Use of the CAL-Card for payment of invoices is not allowed under this statewide contract.

C. Payee Data Record

Each State accounting office must have a copy of the Payee Data Record (Std. 204) in order to process payments. State departments should forward a copy of the Std. 204 to their accounting office(s). Without the Std. 204, payment may be unnecessarily delayed. State departments may contact the Contractor for copies of the Payee Data Record.

D. State Financial Marketplace

The State reserves the right to select the form of payment for all procurements, be it either an outright purchase with payment rendered directly by the State, or a financing/lease-purchase or operating lease via the State Financial Marketplace (GS \$Mart and/or Lease \$Mart). If payment is via the financial marketplace, the Contractor will invoice the State and the State will approve the invoice and the selected Lender/Lessor for all product listed on the State's procurement document will pay the Contractor on behalf of the State.

27. WARRANTY

The manufacturer's standard new vehicle warranty shall apply to all vehicles purchased from these contracts. All warranties shall be factory authorized. The warranty shall be honored by all franchised dealers of the vehicle within the State of California. The Warranty term for the vehicles offered under these contracts shall meet the following (as applicable):

- Bumper to bumper warranty shall cover not less than 3 years/36,000 miles, no charge for parts and labor.
- Power train warranty for light duty vehicles weighing 8500 lbs. GVWR or less shall cover not less than 5 years/100,000 miles, no charge for parts and labor.
- Power train warranty for vehicles over 8500 lbs. GVWR shall cover not less than 5 years/60,000 miles, no charge for parts and labor.

The State's established preventative maintenance procedures and practices shall be acceptable to the manufacturer/contractor in lieu of the manufacturer's prescribed procedures which may form a part of the warranty.

All emission-related components shall be warranted in compliance with California Air Resources Board and Federal requirements. Contractor cannot offer independent insurance or statements indicating self insurance. If an additional extended warranty is

purchased, a warranty certificate, warranty card, or a statement indicating the extended warranty has been recorded with the manufacturer shall be furnished with each vehicle delivered.

Normal wear items such as tires, belts, hoses, headlamps, light bulbs, brake linings, brake discs/drums, etc. are excluded from warranty coverage. All other items not subject to normal wear or gross operator neglect and abuse, such as window, seat, or wiper motors, chassis electrical switches (door, trunk lid), paint, hinges, locks, etc., shall be covered.

The State reserves the right to use re-refined lubrication oils, where available, in lieu of virgin equivalent oils. The re-refined oils used by the State will meet all API and SAE standards and specifications as set forth by the vehicle manufacturer. The use of said oils shall in no way void or degrade the original manufacturer's standard warranty.

The State reserves the right to use recycled content antifreeze/coolant, where available, in lieu of virgin equivalent antifreeze/coolant when servicing its vehicles. The recycled content antifreeze/coolant used by the State will meet all ATSM standards and specifications as set forth by the vehicle manufacturer.

28. REPAIR PARTS

The manufacture of the awarded vehicle(s) should maintain an adequate stock of all regular and special parts to meet the continuing service and repair parts needs of the State without undue delay.

A special system shall be set up for expediting the procurement of back-order items needed to repair an inoperative vehicle including a system to air freight parts at factory expense when parts are not in stock in California parts depots. Parts must be available within three (3) working days after telephone notification.

Vehicles with new technology emerging into the industry (e.g., fuel cell vehicles) may require more than (3) working days for the availability of certain parts. Contractor must notify the State Contract Administrator and ordering agency when this occurs and provide the estimated date of availability.

29. MAINTENANCE PLAN

A maintenance plan is available for light duty vehicles under 8500 lbs. GVWR. The purchase of a maintenance plan is optional. The maintenance plan covers all regularly scheduled service for a minimum of five (5) years/75,000 miles. The maintenance shall include at a minimum all manufacturer recommended services such as, but not limited to:

- Oil changes
- Filter changes
