## Interests & Experiences

**Please tell us about yourself and why you want to serve.**

---

I would love to be a part of the growing and expanding art culture that is blooming in this city. I have been a lover and promoter of the arts in this city my whole life. From small art shows at coffee houses, to going to hundreds of local music shows, to presenting The Comet award to Chris Jones this past year. Stockmarket, a community driven monthly festival that I co-run, strives to shine a light on all types of art forms by giving artists a platform to share their stories and work. Goodstock Productions has partnered with several art groups such as The 1850 Collective to bring of a kind art and cultural events to Stockton. 1850 Live was an event held on the rooftop of Hotel Stockton that included live music, local pop up art gallery, and live painting. Goodstock has more recently partnered with The Haggin to create a three part makers series that highlights 3 different artists each third Thursday January-March. In these series we compare and contrast old traditions with new and give an insight into how these craftsman create their work. With a degree in Apparel Marketing and Design, and starting several businesses, I am confident that I would bring a unique and interesting point of view to the commission. I also owned a boutique in Chico, Ca for three years where I held many art shows, supported and sold local designers and makers work, as well as partnered with local artists to showcase their pieces.

**Please state the reason you would like to be a member of this board/commission.**

---

I would love to be part of this commission because I want to be a part of the thriving art community in Stockton. I am in contact with artists, makers, musicians and all other art forms constantly being part of Stockmarket, and I want to ensure their growth and support system by being part of the cities conversations. I want to bring my ideas and knowledge to the table and would love to learn more about what is going on in our city. I love this city and want to see all the talents be recognized and believe that the arts community can be a leader in making our city something other cities strive to be. There is an underground movement going on and I think it deserves to have a voice and I think it can bring many cultures and different communities together. I want the artists, in all forms, to really put Stockton on the map. I think this is a very exciting time for Stockton and I want to be part of that forward momentum.

I'd like to bring some younger insight, positivity, and energy to this commission so that we can collaborate across generations and attempt to bring all of the artistic communities together to serve Stockton the best way we can.

**Please state the reason you would like to be a member of this board/commission.**

---

I constantly hear of friends and other folks who say that there are other opportunities in the bay and what not. I chose to not leave because i found a ton of other creative individuals and supportive art teachers here that made me feel like i DIDN'T NEED to leave to make something of myself here. I want to be able to give back to the community the same way my community gave back to me. I want to show some 16-year-old kid that they don't need to leave here to find happiness or greater opportunity, because the opportunity exists here. We can foster our arts community and grow it through collaboration. it starts with people like us.

## Interests & Experiences

**Please tell us about yourself and why you want to serve.**

---

I am a retired military officer (and disabled veteran) having served over 26 years in the Department of the Army. I have always been drawn to art but never really was able to maximize my growth and talent in the arts due to a stringent military career. It wasn't until I retired in 2012 that I decided to pursue a graphics design career stemming from medical issue (significant hearing impairment) that I could rely on an occupation that would not require critical listening skills and possibly work from home. After taking a photography class at the Art Institute of California (Sacramento), I was immediately drawn to the idea of pursuing photography. Since then, I have slowly perfected my craft and continue to do so. My most recent involvement as a photographer in the local community has been as a photographer for the Delta College Annual Fashion Show titled, "A Story of Fashion". I have spent over 26 years of service to the nation and I have since established new roots in Stockton. I keenly desire to continue serving in any capacity and believe my leadership and organizational management experience coupled with my passion for the arts would serve of value to the city of Stockton.

**Please state the reason you would like to be a member of this board/commission.**

---

I welcome the idea of being part of a movement, group or committee where my involvement may serve as a catalyst for change and/or improvement, a conduit between enablers and benefactors to those who may reap the many wondrous facets of art this community could provide to the citizens of Stockton.

**Have you served on an advisory group before?**

---

Yes  No

**If yes, please explain.**

---

I have served on several advisory groups/committees in my span of military assignments ranging from military systems (GPS), military base expansion projects, to family readiness advisory committee (outreach coordinator for military families) where my input and insight into related matters provided detailed guidance to executive leadership.
