify work hours at the time the order is placed. Working hours and holidays will vary based upon the position in which the Temporary Service Worker is placed. There may be requirements for evening, weekend and overtime work, based upon the position in which the Temporary Service Worker is placed. The Contractor shall supply time sheets to Temporary Service Workers. Time sheets will be completed by the Temporary Service Worker, and then approved and submitted via email or facsimile by the supervisor of the Temporary Service Worker to the Contractor's SPOC on a weekly basis for billing purposes.

Overtime will be defined in accordance with the Fair Labor Standards Act and must be authorized in advance by the supervisor of the Temporary Service Worker. Lunch and additional break periods will be determined by the supervisor of the Temporary Service Worker. Lunch and additional break periods in excess of fifteen (15) minutes will not be considered work time and as such will not be paid by the City. Temporary Service Workers who are authorized to work on an observed holiday will be paid for time worked. The City's terms and conditions in this solicitation take precedence over any terms and conditions included on Contractor time sheets.

- F. Transportation and Parking: It will be the responsibility of the Contractor or the Temporary Service Worker to provide transportation to and from the required work location. Parking will be provided for Temporary Service Workers in the same manner as provided for regular City employees.
- G. Identification Badges: Temporary Service Workers may be issued a City identification (ID) badge and a Data Watch security access badge. - K. **Reporting Requirements:**

On a monthly basis, the Contractor shall provide the City's POC with electronic reports of the individual usage and the total dollar volume of purchases by the 15th day of the month following actual usage, or the following business day if the 15th day of the month falls on a weekend or holiday.

The required report information will include, but may not be limited to, the purchase order number for each assignment, the number of regular hours and overtime hours worked for each position furnished for the completed month for which the report covers, and the actual cost for each position furnished. Contractor will bill the City weekly for the total hours worked. If applicable, overtime will be billed at 1.50 times the normal billing rate. “

Replace Section A§14 with the following: “The Contractor shall indemnify, defend and hold harmless the City, its officers, agents, and employees from any claims, damages and actions of any kind or nature, whether at law or in equity, arising from or caused by negligent performance, unlawful acts or omissions, or the negligent or willful acts or omissions of contractor or its subcontractors or sub-consultants. Further, if the Contractor subcontracts any work, it will require in its subcontracts that each contractor indemnify defend and hold harmless the City as stated above. Notwithstanding anything to the contrary in this Agreement, Contractor shall not be liable for, or have any duty of indemnification with respect to any acts or omissions of the City.”

Replace Section A§15 with the following: “The City shall supervise performance by the Contractor. Notwithstanding any language in this Agreement to the contrary (including any references to fixed-price, deliverables, acceptance of deliverables, milestones, or specifications), Contractor shall be compensated on a time and materials basis only. Contractor is a temporary staffing contractor and does not provide deliverables or warranty services performed.”

Replace Section A§16 with the following: “The Contractor shall keep fully informed of all applicable federal, state and local laws, ordinances and regulations that in any manner affect the conduct of temporary staffing. The Contractor shall at all times observe and comply with all applicable laws, ordinances and regulations in the performance of their staffing services.”

Replace Section A§29 with the following: “The Contractor shall maintain full and accurate records with respect to all billing covered under this contract, including, accounting records, written policies and procedures, time records, telephone records, and any other supporting evidence used to memorialize, reflect, and substantiate charges or fees related to this contract. The Contractor’s records shall be open to inspection and subject to audit and/or reproduction, during normal working hours, by the City and its employees, agents or authorized representatives after giving at least three (3) days’ notice to the Contractor by the City. The City shall have access to such records from the effective date of this contract, for the duration of the contract, and for three (3) years after the date of billing.”

Contractor will provide written or verbal notice to the City of the increase in its rates. Any increase in Contractor rates will be prospective, starting as of the effective date Contractor specifies in the notice."

Insert Section B§20 to read "ASSIGNED INDIVIDUAL CONFIDENTIALITY: The City agrees to hold in confidence the identity of any Assigned Individual and the Assigned Individual's resume, social security number and other legally protected personal information, and the City agrees to implement and maintain reasonable security procedures and practices to protect such information from unauthorized access, use, modification or disclosure."

Section D, DMV Driver Record Check shall be replaced with the following: "Temporary Service Workers will not be permitted or required by the City to drive while on assignment"

The first paragraph of Section D, Standards of Conduct shall be replaced with the following: "Temporary Service Workers shall comply with City and departmental policies, procedures, rules, and directives which will be communicated to Temporary Services Workers by the City, which will be responsible for supervising the Temporary Services workers."

