2. EQUIPMENT, PRODUCTS, OR SERVICES

A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY. Supplier warrants that all Products and installation thereof will conform to specifications as stated in manufacturer documentation. Supplier will pass through all manufacturers' warranties to Participating Entities (copies of such manufacturer warranties provided upon request). Supplier warrants that all Products branded TRU RED, Perk, NXT Technologies, Union & Scale, or Coastwide Professional are: (1) merchantable; (2) of good quality and workmanship; (3) free from defects, latent or patent, in material, design, and workmanship for whichever period is shorter, either (a) one year from the date of purchase, or (b) as otherwise specified on the packaging of the Products; (4) fit, sufficient and safe for their intended purpose and for the particular purpose for which they were designed; and (5) in conformity with Supplier's samples, if any. Additional warranties applicable to specific product categories, if any, are set forth in Supplier's proposal. THESE WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHERS, ORAL OR WRITTEN, EXPRESS OR IMPLIED. SUPPLIER DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, WARRANTIES OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE.

C. DEALERS, DISTRIBUTORS, AND/OR RESELLERS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information. Supplier may utilize certain company affiliates under the Staples, Inc. umbrella to serve as authorized dealers and distributors under this agreement. Any sales by such affiliates pursuant to the Contract would be reflected in a written agreement between such affiliate and the Participating Entity with reference made to this Contract. These affiliates

include, but are not limited to HiTouch Business Services LLC, and Southwest School & Office Supply.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

Supplier will use commercially reasonable efforts to ship Products ordered by Participating Entities before 3:00 p.m. local time within one (1) business day after acceptance of a purchase order, except for backordered, special-order, or out of stock Products. If a Product is backordered or shipment is delayed for any reason, Participating Entity will be notified of a delay and Supplier will deliver the delayed Product as promptly as commercially practicable. Supplier will treat delayed orders as active until Participating Entity contacts Supplier and provides other instructions. Supplier's standard shipments will be F.O.B. Participating Entity's location in the forty-eight (48) contiguous United States. Additional charges may apply for desk-top delivery, special delivery, non-standard delivery, rush delivery, or special or custom order products or as

noted on Supplier's e-commerce platform. Title and risk of loss for the Products will pass to Participating Entity at the time the Products are delivered to Participating Entity. Eligible products purchased online and picked up at a Supplier retail location will be available for pick up two hours after approval, charged at time of pick up, and cancelled if not picked up after five (5) days. Sales tax will be calculated based upon order pick up location. Participating Entity's invoice may not separately designate these items as "in-store pick up." Certain items may incur an additional charge (typically furniture items) which will be invoiced to the Participating Entity, if applicable. Unless otherwise agreed by Supplier and a Participating Entity, all orders shall be subject to a minimum order size of $35.00 per order. Orders not meeting the foregoing minimum will be charged a $7.99 fee.

The following will apply for shipments to Alaska or Hawaii: Shipments up to 159lbs. are shipped UPS 2nd Day Air. Shipments over 159lbs. or items which cannot be shipped via UPS (e.g. items classified as hazmat and/or ORM-D) are shipped ocean freight. Supplier will not ship any fully regulated hazmat items, which are shipped directly from the vendor. Ocean shipments are delivered approximately fourteen (14) days from shipment. Shipments to Alaska or Hawaii may be subject to a 25% surcharge. Additional terms and fees for shipments to certain locations (including, without limitation, Alaska, Hawaii, Puerto Rico, and U.S. Virgin Islands) are set forth in Supplier's proposal.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

Core List. The "Core List" represents net priced items which are inclusive of those products predicted to be the most commonly used products by Sourcewell and its Participating Entities. Prices for Core List items provided under this contract are set forth in ***Exhibit 1***.

The prices for Core List Items, excluding Premium Products may be updated twice annually on August 1st and February 1st of each year during the term that this contract is in effect. Supplier may request a price change adjustment for Core List items by submitting a price change addendum to Sourcewell thirty (30) days prior to August 1st and February 1st to reflect changes in stock availability, market conditions, buying expense, tariffs and other factors that affect the overall cost of such items.

The prices for Premium Products may be updated quarterly of each year during the term that this contract is in effect. Premium Products are defined as copy paper, toner, ink, janitorial paper, can liners/trash bags, technology, furniture, and Deviated Products that Participating Entities purchase from Supplier. "Deviated Products" is defined as Products for which Seller receives special pricing from the manufacturer specifically for Sourcewell.

Extraordinary Market Events. Supplier reserves the right to reasonably adjust a Core Item's price if extraordinary market events require immediate adjustment (e.g., shortages, trade disputes, natural disasters, etc.) and to adjust pricing with the impact of tariffs, customs, or duties imposed on products. Any such adjustments shall be noticed to Sourcewell with thirty (30) days prior written notice accompanied by supporting documentation. Supplier will work with Sourcewell and affected Participating Entities to identify alternative products to mitigate the impact of the foregoing where possible.

Updated Items. For purposes of contract management, Supplier may provide to Sourcewell an updated report no more than once a calendar quarter, which shall identify the SKU numbers and prices for the new items that Supplier and Sourcewell have added, as well as SKU numbers for

items that have been removed from the from the Core List. Supplier may from time to time propose substitutions to Core Items. Sourcewell agrees that it will not unreasonably withhold its consent.

Custom Pricing; Rebates & Incentives; Other Terms. Supplier may offer additional pricing discounts, rebates and/or incentives to an individual Participating Entity based upon commitments and variables that may include, but not limited to, Participating Entity size and scope, geography, purchase volume, guarantees, logistical expenses, manufacturer support, specific product usage and other contractual terms/requirements. Participating Entities receiving custom pricing or incentives may be required to sign a Participation Agreement with Supplier.

Non-Core Items. The prices for Non-Core Items shall appear on StaplesAdvantage.com and shall be adjusted to reflect changes in stock availability, market conditions, buying expense, and other factors that affect the overall cost of the Non-Core Items. Notwithstanding anything to the contrary, Non-Core Items are not subject to customer audit or any pricing guarantee, nor shall Non-Core Items be subject to the Change Request process set forth in this Section 4.

Sourced Goods. Participating Entities may request certain goods that are non-stock or custom in nature. The prices for Sourced Goods shall be those prices that appear on the ordering platform at time of order, or as otherwise established between Supplier and the applicable Participating Entity at the time the order is placed. Sourced Goods may include additional delivery or handling charges that would be the responsibility of the ordering Participating Entity.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's

authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

Notwithstanding anything to the contrary, a Participating Entity's participation hereunder, including, for the avoidance of doubt, and extension of credit hereunder, is contingent upon Participating Entity's satisfaction of Supplier's standard credit requirements. Supplier also reserves the right to refuse sales of Products to Participating Entities reselling such Products. To the extent a Participating Entity has a pre-existing separate agreement with Supplier, Supplier reserves the right not to sell products and services under multiple agreements to that Participating Entity.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be

negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

Supplier reserves the right to terminate a purchase order pursuant to which a Participating Entity requests or demands services to be performed not enumerated by the terms of this Contract.

E. GOVERNING LAW AND VENUE. The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

The administrative fee referenced in this Section shall be calculated as a percentage of Net Sales (defined below) as follows:

Unless otherwise mutually agreed to in writing by Sourcewell and Supplier, and except as stated below, Supplier will pay Sourcewell an administrative fee of one and half percent (1.5%) of the Participating Entities' aggregate Net Sales during each calendar quarter, which have been timely paid, to be paid within forty-five (45) days after the end of each calendar quarter.

An exception to the above 1.5% admin fee would be that Supplier will pay Sourcewell one quarter of one percent (0.25%) on technology product Net Sales.

Net Sales is defined as the gross sales price of the Products purchased pursuant to this Contract, less shipping costs (including freight charges and insurance), taxes, duties, any rebates or fees actually paid, discounts and allowances actually taken, rejections and returns to the extent credit is given or paid, and also excluding purchases of Market Priced Items and purchases made via (i) Staples.com, or (ii) any Seller retail channel.

Market Priced Items are defined as cash equivalents (e.g. gift cards, postage, etc.), certain custom and special order, and/or certain net priced items or items subject to a manufacturer's MAP policy.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. AUDIT. Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the

end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract. Any audit requests shall be made with thirty (30) days advance written notice and shall be conducted during normal business hours and Supplier's corporate offices. If a third-party consultant or auditor is used, Supplier may require the execution of a confidentiality agreement prior to receiving access to any records.

B. ASSIGNMENT. Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid. This Section shall not apply to Supplier's delivery, installation, design, repair, or refurbishment obligations hereunder, which Supplier may subcontract to reasonably qualified third parties.

C. AMENDMENTS. Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. WAIVER. Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. CONTRACT COMPLETE. This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. RELATIONSHIP OF THE PARTIES. The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

11. INDEMNITY AND HOLD HARMLESS, LIABILITY

Supplier must indemnify, defend, save, and hold Sourcewell and its Participating Entities, including their agents and employees, harmless from any claims or causes of action, including attorneys' fees incurred by Sourcewell or its Participating Entities, arising out of any act or omission in the performance of this Contract by the Supplier or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to have been caused by some defect in the Equipment, Products, or Services under this Contract to the extent the Equipment, Product, or Service has been used according to its specifications. Sourcewell's responsibility will be governed by the State of Minnesota's Tort Liability Act (Minnesota Statutes Chapter 466) and other applicable law.

