Yes No

If yes, please list

Which Boards would you like to apply for?

Port Commission: Submitted

Question applies to Port Commission.

Do you reside within the Port District boundary or consistent with the City General Plan boundaries, plus a one-half mile strip on either side of the Stockton Ship Channel from the Port to Disappointment Slough?

Yes No

Question applies to Port Commission.

If so, for how long?

Over 10 years

Question applies to multiple boards.

Are you knowledgeable, have experience in, or extensive background in any of the following areas? Select all that apply. *

- Active in community activities significant enough to confirm knowledge of issues and individuals within the community
- Activist for the Visual Environment, Public Art, or Regional/National Individual Artists' work
- Critic of Contemporary Visual Art Forums
- Employed as a Professional Visual Artist
- Knowledge of new artistic & design expressions
- Possess decision-making abilities
- Understanding of Ethnic/Gender Diversity
- Understanding of the Stockton Public Art Plan processes and implications for the City of Stockton
- Willingness to tolerate/promote change
- None of the above

I have been a resident of Stockton for at least 3 years.

Yes No

Question applies to Strong Communities Oversight Committee, Measure W Oversight Committee.

Do you reside within Stockton's geographic boundary?

Yes No

Question applies to Strong Communities Oversight Committee, Measure W Oversight Committee.

Are you an employee of any vendor, contractor or consultant doing business with the City of Stockton?

Yes No

Question applies to Strong Communities Oversight Committee.

Are you at least 18 years of age?

Yes No

Interests & Experiences

Please tell us about yourself and why you want to serve.

I have a nearly lifelong interest in global maritime commerce. As a student at UOP during the 1960s, I became fascinated with the Port of Stockton and as a graduate student in Ecuador, I started a continuing friendship with Ecuador's leading port engineer. Later studies and a variety of experience all over the world, most recently as a consultant to the Panama Canal Authority, have magnified this interest.

Please state the reason you would like to be a member of this board/commission.

My background in diplomacy, my foreign language and intercultural communications expertise and experience promoting international commerce should enable me to contribute some valuable skills to the work of the Port Commission in advancing the economic interests of our community. As an activist in the community, I think that I should be helpful in building public appreciation and support for the work of the Port of Stockton. Finally, my extensive academic background and career experience in public administration, international trade and transportation and private-public relations should be highly useful for the oversight and rule-making responsibilities of the Commission.

Have you served on an advisory group before?

Yes No

If yes, please explain.

At many times and places over the years in both the U.S. and overseas. Examples over the years include as a staff member supporting the American Council on Education's Overseas Liaison Committee; as a member of the Board of the Arkansas Endowment for the Humanities; as a Member of the Ozarks Export Council for the US Dept of Commerce; as a member of the Board of the UOP Alumni Clubs; as a member of the Editorial Board of JOAQUIN Magazine, and as a member of numerous academic advisory committees..

How did you hear about the position?

My interest in serving on the Port Commission was first aroused as a result of a public lecture that I gave entitled "Stockton and the World." After the lecture, several of the participants complemented the interest and enthusiasm I expressed for the Port of Stockton and other international connections and said that they thought I would be an ideal member for the Port Commission.

City Council Policy 100-2 states that Commissioners are required to attend meetings on a regular basis. If appointed, will you be able to attend meetings regularly and devote the time necessary to fulfill your duties as a member?

Yes No

Do you or immediate family members have any relationship (professional, financial, other) that may present a potential conflict of interest for this advisory group?

Yes No

If yes, please explain

I am a member of the Board of the non-profit community development organization, PUENTES. The Port of Stockton is the landlord for our Boggs Tract Community Farm, and PUENTES works with the Port on hyacinth control and other community affairs. I have discussed this potential conflict of interest with the California Ethics Advisory Commission, and they do not regard it as a conflict of interest, but commended me on being transparent about my interests and suggesting that I continue doing so.

Interests & Experiences

Please tell us about yourself and why you want to serve.