Section D: Account Service Requirements Paragraph I shall be replaced with the following:
"CONVERSION TERMS: In the event the City wishes to convert any of Contractor's Assigned Individuals, the City agrees to pay a conversion fee in accordance with this Section. The conversion fee will equal 35% of the Assigned Individual's aggregate annual compensation, including bonuses. The City agrees to pay a conversion fee if Contractor's Assigned Individual is hired by an affiliate or other related business entity as a result of the City's subsequent referral of the Assigned Individual. The conversion fee is payable if the City hires the Assigned Individual, regardless of the job classification, on either a full-time, temporary (including temporary assignments through another agency) or consulting basis (hereinafter "full fee"), as outlined above, in the first 30 days after placement. The full fee is reduced by 15% every 30 days thereafter. The same calculation will be used if

the City converts Contractor's Assigned Individual on a part-time basis using the full-time equivalent salary; however, the conversion fee will not be less than \$1,000 unless conversion occurs after 150 days, at which time no conversion rate applies."

The varying rates for Assigned Individuals will be established through mutual agreement of both the City and the Contractor and is dependent upon the various qualifications of the temporary employees.

Sonja Eubank
City of Newport News
2400 Washington Ave., 4th Floor
Newport News, VA 23607

Dear Sonja:

Thank you for inviting Robert Half to participate in the City of Newport News Request for Proposal process. Our completed response is attached.

Founded in 1948, Robert Half International is the world's leading provider of specialized staffing services. Our expertise lies in supplying just-in-time professionals for specialized needs in distinct markets. This includes temporary, contract and full-time professionals in the fields of accounting, finance, administrative and office support, legal, creative, and information technology. Robert Half maintains seven specialized divisions through its network of more than 300 branch offices located throughout the U.S. and in leading international centers of business.

While navigating the dramatic shift in the world's economy, many organizations – large and small – face new yet far-reaching challenges. In the first quarter 2020, the employment picture pivoted from a tight job market with limited candidate availability to record high unemployment numbers. With the current employment situation in a state of uncertainty, many companies have responded by utilizing remote work options for many roles and are proposing alternate work methods, schedules, and technologies. Robert Half has always been a pioneer. Our specialized temporary staffing business was started in response to our clients' needs, and we're taking a similar approach today. We're listening to our customers and addressing their unique requirements through leading-edge technology, and remote resources and solutions. As an example, we have already established methods by which the skilled professionals we place in temporary roles can work for our clients on a remote platform.

Finding the talent your company needs is easier and more cost-effective when you partner with Robert Half. Many of our Staffing Professionals have previously had careers in the industry for which they recruit; many also have advanced degrees or qualifications in their field of expertise. They understand the positions you need to fill, are experienced at assessing skills, and will present highly skilled professionals.

For more than 70 years, Robert Half has been the most respected and recognizable name in our industry. For 23 consecutive years, we have been named to *FORTUNE* magazine's "World's Most Admired Companies" list and are again this year listed as the top-ranked staffing firm. Robert Half is committed to providing superior customer service and maintaining the high professional and ethical standards that have earned our customers' loyalty and our industry's respect. About Robert Half

Robert Half is the world's leading provider of specialized staffing services. Founded in 1948, Robert Half is a publicly traded company, which is listed on the New York Stock Exchange under the symbol RHI. The company has more than 300 wholly owned branch offices located throughout North America, South America, Europe, the Middle East, and the Asia-Pacific region.

Robert Half operates seven separate divisions, each serving distinct niche markets. They include: Accountemps, Robert Half Finance & Accounting and Robert Half Management Resources, for temporary, full-time and project professionals, respectively, in the fields of accounting and finance; OfficeTeam, for highly skilled temporary administrative support; Robert Half Technology, for information technology professionals; Robert Half Legal for temporary, project and full-time staffing of attorneys, paralegals and legal support personnel; and The Creative Group, for creative, advertising, marketing and Web design professionals.

Beginning in 1986, Robert Half's current management team led the firm from a small franchisor to its present position as an international operating company in the staffing industry by reacquiring franchises, opening new offices and starting new divisions. Under the leadership of Max Messmer, Robert Half embarked on a new era of internal growth and financial success. Just three years after its formation, in January of 1990, Robert Half became one of only a few staffing firms to meet the exacting requirements for acceptance into the New York Stock Exchange, having amply demonstrated the proven track record of earnings and management stability required of NYSE-traded firms. Since the acquisition, the company has grown from \$7 million in operating revenues to our current level of \$5.8 billion for FY2018.

Most of our Staffing Professionals have previously had careers in the professions and industries they serve. They understand the function of the position to be filled, the work to be done and the skills needed.

For example:

Most of the Staffing Professionals in our Finance and Accounting divisions have significant experience that qualifies them to evaluate candidates; many have held a significant position with a bank or financial services company, are a CPA or have other advanced certifications.

Our staffing professionals understand your business environment. Their candidate interviews are more focused. Their questions dig deeper. And they evaluate candidates more accurately. In short, they help you hire people who can hit the ground running, fit more smoothly into your operation, and be less likely to turnover. These are differences that matter if you want to save time and money on staffing.

Why Choose Robert Half

Robert Half is the world's leader in finance and accounting staffing.

