5. Detailed Work Plan

We have prepared a detailed Work Plan that is based on our understanding of the project and lessons learned from similar projects in the City and other jurisdictions. This project will include lighting improvements as well as some civil improvements. We will conduct a lighting analysis in the early stages of the project to inform design decisions related to types of lights to use, including heights, wattages, and distances between proposed lights. In addition, to install proposed lights along the median, we will need to modify the existing median.

Task 1: Background Research

Background research will include a detailed field review of the project corridor and a review of readily available and relevant project documents and design standards. We will verify utility as-builts and intersection record drawing information provided by the City and utility companies. We will prepare utility information request letters (to be on City letterhead).

Kimley-Horn staff (and City staff if available) will walk the entire project corridor to observe existing street lights, pedestrian conditions, and visible utilities (above and below ground).

Once the collection of topographic survey is completed, we will review findings alongside our field visit notes to ensure that any potential conflicts are positively identified and that a plan to address them is put together prior to starting detailed design.

Our team will compile public utility system maps, as-built traffic signal plans, previous design plans, and details for use in project design; and submission of utility information request letters to privately-owned utility companies with facilities in the public right-of-way that may be affected by this project. As necessary, we will and work with all pertinent utilities to identify utility conflicts, coordinate utility plan reviews, conduct necessary coordination meetings, and coordinate with the utility companies for any required utility relocations. This includes the preparation of utility letters (Notice to Owner) with project location exhibits. The utility requests will be on City letter head to avoid paying fees. All affected or potentially affected utilities will be shown on the design plans. Should potholing be required, it will be the responsibility of the utility companies.

Task 1 Deliverables

- ▲ Photo log of project intersections
- ▲ Copies of Utility Request Letters

Task 2: Plans, Specifications, and Estimate

Kimley-Horn will prepare 65%, 95%, and 100% and Final (signed and sealed) plans, specifications, and engineer's estimates. As part of this task, we will also complete a lighting analysis. We will deliver the PS&E package within X working days from the Notice to Proceed.

Task 2.1 Lighting Design Basis Memo

As we have done on many similar projects for the City, we will perform a lighting analysis at along the project limits focusing on the photometrics and lighting levels using the City's standard luminaries and the guidelines from the Illuminating Engineering Society (IES). We will confirm that minimum lighting levels and uniformity ratios are met, providing the City with recommendations on safety lighting placements in order to meet these minimums. We will provide a brief memo summarizing the lighting analysis and our recommendations.

Task 2.1 Deliverables

- ▲ Lighting Design Basis Memo

Task 2.2 65% PS&E

Prior to the development of the 65% PS&E documents, our first step will be to set up the intersection base plans with the new information we have collected (i.e., field work, survey data, etc.) for this project. This effort includes updating utility information based on information received from the City and utility companies. Once the Base Plan is complete, Kimley-Horn will begin the preparation of the 65% design. The 65% design will show the basic design elements. The design will show initial proposed elements such as new street light placement, conduit routing, signing and footprint of proposed median improvements.

Kimley-Horn will complete the design in AutoCAD Civil 3D format and will adhere to applicable City design standards and requirements. We will use standard City plan sheet borders, title blocks, and general notes provided to us. The anticipated breakdown of sheets for the 50% plans is as follows:

- Title Sheet
- Standard Details [2 sheets]
- Civil Design Plans [2 sheets]
- Street Lighting Design [4 sheets]

Proposal for

WILSON WAY SAFETY LIGHTING IMPROVEMENTS

PROJECT NO. WT23019/HSIPSL-5008(204)

Street Lighting Design plans will include layout representations in plan view (at a drawing scale of 1" = 20'). At this design stage, design details including equipment and conductor schedules will not be shown. The civil design plan will include civil improvements for the modification of the median needed to add new infrastructure for street lights.

