

FOR OFFICIAL USE ONLY

Please see the front of this ballot and the Ballot Information Guide for instructions on completing and returning your ballot. Ballots received after the close of the Public Hearing on June 8, 2023, cannot be counted, in accordance with California Proposition 218 law.

WHY DID I RECEIVE THIS BALLOT?

The San Joaquin Area Flood Control Agency and the San Joaquin County Flood Control & Water Conservation District Zone 9 are jointly proposing a property assessment to reduce flood risk in North and Central Stockton. Assessment revenues will be used to pay the local cost share for the \$1.4 billion Lower San Joaquin River Project and adequately fund maintenance for 112 miles of urban levees. Benefits to properties include the avoidance of flood damages to land, structures, and contents, along with the financial impacts that occur when properties are “remapped” into Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas (this results in mandatory flood insurance for most properties with mortgages). The state and federal governments will pay approximately \$1.26 billion of all costs for the Lower San Joaquin River Project (90%), but only if the local community provides the required 10% cost share (approximately \$140 million).

The total amount to be raised by the assessment in FY 2023-24 is \$7,684,000. The assessment can only be increased by the annual change in CPI up to a maximum of 4 percent annually as set forth in the Engineer’s Report. Any CPI escalation must have the approval of the Board of Directors for the San Joaquin Area Flood Control Agency as part of its annual budgeting process. The methodology for calculating individual parcel assessments is detailed in the Levee Construction and Maintenance Assessment Preliminary Engineer’s Report, while specific characteristics for your property can be viewed on the Assessment Calculator. Both are available online at www.sjafca.org/LCMA along with assessment boundary maps, frequently asked questions, and other information.

Please also read the Ballot Information Guide included in your ballot package.

HOW TO COMPLETE YOUR BALLOT

- 1. Mark an "X" in the box next to "Yes" or "No"
2. PRINT, SIGN, and DATE your ballot in the spaces provided.
3. DO NOT TEAR YOUR BALLOT. Ballots that are torn cannot be counted. Place the entire ballot into the postage-paid official ballot return envelope and return by either:
1) mailing the ballot in the postage-paid security envelope. Ballots must be received no later than 5 p.m., Thursday, June 8, 2023. Postmarks will not be considered.
2) delivering by hand to San Joaquin County Flood Control & Water Conservation District, 1810 East Hazelton Avenue, Stockton, CA 95205 before 5 p.m., Thursday, June 8
3) delivering by hand to one of the community meetings listed in the ballot information guide
4) delivering by hand to the public hearing commencing at 6 p.m., Thursday, June 8, San Joaquin County Board of Supervisors Chambers, 44 N. San Joaquin Street, 6th Floor, Stockton

Ballots must be received before the close of the public hearing. Ballots received after the close of the public hearing cannot be accepted as per state law.

BALLOT QUESTION

Shall the San Joaquin Area Flood Control Agency (SJAFCA) establish a new assessment district and commencing in fiscal year 2023/24, levy an annual total of \$7,684,000 on all parcels in the district receiving special benefit as set forth in the Preliminary Engineer's Report dated March 16, 2023? Annual revenues from the proposed assessment will be used to pay for: (1) levee and flood control improvements and (2) levee operation and maintenance services of flood control facilities. The assessment will be levied on a per parcel basis in perpetuity so long as the services are provided by SJAFCA. The assessment may only be increased by the annual change in the Consumer Price Index up to a maximum of 4% annually as described within the Preliminary Engineer's Report and with the approval of SJFACA's Board of Directors.

THIS IS A WEIGHTED BALLOT. The total votes for this ballot equal the total proposed annual assessments in the box above.

[] YES, I support the proposed annual assessment. [] NO, I oppose the proposed annual assessment.

The assessment will not be imposed if the ballots submitted, and not withdrawn, in opposition to the assessment exceed the ballots submitted, and not withdrawn, in favor of the assessment, with ballots weighted according to the proportional financial obligation of the affected property.

Property Owner/Authorized Representative must sign in his/her own handwriting for ballot to be counted:

SIGNATURE of Owner/Authorized Representative (DO NOT PRINT)

Date

Name of Owner/Authorized Representative (PRINT)

Witness Signature*

*Only required if property owner is unable to sign due to illness or injury. In that case, he/she may make a mark witnessed by one person.