My interest in serving is to become more familiar with the community in which I pay my taxes. More importantly, I desire to acquaint myself with the members of District 2 and others who reside in the City of Stockton. I believe through my one on one and group interactions I will gain the knowledge and tools that I need to address and serve the community. An opportunity to better understand the culture by connecting with others who are actively engaged in reinventing Stockton is extremely important to me and my ability to be a productive citizen. As such, I am passionate about the things that would make Stockton a place that others will want to visit, reside, and remain within our unique society.

Please state the reason you would like to be a member of this board/commission.

Stockton is a "hidden treasure". The decisions and outcomes that arise as a result of this team have the potential to effect the socio-economics of our City. Inasmuch, I am a homeowner and want to be able to serve on a team that promises to effect positive change in Stockton. Our leadership team boasts a dynamic Mayor and an illustrious staff of council members who are passionate about community growth and development, which includes enhanced strategic community development and fiscal planning. While I've not served on a board or commission, I believe I bring the a plethora of skill sets that can aid in the goals, objectives, and mission of the Stockton. Stockton has great potential to improve upon its fiscal stability, socio-economic status, cultural and ethnic intelligence, and community resources and enhancements. For instance, I want Stockton to be a place where families are excited about raising their children. Stockton has the potential to attract people from around the world if we begin to bring to it those things that are attractive to both tourists, businesses, institutions of higher learning, potential home owners, and the like. I am interested in seeing Stockton develop into a place that people want to live. Serving on a commission or board will increase my knowledge of the City of Stockton. My ability to be involved would allow for my continued personal growth and development in the areas of management and leadership. I will expand my knowledge of the city and what it has to offer. I've much to learn and am certain if I roll up my sleeves and get in the trenches with those who share similar or the same passion -- together we can ensure Stockton is and remains a great place for people of all ethnicities and cultures to live and visit. As, together we all can make a difference. For me, I feel a burning desire to be a part of the very fabric of Stockton, but I need to know exactly what that is and what it truly means to be a Stocktonian. The best way, in my opinion, to gain this knowledge and character building experience is to serve on a committee, board, or commission. Serving will afford me the opportunity to work with Stockton's finest and become a student of their experiences, depth of knowledge, and wisdom. Thus, such tutelage will surely expand my horizons and how I view the city of which I intend to make my home as I journey into the next "book" of "my life" known as "retirement". Serving on the Community Development Committee will expand my knowledge base of the city's policies, governing body, increase my "emotional intelligence" through outreach and communicating with the citizens of Stockton, have a positive impact Stocktonians, and gain a new area of expertise. More than anything else, I desire a sense of belongingness and to be the change that I and others want to see.

Have you served on an advisory group before?

Yes No

If yes, please explain.

How did you hear about the position?

I've friends who serve and I actively attend city council, school board, NAACP, and community meetings that encourage involvement rather than being a spectator.

City Council Policy 100-2 states that Commissioners are required to attend meetings on a regular basis. If appointed, will you be able to attend meetings regularly and devote the time necessary to fulfill your duties as a member?

Interests & Experiences

Please tell us about yourself and why you want to serve.

I was born in Stockton in 1958 and have been a life long resident of Stockton. I am married to the Best Woman on earth ! and have three of the best Children in the world as well :) . I attended public schools from Victory elementary, Webster 7th & 8th grades and then finally went to High School at Amos Alonso Stagg High. After graduating from Stagg High I went to Delta College and graduated with High Honors' obtaining an A. A. degree in Machine Shop and earned a Certificate in Mechanical Technology. During all this time I started working on the docks at the Port of Stockton in 1977 with my Dad and Uncles as a Longshoreman. I soon learned that being a machinist was really not my passion , although it did give me a great background on how mechanical things such as the gas and diesel combustion engines operate, since back then we would machine engine parts. Also, while getting my certificate in Mechanical Technology I learned a great deal about hydraulics'. What I did find out was, that my real passion was business. So with the help of two friends of mine we bought Bob's Lube & Oil and Country Club Service, which is a Triple AAA approved auto repair facility, on the corner of Pershing and Country Club Blvd. back in 1984. Today I am the sole owner of both Shops since 2003. In 1987 we bought the Shell Service Station on the corner of Country Club Blvd. and I -5 . Today it's a Circle K mini mart and its brand for gas sales is now Mobile. I am an investor at the site and have partnered with Calif. Fuels. In 2012 I opened up Country Club Tires & Muffler which is also a Star Certified Smog Check & Repair Facility, it is located on County Club Blvd. right next to the Graduate. I am the sole owner of that business as well. In 2014 I bought 2161 Country Club Blvd with a friend of mine and pay him a little rent money for his investment. My plan there is to store used cars to sell at 2151 Country Club where my Business License states , quote " Automotive Sales and Services". My annual revenue with all four Businesses combined is well over 4 million dollars. I am also the Chief Dispatcher for The Pacific Maritime Association and the I.L.W.U. Longshore Division. Thanks to my wife Tanya and great Employees and Managers, the Businesses run smooth with me in the background to help guide the Businesses to be profitable and to be able to adapt to the ever changing landscape of what I call the Automotive Industry. I would like very much to continue to serve on The Port of Stockton's Board of Commissioner's to give back to my community and to help The Port of Stockton to continue to grow at its current record pace. As a Port Commissioner all of our time is volunteered. I like that very much. It helps to illustrate that my fellow commissioners and I are on that Board to truly volunteer our time and give something really important back to the City of Stockton, which I love and hold very dear to my heart. Some of my interest is playing Bocce Ball , spending time with my