Kimley-Horn will develop technical specifications for the 65% submittal. The technical specifications will be an updated version of the City's base technical specification document, modified to include elements of this project. The specifications will be prepared in Microsoft Word format. The 65% engineer's estimate will include costs for the elements shown in the design. The engineer's estimate will be prepared in Microsoft Excel format.

Task 2.2 Deliverables

- ▲ 50% Plans (24" x 36")
- ▲ 50% Technical Specifications
- ▲ 50% Engineer's Estimate

Task 2.3 95% PS&E

Kimley-Horn will review the City's 65% PS&E comments and address them in the 95% design. The 95% design will be a more detailed design version of the 65% design, including complete utility information, detailed median modification details, and detailed conduit information for the proposed street light improvements.

For the 95% technical specifications submittal, we will prepare a refined technical specification based on the City's base specifications and the specifications submitted at 65%. The revised 95% specifications will include additional detail specific to the 95% design. Kimley-Horn will develop the 95% technical specifications to include specific provisions regarding construction requirements, materials, and compensation. The applicable City standard details will be provided in an appendix to the special provisions. We will update the engineer's estimate based on the revised 95% design. The engineer's estimate will be based on construction costs that we have seen for recent projects of similar size and scope.

Kimley-Horn will prepare a comment resolution matrix summarizing the comments received on the 65% PS&E documents and the resolutions for each comment. This matrix will be submitted with the 95% PS&E documents. Based on the review comments on 65% PS&E, the approved version of the 65% PS&E will be advanced to the 95% completion level.

Task 2.3 Deliverables

- ▲ 65% Design Comments Resolution Matrix
- ▲ 95% Plans
- ▲ 95% Technical Specifications
- ▲ 95% Engineer's Estimate

Task 2.4 100% Check Print

Upon completion of the 95% design review, Kimley-Horn will organize a design review meeting to discuss comments. Kimley-Horn will prepare a comment resolution matrix which will summarize the comments received on the 95% PS&E documents and the resolutions for each comment. This matrix will be submitted with the 100% check print PS&E documents.

Based on the review comments on 95% PS&E, the approved version of the 95% PS&E will be advanced to the 100% check print completion level. Kimley-Horn will submit the draft 100% PS&E to the City for a final plan check review.

Task 2.4 Deliverables

- ▲ 95% Design Comments Resolution Matrix
- ▲ 100% Check Plans
- ▲ 100% Check Technical Specifications
- ▲ 100% Check Engineer's Estimate

Task 2.5 100% Complete

Final plans, specifications, and estimates will be prepared following completion of the City's plan check review. The final full-sized (24" x 36") hard copy plans will be wet-signed by the professional engineer in responsible charge. The Final PS&E will be submitted to the City for use in advertising and constructing the project. One digital file of each of the plans, specifications, and estimate will be submitted to the City for record.

Task 2.5 Deliverables

- ▲ 100% Complete Plans wet signed and sealed, Mylar
- ▲ 100% Check Technical Specifications wet signed and sealed
- ▲ 100% Check Engineer's Estimate wet signed and sealed

For this task, the coordination and meeting activities for this project will include the following:

- Attend one project kick-off meeting, one public information meeting, one pre-construction meeting, and a post-construction meeting
- Prepare and complete updates to the project schedule as needed (Microsoft Project)
- Arrange and attend conference calls and field meetings with the City to discuss and present the proposed designs and review design plan comments (up to 4 – one per submittal)
- Attend meetings or the submittal of plans and grant compliance documents in addition to those described above and to coordinate utility service and adjustments. Any necessary modifications to the final design requested by the utility company will be provided upon written authorization from the City and for an additional fee to be agreed upon prior to starting work

Task 5: Design Support During Construction

Bidding and construction phase engineering support will include answering City staff questions during the bid and award of the contract, review of submittals, responding to contractor requests for information (RFIs), review of contract change orders, preparation of addenda, and preparation of record drawings.