Our position as the world leader in the placement of full-time and temporary professionals in the financial and accounting disciplines is well known. In 2018, we filled nearly 78,000 assignments in that sector.

We are the industry's recruiting leader.

Last year we placed more than 212,700 professionals. These highly skilled candidates came to us not only because we have more job opportunities but also because of our strong name recognition, long and respected history in the staffing industry, and strong community ties.

- We have job opportunities posted on some 900 job boards on an average day. We've built strong national partnerships with popular job boards including Monster and CareerBuilder, and search engines including Yahoo! and Google.

- We market aggressively and take full advantage of emerging technologies such as podcasts and online social networks to attract highly skilled professionals.
- Our own internal database contains profiles for more than 7 million candidates. Our Staffing Professionals have access to a broad variety of resume banks.
- Because of our reputation as a leader and innovator, search engine and job board partners often ask us to work with them to pilot or test new search engines and other employment-related innovations and improvements.
- Each of our divisions maintains close strategic business alliances and national agreements with the world's premier trade associations. Such alliances are rare among staffing firms. They greatly enhance our ability to meet and recruit highly skilled professionals since candidates involved with such organizations are typically more serious about their careers and more dedicated to their professions.

Robert Half is more responsive.

We commit to filling your job within 2 to 48 hours. We can make this commitment because we've already personally interviewed the candidate, verified right-to-work information, and completed any testing and reference checks before you ever receive a candidate's name.

We deliver qualified, vetted candidates.

We are faster at providing you with highly skilled professionals because we have the largest proprietary candidate database in the industry-and the largest network of local offices to conduct your search. Every one of our Staffing Professionals has instant access to the profiles of more than 7 million highly skilled and pre-evaluated professionals.

We provide broad geographic coverage.

With more than 300 offices worldwide, we offer you candidates in most major U.S. markets and leading international business centers. Robert Half Staffing Professionals in each of our offices have access to every candidate and job opening in our proprietary corporate database.

Robert Half is stable and financially sound.

We've been in the staffing business for more than 70 years. Robert Half's annual revenue for 2018 was \$5.8B. We have virtually no debt. Our client base is large and diverse. In 2018, no single client contributed more than 4% of our total revenue. We continue to generate strong cash flow from our operations, and ended 2018 with \$277M in cash and cash equivalents.

We are a recognized and respected authority on staffing.

Robert Half is a leading source for information on employment issues and trends. Government organizations, universities, libraries, corporations and individuals around the world consult Robert Half regularly for employment-related statistics, analyses and forecasts.

Our highly respected annual salary guides are our best-known publications. A wide variety of businesses rely on these guides to provide valuable assistance in determining salaries for new employees. In fact, the U.S. Dept. of Labor's Bureau of Labor Statistics uses them to compile their annual Occupational Outlook Handbook.

Robert Half shares a wealth of additional employment-related research and statistics with the public on a regular basis via columns, articles, newsletters, booklets, speeches, and press releases. And, of course, we keep our clients and candidates up-to-date regarding current and emerging hiring trends.

Work Order Process

When a client contacts their local Robert Half Staffing Professional, they can rest assured that our Staffing Professional will have an understanding of the nationwide protocol for placing a temporary with them, by accessing our proprietary shared database, which will include the client's terms and conditions, positions commonly hired for, and most required skill sets.

Our top priority is providing every client with the best candidate in the shortest time possible. While we understand that our clients' hiring managers are busy, ensuring that our Staffing Professionals have a complete understanding of the duties, responsibilities, skills and experience needed will dramatically increase our ability to present a candidate who meets your requirements.

When the Staffing Professional working on your account receives a staffing request, the first step is to analyze the following key factors:

- Primary and general duties involved
- Type of equipment and software to be used
- Experience and education requirements
- Work location
- Start date
- Anticipated length of the assignment if the placement is temporary

Based on this analysis, the Staffing Professional will search the extensive Robert Half database for available candidates with the required skills.

Robert Half's Staffing Professionals customize and focus their search using our *Spotlight* system. This sophisticated, proprietary search tool incorporates artificial intelligence to streamline the search process and ensure the suitability of each candidate. Once a short list has been assembled, we contact each candidate to discuss your organization, work environment, and job assignment. We refine the list further, based on these conversations.

Spotlight gives Robert Half a true advantage over competitors by equipping our Staffing Professionals to quickly:

- Cross-reference specific job order criteria and candidate information to produce a filtered list of candidates.
- Message one or more candidates (via email and/or text), alerting them to opportunities.
- Access all candidates registered with all Robert Half offices.
- Search our proprietary database for candidates, based on an impressive and customizable variety of criteria.
- Rank search criteria in the order of its importance to the client.

Once a short list of candidates is compiled, our Staffing Professionals contact each candidate to discuss your organization, the work environment, and job assignment details. These conversations help our Staffing Professionals further refine the list of potential candidates.

