On March 27, 2025, the City Clerk of the City of Stockton opened, examined, and publicly declared the sealed proposals or bids offered for the Street Resurfacing on Federal-Aid Streets Fiscal Year (FY) 2020-21, Project No. WD21006/Federal Project No. CRRSTPL-5008(208); and

The project will resurface three street segments located on Benjamin Holt Drive from Grisby Place to Plymouth Road, Carolyn Weston Boulevard from Manthey Road East to Manthey Road West, and Hammer Lane from Kelley Drive to 460 feet west of Mariners Drive for a total distance of approximately one mile; and

The project includes asphalt concrete overlay, base failure repairs, slurry seal, full-depth reclamation up to 19 inches in depth, pavement grinding and cold planning up to 6 inches in depth, removal and installation of pavement markings/striping, lowering and raising existing utilities to finish grade, installing curb ramps to meet Americans with Disabilities Act compliance, and installation of traffic loops; and

United Pavement Maintenance, Inc. is the lowest responsive bidder in the amount of \$3,545,028.60 and its bid is regular in all respects; and

The project is in conformance with the City's General Plan, pursuant to California Government Code, section 65402, and is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) as specified under section 15301(c) of the CEQA Guidelines, because this is a discretionary project under the City's jurisdiction and qualifies as project which has been determined to not have a significant effect on the environment; now, therefore,