FOR OFFICIAL USE ONLY

Please see the front of this ballot and the Ballot Information Guide for instructions on completing and returning your ballot. Ballots received after the close of the Public Hearing on June 8, 2023, cannot be counted, in accordance with California Proposition 218 law.

WHY DID I RECEIVE THIS BALLOT?

The San Joaquin Area Flood Control Agency and the San Joaquin County Flood Control & Water Conservation District Zone 9 are jointly proposing a property assessment to reduce flood risk in North and Central Stockton. Assessment revenues will be used to pay the local cost share for the \$1.4 billion Lower San Joaquin River Project and adequately fund maintenance for 112 miles of urban levees. Benefits to properties include the avoidance of flood damages to land, structures, and contents, along with the financial impacts that occur when properties are “remapped” into Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas (this results in mandatory flood insurance for most properties with mortgages). The state and federal governments will pay approximately \$1.26 billion of all costs for the Lower San Joaquin River Project (90%), but only if the local community provides the required 10% cost share (approximately \$140 million).

The total amount to be raised by the assessment in FY 2023-24 is \$7,684,000. The assessment can only be increased by the annual change in CPI up to a maximum of 4 percent annually as set forth in the Engineer’s Report. Any CPI escalation must have the approval of the Board of Directors for the San Joaquin Area Flood Control Agency as part of its annual budgeting process. The methodology for calculating individual parcel assessments is detailed in the Levee Construction and Maintenance Assessment Preliminary Engineer’s Report, while specific characteristics for your property can be viewed on the Assessment Calculator. Both are available online at www.sjafca.org/LCMA along with assessment boundary maps, frequently asked questions, and other information.

Please also read the Ballot Information Guide included in your ballot package.

HOW TO COMPLETE YOUR BALLOT

- 1. Mark an "X" in the box next to "Yes" or "No"
2. PRINT, SIGN, and DATE your ballot in the spaces provided.
3. DO NOT TEAR YOUR BALLOT. Ballots that are torn cannot be counted. Place the entire ballot into the postage-paid official ballot return envelope and return by either:
1) mailing the ballot in the postage-paid security envelope. Ballots must be received no later than 5 p.m., Thursday, June 8, 2023. Postmarks will not be considered.
2) delivering by hand to San Joaquin County Flood Control & Water Conservation District, 1810 East Hazelton Avenue, Stockton, CA 95205 before 5 p.m., Thursday, June 8
3) delivering by hand to one of the community meetings listed in the ballot information guide
4) delivering by hand to the public hearing commencing at 6 p.m., Thursday, June 8, San Joaquin County Board of Supervisors Chambers, 44 N. San Joaquin Street, 6th Floor, Stockton

Ballots must be received before the close of the public hearing. Ballots received after the close of the public hearing cannot be accepted as per state law.

BALLOT QUESTION

Shall the San Joaquin Area Flood Control Agency (SJAFCA) establish a new assessment district and commencing in fiscal year 2023/24, levy an annual total of \$7,684,000 on all parcels in the district receiving special benefit as set forth in the Preliminary Engineer's Report dated March 16, 2023? Annual revenues from the proposed assessment will be used to pay for: (1) levee and flood control improvements and (2) levee operation and maintenance services of flood control facilities. The assessment will be levied on a per parcel basis in perpetuity so long as the services are provided by SJAFCA. The assessment may only be increased by the annual change in the Consumer Price Index up to a maximum of 4% annually as described within the Preliminary Engineer's Report and with the approval of SJFACA's Board of Directors.

THIS IS A WEIGHTED BALLOT. The total votes for this ballot equal the total proposed annual assessments in the box above.

[] YES, I support the proposed annual assessment. [] NO, I oppose the proposed annual assessment.

The assessment will not be imposed if the ballots submitted, and not withdrawn, in opposition to the assessment exceed the ballots submitted, and not withdrawn, in favor of the assessment, with ballots weighted according to the proportional financial obligation of the affected property.

Property Owner/Authorized Representative must sign in his/her own handwriting for ballot to be counted:

Ballots must be received before the close of the public hearing. Ballots received after the close of the public hearing cannot be accepted as per state law.