Our clients trust our ability to meet any staffing request quickly, calmly and professionally - that's how we maintain our position as the world's largest specialized staffing firm.

We consider all job orders to be urgent unless our client tells us otherwise. Finding candidates with specialized skill sets, filling challenging assignments and large job orders, and handling rush requests is

routine for us. Each day Robert Half Staffing Professionals personally interview, test, and evaluate candidates, identifying the most qualified candidates within each area of specialization.

When appropriate due to job order size, the office receiving the job order will involve our other branch locations, and the office manager for each Robert Half location involved directs the staff to focus exclusively on identifying candidates until the job order is filled.

All Robert Half branches incorporate “inventory recruiting” into their daily process and are constantly identifying new candidates with the most in-demand core skill sets.

Our database is the largest in the staffing industry. It contains seven million candidates, all of whom have been interviewed and assessed, and are ready to begin work.

Our offices attract a steady stream of new applicants because we:

- Are the most recognized and established name in the staffing industry.
- Have a more than 70-year record for integrity and excellence.
- Have extensive advertising, marketing programs.
- Maintain strong alliances with professional and civic organizations and schools.

Quality

Experience has shown us that having a strong quality assurance program increases the loyalty of our clients and our candidates, and plays a critical role in our continued success. We're committed to understanding what works best for both our customers and candidates – and delivering it quickly and consistently.

Robert Half's Quality Assurance Program focuses on maintaining regular contact with our clients and candidates and evaluating our performance using the Quality Assurance Survey (QAS). This includes:

Weekly monitoring throughout the assignment period

To achieve our goal of providing consistent service, each of our field offices follows standardized practices, which include weekly contact with both the client and employee throughout the assignment period.

By obtaining immediate feedback, we can:

- Pass on positive comments to our employees as they're earned.
- Address any concerns as soon as they arise.
- Document and track any issues.
- Ensure any issues raised are brought to a satisfactory conclusion.

Candidate evaluations

Detailed reviews are completed during and after each assignment.

Customer service after the assignment is finished

At the close of each assignment, our Quality Assurance Department requests feedback from both our clients and candidates, via our web-based Quality Assurance Survey (QAS) system.

The online survey has been developed to provide our clients with an efficient tool to assess their experience with Robert Half. The survey was designed to be as brief as possible-yet able to provide

enough information to alert us to any issues relating to this particular assignment and client, or even issues that may require adjustments to our processes at a company-wide level.

Our clients are asked to use the survey's 0 to 10 rating scale to indicate:

- How likely they would be to recommend Robert Half's services to colleagues who need to fill a position.

On this point, client ratings of their likelihood to recommend Robert Half average 8.5.

On a scale of 1 to 5, clients are asked to rate their experience with Robert Half on the following criteria:

- Our ability to match candidates' skills with the skills needed for the vacancy we filled.
- Our ability to match candidates' work style with your company culture.
- The quality of our communications regarding the progress of the assignment.

When rating our ability to match skills, work style, and the quality of communications, clients have rated Robert Half approximately 4 on a 5-point scale.

Key Personnel

Savannah Crawford, Branch Manager of the Robert Half Norfolk office will manage this account for any accounting or administrative roles that are needed. Each division of Robert Half will also have a designated team member to manage the process with the City of Newport News. They are as follows:

Office Team – Courtney Faircloth, Office Team Division Director, 9 years of experience
Robert Half Management Resources – Trina Allen, Division Director, 16 years of experience
Robert Half Technology – Crystal Harvey, Branch Manager, 6 years of experience
Accountemps – Savannah Crawford, Branch Manager, 6 years of experience

Internal turnover rate

While the turnover rate for our internal staff varies from branch to branch, we believe that it is lower than the industry average.

Robert Half has an excellent record of promoting from within. Our operating model is designed to deliver success to our knowledgeable and hard-working employees. We offer our employees highly competitive compensation and benefits and a wide variety of outstanding training programs.

Our corporate systems and procedures are designed to ensure consistency and continuity. Within each branch office, Robert Half's specialized divisions operate on a team basis. The Staffing Professionals working in our offices share information regarding each client and candidate.

Our basic operating model ensures that information regarding each candidate presented and the description of each new job order are entered in real time. Every Division Director leads a daily meeting each morning and at the end of the day to discuss the status of every job opening and the candidates under consideration.

This means that when a client places a job order with a Robert Half office, every Staffing Professional in that location will be aware of the search being conducted for the client and can offer assistance.

Background Screening for Candidates

Robert Half Staffing Professionals meet each candidate in person to review employment history, assess skills and verify right-to-work documents. We do not present a candidate until we have checked the employee's references with selected previous employers to confirm qualifications and work history.

Upon client request and to the extent permitted by law, Robert Half can provide a variety of background checks conducted by third-party vendors. Robert Half will enter into a written agreement with the client outlining such background checks.