Neither party nor its officers, directors, employees or Affiliates shall be liable to the other for any special, indirect, incidental, consequential, punitive or exemplary damages, including, but not limited to, lost profits, business interruption, loss of data, or cost of cover, even if the party alleged to be liable has knowledge of the possibility of such damages. The limitations set forth in this Section shall not apply to or in any way limit liabilities arising from a party's gross negligence or willful misconduct, or from the confidentiality or indemnification obligations of that party.

12. GOVERNMENT DATA PRACTICES

Supplier and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell under this Contract and as it applies to all data created, collected, received, maintained, or disseminated by the Supplier under this Contract.

29	Describe your capabilities or limitations related to ordering and/or deliveries (minimum order requirements, order consolidation, expedited shipping/delivery, etc.)	MINIMUM ORDER REQUIREMENTS Unless otherwise mutually agreed to by Staples and a Sourcewell participating entity, Sourcewell participating entities shall have a minimum order size of $35.00 per order. Orders not meeting the minimum will be charged a $7.99 fee. Purchasers will be notified by an alert in the cart that their order is subject to a minimum order fee and that they can avoid the fee by consolidating small orders. Please note the following additional terms: • Minimum order requirements may apply to special orders, manufacturer-direct orders and sourced products. • For items purchased through the Staples Technology Solutions ordering platform, a minimum order fee of $250.00 will apply. Orders not meeting the minimum will be charged an $8.00 shipping and handling fee. • Depending on the scope of the products, minimum order quantities may apply to custom print and promotional items. ORDER CONSOLIDATION: REDUCING SMALL, INEFFICIENT ORDERS Industry statistics show the average cost for processing a single order transaction can be as high as hundreds of dollars depending on the organization and payment processing systems. Placing small, frequent orders incurs these costs with each order, which can be significantly reduced by order consolidation. We'll educate Sourcewell participating entities to adopt more efficient behaviors, such as: • Ordering bi-weekly or monthly, instead of weekly or daily • Coordinating ordering with other departments • Determining frequently ordered items and ordering enough for a week • Anticipating projects that may require more supplies than usual and consolidating these supplies within regularly scheduled orders Benefits of order consolidation include: • Reduced order processing costs • Fewer deliveries and invoices to process • Less packaging, label and invoicing paper waste • CO2 savings from fewer truck deliveries INCREASING ONLINE ORDERS The most efficient way for end users to order from Staples is through our e-commerce site or their e-procurement system. An order placed by phone costs participating entities significantly more than an order placed electronically. We'll educate participating entity's end users on online order placement. Benefits include: • Reduced order processing costs • Faster and easier ordering • Fewer ordering mistakes – fewer product returns • Real-time tracking of product delivery status Staples can communicate ordering best practices to their end users during the implementation process and on a continuous basis through client-approved customized flyers, newsletters and emails. ONLINE COMPLIANCE CONTROLS StaplesAdvantage.com also drives program compliance with features like: • The ability to customize their home page with messaging to communicate key program rules (such as minimum order requirements) and guide purchasers to preferred-item shopping lists • Shared or personal shopping lists populated with commonly ordered or preferred core items • Optional spending and approval controls that eliminate inefficient and costly small orders DESKTOP & PREMIUM DELIVERY As part of each participating entity's account setup, we discuss the individual needs and develop delivery protocols that make it easy to do business with Staples. Our normal delivery hours are 8:00 a.m. to 5:00 p.m. local time, Monday through Friday. Requests for premium delivery service are vetted by our internal transportation team prior to approval. Examples of premium delivery service include: • Desktop delivery (desk to desk) • Specific delivery windows (before noon, after 10:00 a.m., etc.) • Inside delivery (specific floor) • Mailroom delivery (by floor) • Delivery to copy areas (where we leave a fixed number of cases of paper per mailroom, in some cases, stocking the shelves) • Loading boxes through an X-ray machine prior to making delivery Additional costs may apply for premium services and is customized based on each participating entity's specific requirements. Some premium services may not be available in all locations. EXPEDITED ORDERS Same-business-day delivery can be reviewed as a possibility by contacting Staples Customer Service. To ensure all appropriate process checks are completed, we recommend a cut-off time of 11:30 a.m. local time. To account for added transportation costs and courier fees incurred on our end, we do require a separate charge for same-business-day requests. There are some exceptions to same-day delivery service. The delivery location must be within 50 miles of a Staples fulfillment center. Further, the fulfillment center must have the capacity to handle the request that day. In addition, the following items cannot be delivered same day: • Furniture • HAZMAT items (this includes items that contain Lithium batteries) • Liquid • Food and beverage items • Custom items • Drop ship or special-order items • Orders containing more than six SKUs RETAIL PURCHASING PROGRAM & IN-STORE PURCHASING Today, customers can use the Buy Online, Pick Up in Store option and Print-to-Store to get what they need, when they need it for same day purchases. They can also take advantage of our Retail Purchasing Program, which ensures customers can shop in stores to receive their custom pricing or in-store sale price, whichever is lowest at the time of purchase, in any Staples store throughout the U.S.

38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Our success in driving the Sourcewell contract is directly attributable to the support and participation of Sourcewell itself. In continuing to promote the contract, we see significant benefit in this continued support exhibited through: • The ongoing collaboration between Sourcewell and Staples allows for the optimization of identifying, soliciting and acquiring participating entities and contract participants. • The regular communication of industry and public procurement conditions will allow Staples to tailor its acquisition and management efforts to contract prospects accordingly. • The identification and creation of opportunities that allow Staples to provide Sourcewell participating entities its entire scope of products and services. While providing an increasingly attractive value proposition for prospective entities and a compelling source of value for participating entities. • Assistance in identifying Sourcewell participating entities to provide account of their contract success, these successes would in turn be used to acquire new participating entities to the Sourcewell/Staples contract. • The co-development of marketing materials and the mutual identification of marketing opportunities including public events and trade shows. • Ongoing availability to meet with Sourcewell, Staples' senior-level leadership and sales management to reinforce the opportunity within the contract and the vital role it plays in Sourcewell's and Staples' mutual ongoing success.	*

53	Describe any service contract options for the items included in your proposal.	Staples offers a number of lease/service agreement options to meet Sourcewell participating entities' unique product and/or service needs. These lease options may include the following products and/or services and may require additional signed agreements between Staples and the requesting Sourcewell entity: Coffee: We provide the coffee brewer, installation; maintenance and service through the term of the lease if the minimum spend requirements are met for coffee products. Minimum spend requirements vary by type of brewer. Water: Program offered is a lease agreement – the customer pays established fees per month and Staples installs, maintains and services the filtration unit. The customer pays for the number of 5-gallon water bottles delivered to them and has an option to lease a water dispenser if desired – or they can choose to use their own 5-gallon water dispenser. Ware Wash: This program utilizes equipment that dispenses chemicals into a commercial dishwasher and Diversey provides the installation and the service as part of the customer's purchase of the Diversey chemicals through Staples. Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
54	Describe your payment terms and accepted payment methods?	Staples' standard payment terms are Net 30 days. Each participating entity will remit all invoice payments, including all taxes on its product purchases, to Staples in thirty (30) calendar days from receipt of invoice, unless otherwise agreed to in writing by Staples and entity. In the event a participating entity fails to comply in any material respect with the foregoing payment terms, Staples may, at its sole discretion and in addition to any other right or remedy available under applicable law or in equity, immediately suspend all deliveries to such entity's location(s) by written notice to such participating entity and to Sourcewell. Staples welcomes a wide range of payment types to meet the needs of Sourcewell participating entities. Their Staples invoices can be paid via: • Company check • Automated Clearing House (ACH) with notifications via email or EDI • Electronic Funds Transfer (EFT) Additionally, credit cards or corporate procurement cards may be used at the time of purchase (Discover, American Express, MasterCard or Visa). Credit cards may not be used to pay an invoice.	*
55	Describe any leasing or financing options available for use by educational or governmental entities.	When applicable, Staples has leasing and financing options available to Sourcewell participating entities. Staples utilizes multiple third-party leasing sources for eligible Staples customers. Participating entities may have an existing relationship with their own choice of leasing providers, and we may work with that provider if mutually agreed to. Leasing terms and conditions vary by lease provider and the requirements of the acquisition and are determined as the solution is developed and the leasing source is finalized. Our broad range of leasing options is flexible so that Sourcewell participating entities can tailor the length, acquisition type and amount of their payments to meet their business' needs. Lease options include capital or operating lease options, giving them end of term options to keep (own), upgrade or return assets. Leases may allow for certain soft expenses like service, software and accessories to be include in the monthly payments for an asset acquired under lease. Staples can work with their organizations to help finalize the option that best suits their needs.	*
56	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	When applicable, Staples uses a Sourcewell Participation Agreement for participating entities to include their own terms or to outline any custom terms that may apply to their program. Please see the sample provided in the Attachments section of the Sourcewell portal.	*
57	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Yes. Procurement Cards (P-Cards) represented by one of the major credit cards (Visa, MasterCard, American Express and Discover) may be used at the time of purchase. However, P-cards may not be used to pay invoices. There is no additional cost to Sourcewell participating entities for using P-cards.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
58	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Staples' proposed pricing model is designed to take advantage of our industry leading assortment of workplace products, equipment and services. The offering includes a large number of net-priced items on the Core List that facilitates price stability on office supplies, school supplies, facility solutions, breakroom products, technology products, furniture and other workplace essential supplies. Additionally, there is pricing for services and manufactured items like promotional products and printing. Rounding out the offering is non-core pricing that will take advantage of leveraging Staples' strength as one of the largest sellers of workplace solutions on the Internet. The balance of our assortment will be market-based pricing. Successful online sellers like Staples invest in systems and intelligence gathering to strive to ensure that market-based prices are set and maintained in a market-competitive structure. Market-based pricing provides full visibility and disclosure of pricing.	*