Family and mentoring young adults . I am a Member of the Italian Athletic Club of America. That is where I play Bocce Ball and try to promote positive community events. My Grand Father on my Mom's side came to America from Rome Italy in 1913 and served in both World Wars One and Two. World War Two was most Difficult for my Grand Father since at that time Italy, the country he was born in , was an ally of Germany which as we all know was under the ruthless rule of Adolf Hitler at that time. With all that, he had great stories to tell me. My Grand Father on my Dad's side came to America in 1900. He was born in Hawaii , this was before Hawaii was part of the United States. He became a Longshoreman back in the thirties at the Port of Stockton. I am third generation of Longshoreman to work at the Port of Stockton and my daughter Tammy is the forth generation. She encountered some extreme prejudice at first , since she was a woman in a mostly man's world at that time. My Grand Father did as well since he was Pacific Asian and back then the Waterfront was mostly a white mans world. My Grand Father as well as my Daughter over time endeared themselves to the Longshoreman through hard work and their ethical attribute's. I as well, had to win over the Longshoreman since being a business man and being part of the I.L.W.U. Union was to them some what of a paradox. Since joining the union many years ago, they quickly used my business skills to become their Secretary Treasurer and their Chief Dispatcher , with the blessing of The Pacific Maritime Association, to advance Local 54 financially and to help grow their Membership. To efficiently run and operate a Union Local in this day and age is very similar to running a business. One must understand all Labor Laws, which in itself is very complex, have a great understanding of all laws related to running a non profit organization and to have the business skills in how to budget money properly to insure that the Local's assets are well preserved and to have sufficient savings for unforeseen events.

Please state the reason you would like to be a member of this board/commission.