Candidate Recruitment

Robert Half has a unique advantage in attracting and retaining talent. We enjoy a long and rich history in professional staffing with widely recognizable and respected specialty staffing divisions anchored by Robert Half's global brand. That recognition did not happen overnight. For decades, we have invested heavily in supporting our brands with robust marketing and public relations programs. These efforts continue with ongoing investment in a range of the latest online channels as well as traditional marketing. In short, we believe our reputation and the current unemployment situation make the Robert Half brands more attractive to all candidates, but particularly to high-demand candidates.

We focus our recruiting efforts on:

- Leveraging our long-standing, strong relationships with major online job boards including LinkedIn, Monster, CareerBuilder, and other Social Media tools, e.g., Twitter, Facebook, Google+, etc.
- Soliciting referrals from current candidates and other sources.
- Investing in and supporting our candidates with highly competitive pay, benefits, training and professional development.
- Reaching out to highly skilled but "passive" candidates who are open to new opportunities, but aren't actively searching or posting their resume.
- Actively participating in trade associations, networking events, civic and professional groups/clubs as well as participating in and hosting job fairs.
- Leveraging targeted digital advertising platforms to reach hard-to-find candidates with unique experience and skill sets.
- Utilizing our unique network of major recruiting hubs located throughout the U.S. Recruiting hub employees are 100% dedicated to locating the best candidates available to meet our clients' temporary and consulting requirements.

Additionally, Robert Half employs several innovative, proprietary sourcing tools:

- Our **Match** tool allows us to do a search of the seven million candidates in our proprietary database and, based on industry, software, soft skill, titles and work experience rank all of the candidates based on how closely they meet the client's requirements (100%, 99%, etc.).
- **Spotlight** is a tool that can identify candidates in our database based on keyword searches of candidate resumes, interview notes and other details written in free form in our database. We recently filled a position for a client who was looking for 'paperless payables processing'. This was not a searchable criterion in our database. However with Spotlight, we searched our candidate database by market and were able to fill the position where no competitor could.
- **Integrated Messaging** provides the ability to send text messages directly from our internal database allowing us to reach our candidates more quickly. It allows our recruiters to reach a high volume number of candidates instantly with a point and click.

Evaluation Process

Our proprietary candidate assessment process ensures that we more accurately assess each candidate's skills, experience and preference for working environment so they can be a productive asset to your company from Day One.

1. The candidate's work history is evaluated through analysis of the candidate's resume and an initial phone assessment. Our Staffing Professionals conduct an evaluation of each candidate's education and employment history and formulate questions and clarifications in preparation for an interview.
2. The in-depth candidate interview is conducted by a Staffing Professional with a specific understanding of the candidate's areas of expertise and the client's requirements for the role.
 - Staffing Professionals with experience in accounting and finance, for example, interview candidates within these professional disciplines
 - With our network of recruiting hubs located throughout the United States, we are able to conduct video interviews in real time as candidates are identified and available
3. Computerized skills testing is administered leveraging our cloud-based *Match360* skills assessment system to measure each candidate's proficiencies, identify training opportunities, and provide our staffing professionals with the information necessary to match the most appropriate candidate to our clients' specific needs. *Match360* offers:
 - A library of more than 2,000 evaluations, many specific to each line of business. These are added to and updated quarterly to ensure they represent the most current technologies and programs being used in the workplace.
 - Access to *IKM TeckChek*™ assessment products, an industry leader in IT evaluations.
 - Microsoft 2016 evaluations.
 - Interactive candidate assessments that are scenario-based and some that mimic job activities.
 - Individual candidate evaluation results benchmarked against historical result averages for the branch, division, or entire company. This provides an assessment of a candidate's proficiency compared to others' with the same skill set.
 - The ability to build assessments from proprietary content, allowing us to customize evaluations to the specific needs of each client.
 - Evaluations in many native languages for Robert Half's international markets.
4. Robert Half will check employee references. In order to verify information such as professional experience, skills and rehire status for all candidates, we require that a minimum of two of the candidate's most recent supervisory references are completed prior to placement of an employee on a temporary or consulting job order.
 - Robert Half's reference check policy is mandatory, not optional and never compromised.
 - Our approach to reference checking is customized to the job order. At the core of our approach is the verification that the candidates presented have the right skills to meet our client's requirements.

- A.8 Evaluation criteria are listed and evaluated in order of importance – not percentage
- Q.9 Can you give me a better idea on how we can satisfy the requirements for staff on hand? Our staffing company has access to the market place the ability to find and hire workers, but we don't keep staff on hand. We are willing to subcontract work out with local companies if need be, but we don't currently hold the employees on our staff. How is this requirement satisfied? Is having resumes of possible candidates sufficient to fulfill this category?
- A.9 The City is not able to recommend how requirements are satisfied. Offerors must submit proposals for meeting the required services.