Bidding and construction phase engineering support services will be provided on a time and materials basis, based on hourly billing rates, up to the maximum number of hours as indicated in the separately sealed Cost Proposal. Kimley-Horn will notify the City upon reaching approximately 80% of the approved level of effort and provide recommendation or request additional contract authorization, if necessary. Additional services will be provided if requested by the City, subject to additional fee.

Kimley-Horn will prepare record drawings upon completion of construction.

Task 6: Preserving and Perpetuating Survey Monuments

The Kimley-Horn Team will perform a detailed (non-aerial) ground topographic surveying and base mapping along the project limits. We will establish horizontal and vertical control derived from local City of Stockton approved NAD83, California State Plane Coordinates and NAVD88 benchmarks. Land Surveying will include mapping research, horizontal and vertical control, boundary and right of way surveying. We will coordinate closely with the City to attain the necessary mapping, documentation, traffic control and permitting required for this project. All survey monuments will be identified, listed, and shown on construction plans. We will include language in the PS&E package to preserve all monumentation affected by the work being performed.

The topographic survey will be conducted at both intersections at either end of the project limits (Hazelton Avenue/Wilson Way and Anderson Street/Wilson Way). The survey limits at each project intersection will include 100' in each direction from beginning and end of each curb return. The width of the survey will cover the full roadway and approximately 5' beyond the back of existing sidewalks. The ground survey will include, but not be limited to the following; edge of pavement (or road), sidewalks, curbs, gutters, medians, fences, poles, signs, signals, cabinets, driveways, trees, landscaping, ditches, culverts, grade breaks, striping and markings, storm drain structures, inlets, sanitary sewer manholes, cleanouts, water valves, meters, fire hydrants, gas valves, fiber and all visible underground and overhead facilities within the project limits. Typical roadway cross-sections will be taken at 25' intervals or closer and will include all grade breaks, center crown, quarter crown, change in directions and curve points.

Tactile, ramps, grade breaks and other curb ramp details will be located including main joints and pedestrian striping, as well as ground, utility and traffic features to 5' behind the back of sidewalk and will include height of overhead utilities. The survey will locate all inlets and manholes related to sewer and storm drain and will include pipe inverts, pipe sizes and flow direction.

This form of insurance will be acceptable provided that all of the Primary and Umbrella or Excess Policies shall provide all of the insurance coverages herein required, including, but not limited to, primary and non-contributory, additional insured, Self-Insured Retentions (SIRs), indemnity, and defense requirements. The Umbrella or Excess policies shall be provided on a true "following form" or broader coverage basis, with coverage at least as broad as provided on the underlying Commercial General Liability insurance. No insurance policies maintained by the Additional Insureds, whether primary or excess, and which also apply to a loss covered hereunder, shall be called upon to contribute to a loss until the Contractor's primary and excess liability policies are exhausted.

Notice of Cancellation

Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to the City of Stockton.

Waiver of Subrogation

Contractor hereby grants to City of Stockton a waiver of any right to subrogation which any insurer of said Contractor may acquire against the City of Stockton by virtue of the payment of any loss under such insurance. Contractor agrees to obtain any

endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the City of Stockton has received a waiver of subrogation endorsement from the insurer.

Self-Insured Retentions

Self-insured retentions must be declared to and approved by the City of Stockton. The City of Stockton may require the Contractor to purchase coverage with a lower retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. The policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or City of Stockton. The CGL and any policies, including Excess liability policies, may not be subject to a self-insured retention (SIR) or deductible that exceeds \$25,000 unless approved in writing by City of Stockton. Any and all deductibles and SIRs shall be the sole responsibility of Contractor or subcontractor who procured such insurance and shall not apply to the Indemnified Additional Insured Parties. City of Stockton may deduct from any amounts otherwise due Contractor to fund the SIR/deductible. Policies shall NOT contain any self-insured retention (SIR) provision that limits the satisfaction of the SIR to the Named. The policy must also provide that Defense costs, including the Allocated Loss Adjustment Expenses, will satisfy the SIR or deductible. City of Stockton reserves the right to obtain a copy of any policies and endorsements for verification.

