ADMINISTRATION

For each Zone, it is intended that the City of Stockton, either directly or by subcontract, shall have the responsibility of establishing an ongoing Landscape Maintenance Management entity, to be known as The Landscape Maintenance District Manager. The Landscape Maintenance District Manager shall be responsible for establishing the annual budget; keeping an account of the maintenance and operational administrative costs; administering and performing the landscape maintenance, whether directly or by subcontract; paying all fees, utility costs, taxes and any and all other operating costs. The Landscape Maintenance District Manager for each Zone shall provide annually the operating budget, the administrative budget, and the description of maintained improvements to be included in the Annual Engineer's Report.

ANNUAL COST DETERMINATION

As shown on Table 1 contained herein, the annual cost estimates for each Zone relate to the 2018-2019 fiscal year, which is the same as the fiscal year for the City of Stockton and which is from July 1 through June 30. The 46 maintenance fund required will be obtained as assessments collected within the 2018-2019 tax year. The estimated surplus from the previous fiscal year is used for the cost of operations prior to the receipt of current fiscal year revenues. Similarly, any surplus from the current fiscal year operations will be used for the cost of operations prior to the receipt of revenues from the next fiscal year's assessments.

COST ESTIMATES BY LETTER DESIGNATED ZONE

The estimated costs are only for public landscaping, park site, and bridge amenities maintenance; and for the share of storm basin maintenance costs as identified for each letter designated zone. All initial landscape or bridge amenity improvements are being, or will be, installed by the Developer of the related subdivision at no cost to any of the letter designated zones. The estimated annual maintenance costs or other authorized costs for each letter designated zone have been furnished by the Landscape Maintenance District Manager. In addition to estimated operational maintenance costs, the total costs to be spread for each fiscal year for each letter designated zone include estimated City and County administrative costs and costs to process the annual budget and levy assessments. The cost estimates for each of the twenty-seven (27) letter designated zones (Zones A-1, A-2, A-3, A-4, A-5, A-6, A-7, A-10, B-1, B-2, B-3, B-4, B-5, C-1, C-2, C-3, C-4, C-6, C-7, D-1, D-3, D-4, D-6, E-1, E-3, E-4 and E-5) have

been kept separate for the 2018-2019 Fiscal Year. There are no cost estimates for Zones A-8, A-9, C-5, C-8, D-2, D-5 and E-2 as discussed previously in this report.

Each parcel of land set forth in the Assessment Roll for each of Zones A-1, A-2, A-3, A-4, A-5, A-6, A-7, A-10, B-1, B-2, B-3, B-4, B-5, C-1, C-2, C-3, C-4, C-6, C-7, D-1, D-3, D-4, D-6, E-1, E-3, E-4 and E-5, are identified by the County Assessor's Parcel Number (APN) and the total assessment levied. There are no Assessment Rolls for Zones A-8, A-9, C-5, C-8, D-2, D-5 and E-2 included in the Annual Engineer's Report for the 2018-2019 Fiscal Year for the Stockton Consolidated Landscape Maintenance Assessment District No. 96-2 as discussed previously in this report.

For parcels in the Weston Ranch area, the Assessment Roll for the 2018-2019 Fiscal Year contains separate columns for the assessments for each of Zones B-1, B-2, and B-3, plus a fourth column which shows the combined total assessment. Only the combined total assessment will be provided to San Joaquin County for inclusion on the 2018-2019 property tax bills.

For parcels in the La Morada Assessment District, Zone A-3, the Assessment Roll for the 2018-2019 Fiscal Year contains separate columns for the maximum and actual assessments, a separate column for the Subzone 1 maximum and actual assessments, and a fourth column which shows the combined total assessment. Only the combined total assessment will be provided to San Joaquin County for inclusion on the 2018-2019 property tax bills.

AMENDED ASSESSMENT DIAGRAM

Where there are new Zones added to the Stockton Consolidated Landscape Maintenance District No. 96-2, or where there are areas added or revisions to an existing Zone, new separate sheets identified by the latest Amendment Number are included in this Annual Engineer's Report which amends the Assessment Diagram. For the 2018-2019 Fiscal Year, the Assessment Diagram for Zone A-10 has been amended. Separate sheets marked with the following associated Amendment Number for each Zone are attached:

ZONE	AMENDMENT NO.	ZONE	AMENDMENT NO.
A-1	15	C-2	6
A-2	4	C-3	6
A-3	9	C-4	3
A-4	8	C-6	3
A-5	1	C-7	2
A-6	3	D-1	10
A-7	4	D-3	3

B-2	14	E-1	10
B-3	14	E-3	3
B-4	3	E-4	5
B-5	3	E-5	4
C-1	6		

Each of the separate sheets is an overall map with reference to parcels identified by County Assessor's Parcel Number (APN) and a tabulated index of the amended Assessor's Maps which make up the Assessment Diagram for the indicated Zone. The index for each of the Zones also shows whether the current referenced Assessor's Maps, which are to be considered part of the Assessment Diagram, are contained in the Assessment Diagram of the original Engineer's Report when the district was formed, or are contained in a subsequent Revision of the Assessment Diagram, or whether they are contained in this Annual Engineer's Report for the

2018-2019 Fiscal Year. All County Assessor's Maps referenced in an index are incorporated in and made a part of the Assessment Diagram by reference.