BALLOT QUESTION

Shall the San Joaquin Area Flood Control Agency (SJAFCA) establish a new assessment district and commencing in fiscal year 2023/24, levy an annual total of \$7,684,000 on all parcels in the district receiving special benefit as set forth in the Preliminary Engineer's Report dated March 16, 2023? Annual revenues from the proposed assessment will be used to pay for: (1) levee and flood control improvements and (2) levee operation and maintenance services of flood control facilities. The assessment will be levied on a per parcel basis in perpetuity so long as the services are provided by SJAFCA. The assessment may only be increased by the annual change in the Consumer Price Index up to a maximum of 4% annually as described within the Preliminary Engineer's Report and with the approval of SJFACA's Board of Directors.

THIS IS A WEIGHTED BALLOT. The total votes for this ballot equal the total proposed annual assessments in the box above.

[] YES, I support the proposed annual assessment. [] NO, I oppose the proposed annual assessment.

The assessment will not be imposed if the ballots submitted, and not withdrawn, in opposition to the assessment exceed the ballots submitted, and not withdrawn, in favor of the assessment, with ballots weighted according to the proportional financial obligation of the affected property.

Property Owner/Authorized Representative must sign in his/her own handwriting for ballot to be counted:

SIGNATURE of Owner/Authorized Representative (DO NOT PRINT)

Date

Name of Owner/Authorized Representative (PRINT)

Witness Signature*

*Only required if property owner is unable to sign due to illness or injury. In that case, he/she may make a mark witnessed by one person.

FOR OFFICIAL USE ONLY

Please see the front of this ballot and the Ballot Information Guide for instructions on completing and returning your ballot. Ballots received after the close of the Public Hearing on June 8, 2023, cannot be counted, in accordance with California Proposition 218 law.

WHY DID I RECEIVE THIS BALLOT?

The San Joaquin Area Flood Control Agency and the San Joaquin County Flood Control & Water Conservation District Zone 9 are jointly proposing a property assessment to reduce flood risk in North and Central Stockton. Assessment revenues will be used to pay the local cost share for the \$1.4 billion Lower San Joaquin River Project and adequately fund maintenance for 112 miles of urban levees. Benefits to properties include the avoidance of flood damages to land, structures, and contents, along with the financial impacts that occur when properties are “remapped” into Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas (this results in mandatory flood insurance for most properties with mortgages). The state and federal governments will pay approximately \$1.26 billion of all costs for the Lower San Joaquin River Project (90%), but only if the local community provides the required 10% cost share (approximately \$140 million).

The total amount to be raised by the assessment in FY 2023-24 is \$7,684,000. The assessment can only be increased by the annual change in CPI up to a maximum of 4 percent annually as set forth in the Engineer’s Report. Any CPI escalation must have the approval of the Board of Directors for the San Joaquin Area Flood Control Agency as part of its annual budgeting process. The methodology for calculating individual parcel assessments is detailed in the Levee Construction and Maintenance Assessment Preliminary Engineer’s Report, while specific characteristics for your property can be viewed on the Assessment Calculator. Both are available online at www.sjafca.org/LCMA along with assessment boundary maps, frequently asked questions, and other information.

Please also read the Ballot Information Guide included in your ballot package.

3. DO NOT TEAR YOUR BALLOT. Ballots that are torn cannot be counted. Place the entire ballot into the postage-paid official ballot return envelope and return by either:
1) mailing the ballot in the postage-paid security envelope. Ballots must be received no later than 5 p.m., Thursday, June 8, 2023. Postmarks will not be considered.
2) delivering by hand to San Joaquin County Flood Control & Water Conservation District, 1810 East Hazelton Avenue, Stockton, CA 95205 before 5 p.m., Thursday, June 8
3) delivering by hand to one of the community meetings listed in the ballot information guide
4) delivering by hand to the public hearing commencing at 6 p.m., Thursday, June 8, San Joaquin County Board of Supervisors Chambers, 44 N. San Joaquin Street, 6th Floor, Stockton

Ballots must be received before the close of the public hearing. Ballots received after the close of the public hearing cannot be accepted as per state law.