59	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Staples proposes the following pricing structure: Core List. The "Core List" represents net priced items which are inclusive of those products predicted to be the most commonly used products by Sourcewell and its participating entities. Prices for Core List items provided under this contract are set forth in Exhibit 1. The prices for Core List Items, excluding Premium Products may be updated twice annually on August 1st and February 1st of each year during the term that this contract in effect. Staples may request a price change adjustment for Core List items by submitting a price change request to Sourcewell thirty (30) days prior to August 1st and February 1st to reflect changes in stock availability, market conditions, buying expense, tariffs and other factors that affect the overall cost of such items. The prices for Premium Products may be updated quarterly each year during the term that this contract is in effect. Premium Products are defined as copy paper, toner, ink, janitorial paper, can liners/trash bags, technology, furniture, and deviated products that participating entities purchase from Staples. "Deviated Items" means products for which Staples receives special pricing from the manufacturer specifically for Sourcewell. Extraordinary Market Events. Staples reserves the right to reasonably adjust a Core Item's price if extraordinary market events require immediate adjustment (e.g., shortages, trade disputes, natural disasters, etc.) and to adjust pricing with the impact of tariffs, customs, or duties imposed on products. Any such adjustments shall be noticed to Sourcewell with thirty (30) days prior written notice accompanied by supporting documentation. Staples will work with Sourcewell and affected participating entities to identify alternative products to mitigate the impact of the foregoing where possible. Updated Items. For purposes of contract management, Staples may provide to Sourcewell an updated report no more than once a calendar quarter, which shall identify the SKU numbers and prices for the new items that Staples and Sourcewell have added, as well as SKU numbers for items that have been removed from the from the Core List. From time to time, Staples may propose substitutions to Core Items. Sourcewell agrees that it will not unreasonably withhold its consent. Custom Pricing; Rebates & Incentives; Other Terms. Staples may offer additional pricing discounts, rebates and/or incentives to an individual participating entity based upon commitments and variables that may include, but not limited to, entity size and scope, geography, purchase volume, guarantees, logistical expenses, manufacturer support, specific product usage and other contractual terms/requirements. Participating entities receiving custom pricing or incentives may be required to sign a Participation Agreement with Staples. Non-Core Items. The prices for Non-Core Items shall appear on StaplesAdvantage.com and shall be adjusted to reflect changes in stock availability, market conditions, buying expense, and other factors that affect the overall cost of the Non-Core Items or as otherwise quoted at the time of purchase. Notwithstanding anything to the contrary, Non-Core Items are not subject to customer audit or any pricing guarantee, nor shall Non-Core Items be subject to the change request process set forth in Section 4 of the Master Purchase Agreement. Sourced Products. Participating entities may request certain goods that are non-stock or custom in nature. The prices for Sourced Goods shall be those prices that appear on the ordering platform at the time of order, or as otherwise established between Staples and the applicable participating entity at the time the order is placed. Sourced Goods may include additional delivery or handling charges that would be the responsibility of the ordering entity. Pricing Exhibits. Please see our Pricing Exhibits for pricing details on the following categories: • Exhibit 1 – Core List Pricing • Exhibit 2 – Print Services • Exhibit 3 – Staples Promotional Products • Exhibit 4 – Staples Technology Solutions Tier One Diversity Program. Staples' Tier One Diversity Reseller Program is available to Sourcewell participating entities. Under the Tier One Diversity Reseller Program, participating entities may purchase products hereunder from a Diverse Reseller participating in the program. Sourcewell acknowledges that the Diverse Reseller's pricing to participating entities may be higher to reflect the services provided by the Diverse Reseller.	*
60	Describe any quantity or volume discounts or rebate programs that you offer.	Our proposal reflects updated attributes related to pricing, assortment and admin fees based on our experience in the Public Sector and with Sourcewell participating entities' behaviors and desires, as well as market conditions. Staples may offer additional pricing discounts and/or incentives to an individual participating entity based upon commitments and variables that may include, but not limited to, entity size and scope, geography, purchase volume, guarantees, logistical expenses, manufacturer support, specific product usage and other contractual terms/requirements. Participating entities receiving custom pricing or incentives may be required to sign a Participation Agreement with Staples.	*

61	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Staples customers frequently request we source goods and services on their behalf that could be non-stock or custom in nature and are within the scope of our sourcing and distribution capabilities. Staples will also facilitate access to these "Sourced Products" and services to Sourcewell and its participating entities. Despite having hundreds of thousands of items available through our e-commerce site, Staples customers often have unique product sourcing needs that range from lollipops to industry-specific proprietary items. To fulfill these unique requests for our customers, Staples maintains a highly specialized non-stock procurement team available to assist our customers with these unique requests. Users can submit special order requests directly through our e-commerce site or through their Staples Account Manager. The non-stock procurement team works diligently to fulfill Sourcewell participating entities product needs quickly and at the lowest possible cost. The prices for Sourced Products shall be those prices that appear on the ordering platform at the time of order, or as otherwise established between Staples and the applicable participating entity at the time the order is placed. Sourced products may include additional delivery or handling charges that would be the responsibility of the ordering entity.	*
62	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	There may be additional services available which are associated with certain products, including, but not limited to: furniture, facility solutions, technology or water/coffee dispensers or programs, etc. which at the option of the entity may be purchased or leased at the time of order/agreement. The costs for such services shall be paid to Staples by the Sourcewell participating entity. Additionally, there may be some items, typically furniture, where there may be an additional fee charge by the manufacturers that will be passed along to the ordering participating entity.	*
63	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Staples does not apply additional charges or fees for standard delivery of stocked orders. However, there are some special exceptions where a delivery or special handling fee may apply. Most fees will be displayed in the shopping cart on StaplesAdvantage.com upon ordering. Common delivery exceptions that require a surcharge include: • Orders not meeting the minimum order requirements • Furniture unpacking or assembly • Stair carry for upper floor inside deliveries (lack of freight elevator or access to same) • Handling support for facilities that do not operate a fully functioning dock • Expedited deliveries • Manufacturer fees • Deliveries outside Staples' standard distribution area (Alaska and Hawaii) • Bulky, fragile or heavy items such as fireproof file cabinets, cases of water, soda, ice melt and chemicals • Or as otherwise indicated on our website at the time of purchase Surcharges are calculated on a per-order basis. PACKAGING OPTIMIZATION To help reduce waste at participating entities' facilities, Staples has engineered our order fulfillment process to minimize packaging and shipping materials on supply deliveries. Simultaneously, we ensure that all deliveries are properly protected in order to arrive intact. • SmartSize™ – Staples has rolled out award-winning technology to the majority of our U.S. distribution centers that tailors box sizes to the exact size of the order, reducing use of corrugate and air pillows. To further reduce the environmental impact of our delivery process, we use boxes made from 35% to 100% recycled material. This approach to packaging results in an annual carbon footprint reduction of more than 30,200 tons, equivalent to 120,000 trees. • Box Logic – Our warehouse management system uses a series of algorithms that automatically choose the smallest delivery box from eight standard sizes, based on the combined dimensions of items in the order, reducing packaging waste. • Wholesaler Initiatives – As part of our fulfillment process, Staples utilizes three national wholesalers to support our product requirements. We work diligently with these suppliers to confirm they are reducing shipping materials for our customers. The products shipped by our wholesalers undergo similar sizing analysis by their computer systems. Reducing packaging waste is important to our commitment to help the environment. In addition to the internal initiatives above, we're actively working with customers to minimize packaging waste by reducing the frequency of small orders through order consolidation. These initiatives have reduced packaging and shipping materials by up to 20% for some customers. PACKAGE PROTECTION Staples has invested in air pillow dunnage technology to safeguard the product we ship. These air pillows: • Are designed to provide maximum protection with a minimum use of material, reducing the amount of packaging required • Can be re-used • Can be deflated prior to disposal, reducing original volume by over 90% • Can be recycled when given to the delivery driver or sent back when making a return • May be returned for recycling to local Sealed Air sites by calling the Sealed Air phone number on the cushion or may be recycled commercially as #4 plastic • Provide high BTU energy contents in municipal incineration