What drives me to serve another four year term on the Port of Stockton's Board of Commissioners is the great satisfaction of being a part of a great organization that the Port of Stockton is and the unique point of view that I bring to the Board. As a small Business Owner and a Chief Dispatcher for The P.M.A. I know how extremely important it is to have a work force that is efficient and content. I have helped navigate the Port Director in keeping Labor Peace on the Docks with not only the I.L.W.U. but with a variety of other Unions that work at the Port as well. As a Port Commissioner I in no way shape or form try to advice any Labor agendas , but rather just tell the story. I have been around since 1977. I asked the Port Director what he thought is the biggest contribution to the port that I contribute as a Port Commissioner. He stated that my intimate knowledge of the inner workings of The I.L.W.U. , The P.M.A. , The agents , and the various Stevedore companies that conduct business at The Port of Stockton. This has given the Port Director a tremendous advantage on keeping ships and attracting new shippers coming to the Port of Stockton. I also possess intimate knowledge of the past practices on the docks at The Port of Stockton that have over time evolved out of hand shake deals and written agreements as well. The knowledge that I can pass on to the Port Director he feels is invaluable in ensuring that ships are off loaded or loaded in a very efficient manner with very little to no damage to the precious cargos that we handle at the Port of Stockton. I bring this knowledge to my fellow commissioner's as well. They also have shown a great appreciation for my unique experience and point of view that I bring to the Board to help enlighten them on just how ship operations take place at The Port of Stockton. The Port of Stockton is what is considered to be a River Port. With that said we must lure customers to travel to The Port of Stockton which involves extra time and extra expense to the customer. A very easy choice for them would simply be to go to the Ports of San Francisco or Oakland. The biggest attraction that the Port of Stockton has is it's unique Labor force. The Longshoreman and Port Staff run smoothly and efficiently which attracts customers all around the world to the Port of Stockton. I do believe I play a part, with the help of many others, for the Port of Stockton to have achieved the reputation of being the best Bulk and Break Bulk Port on the West Coast. My objectives, if The Stockton City Council and Mayor are gracious enough to allow me to serve another term, are to continue on the path that The Port Of Stockton is on and expand on it even further. The Port of Stockton is having record volume years. The Port employs an estimate of 4.5k family wage jobs which are direct and indirect jobs of the Port of Stockton in the Port District. I would like to see that number greatly increase. The Port of Stockton is a crown jewel of Stockton. I would be honored to continue to serve on The Board. Thank you so very much for your valuable time on reading my application and considering me to continue to serve. I know my answers were a little long winded and I feel that I have incorporated my resume in my answers so I don't want to burden you with unnecessary reading. Once again thank you very much for your valuable time.

Have you served on an advisory group before?

Yes No

If yes, please explain.

I severed on the Advisory Board for the Bureau Automotive Repair . Commonly know as B.A.R.

How did you hear about the position?

I am currently serving as a Stockton Port Commissioner and I know my term is coming to an end.

Are you an employee of any vendor, contractor or consultant doing business with the City of Stockton?

Yes No

Question applies to Strong Communities Oversight Committee.

Are you at least 18 years of age?

Yes No

Interests & Experiences

Please tell us about yourself and why you want to serve.

After 40 years in the financial services industry, I am now retired and looking for ways to serve my community. As a retired EVP of Commercial Banking for local Union Safe Deposit Bank and a Chief Credit Officer of a northern California bank, I have extensive experience in leadership, financial analysis, management and Human Resources. In the past I have served on several non-profit boards, including 5 years with the Downtown Stockton Alliance and as Treasurer for the Tacoma Art Museum.

Please state the reason you would like to be a member of this board/commission.

After 35 years developing relationships with businesses as a Commercial Banking Executive, I would like to use my skills, knowledge and experience to assist the Port's future growth and financial success. In addition, I feel my skills would be of particular value to the Measure A Citizens' Committee because of my familiarity with financial statements, budgets and business plans and strategies. My years managing employees and working through a wide variety of human resource issues would provide a strong perspective to the Civil Service Commission. My background working with, and understanding legal documents and the ability to logically work through issues in a group setting would be assets to the Charter Review Committee. Since my wife is a former councilmember, I am also aware of the Charter as a living document and how it can facilitate or hamper the work of the City. And finally, I am a pass holder at Swenson's Golf Course and have played most of the other local private and public courses. My grown children once used a variety of public facilities here, and in the Seattle area, so I am familiar with the recreational needs and wants of families. I believe this experience would be of value to the Parks & Recreation Commission.

Have you served on an advisory group before?

Yes No

If yes, please explain.

Served as President and Director of the Stockton Golf & Country Club, board member of the Downtown Stockton Alliance and South Puget Sound Boy Scout Council and Director/Treasurer for the Tacoma Art Museum.

How did you hear about the position?

My wife is a County Supervisor and former City Councilmember. I am also friends with Commissioners Christopherson and Aguilar.

City Council Policy 100-2 states that Commissioners are required to attend meetings on a regular basis. If appointed, will you be able to attend meetings regularly and devote the time necessary to fulfill your duties as a member?

Yes No

Do you or immediate family members have any relationship (professional, financial, other) that may present a potential conflict of interest for this advisory group?

Yes No

If yes, please explain

Background Information

Upload a Resume

Based on your best judgment, does this Commission make decisions that may affect any sources of income, interests in real property, or investments of you or your spouse?

Yes No