BALLOT QUESTION

Shall the San Joaquin Area Flood Control Agency (SJAFCA) establish a new assessment district and commencing in fiscal year 2023/24, levy an annual total of \$7,684,000 on all parcels in the district receiving special benefit as set forth in the Preliminary Engineer's Report dated March 16, 2023? Annual revenues from the proposed assessment will be used to pay for: (1) levee and flood control improvements and (2) levee operation and maintenance services of flood control facilities. The assessment will be levied on a per parcel basis in perpetuity so long as the services are provided by SJAFCA. The assessment may only be increased by the annual change in the Consumer Price Index up to a maximum of 4% annually as described within the Preliminary Engineer's Report and with the approval of SJFACA's Board of Directors.

THIS IS A WEIGHTED BALLOT. The total votes for this ballot equal the total proposed annual assessments in the box above.

[] YES, I support the proposed annual assessment. [] NO, I oppose the proposed annual assessment.

The assessment will not be imposed if the ballots submitted, and not withdrawn, in opposition to the assessment exceed the ballots submitted, and not withdrawn, in favor of the assessment, with ballots weighted according to the proportional financial obligation of the affected property.

Property Owner/Authorized Representative must sign in his/her own handwriting for ballot to be counted:

SIGNATURE of Owner/Authorized Representative (DO NOT PRINT)

Date

Name of Owner/Authorized Representative (PRINT)

Witness Signature*

*Only required if property owner is unable to sign due to illness or injury. In that case, he/she may make a mark witnessed by one person.

PLEASE READ THE BACK OF THIS BALLOT AND THE BALLOT INFORMATION GUIDE FOR MORE INFORMATION

FOR OFFICIAL USE ONLY

Please see the front of this ballot and the Ballot Information Guide for instructions on completing and returning your ballot. Ballots received after the close of the Public Hearing on June 8, 2023, cannot be counted, in accordance with California Proposition 218 law.

WHY DID I RECEIVE THIS BALLOT?

The San Joaquin Area Flood Control Agency and the San Joaquin County Flood Control & Water Conservation District Zone 9 are jointly proposing a property assessment to reduce flood risk in North and Central Stockton. Assessment revenues will be used to pay the local cost share for the \$1.4 billion Lower San Joaquin River Project and adequately fund maintenance for 112 miles of urban levees. Benefits to properties include the avoidance of flood damages to land, structures, and contents, along with the financial impacts that occur when properties are “remapped” into Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas (this results in mandatory flood insurance for most properties with mortgages). The state and federal governments will pay approximately \$1.26 billion of all costs for the Lower San Joaquin River Project (90%), but only if the local community provides the required 10% cost share (approximately \$140 million).

The total amount to be raised by the assessment in FY 2023-24 is \$7,684,000. The assessment can only be increased by the annual change in CPI up to a maximum of 4 percent annually as set forth in the Engineer’s Report. Any CPI escalation must have the approval of the Board of Directors for the San Joaquin Area Flood Control Agency as part of its annual budgeting process. The methodology for calculating individual parcel assessments is detailed in the Levee Construction and Maintenance Assessment Preliminary Engineer’s Report, while specific characteristics for your property can be viewed on the Assessment Calculator. Both are available online at www.sjafca.org/LCMA along with assessment boundary maps, frequently asked questions, and other information.

Please also read the Ballot Information Guide included in your ballot package.

- 1. Mark an "X" in the box next to "Yes" or "No"
2. PRINT, SIGN, and DATE your ballot in the spaces provided.
3. DO NOT TEAR YOUR BALLOT. Ballots that are torn cannot be counted. Place the entire ballot into the postage-paid official ballot return envelope and return by either:
1) mailing the ballot in the postage-paid security envelope. Ballots must be received no later than 5 p.m., Thursday, June 8, 2023. Postmarks will not be considered.
2) delivering by hand to San Joaquin County Flood Control & Water Conservation District, 1810 East Hazelton Avenue, Stockton, CA 95205 before 5 p.m., Thursday, June 8
3) delivering by hand to one of the community meetings listed in the ballot information guide
4) delivering by hand to the public hearing commencing at 6 p.m., Thursday, June 8, San Joaquin County Board of Supervisors Chambers, 44 N. San Joaquin Street, 6th Floor, Stockton

Ballots must be received before the close of the public hearing. Ballots received after the close of the public hearing cannot be accepted as per state law.