Some premium services may not be available in all locations. SAME-DAY DELIVERIES Same-business-day delivery can be reviewed as a possibility by contacting Staples Customer Service. To ensure all appropriate process checks are completed, we recommend a cut-off time of 11:30 a.m. local time. To account for added transportation costs and courier fees incurred on our end, we do require a separate charge for same-business-day requests. There are some exceptions to same-day delivery service. The delivery location must be within 50 miles of a Staples fulfillment center. Further, the fulfillment center must have the capacity to handle the request that day. In addition, the following items cannot be delivered same day: • Furniture • HAZMAT items (this includes items that contain Lithium batteries) • Liquid • Food and beverage items • Custom items • Drop ship or special-order items • Orders containing more than six SKUs BUY ONLINE, PICK UP IN STORE Our industry-leading network of U.S. stores gives participating entities easy same-day purchasing solutions. Participating entities can purchase a wide variety of items on StaplesAdvantage.com and pick their items up in one hour or less at any of our U.S. retail stores. This allows Sourcewell participating entities to buy within their established purchasing program, with their contract rules and pricing, for same-day purchases. Users can even filter by Pick Up in Store to make those emergency purchases quicker. PRINT TO STORE Participating entities can also use Staples' Print to Store option to print directly from their computer to any Staples retail location for pickup. From black & white or color printing to binding and booklet options, Print to Store offers more than 2,000 finishing configurations for Sourcewell participating entities' printing needs. Print to Store bills directly to their Staples account, ensuring compliance and more robust tracking while providing easy, on-the-go printing services for their remote and traveling employees. Participating entities can upload and reconfigure their documents, save their files for future reordering and proof all orders online before submitting. At any time, they can submit their orders right from their desktop to Staples, with delivery to any Staples retail location. STAPLES PROMOTIONAL PRODUCTS Staples Promotional Products has a 500,000 square foot contract decoration and distribution center in Orange City, IA. This facility does embroidery, screen print, laser engraving, digital heat transfer, and more. We have pick-to-voice technology and use a pack-right shipping system to cut boxes to the order size. Our facility is centrally located for distribution throughout the U.S. We also use FedEx as our preferred shipper but can utilize any major carrier service. We are currently seeking certification for zero waste to landfill status.
68	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Staples will create internal metrics to measure growth and success of the contract which include reporting and analysis of the increased number of participating entities utilizing the contract, category sales for participating entities, sales and number of orders by participating entity, and year over year sales growth for the contract. Additionally, success metrics can be mutually established and measured in scheduled quarterly strategy meetings between Staples and Sourcewell. Having serviced Sourcewell participating entities for nearly two decades, we know that we need to continually raise the bar in our national contract performance. As a current Sourcewell awarded supplier, we commit to elevating our overall value with the built-in flexibility to accommodate the evolving needs of your participating entities.

69	If you are a dealer, distributor, or reseller, describe your capabilities for verification of product authenticity, quality control, and documentation of custody in your supply chain.	Staples is committed to providing high quality products that last, leading to fewer returns, fewer reorders and less frustration for our customers. To uphold this commitment, we capture reporting and regularly audit the quality of the products we source from suppliers, as well as from Staples-exclusive products. Staples' strict product sourcing process assures that products offered are genuine by sourcing products only from OEMs and authorized resellers to mitigate the risk of cloned, fake or counterfeit products that could potentially put Sourcewell participating entities at risk. ANNUAL VENDOR REVIEWS We only source from the most trusted and reputable suppliers in our industry, including leading wholesalers and brands such as 3M, HP, Avery and HON. We conduct annual vendor contract reviews to measure our suppliers' quality performance. We evaluate the number of returns placed on their products as well as general customer satisfaction survey feedback. At 1.45%, our low product-return rate is a testament to our relentless focus on quality. PAPER & WOOD-BASED PRODUCT SOURCING POLICY We also actively work with our key paper suppliers to ensure transparency into their sourcing and production methods with respect to environmental and social responsibility. The majority of our paper suppliers have achieved chain of custody certification with one or more programs, including the Forest Stewardship Council (FSC) and Sustainable Forestry Initiative (SFI). Approximately 90% of the paper products we sell by weight in the U.S. are manufactured and/or distributed by vendors with FSC chain of custody certification, including brands like Domtar, International Paper, Georgia-Pacific, Kimberly-Clark, 3M, Esselte, Fellowes, Marcal and others. Our Paper and Wood Based Product Sourcing Policy forms the foundation of our commitment to ensure the paper products we sell are sourced in an environmentally and socially responsible manner. It also defines our expectations for suppliers of paper-based products. The policy focuses on four key areas: • Protecting forest resources and communities by seeking to source certified products • Reducing demand for virgin wood fiber • Sourcing from suppliers committed to environmental excellence • Promoting responsibly sourced paper and wood products to our customers PROGRAMS & PARTNERSHIPS We collaborate with a few key non-profits to help us improve paper and wood product sustainability. This includes partnerships with the Rainforest Alliance on the Appalachian Woodlands Alliance and various projects with the Forest Products Working Group (FPWG), an initiative of GreenBlue. PRODUCT BRANDS EXCLUSIVE TO STAPLES QUALITY ASSURANCE Product brands exclusive to Staples are subject to a comprehensive quality assurance program that includes: • Product Design – Product brands exclusive to Staples are designed to meet or exceed national brand equivalent specifications. • Factory Certification – Production facilities in developing countries undergo third-party audits to uphold our standards for social responsibility and to guarantee practices are in place to deliver quality products. • Rigorous Testing & Inspection – All products are engineer-tested for quality in leading independent labs. Inspectors pull samples from the production line to confirm that products are manufactured to our exact specifications before they ship to our warehouses. • Continuous Monitoring – Throughout a product's lifecycle, inspectors pull samples for follow-up lab testing to certify that the product still meets our specifications. MONITORING PRODUCT QUALITY On the rare occasion that a product fails to meet an entity's satisfaction, we offer fast and easy resolution methods: • Purchasers can return any item using our no-hassle online returns process or by contacting Customer Service. • We arrange driver pickup for all product returns at no cost to participating entities. We thoroughly analyze damaged or defective items and ensure our manufacturers address the underlying quality issue. Staples Account Managers will share corrective actions and report on progress during regular business reviews.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
71	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	At Staples, we take our national contract obligations seriously. We have a long history of providing accurate pricing and conducting compliance audits with Sourcewell and its participating entities. To maintain contract compliance, we continually verify our pricing data and hold ourselves accountable to the highest internal pricing standards. As such, we have multiple processes in place to ensure pricing accuracy and consistency. For example, national contract pricing is managed and maintained by a single, knowledgeable and experienced pricing team. This ensures that all pricing is consistent with the contract terms and requirements. We also review pricing on a regular basis and compare it to the contract pricing requirements. This further guarantees that your participating entities receive pricing that is consistent. Additional audits and periodic pricing checks may be conducted randomly throughout the term of the contract to add an extra level of protection and audit control as deemed necessary to maintain our pricing integrity.	*
72	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Some internal metrics used to measure success with the contract include number of participating entities under the contract, geographic distribution of participating entities, sales and number of orders by participating entity, remaining potential, and year over year sales growth. Additionally, success metrics can be mutually established and measured in scheduled business reviews between Staples and Sourcewell. Having serviced Sourcewell participating entities for nearly two decades, we know that we need to continually raise the bar in our national contract performance. As a current Sourcewell awarded supplier, we commit to increasing our overall value with the built-in flexibility to accommodate the evolving needs of your participating entities.	*
73	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Unless otherwise mutually agreed to in writing by Sourcewell and Staples, and except as stated below, Staples will pay Sourcewell an administrative fee of one and half percent (1.5%) of the participating entities' aggregate Net Sales during each calendar quarter, which have been timely paid, to be paid within forty-five (45) days after the end of each calendar quarter. An exception to the above 1.5% admin fee would be that Staples will pay Sourcewell one quarter of one percent (0.25%) on technology product Net Sales. Net Sales: The gross sales price of Products purchased pursuant to the Agreement, less shipping costs (including freight charges and insurance), taxes, duties, any rebates or fees actually paid, discounts and allowances actually taken, rejections and returns to the extent credit is given or paid, and also excluding purchases of Market Priced Items and purchases made via (i) Staples.com, or (ii) any Seller retail channel. Market Priced Items: Cash equivalents (e.g., gift cards, postage, etc.), certain custom and special order, and/or certain net priced items or items subject to a manufacturer's MAP policy.	*

Debut lacked luster but Clark has right attitude

Richard Morin
USA TODAY

Fever guard Caitlin Clark scores her first regular-season basket against the Sun in the second quarter Tuesday at Mohegan Sun Arena. DAVID BUTLER II/USA TODAY SPORTS

UNCASVILLE, Conn. – Mohegan Sun Arena, radiating more energy than a coronal mass ejection, desperately hoped a performance of Caitlin Clark 3-pointers would dazzle like the Northern Lights that appeared in this area over the weekend.

But for large stretches of Tuesday's game, Clark, a perennial record-breaker in college, struggled off the launch pad during an up-and-down WNBA debut that saw the Indiana Fever fall 92-71 to the Connecticut Sun.

Despite finishing tied with Connecticut's DeWanna Bonner for a game-high 20 points, Clark (5-for-15 shooting) missed her first four shots and was forced to the bench midway through the first quarter due to foul trouble. She got her first bucket in the second quarter and didn't catch fire until the fourth, when she drained two consecutive 3-pointers and got to the line for two free throws on the following possession.