- Q.10 Is there any preference given to local vendors?
- A.10 Awards will be made based on the evaluation criteria listed in the RFP. As part of the technical proposal response, Offerors should describe the firm's ability and process to respond to City emergencies, request for services, etc. within 24 hours.

- Q.15 What information is the city expecting in response to point # 14 of the technical proposal mentioned on page # 13 of the RFP document?
- A.15 Offeror should include any special conditions, policies, procedures, etc. for cash handling by assigned individuals.
- Q.16 The alphabetical order of the attachments mentioned on page # 12 of the RFP document differs from the actual order of the attachments. Please confirm, if an offeror should use the alphabetical order mentioned on the attachments in response?
- A.16 See Addendum 1
- Q.17 Is there any way of removing the stipulation for the Alternate Employer Endorsement for this agreement?
- A.17 This insurance requirement cannot be removed. The alternate employer endorsement is a contractual requirement due to the statutory employer language found in section 65.2-302 of the Virginia Code.
- Q.18 What is the estimated budget for this RFP? If unknown, please specify previous spending.
- A.18 Unknown – previous spending chart below

**SECTION D
SCOPE OF WORK**

TEMPORARY SERVICE WORKERS

PURPOSE:

The City of Newport News (City) is seeking proposals from qualified temporary employment agencies (Contractor) to provide "Temporary Service Workers" for various City departments on an as-needed basis. This solicitation shall be the basis for a multiyear contract(s) with various temporary agencies for as-needed temporary service workers.

BACKGROUND:

The City provides a variety of local government services to over 180,000 citizens and is a regional water provider to citizens and businesses in Newport News as well as four other local jurisdictions. To assist City departments with periodic project implementation and with maintaining these services and operations in the event of staffing shortages, the City contracts for various temporary personnel.

The temporary personnel are utilized on an as-needed basis, and are subject to working within the City's hours of operation for the specific assignment. Depending on the nature of the job, some positions are seasonal and the duration of each requirement can vary from less than a week to several months. The City's administrative hours of operation have been established as Monday through Friday, 8:00 am to 5:00 pm; however, individual departments are authorized to establish schedules that most effectively provide City services. As such, individual operating schedules and staff assignments may necessitate weekend, evening, or other shift work; however, all schedules are administered in accordance with applicable federal and state regulations.

As a result of this Request for Proposals (RFP), it is anticipated that multiple awards will be made and Contractors may be categorized as primary or secondary Contractors based upon the evaluation criteria and negotiated terms and conditions. As needs arise, the City will contact one or more Contractors to obtain the individual(s) most suited to the assignment.

SCOPE OF WORK:

General Operational Guidelines

The Contractor shall furnish Temporary Service Workers to perform work in the following categories described below as identified by the City at the time of request for temporary services. Proposals may be submitted for all or some of the position categories identified below. *The City reserves the right to identify additional labor categories and rates as needed or required during the term of the contract.*

- Laborers – Jobs in this category include workers with more limited skills who require only brief training to perform tasks that require little or no independent judgment. Examples include: construction worker helpers; equipment operators; laborers; refuse and recyclable materials collectors; pipe layers.
- Craft Workers and Operatives – Most jobs in this category include intermediate or higher skilled occupations and include workers who operate machinery or factory-related equipment, construction (building trades craft workers and their formal apprentices) and natural resource extraction workers. Examples include: laundry workers; photographic process workers (printers);

electrical and electronic equipment assemblers; truck drivers; industrial truck and tractor (forklift) operators; parking lot attendants; carpenters; electricians; painters (both construction and maintenance); pipelayers, plumbers, and pipefitters. This category also includes occupations related to the installation, maintenance and part replacement of equipment, machines and tools, such as: automotive mechanics and electric and electronic equipment repairers.

- **Administrative Personnel** – Jobs in this category involve non-managerial tasks providing administrative and support assistance, primarily in office settings. Examples of these types of positions include: office and administrative support workers; bookkeeping; accounting and auditing clerks; dispatchers; couriers; computer operators; word processors and typists; and general office clerks.
- **Technicians** – Jobs in this category include activities that require applied scientific skills, usually obtained by post secondary education of varying lengths, depending on the particular occupation, recognizing that in some instances additional training, certification, or comparable experience is required. Examples of these types of positions include: drafters; emergency medical technicians; chemical technicians; and broadcast and sound engineering technicians.
- **Professional Staff** – Most jobs in this category require bachelor or graduate degrees, and/or professional certification. In some instances, comparable experience may establish a person's qualifications. Examples of these kinds of positions include: accountants and auditors; architects; chemists; computer programmers; engineers; lawyers; librarians; natural scientists; registered nurses; and surveyors.
- **Service Workers** – Jobs in this category include food service, cleaning service, personal service, and protective service activities. Skill may be acquired through formal training, job-related training or direct experience. Examples include: cooks; transportation attendants; janitors; and security guards.
- **Professional Accounting** – Job descriptions for this category are listed in **Exhibit I**.