ALLOCATION OF COSTS

In general, the annual assessments for each Zone are apportioned in accordance with the method and procedure set forth in prior Engineer Reports previously formed by the City Council of the City of Stockton. Zone B-3 was formed with the Annual Report for the 1996-1997 Fiscal Year for the Stockton Consolidated Landscape Maintenance Assessment District No. 96-2, and the allocation method for Zone B-3 is set forth therein. Any modifications for the rest of the Zones are outlined in the discussions of the allocation methods which follow.

In compliance with the provisions of Proposition 218, adding Article XIII D to the California Constitution, the benefits conferred on each parcel within the Stockton Consolidated Landscape Maintenance Assessment District No. 96-2 are particular and distinct benefits (hereinafter "special benefits") which are over and above general benefits to such property or to the public at large. Certain amenities such as architectural landscaping, parks, automatic irrigation systems, pedestrian bridge amenities, privacy and noise reduction architectural walls, entrance features, and usage of a regional storm detention basin were provided for the development of the properties within each Zone. These amenities are unique within each Zone and, therefore are determined to be 100% special benefits to the parcels within each Zone and 0% general benefits. The cost to maintain the special benefits within each Zone are assessed solely against the parcels within that Zone.

Also, in keeping with the requirements of Proposition 218, no annual individual assessment shall be increased above the amounts assessed under the established criteria for each Zone for the preceding fiscal year without an election approval, with the exception of those Zones described below.

As approved in the Engineer's Report for Zones A-3, A-4, A-5, A-6, A-7, A-10, B-4, B-5, C-2, C-3, C-4, C-6, C-7, D-3, D-4, D-6, E-3, E-4 and E-5, an approved cost of living adjustment factor for the 2018-2019 Fiscal Year has been applied. As approved in the Engineer's Report for Zone E-1, an approved cost of living adjustment factor that applies to the portion of the assessment

approved for park maintenance only for the 2018-2019 Fiscal Year has been applied. The maximum assessment amount for each fiscal year shall be increased in an amount equal to the greater of: 1) three percent (3%); or 2) the percentage increase of the Consumer Price Index (CPI) for San Francisco – Oakland – San Jose County Area for All Urban Consumers, as developed by the U.S. Bureau of Labor Statistics, for a similar period. For each Fiscal Year, the maximum assessment will be determined for Zones A-3, A-4, A-5, A-6, A-7, A-10, B-4, B-5, C-2, C-3, C-4, C-6, C-7, D-3, D-4, D-6, E-3, E-4 and E-5 and the park portion of E-1 using the escalator of 3.2%, which is the applicable escalator for the fiscal year 2018-2019. If it is determined appropriate, an amount that is less than the maximum assessment may be levied as the actual annual assessment.

For the 2018-2019 Fiscal Year, no parcel assessment in any of Zones A-1, A-2, B-1, B-2, B-3, C-1 and D-1 in the Stockton Consolidated Landscape Maintenance Assessment District No. 96-2 exceeds the assessment for that parcel for the preceding fiscal year. In some Zones, the total assessments may be higher than the preceding fiscal year due to the creation of additional subdivision parcels when the pre-established assessment criteria for the Zone are applied to the additional subdivision parcels.

Zone A-1

Annual assessments for Zone A-1 are apportioned on a modified net area basis. Originally Zone A-1 was primarily composed of larger parcels, all assessed on an area basis. As some of these larger parcels were subdivided into residential lots, the number of owners benefiting from the landscape improvements increased while the net land area decreased due to the dedication of interior streets. To accommodate these conditions, a factor was applied to the sum of the net area of all single-family lots to determine a modified area for the single-family lots. The single-family parcel assessment was then calculated as the total modified single-family area's share of the total zone assessment, divided by the number of single family lots. Each single-family residential lot was assessed the same amount. Non-single family parcels were assessed by spreading the remaining total zone assessment by area.

Two additional residential subdivisions occurred creating higher density residential lots. Multi-family residential lots have been assigned an assessment based upon each parcel's percent of

the total area of the original parcel. The assessment for high density single family residential lots has been adjusted for the 2018-2019 tax year to spread an even assessment of the original parcel's area share across the assessable parcels in the applicable subdivision. Any future subdivisions will be spread using these methods to ensure the total assessment for Zone A-1 remains within the limits of the established criteria for the zone.

This district formerly was assessed for landscape maintenance under the name of the Weber/Sperry Ranches Assessment District, Project No. 88-1. Landscape maintenance assessments are now assessed under Zone A-1 of the Stockton Consolidated Landscape Maintenance Assessment District No. 96-2.