Despite the shaky performance that saw her break another record – Clark set an all-time high for turnovers in a WNBA debut with 10 – the 22-year-old sensation was more focused on the bigger picture when she spoke to reporters more than an hour after Indiana's loss.

"Obviously, I'm disappointed and nobody likes to lose, but that's how it is," Clark said. "I don't think you can beat yourself up too much about one game. We have to learn from it and move on."

All eyes were on Clark in Connecticut for one of the most anticipated professional debuts by an athlete in recent memory. ESPN was broadcasting in prime time. Media accommodations were at capacity. And you saw a Caitlin Clark jersey – be it of the Indiana or Iowa variety – almost anywhere you looked inside Mohegan Sun Arena, packed with its first sellout crowd (8,910 announced) since 2003.

"I thought it took me a while to settle into the game," said Clark, who also had three assists. "I thought the second half was a lot better and it's just getting more comfortable, which will come with experience and getting to play with these girls."

Clark insisted she wasn't nervous before the game. But she was excited and, above all, thankful for what Tuesday's game represented. How many people could be tuning in to their first WNBA game and fall in love with the game?

"The parity in women's basketball is what's making more people want to come and watch it," Clark said. "The more we can spread the love and show all the talent, we can keep elevating it. I've had a lot of fun being in the spotlight and helping to grow this game."

Clark, the No. 1 overall pick, holder of countless records at the college level and the catalyst for an explosion of interest surrounding women's basketball, spoke at length about gratitude before and after Tuesday's loss.

Even going back to Indiana with a defeat in tow, Clark said she feels lucky.

"With women's basketball across the board being at an all-time high," Clark said pregame, "how lucky are we that we get to come into this moment with everybody else? You can't really script it any better. I just feel very fortunate.

"The more we can share the love, the better this league is going to be."

Bruins edge Panthers, head home for Game 6

Field Level Media

Goaltender Jeremy Swayman and Linus Ullmark celebrate the Bruins' win. SAM NAVARRO/USA TODAY SPORTS

Charlie McAvoy had a goal and an assist to help the Boston Bruins stave off elimination with a 2-1 win against the Florida Panthers in Game 5 of an NHL Eastern Conference semifinal series on Tuesday night in Sunrise, Florida.

The Panthers still lead the best-of-seven series 3-2 heading into Game 6 on Friday in Boston.

Morgan Geekie also scored and Jeremy Swayman made 28 saves for the Bruins, who have never overturned a 3-1 series deficit in 25 previous attempts.

"We made really good decisions with the puck tonight in the first period, which led to quality scoring chances," Boston coach Jim Montgomery said. "Tonight was our best game of the series."

Sam Reinhart scored and Sergei Bobrovsky made 26 saves for the Panthers, who had won three in a row to take command of the series.

Geekie gave the Bruins a 1-0 lead at 4:49 of the first period with his fourth goal of the playoffs.

Jake DeBrusk retrieved the puck behind the Florida net and passed it to Geekie driving toward the crease. Bobrovsky came off the goal line to attempt a save, but Geekie pulled the puck to his backhand and slid it into the net.

"They started well," Panthers captain Aleksander Barkov said of the Bruins. "They came out of the gate really hard and got going right away. ... We still had a lot of time to play better."

The Panthers were getting outshot 17-8 when Florida coach Paul Maurice gave his team a spirited pep talk during a timeout early in the second period.

"I thought they needed some profanity in their life, and I brought some," Maurice said of his comments during the timeout.

Barkov won the ensuing faceoff, and the Panthers kept the puck in the Boston zone before Aaron Ekblad took a shot from the right point that hit Reinhart in the slot.

Swayman tried to poke the puck through the middle, but it went back to Reinhart, who banked his shot off the post and into the net to tie it 1-1 at 6:23.

McAvoy moved Boston back ahead 2-1 at 10:25 of the second.

Boston played its second straight game without team captain Brad Marchand, who was injured late in Game 3 on a hit to the head by the Panthers' Sam Bennett. Marchand (three goals, seven assists) is tied with DeBrusk (five goals, five assists) for the Bruins' lead in points during the postseason.

Montgomery said postgame that Marchand is day-to-day.

Maurice added, "There will be 60 cameras at morning skate to see if Brad Marchand takes a sip of water."

Oilers pull even with Canucks after wild finish to Game 4

Field Level Media

The Oilers' Evan Bouchard celebrates after scoring a goal against the Canucks in Game 4 on Wednesday. PERRY NELSON/USA TODAY SPORTS

Calvin Pickard recorded the win in his first NHL playoff start and Evan Bouchard scored the tiebreaking goal with 38.1 seconds remaining in regulation as the host Edmonton Oilers registered a 3-2 victory over the Vancouver Canucks on Tuesday to even their Western Conference semifinal series at two victories apiece.

Bouchard and Leon Draisaitl each had a goal and an assist for the Oilers, who recovered after their two-goal edge disappeared in the third period. Edmonton's Ryan Nugent-Hopkins also scored.

Pickard, whose previous playoff time was mop-up duty in Game 3 of this series in place of No. 1 netminder Stuart Skinner, made 19 saves.

Only 62 seconds after the Canucks pulled even and appeared to set up overtime, Bouchard fired a long point shot that made it through the crush of players and into the net for his fourth goal of the postseason.

Conor Garland and Dakota Joshua scored for the Canucks, who saw their road winning streak snapped at four games. Goalie Arturs Silovs stopped 27 shots.

Game 5 of the best-of-seven series will be Thursday (10 p.m. EDT, TNT) in Vancouver. That contest will follow a game that was an emotional roller coaster.

Draisaitl's eighth goal of the playoffs, and sixth on the power play, opened the scoring 11:10 into the clash. Draisaitl unloaded a rocket of a one-timer from the bottom of the right circle that Silovs got a piece of but not enough.

Draisaitl is the first Oilers player to begin a playoffs on a nine-game point streak since Mark Messier in 1988.

The Oilers have scored on the power play in all nine of their playoff games.

Nugent-Hopkins doubled the lead with 40 seconds remaining in the second period. Sprung on a two-on-one rush by Mattias Ekholm, Nugent-Hopkins elected to shoot and buried his attempt inside the far post for his second goal of the playoffs.

Garland gave the Canucks a much-needed boost at 6:54 of the third period. Nikita Zadorov's point shot was blocked, but Garland gained the puck and from the slot found the mark thanks to a slick ricochet off the leg of Oilers defenseman Darnell Nurse.

The Canucks have been a successful comeback squad on a few occasions, and they continued that theme when Brock Boeser fired a shot from the left circle that banked into the net off Joshua. The tally was Joshua's fourth of the playoffs.

Canucks defenseman Carson Soucy served a one-game suspension for cross-checking Edmonton star Connor McDavid at the end of Game 3. Noah Juulson took his place in the lineup.

Celtics pounced on Pacers' late miscues

Jeff Zillgitt
USA TODAY

Celtics forward Jayson Tatum goes to the basket against the Pacers on Tuesday. DAVID BUTLER II/USA TODAY SPORTS

BOSTON – The Boston Celtics delivered a rude welcome to the Indiana Pacers at the start of the NBA Eastern Conference finals.

The Celtics scored the game's first 12 points in a raucous environment at TD Garden, and it was just the kind of message they needed to send.

The Pacers, however, shrugged it off. They are not strangers to unfriendly arenas, having just beat the New York Knicks in a Game 7 Sunday at Madison Square Garden.

Indiana's relentless offense got it back in the game, and the Pacers owned a three-point lead with 46.8 seconds left in the fourth quarter. The Pacers then committed turnovers and failed to protect the lead. It was a chaotic finish, punctuated by their missed chances and Celtics star Jayson Tatum's offense.

Boston's Jaylen Brown made a tough corner 3-pointer with 6.1 seconds left to force overtime, and the Celtics outscored the Pacers in the five minutes of OT for a 133-128 victory in Game. 1.

Tatum followed a 3-point play with a 3-pointer from the top of the arc, giving Boston a 127-123 lead with 42.9 seconds to go, and it was enough cushion to escape with a victory.

Tatum scored a game-high 36 points and had 12 rebounds and three steals. He scored 10 points in OT and was one of three Celtics players with at least 26 points, seven rebounds and three steals. Brown had 26 points, six rebounds, five assists and three steals; Jrue Holiday produced 28 points, eight assists, seven rebounds and three steals.

Game 2 is Thursday in Boston (8 p.m. EDT, ESPN).

Offense on display

The Celtics had the No. 1 offense and the Pacers the No. 2 offense during the regular season. The scoring prowess was apparent. Both teams hovered at the 50% mark from the field with Boston at 47.5% and Indiana at 53.5%, and seven Pacers scored in double figures led by Tyrese Haliburton's 25 points and 10 assists. Pascal Siakam had 24 points, 12 rebounds and seven assists and Myles Turner added 23 points and 10 rebounds for the Pacers.

While Boston had the league's No. 2 defense, Indiana's plan is to apply as much pressure as possible with its pace. Among the difference-makers Tuesday: Indiana's turnovers. The Pacers committed 22, leading to 32 Celtics points.