Acceptability of Insurers

Insurance is to be placed with insurers authorized to conduct business in the state with a current A.M. Best's rating of no less than A:VII, unless otherwise acceptable to the City of Stockton.

Claims Made Policies (Professional & Pollution only)

If any of the required policies provide claims-made coverage:

1. The Retroactive Date must be shown, and must be before the date of the contract or the beginning of contract work.
2. Insurance must be maintained and evidence of insurance must be provided ***for at least five (5) years after completion of the contract of work.***
3. If coverage is canceled or non-renewed, and not replaced ***with another claims-made policy form with a Retroactive Date prior to*** the contract effective date, the Contractor must purchase "extended reporting" coverage for a minimum of ***five (5)*** years after completion of work.

Verification of Coverage

Contractor shall furnish the City of Stockton with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause **and a copy of the Declarations and Endorsements Pages of the CGL and any Excess policies listing all policy endorsements**. All certificates and endorsements and copies of the Declarations & Endorsements pages are to be received and approved by the City of Stockton before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The City of Stockton reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time. City of Stockton reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

- A. Any dispute concerning a question of fact arising under an interim or post audit of this AGREEMENT that is not disposed of by AGREEMENT, shall be reviewed by LOCAL AGENCY'S Chief Financial Officer.
- B. Not later than thirty (30) calendar days after issuance of the final audit report, CONSULTANT may request a review by LOCAL AGENCY'S Chief Financial Officer of unresolved audit issues. The request for review will be submitted in writing.
- C. Neither the pendency of a dispute nor its consideration by LOCAL AGENCY will excuse CONSULTANT from full and timely performance, in accordance with the terms of this AGREEMENT.
- D. CONSULTANT and subconsultant AGREEMENTs, including cost proposals and Indirect Cost Rates (ICR), may be subject to audits or reviews such as, but not limited to, an AGREEMENT audit, an incurred cost audit, an ICR Audit, or a CPA ICR audit work paper review. If selected for audit or review, the AGREEMENT, cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is CONSULTANT's responsibility to ensure federal, LOCAL AGENCY, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. The AGREEMENT, cost proposal, and ICR shall be adjusted by CONSULTANT and approved by LOCAL AGENCY Contract Administrator to conform to the audit or review recommendations. CONSULTANT agrees that individual terms of costs identified in the audit report shall be incorporated into the AGREEMENT by this reference if directed by LOCAL AGENCY at its sole discretion. Refusal by CONSULTANT to incorporate audit or review recommendations, or to ensure that the federal, LOCAL AGENCY or local governments have access to CPA work papers, will be considered a breach of AGREEMENT terms and cause for termination of the AGREEMENT and disallowance of prior reimbursed costs.
- E. CONSULTANT's Cost Proposal may be subject to a CPA ICR Audit Work Paper Review and/or audit by the Independent Office of Audits and Investigations (IOAI). IOAI, at its sole discretion, may review and/or audit and approve the CPA ICR documentation. The Cost Proposal shall be adjusted by the CONSULTANT and approved by the LOCAL AGENCY Contract Administrator to conform to the Work Paper Review recommendations included in the management letter or audit recommendations included in the audit report. Refusal by the CONSULTANT to incorporate the Work Paper Review recommendations included in the management letter or audit recommendations included in the audit report will be considered a breach of the AGREEMENT terms and cause for termination of the AGREEMENT and disallowance of prior reimbursed costs.
 - 1. During IOAI's review of the ICR audit work papers created by the CONSULTANT's independent CPA, IOAI will work with the CPA and/or CONSULTANT toward a resolution of issues that arise during the review. Each party agrees to use its best efforts to resolve any audit disputes in a timely manner. If IOAI identifies significant issues during the review and is unable to issue a cognizant approval letter, LOCAL AGENCY will reimburse the CONSULTANT at an accepted ICR until a FAR (Federal Acquisition Regulation) compliant ICR (e.g. 48 CFR Part 31; GAGAS (Generally Accepted Auditing Standards); CAS (Cost Accounting Standards), if applicable; in accordance with procedures and guidelines of the American Association of State Highways and Transportation Officials (AASHTO) Audit Guide; and other applicable procedures and guidelines) is received and approved by IOAI.