Specific knowledge, skill or ability requirements necessary for the work to be performed will be identified by the City with each individual request and the per hour pay rate will be determined by skill level of the Temporary Service Worker within the specific position category requested and the corresponding pay ranges. Invoices should reflect the agreed-upon rate for the individual worker based on the pay rate established (approved) for the position.

- A. **Request for Service Engagement:** The City will notify the Contractor of the City's Point of Contact, as well as backup, who is authorized to request Temporary Service Workers. A City purchase order shall be required prior to commencement of work. For reporting purposes, the purchase order number for each service engagement must be reported and clearly stated on all required monthly summary reports.
- B. **Response Time:** The Contractor shall respond to a new request within one (1) business day, or within the timeframe established by the City, to confirm availability of a suitable Temporary Service Worker to fill the request. The City reserves the right to simultaneously give all Contractors an opportunity to fill positions on a "first come" basis when there is an urgent need. In the event of an emergency requirement, the Contractor shall make every commercially reasonable attempt to respond to the request in the City's established emergency time frame.

Upon Contractor's confirmation of Temporary Service Worker availability, the City's Point of Contact will provide Contractor with instructions regarding the assignment. This may also include an interview (phone interview or face-to-face interview) or skills assessment prior to placement with the City. If the City

determines that the candidate does not meet the skill requirements of the position, the City will reject the candidate and move to the next candidate, or request other resumes from which to choose another candidate, at no cost to the City. When the request is given to more than one Contractor, the City will notify all Contractors when the request is filled.

Temporary Service Workers Selection Guidelines

A. Background Checks:

Certain Temporary Service Workers will be subject to criminal history background checks as a condition of providing services of a sensitive nature including matters involving public welfare, safety, health activities, monetary or confidential matters, children's activities, therapeutic recreation programs, mature adult programs, and access to the Criminal Justice Information System (CJIS) or the Virginia Criminal Information Network (VCIN).

The City's Director of Human Resources, or their designee, shall determine the type and scope of the criminal history record checks and any other background checks required based on the specific assignment requested by the City and may include a federal, state or local check, as well as a check through the National Sex Offender Registry, or the Virginia Child Abuse and Neglect Registry. The Contractor is responsible for conducting identified criminal history checks on potential Temporary Service Workers prior to placing the potential Temporary Service Worker with the City. The Contractor shall be responsible for costs associated with the criminal history background checks. The requirement for a background check shall be identified by the City prior to making the request for service engagement.

B. DMV Driver Record Check:

If operation of a vehicle is a requirement of the temporary assignment, the City will provide a vehicle for the assigned work. The Contractor shall perform a DMV driver's license record check prior to placing the potential Temporary Service Worker with the City. The Contractor shall be responsible for ensuring any individual assigned or permitted to operate vehicles is properly licensed. When operation of a City vehicle requires a Commercial Driver's License, the potential Temporary Service Worker must possess a minimum of a CDL permit. The Contractor shall be responsible for costs associated with the DMV driver's license record check.

Prior to driving a City vehicle, the Temporary Service Worker must complete the City's online safe driving course, which will be administered and managed by the City. The requirement for a DMV Driver Record Check shall be identified by the City prior to making the request for service engagement.

Temporary Service Workers that are not able to read, write, speak, or comprehend the English language will not be acceptable and the City will incur no expenses and wages.
- C. **Certifications:** Certifications for Temporary Service Workers required for a specific assignment will be identified by the City at the time of request. The Contractor shall keep a current record of Temporary Service Worker certifications and the expiration dates to ensure that required certifications are maintained. If the Temporary Service Worker's certification expires during an assignment, the City reserves the right to send the Temporary Service Worker for recertification training and may invoice the Contractor for the training cost incurred, or send the worker home as the City determines appropriate.
- D. **Attire and Related Safety Equipment**

The Contractor shall send Temporary Service Workers to job assignments dressed appropriately for the identified assignment. The Contractor shall provide all personal safety equipment as required for the specific assignment including, but not limited to, gloves, rain suits, rubber boots, steel-toe shoes/boots, etc. Temporary Service Workers who report to work without the appropriate attire, safety equipment, or in an unacceptable condition (including proper hygiene), may be sent home at the City supervisor's discretion. The Temporary Service Worker will not be paid in these instances. In some instances, Temporary Service Workers may be issued uniforms. It will be the responsibility of the Temporary Service Worker to maintain possession of any City-issued uniform and to turn them in to their supervisor upon completion of the temporary assignment.

The Contractor shall be responsible for any attire and related safety equipment if issued by the City (hard hats, job specific equipment, etc. that is damaged beyond normal wear and tear) or not returned at the end of the temporary assignment and will be charged actual replacement costs.