Horford continues to fill in

Veteran big man Al Horford, who is in the starting lineup for injured Kristaps Porzingis, had 15 points and six rebounds. He doesn't replace what Porzingis does but his experience helps minimize his absence. He is targeting a possible Game 4 return, ESPN reported.

Free-throw discrepancy

The Celtics shot 30 free throws, making 24, and the Pacers were 9-for-10 from the foul line with seven of those attempts coming in overtime. That's in part a byproduct of how both teams play. Pacers coach Rick Carlisle complained about the officiating during the semifinal series against the Knicks, and the NBA fined him $35,000.

Carlisle: Meltdown in Game 1 'on me'

Jeff Zillgitt
USA TODAY

"A lot of things had to go wrong for us and right for them. They did," Pacers coach Rick Carlisle said Tuesday. DAVID BUTLER II/USA TODAY SPORTS

BOSTON – Year after year, NBA executives vote Rick Carlisle one of the league's best in-game coaches.

The Indiana Pacers coach admitted late Tuesday he didn't have his finest moment in the final seconds of regulation in the Boston Celtics' 133-128 overtime victory against the Pacers in Game 1 of the NBA Eastern Conference finals.

"This loss is totally on me," he said.

The Pacers had a 117-114 lead and possession of the basketball but turned the ball over on the inbound pass, leading to Celtics guard Jaylen Brown's overtime-forcing corner 3-pointer with 6.1 seconds left in the fourth quarter.

"With 10 seconds (left) in regulation, we should've just taken the timeout, advanced the ball, and found a way to get it in and made a free throw or two and ended the game," Carlisle said.

Unlike many Pacers players who are playing in the conference finals for the first time, Carlisle is a championship coach with decades of experience.

He wasn't the only one making mistakes in a game the Pacers will look back on as one it should have won. Indiana committed 22 turnovers that led to 32 points. Beside the aforementioned late-game turnover, Pacers All-Star point guard Tyrese Haliburton lost the basketball out of bounds with 27.7 seconds left in the fourth quarter with the Pacers ahead by three points, and Haliburton had another one in overtime, leading to a Jayson Tatum 3-pointer that put the Celtics up 127-123.

"We made mistakes, so that's an area we need to clean up," Carlisle said.

Even Brown's 3-pointer that sent the game to overtime is under scrutiny. Up three, why not foul to prevent a tying 3? That was the instruction. However, Brown caught the ball in the corner ready to shoot, and Pacers forward Pascal Siakam didn't want to risk fouling Brown and giving him the chance at three free throws or a four-point play.

"He caught the ball and was face up, and Pascal decided to lay off, which I understand was probably the right decision," Carlisle said.

Said Siakam: "As soon as I got to him – I was a little late because of the screen – he was going up so I didn't do it (foul). I was a little too late. If you have an opportunity to do it, you do it. I felt like he was going into his (shooting) motion. It was a tough shot. Maybe I could've contested it better. It was just a tough play."

The image of Siakam with his hands behind his back and Brown launching a 3 in front of the Pacers bench will haunt Indiana.

The Pacers played well enough to win. They shot better from the field (53.5%-47.5%) and 3-point range (37.1%-33.3%), outrebounded Boston and had more assists and Indiana's bench outscored Boston's 30-13.

But those turnovers and refusal to call a timeout cost Indiana. Those plays not only sway a game, they have the potential to sway a series. The sixth seed can't waste many opportunities against the one seed.

"We've been a tough-minded, resilient team the second half of the year," Carlisle said, "and we've got to continue that."

NHL CONFERENCE FINALS PREDICTIONS

Hockey experts split on who'll play for Stanley Cup

Mike Brehm and Jace Evans
USA TODAY

The Florida Panthers and Dallas Stars have earned a return trip to the conference finals. The New York Rangers and Edmonton Oilers are back after a one-year absence.

Of that group, only the Panthers made it to the Stanley Cup Final the past two postseasons, but now two teams will get a shot.

The Rangers-Panthers Eastern Conference final series opened Wednesday in New York. The Stars-Oilers Western Conference final opens in Dallas on Thursday (8:30 p.m. EDT, TNT, truTV)

USA TODAY Sports' Mike Brehm and Jace Evans make their predictions for who advances out of the Eastern and Western Conference finals:

Eastern Conference: New York Rangers vs. Florida Panthers

Mike Brehm: Rangers in 7. The Rangers were rolling through the playoffs before the Hurricanes picked up two wins. But when it looked like the series might go to seven games, Chris Kreider came through with a third-period hat trick. The Rangers have the depth to match up with the Panthers, and their special teams can help make up for their deficiencies at five-on-five play. They'll have to shore up that part of their game, though.

Jace Evans: Panthers in 6. This series feels like a coin flip – and given some of the characters involved, it has the potential to be nasty. New York's 7-0 playoff start, which matched the 1994 Stanley Cup-winning team's, definitely produced some "team of destiny" vibes. More pertinent to this series, though, the Rangers have a sizzling power play, strong penalty kill and the best goalie left in the playoffs. But I think the Panthers' superior five-on-five play will be the difference-maker in this series.

Western Conference: Dallas Stars vs. Edmonton Oilers

Mike Brehm: Stars in 6. I originally picked the Stars to reach the Stanley Cup Final then mistakenly picked against them in the last round because I didn't think they'd be able to stop the Colorado Avalanche. They did and I think they can do the same to the high-flying Oilers. They play a strong defensive game, which helps them thrive on the road. They just need to be better on the penalty kill.

Jace Evans: Oilers in 7. I have no *real* reason to pick Edmonton. The Stars' goaltending is significantly better. Their defense is better. Their forward depth is better. So why am I picking the Oilers? Because the Oilers have Connor McDavid and Leon Draisaitl, two of the best players of their generation in their prime. Draisaitl has arguably become the top big-game performer in the NHL. He had 32 points in 16 playoff games in 2022, tied for the league lead in playoff goals last season (13) despite playing just 12 games in two rounds and this year has 24 points in 12 games. The scary thing is I think McDavid could take his game up a level – he has 21 points in 12 games but just two goals while shooting 6.3%.

I. ABOUT SOURCEWELL

A. SOURCEWELL

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that facilitates a competitive public solicitation and contract award process for the benefit of its 50,000+ participating entities across the United States and Canada. Sourcewell's solicitation process complies with State of Minnesota law and policies, conforms to Canadian trade agreements (including Canadian Free Trade Agreement, Ontario-Quebec Trade and Cooperation Agreement, and Canada-European Union Comprehensive Economic and Trade Agreement, as applicable), and results in cooperative purchasing solutions from which Sourcewell's Participating Entities procure equipment, products, and services.

Cooperative purchasing provides participating entities and suppliers increased administrative efficiencies and the power of combined purchasing volume that result in overall cost savings. At times, Sourcewell also partners with other purchasing cooperatives to combine the purchasing volume of their membership into a single solicitation and contract expanding the reach of contracted suppliers' potential pool of end users.

Sourcewell uses a website-based platform, the Sourcewell Procurement Portal, through which all proposals to this RFP must be submitted.

B. USE OF RESULTING CONTRACTS

In the United States, Sourcewell's contracts are available for use by:

- Federal and state government entities;
- Cities, towns, and counties/parishes;
- Education service cooperatives;
- K-12 and higher education entities;
- Tribal government entities;
- Some nonprofit entities; and
- Other public entities.

In Canada, Sourcewell's contracts are available for use by:

- Provincial and territorial government departments, ministries, agencies, boards, councils, committees, commissions, and similar agencies;
- Indigenous self-governing bodies;
- Regional, local, district, and other forms of municipal government, municipal organizations, school boards, and publicly funded academic, health, and social service entities referred to as MASH sector (this should be construed to include but not be limited to the Cities of Calgary, Edmonton, Toronto, Ottawa, and Winnipeg), as well as any corporation or entity owned or controlled by one or more of the preceding entities;

- Crown corporations, government enterprises, and other entities that are owned or controlled by these entities through ownership interest; and
- Members of the Canoe procurement group of Canada, and their partner associations: Canoe members are regional, local, district or other forms of municipal government, school boards, publicly-funded academic, health and social service entities in Alberta and across Canada, as well as any corporation or entity owned or controlled by one or more of the preceding entities – as well as partner associations, including Saskatchewan Association of Rural Municipalities, Association of Manitoba Municipalities, Local Authorities Services/Association of Municipalities Ontario, Nova Scotia Federation of Municipalities, Federation of Prince Edward Island Municipalities, Municipalities Newfoundland Labrador, Union of New Brunswick Municipalities, North West Territories Association of Communities, CivicInfo BC, and their members.

For a listing of current United States and Canadian Participating Entities visit Sourcewell's website (note: there is a tab for each country): https://www.sourcewell-mn.gov/sourcewell-for-vendors/agency-locator.

Participating Entities typically access contracted equipment, products, or services through a purchase order issued directly to the contracted supplier. A Participating Entity may request additional terms or conditions related to a purchase. Use of Sourcewell contracts is voluntary and Participating Entities retain the right to obtain similar equipment, products, or services from other sources.

To meet Participating Entities' needs, Sourcewell broadly publishes public notice of all solicitation opportunities, including this RFP. In addition, where applicable, other purchasing cooperatives and procurement officials receive notice and are encouraged to re-post the solicitation opportunity.

