SIGNIFICANCE

20. Briefly state historical and/or architectural importance (include dates, events, and persons associated with the site when known):
This building is large and its placement on the corner lot accentuates its size. The neighborhood is a mixture of older homes, with many of a vintage similar to this one. The area is zoned commercial/residential. The restoration by the present owners is completed for now. When this house was a boarding house for women (until the 1970's), it received much damage to the inside. This was later repaired and restored by Gloria Pezzoni, the owner. It has been a showplace of Stockton for at least 80 years.