Accepted rates will be as follows:

- a. If the proposed rate is less than one hundred fifty percent (150%) - the accepted rate reimbursed will be ninety percent (90%) of the proposed rate.
 - b. If the proposed rate is between one hundred fifty percent (150%) and two hundred percent (200%) - the accepted rate will be eighty-five percent (85%) of the proposed rate.
 - c. If the proposed rate is greater than two hundred percent (200%) - the accepted rate will be seventy-five percent (75%) of the proposed rate.
2. If IOAI is unable to issue a cognizant letter per paragraph E.1. above, IOAI may require CONSULTANT to submit a revised independent CPA-audited ICR and audit report within three (3) months of the effective date of the management letter. IOAI will then have up to six (6) months to review the CONSULTANT's and/or the independent CPA's revisions.
 3. If the CONSULTANT fails to comply with the provisions of this paragraph E, or if IOAI is still unable to issue a cognizant approval letter after the revised independent CPA audited ICR is submitted, overhead cost reimbursement will be limited to the accepted ICR that was established upon initial rejection of the ICR and set forth in paragraph E.1. above for all rendered services. In this event, this accepted ICR will become the actual and final ICR for reimbursement purposes under this AGREEMENT.
 4. CONSULTANT may submit to LOCAL AGENCY final invoice only when all of the following items have occurred: (1) IOAI accepts or adjusts the original or revised independent CPA audited ICR; (2) all work under this AGREEMENT has been completed to the satisfaction of LOCAL AGENCY; and, (3) IOAI has issued its final ICR review letter. The CONSULTANT MUST SUBMIT ITS FINAL INVOICE TO LOCAL AGENCY no later than sixty (60) calendar days after occurrence of the last of these items. The accepted ICR will apply to this AGREEMENT and all other agreements executed between LOCAL AGENCY and the CONSULTANT, either as a prime or subconsultant, with the same fiscal period ICR.

ARTICLE X SUBCONTRACTING

- A. Nothing contained in this AGREEMENT or otherwise, shall create any contractual relation between the LOCAL AGENCY and any Subconsultants, and no subagreement shall relieve the CONSULTANT of its responsibilities and obligations hereunder. The CONSULTANT agrees to be as fully responsible to the LOCAL AGENCY for the acts and omissions of its Subconsultants and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the CONSULTANT. The CONSULTANT's obligation to pay its Subconsultants is an independent obligation from the LOCAL AGENCY's obligation to make payments to the CONSULTANT.
- B. The CONSULTANT shall perform the work contemplated with resources available within its own organization and no portion of the work shall be subcontracted without written authorization by the LOCAL AGENCY Contract Administrator, except that which is expressly identified in the CONSULTANT's approved Cost Proposal.

F. Prompt Progress Payment

CONSULTANT or subconsultant shall pay to any subconsultant, not later than fifteen (15) days after receipt of each progress payment, unless otherwise agreed to in writing, the respective amounts allowed CONSULTANT on account of the work performed by the subconsultants, to the extent of each subconsultant's interest therein. In the event that there is a good faith dispute over all or any portion of the amount due on a progress payment from CONSULTANT or subconsultant to a subconsultant, CONSULTANT or subconsultant may withhold no more than 150 percent of the disputed amount. Any violation of this requirement shall constitute a cause for disciplinary action and shall subject the licensee to a penalty, payable to the subconsultant, of 2 percent of the amount due per month for every month that payment is not made.