Proof of publication will be available at the conclusion of the solicitation process.

II. SOLICITATION DETAILS

A. SOLUTIONS-BASED SOLICITATION

This RFP and contract award process is a solutions-based solicitation; meaning that Sourcewell is seeking equipment, products, or services that meet the general requirements of the scope of this RFP and that are commonly desired or are required by law or industry standards.

B. REQUESTED EQUIPMENT, PRODUCTS, OR SERVICES

It is expected that proposers will offer a wide array of equipment, products, or services at lower prices and with better value than what they would ordinarily offer to a single government entity, a school district, or a regional cooperative.

[NOTE: INSERT SCOPE REFINEMENT HERE. This section will change depending upon RFP]

1. Sourcewell is seeking proposals for Office Supply and Workplace Catalog Solutions that must include a complete electronic catalog system permitting Sourcewell and Sourcewell Members to make web-based purchases and receive delivery of:

a. Comprehensive office and workplace supplies and equipment solutions;

b. Breakroom and food supplies;

c. School, classroom, and art supplies;

d. Warehouse and materials handling supplies;

e. First aid and safety supplies;

f. Promotional and print products and supplies;

g. Technology-related supplies, equipment, and accessories; and

h. Customer support or assessment services related to the purchase of the supplies or products described in subparts a. – g. above.

2. Proposers may also include furniture, seating, and storage equipment solutions complementary to the office and workplace supplies described in Sections 1. a. – f. above.

The catalog must be designed to populate with the Sourcewell and Sourcewell Member pricing offered by Proposer. To the extent that Proposer includes sales through retail store locations, the system must be capable of providing Sourcewell and Sourcewell Member pricing for purchases at Proposer's retail store locations.

Proposers may include related equipment, accessories, and services to the extent that these solutions are ancillary or complementary to the equipment, products, or services being proposed.

3. The primary focus of this solicitation is the offering of a web-based office supply and workplace catalog, but alternate forms of transaction (e.g., PO and invoice transactions) are a permissible ancillary service method.

Generally, the solutions for Participating Entities are turn-key solutions, providing a combination of equipment, products and services, delivery, and installation to a properly operating status. However, equipment-only or products-only solutions may be appropriate for situations where Participating Entities possess the ability, either in-house or through local third-

party contractors, to properly install and bring to operation the equipment or products being proposed.

Sourcewell prefers suppliers that provide a sole source of responsibility for the equipment, products, and services provided under a resulting contract. If proposer is including the equipment, products, and services of its subsidiary entities, the proposer must also identify all included subsidiaries in its proposal. If proposer requires the use of distributors, dealers, resellers, or subcontractors to provide the equipment, products, or services, the proposal must address how the equipment, products or services will be provided to Participating Entities, and describe the network of distributors, dealers, resellers, and/or subcontractors that will be available to serve Participating Entities under a resulting contract.

Sourcewell encourages suppliers to offer the broadest possible selection of equipment, products, and services being proposed over the largest possible geographic area and to the largest possible cross-section of Sourcewell current and future Participating Entities.

C. REQUIREMENTS

It is expected that proposers have knowledge of all applicable industry standards, laws, and regulations and possess an ability to market and distribute the equipment, products, or services to Participating Entities.

1. Safety Requirements. All items proposed must comply with current applicable safety or regulatory standards or codes.
2. Deviation from Industry Standard. Deviations from industry standards must be identified with an explanation of how the equipment, products, and services will provide equivalent function, coverage, performance, and/or related services.
3. New Equipment and Products. Proposed equipment and products must be for new, current model; however, proposer may offer certain close-out equipment or products if it is specifically noted in the Pricing proposal.
4. Delivered and operational. Unless clearly noted in the proposal, equipment and products must be delivered to the Participating Entity as operational.
5. Warranty. All equipment, products, supplies, and services must be covered by a warranty that is the industry standard or better.

D. PROSPECTIVE CONTRACT TERM

The term of any resulting contract(s) awarded by Sourcewell under this solicitation will be four years. Sourcewell and supplier may agree to up to three additional one-year extensions based on the best interests of Sourcewell and its Participating Entities. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

E. ESTIMATED CONTRACT VALUE AND USAGE

Based on past volume of similar contracts, the estimated annual value of all transactions from contracts resulting from this RFP are anticipated to be USD 500 Million; therefore, proposers are expected to propose volume pricing. Sourcewell anticipates considerable activity under the contract(s) awarded from this RFP; however, sales and sales volume from any resulting contract are not guaranteed.

F. MARKETING PLAN

Proposer's sales force will be the primary source of communication with Participating Entities. The proposer's Marketing Plan should demonstrate proposer's ability to deploy a sales force or dealer network to Participating Entities, as well as proposer's sales and service capabilities. It is expected that proposer will promote and market any contract award.

G. ADDITIONAL CONSIDERATIONS

1. Contracts will be awarded to proposers able to best meet the need of Participating Entities. Proposers should submit their complete line of equipment, products, or services that are applicable to the scope of this RFP.
2. A proposer may submit only one proposal. If related, affiliated, or subsidiary entities elect to submit separate proposals, rather than a single parent-entity proposal, each such proposal must be prepared independently and without cooperation, collaboration, or collusion.
3. If a proposer works with a consultant on its proposal, the consultant (an individual or company) may not assist any other entity with a proposal for this solicitation.
4. Proposers should include all relevant information in its proposal, since Sourcewell cannot consider information that is not included in the proposal. Sourcewell reserves the right to verify proposer's information and may request clarification from a proposer, including samples of the proposed equipment or products.
5. Depending upon the responses received in a given category, Sourcewell may need to organize responses into subcategories in order to provide the broadest coverage of the requested equipment, products, or services to Participating Entities. Awards may be based on a subcategory.
6. A proposer's documented negative past performance with Sourcewell or its Participating Entities occurring under a previously awarded Sourcewell contract may be considered in the evaluation of a proposal.

III. PRICING

A. REQUIREMENTS

All proposed pricing must be:

1. Either Line-Item Pricing or Percentage Discount from Catalog Pricing, or a combination of these:
   a. **Line-item Pricing** is pricing based on each individual product or services**.** Each line must indicate the proposer's published "List Price," as well as the "Contract Price."
   b. **Percentage Discount from Catalog or Category** is based on a percentage discount from a catalog or list price, defined as a published Manufacturer's Suggested Retail Price (MSRP) for the products or services. Individualized percentage discounts can be applied to any number of defined product groupings. Proposers will be responsible for providing and maintaining current published MSRP with Sourcewell, and this pricing must be included in its proposal and provided throughout the term of any contract resulting from this RFP.
2. The proposer's not to exceed price. A not to exceed price is the highest price for which equipment, products, or services may be billed to a Participating Entity. However, it is permissible for suppliers to sell at a price that is lower than the contracted price.
3. Stated in U.S. and Canadian dollars (as applicable).
4. Clearly understandable, complete, and fully describe the total cost of acquisition (e.g., the cost of the proposed equipment, products, and services delivered and operational for its intended purpose in the Participating Entity's location).

Proposers should clearly identify any costs that are NOT included in the proposed product or service pricing. This may include items such as installation, set up, mandatory training, or initial inspection. Include identification of any parties that impose such costs and their relationship to the proposer. Additionally, proposers should clearly describe any unique distribution and/or delivery methods or options offered in the proposal.

B. ADMINISTRATIVE FEES

Proposers awarded a contract are expected to pay to Sourcewell an administrative fee in exchange for Sourcewell facilitating the resulting contracts. The administrative fee is normally calculated as a percentage of the total sales to Participating Entities for all contracted equipment, products, or services made during a calendar quarter, and is typically one percent (1%) to two percent (2%). In some categories, a flat fee may be an acceptable alternative.

IV. CONTRACT

Proposers awarded a contract will be required to execute a contract with Sourcewell (see attached template). Only those modifications the proposer indicates in its proposal will be available for discussion. Much of the language in the Contract reflects Minnesota legal requirements and cannot be altered. Numerous and/or onerous exceptions that contradict Minnesota law may result in the proposal being disqualified from further review and evaluation.

To identify any exception, or to request any modification, to Sourcewell's standard Contract terms, conditions, or specifications, a proposer must submit the proposed exception(s) or

requested modification(s) via redline in the Contract Template provided in the "Documents" section of the "Bid Details" page on the Sourcewell Procurement Portal and uploaded as part of its response. Only those exceptions noted at the time of the proposal submission will be considered.
Exceptions must:

1. Clearly identify the affected article and section.
2. Clearly note the requested modification; and as applicable, provide requested alternative language.

Unclear requests will be automatically denied.

Only those exceptions that have been accepted by Sourcewell will be included in the contract document provided to the awarded supplier for signature.

If a proposer receives a contract award resulting from this solicitation it will have up to 30 days to sign and return the contract. After that time, at Sourcewell's sole discretion, the contract award may be revoked.

V. RFP PROCESS

A. PRE-PROPOSAL CONFERENCE

Sourcewell will hold an optional, non-mandatory pre-proposal conference via webcast on the date and time noted in the Solicitation Schedule for this RFP and on the Sourcewell Procurement Portal. The purpose of this conference is to allow potential proposers to ask questions regarding this RFP and Sourcewell's competitive contracting process. Information about the webcast will be sent to all entities that have registered for this solicitation opportunity through their Sourcewell Procurement Portal Vendor Account. Pre-proposal conference attendance is optional.