Account Service Requirements

- A. **Contractor Single Point of Contact:** The Contractor shall designate a coordinator as a single point of contact (SPOC), as well as a backup, that shall be accessible during normal work hours 8:00 am until 5:00 pm Monday through Friday, with the exception of observed holidays, to receive temporary staffing requests, handle and assist in any and all inquiries regarding availability, status of orders, scheduling, billing, contract compliance requirements, reports, and problem solving. Contractor's SPOC, who will receive temporary service worker requests, shall be available via telephone and email.

The Contractor's SPOC shall meet with the City's point of contact (POC) and/or the hiring manager, as requested, to discuss all services and any absentee or performance issues. The SPOC will contact the City's POC directly to receive the Temporary Service Worker's arrival instructions once the order is filled.

- B. **Refusal:** The City shall have the right at any time to refuse any Temporary Service Worker provided by the Contractor for any job related deficiency. Replacement of any Temporary Service Worker shall be in compliance with all applicable anti-discrimination laws. The rejected Temporary Service Worker shall be immediately removed and prompt arrangements made for a suitable replacement.

- C. Contractor's Employees and Mandatory Taxes, etc.: The Temporary Service Workers provided to the City shall be employees of the Contractor. The Contractor shall be responsible for obtaining employment eligibility verification (Federal Form I-9), withholding and payment of all payroll taxes, providing workers' compensation coverage and applicable insurances, payroll reporting, and other employer Federal and State mandatory requirements for Temporary Service Workers.
- D. Contractor's Fee: The hourly rate ranges provided for each position category shall be inclusive of all elements necessary to provide the Temporary Service Worker and shall include, but not be limited to, the Contractor's overhead, profit, taxes, insurances, workers' compensation, other State and federal requirements for Temporary Service Worker, Temporary Service Worker criminal history background and other pre-placement checks, and the preparation and production of required reports. Please outline these rates on Attachment B of this submittal.

E. Hours of Work and Overtime:

The Contractor shall verify work hours at the time the order is placed. Working hours and holidays will vary based upon the position in which the Temporary Service Worker is placed. There may be requirements for evening, weekend and overtime work, based upon the position in which the Temporary Service Worker is placed. The Contractor shall supply time sheets to Temporary Service Workers. Time sheets will be completed by the Temporary Service Worker, and then approved and submitted via email or facsimile by the supervisor of the Temporary Service Worker to the Contractor's SPOC on a weekly basis for billing purposes.

Overtime will be defined in accordance with the Fair Labor Standards Act and must be authorized in advance by the supervisor of the Temporary Service Worker. Lunch and additional break periods will be determined by the supervisor of the Temporary Service Worker. Lunch and additional break periods in excess of fifteen (15) minutes will not be considered work time and as such will not be paid by the City. Temporary Service Workers who are authorized to work on an observed holiday will be paid for time worked. The City's terms and conditions in this solicitation take precedence over any terms and conditions included on Contractor time sheets.

- F. Transportation and Parking: It will be the responsibility of the Contractor or the Temporary Service Worker to provide transportation to and from the required work location. Parking will be provided for Temporary Service Workers in the same manner as provided for regular City employees.
- G. Identification Badges: Temporary Service Workers may be issued a City identification (ID) badge and a Data Watch security access badge. If it is determined that a City ID badge or a Data Watch security badge will be necessary, the supervisor of the Temporary Service Worker will complete the necessary request form and arrange for the badges to be issued. It will be the responsibility of the Temporary Service Worker to maintain possession of any City-issued badges and to turn in the badges to their supervisor upon completion of the temporary assignment. The Contractor shall be responsible for the City's prevailing fee for replacement of a lost badge, or if a badge is not returned at the completion of the assignment.
- H. Travel Reimbursement: It is the Policy of the City to pay all legitimate and necessary expenses incurred while traveling on City business if funds are available. As such, all travel must be approved in advance and any Temporary Service Worker authorized to travel for City business will be compensated in accordance with the City's Personnel Administrative Manual, Section 1405-Travel and Meeting Expense Policy, which can be found at <http://www.nngov.com/DocumentCenter/View/237>.

- I. **Placement Fees:** Temporary Service Workers may be hired by the City at any time to fill publicly advertised position vacancies and the City does not agree to pay placement fees unless otherwise negotiated. In addition, the City does not agree to the Temporary Service Workers being obligated for any placement fee to the Contractor upon being hired by the City unless otherwise negotiated.
- J. **Transitioning Existing Temporary Service Workers:** At the request of the City, the Contractor shall make reasonable efforts to transition existing Temporary Service Workers provided by other temporary employment agencies.
- K. **Reporting Requirements:**

On a monthly basis, the Contractor shall provide the City's POC with electronic reports of the individual usage and the total dollar volume of purchases by the 15th day of the month following actual usage, or the following business day if the 15th day of the month falls on a weekend or holiday.

The required report information will include, but may not be limited to, the purchase order number for each assignment, the number of regular hours and overtime hours worked for each position furnished for the completed month for which the report covers, and the actual cost for each position furnished. A template of the monthly report in Excel format will be provided to the awarded Contractors.
