These provisions shall be known as the Alcoholic Beverage Sales regulations. The general purposes of these regulations are to protect and promote the public health, safety, comfort, convenience, prosperity, and general welfare of the residents of the City of Stockton by requiring alcoholic beverage sales activities to comply with the operational standards in this Section and to achieve the following objectives:

E. Standards for Deemed Approved Alcoholic Beverage Sales

1. Purpose

The purpose of these standards is to control dangerous or objectionable environmental effects of alcoholic beverage sales activities or establishments. These standards shall apply to all deemed approved alcoholic beverage sales activities or establishments under the Development Code for the purpose of achieving the following objectives:

- a. Protect surrounding neighborhoods from the harmful effects attributable to the sale of alcoholic beverages and to minimize the adverse impacts of nonconforming and incompatible uses.
- b. Encourage businesses selling alcoholic beverages to operate in a manner that is mutually beneficial to other such businesses and other commercial and civic activities.
- c. Provide a mechanism to address problems often associated with the public consumption of alcoholic beverages, such as litter, loitering, graffiti, and noise levels.

- d. Ensure that businesses selling alcoholic beverages are not the source of undue public nuisances in the community.
- e. Ensure that sites where alcoholic beverages are sold are properly maintained so that negative impacts generated by these activities are not harmful to the surrounding environment in any way.

The provisions of this ordinance are intended to compliment the State of California alcohol-related laws. The City does not intend to replace or usurp any powers vested in the California Department of Alcoholic Beverage Control.

2. Automatic Deemed Approved Status.

All alcoholic beverage sales activities or establishments, that were legal nonconforming activities or establishments, with respect to Chapter 16.228 of the Development Code, immediately before the effective date of these regulations shall automatically become deemed approved activities as of the effective date of the deemed approved alcoholic beverage sale regulations and shall no longer be considered legal nonconforming activities. Each deemed approved activity shall retain its deemed approved status as long as it complies with the operational standards in this Chapter. However, any change in ABC license type including, but not limited to a change from a type 20 to a type 21 license, or a substantial physical change or character of premises as defined in Title 4 of the California Code of Regulations Section 64-2(b), shall terminate the deemed approved status of the business activity and shall require a Commission Use Permit or Land Development Permit to continue operation. For purposes of this Section, the approval of a Commission Use Permit or Land Development Permit shall not be automatic upon termination of the activities deemed approved status.

3. Notification to Owners of Deemed Approved Activities.

The City or its designated enforcement authority shall notify the owner of each deemed approved activity, and also the property owner if not the same, of the activity's deemed approved status. The notice shall be sent by regular mail and shall include a copy of the operational standards in this Section with the requirement that they be posted in a conspicuous and unobstructed place visible from the entrance of the establishment for public review. This notice shall also provide that the activity is required to comply with all operational standards and that the activity is required to comply with all other aspects of these regulations.

4. **Termination and Discontinuance of Deemed Approved Status.**

Whenever an alcoholic beverage sales activity discontinues active operation for more than 180 consecutive days, ceases to be licensed by the State Department of Alcoholic Beverage Control (ABC) for a period of 180 days or greater, changes its activity so that ABC requires a different type of license, substantially changes its mode or character of operation, or extends its hours of operation, the deemed approved status shall be rescinded. Any subsequent alcoholic beverage sales commercial activity may be resumed only upon the granting of a Commission Use Permit or Land Development Permit, pursuant to the Commission Use Permit or Land Development Permit procedures in Chapters 16.136 and 16.168 of the Development Code. However, this requirement shall not apply to a closure for restoration of premises rendered totally or partially inaccessible by an extraordinary natural event that cannot be reasonably foreseen or prevented (such as a flood or earthquake) or a toxic accident, provided that the restoration does not increase the square footage of the business used for the sale of alcoholic beverages. Nor shall this requirement apply to a closure for purposes of repair, if that repair does not change the nature of the premises and does not increase the square footage of the business used for the sale of alcoholic beverages.

If another use has been substituted before the 180 consecutive days have lapsed, then the original deemed approved activity shall not be resumed.

Once it is determined by the City that there has been a discontinuance of active operation for 180 consecutive days or a cessation of ABC licensing, the matter shall be reviewed in a public hearing by the Administrative Hearing Officer following the same notice and public hearing procedures outlined in Stockton Municipal Code Section 16.108.030.