B. QUESTIONS REGARDING THIS RFP AND ORAL COMMUNICATION

All questions regarding this RFP must be submitted through the Sourcewell Procurement Portal. The deadline for submission of questions is found in the Solicitation Schedule and on the Sourcewell Procurement Portal. Answers to questions will be issued through an addendum to this RFP. Repetitive questions will be summarized into a single answer and identifying information will be removed from the submitted questions.

All questions, whether specific to a proposer or generally related to the RFP, must be submitted using this process. Do not contact individual Sourcewell staff to ask questions or request information as this may disqualify the proposer from responding to this RFP. Sourcewell will not respond to questions submitted after the deadline.

C. ADDENDA

Sourcewell may modify this RFP at any time prior to the proposal due date by issuing an addendum. Addenda issued by Sourcewell become a part of the RFP and will be delivered to potential proposers through the Sourcewell Procurement Portal. Sourcewell accepts no liability in connection with the delivery of any addenda.

Before a proposal will be accepted through the Sourcewell Procurement Portal, all addenda, if any, must be acknowledged by the proposer by checking the box for each addendum. It is the responsibility of the proposer to check for any addenda that may have been issued up to the solicitation due date and time.

If an addendum is issued after a proposer submitted its proposal, the Sourcewell Procurement Portal will WITHDRAW the submission and change the proposer's proposal status to INCOMPLETE. The proposer can view this status change in the "MY BIDS" section of the Sourcewell Procurement Portal Vendor Account. The proposer is solely responsible to check the "MY BIDS" section of the Sourcewell Procurement Portal Vendor Account periodically after submitting its proposal (and up to the Proposal Due Date). If the proposer's proposal status has changed to INCOMPLETE, the proposer is solely responsible to:

i) make any required adjustments to its proposal;
ii) acknowledge the addenda; and
iii) ensure the re-submitted proposal is received through the Sourcewell Procurement Portal no later than the Proposal Due Date and time shown in the Solicitation Schedule above.

D. PROPOSAL SUBMISSION

Proposer's complete proposal must be submitted through the Sourcewell Procurement Portal no later than the date and time specified in the Solicitation Schedule. Any other form of proposal submission, whether electronic, paper, or otherwise, will not be considered by Sourcewell. **Late proposals will not be considered.** It is the proposer's sole responsibility to ensure that the proposal is received on time.

It is recommended that proposers allow sufficient time to upload the proposal and to resolve any issues that may arise. The time and date that a proposal is received by Sourcewell is solely determined by the Sourcewell Procurement Portal web clock.

In the event of problems with the Sourcewell Procurement Portal, follow the instructions for technical support posted in the portal. It may take up to 24 hours to respond to certain issues.

Upon successful submission of a proposal, the Sourcewell Procurement Portal will automatically generate a confirmation email to the proposer. If the proposer does not receive a confirmation email, contact Sourcewell's support provider at support@bidsandtenders.ca.

To ensure receipt of the latest information and updates via email regarding this solicitation, or if the proposer has obtained this solicitation document from a third party, the onus is on the

proposer to create a Sourcewell Procurement Portal Vendor Account and register for this solicitation opportunity.

Within the Sourcewell Procurement Portal, all proposals must be digitally acknowledged by an authorized representative of the proposer attesting that the information contained in in the proposal is true and accurate. By submitting a proposal, proposer warrants that the information provided is true, correct, and reliable for purposes of evaluation for potential contract award. The submission of inaccurate, misleading, or false information is grounds for disqualification from a contract award and may subject the proposer to remedies available by law.

VI. EVALUATION AND AWARD

A. EVALUATION

It is the intent of Sourcewell to award one or more contracts to responsive and responsible proposers offering the best overall quality, selection of equipment, products, and services, and price that meet the commonly requested specifications of Sourcewell and its Participating Entities. The award(s) will be limited to the number of proposers that Sourcewell determines is necessary to meet the needs of its Participating Entities.

Factors to be considered in determining the number of contracts to be awarded in any category may include the following:

- Total evaluation scores (giving consideration to natural breaks in the scoring of responsive proposals);
- The number and geographic location of highest-scoring proposers that offer:
  - A comprehensive selection of the requested equipment, products, or services;
  - A sales and service network ensuring availability and coverage for Participating Entities' use; and
  - Other attributes of the proposer or contents of its proposal that assist Participating Entities in achieving environmental and social requirements, and goals.

Information submitted as part of a proposal should be as specific as possible when responding to the RFP. Do not assume Sourcewell has any knowledge about a specific supplier or product.

B. AWARD(S)

Award(s) will be made to the highest-scoring proposer(s) whose proposal conforms to all conditions and requirements of the RFP, and consistent with the award criteria defined in this RFP.

Sourcewell may request written clarification of a proposal at any time during the evaluation process.

Proposal evaluation will be based on the following scoring criteria and the Sourcewell Evaluator Scoring Guide (a copy is available in the Sourcewell Procurement Portal):

Conformance to RFP Requirements	50
Financial Viability and Marketplace Success	75
Ability to Sell and Deliver Service	100
Marketing Plan	50
Value Added Attributes	75
Warranty	50
Depth and Breadth of Offered Equipment, Products, or Services	200
Pricing	400
TOTAL POINTS	**1000**

C. PROTESTS OF AWARDS

Any protest made under this RFP by a proposer must be in writing, addressed to Sourcewell's Executive Director, and delivered to the Sourcewell office located at 202 12th Street NE, P.O. Box 219, Staples, MN 56479. All documents that comprise the complete protest package must be received, and time stamped at the Sourcewell office by 4:30 p.m., Central Time, no later than 10 calendar days following Sourcewell's notice of contract award(s) or non-award. A

protest must allege a procedural, technical, or legal defect, with supporting documentation. A protest that merely requests a re-evaluation of a proposal's content will not be entertained

A protest must include the following items:

- The name, address, and telephone number of the protester;
- Identification of the solicitation by RFP number;
- A precise statement of the relevant facts;
- Identification of the alleged procedural, technical, or legal defect;
- Analysis of the basis for the protest;
- Any additional supporting documentation;
- The original signature of the protester or its representative; and
- Protest bond in the amount of $20,000 (except where prohibited by law or treaty).

Protests that do not address these elements will not be reviewed.

D. RIGHTS RESERVED

This RFP does not commit Sourcewell to award any contract, and a proposal may be rejected if it is nonresponsive, conditional, incomplete, conflicting, or misleading. Proposals that contain false statements or do not support an attribute or condition stated by the proposer may be rejected.

Sourcewell reserves the right to:

- Modify or cancel this RFP at any time;
- Reject any and all proposals received;
- Reject proposals that do not comply with the provisions of this RFP;
- Select, for contracts or for discussion, a proposal other than that with the lowest cost;
- Independently verify any information provided in a proposal;
- Disqualify any proposer that does not meet the requirements of this RFP, is debarred or suspended by the United States or Canada, State of Minnesota, Participating Entity's state or province; has an officer, or other key personnel, who have been charged with a serious crime; or is bankrupt, insolvent, or where bankruptcy or insolvency are a reasonable prospect;
- Waive or modify any informalities, irregularities, or inconsistencies in the proposals received;
- Clarify any part of a proposal and discuss any aspect of the proposal with any proposer; and negotiate with more than one proposer;
- Award a contract if only one responsive proposal is received if it is in the best interest of Participating Entities; and
- Award a contract to one or more proposers if it is in the best interest of Participating Entities.

E. DISPOSITION OF PROPOSALS

All materials submitted in response to this RFP will become property of Sourcewell and will become public record in accordance with Minnesota Statutes Section 13.591, after negotiations are complete. Sourcewell considers that negotiations are complete upon execution of a resulting contract. It is the proposer's responsibility to clearly identify any data submitted that it considers to be protected. Proposer must also include a justification for the classification citing the applicable Minnesota law. Sourcewell may reject proposals that are marked confidential or nonpublic, either substantially or in their entirety.

Sourcewell will not consider the prices submitted by the proposer to be confidential, proprietary, or trade secret materials. Financial information, including financial statements, provided by a proposer is not considered trade secret under the statutory definition.

Consider the following Addendum, to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

A typographical error has been identified in Article II. Addendum No. 3
Solicitation Number: RFP 070924
Solicitation Name: Office Supply and Workplace Catalog Solutions

Consider the following Question and Answer to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

Question 1:

On page 7-8 of the Main RFP document – it states that "a proposer must submit the proposed exception(s) or requested modification(s) via redline in the Contract Template provided in the "Documents" section of the "Bid Details" page on the Sourcewell Procurement Portal and uploaded as part of its response." Table 15 in the site is also where Bidders are to list their Exceptions line by line. Can you please confirm that we are to submit our exceptions in both formats? (in the Table 15 Listing and in a redlined MPA to be attached in Step 2-Documents/Upload Additional Documents)

Answer 1:

Use the attached document in the Procurement Portal entitled 'Contract Template' to redline any exceptions that your company may have. There is no need to list them individually in the Portal, just reference that you do have exceptions if that is correct. Refer to RFP IV. Contract.