In any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to his or her attorney's fees and costs. The sanctions authorized under this requirement shall be separate from, and in addition to, all other remedies, either civil, administrative, or criminal. This clause applies to both DBE and non-DBE subconsultants.

G. Prompt Payment of Withheld Funds to Subconsultants

The LOCAL AGENCY may hold retainage from CONSULTANT and shall make prompt and regular incremental acceptances of portions, as determined by the LOCAL AGENCY, of the contract work, and pay retainage to CONSULTANT based on these acceptances. The LOCAL AGENCY shall designate one of the methods below in the contract to ensure prompt and full payment of any retainage kept by CONSULTANT or subconsultant to a subconsultant.

The LOCAL AGENCY shall hold retainage from CONSULTANT and shall make prompt and regular incremental acceptances of portions, as determined by the LOCAL AGENCY of the contract work and pay retainage to CONSULTANT based on these acceptances. CONSULTANT or subconsultant shall return all monies withheld in retention from all subconsultants within 15 days after receiving payment for work satisfactorily completed and accepted including incremental acceptances of portions of the contract work by the LOCAL AGENCY. Any delay or postponement of payment may take place only for good cause and with the LOCAL AGENCY's prior written approval. Any violation of these provisions shall subject the violating CONSULTANT or subconsultant to the penalties, sanctions, and other remedies specified in Section 3321 of the California Civil Code. This requirement shall not be construed to limit or impair any contractual, administrative or judicial remedies otherwise available to CONSULTANT or subconsultant in the event of a dispute involving late payment or nonpayment by CONSULTANT; deficient subconsultant performance and/or noncompliance by a subconsultant. This clause applies to both DBE and non-DBE subconsultants.

Any violation of these provisions shall subject the violating CONSULTANT or subconsultant to the penalties, sanctions and other remedies specified therein. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies otherwise available to CONSULTANT or subconsultant in the event of a dispute involving late payment or nonpayment by CONSULTANT, deficient subcontract performance, or noncompliance by a subconsultant.

ARTICLE XI EQUIPMENT PURCHASE AND OTHER CAPITAL EXPENDITURES

A. Prior authorization in writing by LOCAL AGENCY's Contract Administrator shall be required before CONSULTANT enters into any unbudgeted purchase order, or subcontract exceeding five thousand dollars (\$5,000) for supplies, equipment, or CONSULTANT services. CONSULTANT shall provide an evaluation of the necessity or desirability of incurring such costs.

- B. For purchase of any item, service, or consulting work not covered in CONSULTANT's approved Cost Proposal and exceeding five thousand dollars (\$5,000), with prior authorization by LOCAL AGENCY's Contract Administrator, three competitive quotations must be submitted with the request, or the absence of proposal must be adequately justified.

If CONSULTANT elects to keep the equipment, fair market value shall be determined at CONSULTANT's expense, on the basis of a competent independent appraisal of such equipment. Appraisals shall be obtained from an appraiser mutually agreeable to by LOCAL AGENCY and CONSULTANT, if it is determined to sell the equipment, the terms and conditions of such sale must be approved in advance by LOCAL AGENCY.

5. Pursuant to Labor Code §1775, LOCAL AGENCY shall notify the CONSULTANT on a public works project within fifteen (15) calendar days of receipt of a complaint that a Subconsultant has failed to pay workers the general prevailing rate of per diem wages.
6. If LOCAL AGENCY determines that employees of a Subconsultant were not paid the general

prevailing rate of per diem wages and if LOCAL AGENCY did not retain sufficient money under the AGREEMENT to pay those employees the balance of wages owed under the general prevailing rate of per diem wages, the CONSULTANT shall withhold an amount of moneys due the Subconsultant sufficient to pay those employees the general prevailing rate of per diem wages if requested by LOCAL AGENCY.