The phrase “substantial change of the mode or character of operation” shall apply to on-sale and off-sale alcoholic beverage establishments and includes but is not limited to the following:

- a. The alcoholic beverage sales establishment increases the floor or land area or shelf space devoted to the display or sales of any alcoholic beverage.
- b. The alcoholic beverage sales establishment expands the sale or service of any alcoholic beverages and/or increases the number of customer seats primarily devoted to the sale or service of any alcoholic beverages.

c. The alcoholic beverage sales establishment extends the hours of operation.

d. The alcoholic beverage sales establishment proposes to reinstate alcohol sales after the ABC license has been either revoked or suspended for a period 180 days or greater by ABC.

The alcoholic beverage sales establishment voluntarily discontinues active operation for more than 180 consecutive days or ceases to be licensed by the ABC.

5. **Operational Standards**

A deemed approved alcoholic beverage sales activity or establishment (“Deemed Approved Activity”) shall retain its deemed approved status only if it conforms to all of the following deemed approved operational standards:

a. The Deemed Approved Activity shall not cause adverse effects to the health, peace or safety of persons residing or working in the surrounding area.

b. The Deemed Approved Activity shall not jeopardize or endanger the public health, or safety of persons residing or working in the surrounding area.

c. The Deemed Approved Activity shall not allow repeated nuisance activities within the premises or in close proximity of the premises, including but not limited to: disturbance of the peace, illegal drug activity, public drunkenness, drinking in public, harassment of passersby, gambling, prostitution, sale of stolen goods, public urination, theft, assaults, batteries, acts of vandalism, excessive littering, loitering, graffiti, illegal parking, excessive loud noises, especially in the late night or early morning hours, traffic violations, curfew violations, or lewd conduct.

d. The Deemed Approved Activity shall comply with all provisions of local, state or federal laws, regulations, or orders, including but not limited to those of the ABC, California Business and Professions Code Sections 24200, 24200.6, and 25612.5, as well as any condition imposed on any permits issued pursuant to applicable laws, regulations or orders. This includes compliance with annual City business license fees.

e. The Deemed Approved Activity's upkeep and operating characteristics shall be compatible with and not adversely affect the livability or appropriate development of abutting properties and the surrounding neighborhood.

f. A copy of these operational standards, any applicable ABC or City operating conditions, and any training requirements shall be posted in at least one prominent place within the interior of the establishment where it will be readily visible and legible to the employees and patrons of the establishment.

g. The owners and all employees of Deemed Approved establishments involved in the sale of alcoholic beverages shall complete an approved course in Licensee Education on Alcohol and Drugs (LEAD), or other "Responsible Beverage Service" (RBS) training or any other ABC approved course within sixty (60) days of hire for employees hired after the passage of this Development Code, or within six (6) months of the passage of the Development Code for existing employees. To satisfy this requirement, the RBS course must be recognized by the California Department of Alcoholic Beverage Control. The RBS course shall include at a minimum the following: a review of ABC laws and regulations; administrative, criminal and civil liabilities; acceptable forms of identification; and how to identify minors and persons already intoxicated.

i. Sit down restaurants that continue to serve menu items until closing and whose predominant function is the service of food and where the on-site sale of alcoholic beverages is incidental or secondary are exempt from this training requirement. Fraternal organizations and veterans clubs with the on-sale of alcoholic beverage are exempt from this training requirement. (Establishments which are primarily a bar or lounge or have a bar or lounge area as a principal or independent activity are not included in this exemption.)

ii. Retail establishment containing 10,000 square feet or more with a maximum of 10 percent of its gross floor area devoted to the sale, storage and/or display of alcohol, and subject to this training requirement may elect to send only supervisory employees to the RBS training or any other ABC approved course. The supervisory employees would then be responsible for training all employees who are involved in the sale of alcoholic beverages.

a. The officials responsible for enforcement of the Development Code, or their duly authorized representatives, may enter on any site or into any structure for the purpose of investigation, provided they shall do so in a reasonable manner, whenever they have cause to suspect a violation of any provision of these regulations, or whenever necessary to the investigation of violations to the Deemed Approved operational standards or conditions of approval prescribed in these regulations. An owner or occupant or agent thereof who refuses to permit such entry and investigation shall be guilty of infringing upon the violations and penalties as outlined in Section 16.80.040.F.1, and subject to related penalties thereof.

b. c. Any Administrative Citation or Administrative Civil Penalties Notice issued under this Section shall be issued, processed, and enforced in compliance with the provisions of Stockton Municipal Code Chapters 1.32, 1.40, and 1.44, unless otherwise expressly provided herein.

The assigned Administrative Hearing Officer shall exercise all powers and authority delegated to him/her by Stockton Municipal Code Chapter 1.44.

The Administrative Hearing Officer shall determine whether the activity is in compliance with the operational standards and/or conditions of approval of the Commission Use Permit, Land Development Permit, or Deemed Approved Status.