BALLOT QUESTION

Shall the San Joaquin Area Flood Control Agency (SJAFCA) establish a new assessment district and commencing in fiscal year 2023/24, levy an annual total of \$7,684,000 on all parcels in the district receiving special benefit as set forth in the Preliminary Engineer's Report dated March 16, 2023? Annual revenues from the proposed assessment will be used to pay for: (1) levee and flood control improvements and (2) levee operation and maintenance services of flood control facilities. The assessment will be levied on a per parcel basis in perpetuity so long as the services are provided by SJAFCA. The assessment may only be increased by the annual change in the Consumer Price Index up to a maximum of 4% annually as described within the Preliminary Engineer's Report and with the approval of SJFACA's Board of Directors.

THIS IS A WEIGHTED BALLOT. The total votes for this ballot equal the total proposed annual assessments in the box above.

- [] YES, I support the proposed annual assessment.
[] NO, I oppose the proposed annual assessment.

The assessment will not be imposed if the ballots submitted, and not withdrawn, in opposition to the assessment exceed the ballots submitted, and not withdrawn, in favor of the assessment, with ballots weighted according to the proportional financial obligation of the affected property.

Property Owner/Authorized Representative must sign in his/her own handwriting for ballot to be counted:

SIGNATURE of Owner/Authorized Representative (DO NOT PRINT)

Date

Name of Owner/Authorized Representative (PRINT)

Witness Signature*

*Only required if property owner is unable to sign due to illness or injury. In that case, he/she may make a mark witnessed by one person.

161757

FOR OFFICIAL USE ONLY

Please see the front of this ballot and the Ballot Information Guide for instructions on completing and returning your ballot. Ballots received after the close of the Public Hearing on June 8, 2023, cannot be counted, in accordance with California Proposition 218 law.

WHY DID I RECEIVE THIS BALLOT?

The San Joaquin Area Flood Control Agency and the San Joaquin County Flood Control & Water Conservation District Zone 9 are jointly proposing a property assessment to reduce flood risk in North and Central Stockton. Assessment revenues will be used to pay the local cost share for the \$1.4 billion Lower San Joaquin River Project and adequately fund maintenance for 112 miles of urban levees. Benefits to properties include the avoidance of flood damages to land, structures, and contents, along with the financial impacts that occur when properties are “remapped” into Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas (this results in mandatory flood insurance for most properties with mortgages). The state and federal governments will pay approximately \$1.26 billion of all costs for the Lower San Joaquin River Project (90%), but only if the local community provides the required 10% cost share (approximately \$140 million).

The total amount to be raised by the assessment in FY 2023-24 is \$7,684,000. The assessment can only be increased by the annual change in CPI up to a maximum of 4 percent annually as set forth in the Engineer’s Report. Any CPI escalation must have the approval of the Board of Directors for the San Joaquin Area Flood Control Agency as part of its annual budgeting process. The methodology for calculating individual parcel assessments is detailed in the Levee Construction and Maintenance Assessment Preliminary Engineer’s Report, while specific characteristics for your property can be viewed on the Assessment Calculator. Both are available online at www.sjafca.org/LCMA along with assessment boundary maps, frequently asked questions, and other information.

Please also read the Ballot Information Guide included in your ballot package.

HOW TO COMPLETE YOUR BALLOT

- 1. Mark an "X" in the box next to "Yes" or "No"
2. PRINT, SIGN, and DATE your ballot in the spaces provided.
3. DO NOT TEAR YOUR BALLOT. Ballots that are torn cannot be counted. Place the entire ballot into the postage-paid official ballot return envelope and return by either:
1) mailing the ballot in the postage-paid security envelope. Ballots must be received no later than 5 p.m., Thursday, June 8, 2023. Postmarks will not be considered.
2) delivering by hand to San Joaquin County Flood Control & Water Conservation District, 1810 East Hazelton Avenue, Stockton, CA 95205 before 5 p.m., Thursday, June 8
3) delivering by hand to one of the community meetings listed in the ballot information guide
4) delivering by hand to the public hearing commencing at 6 p.m., Thursday, June 8, San Joaquin County Board of Supervisors Chambers, 44 N. San Joaquin Street, 6th Floor, Stockton

Ballots must be received before the close of the public hearing. Ballots received after the close of the public hearing cannot be accepted as per state law.

BALLOT QUESTION

Shall the San Joaquin Area Flood Control Agency (SJAFCA) establish a new assessment district and commencing in fiscal year 2023/24, levy an annual total of \$7,684,000 on all parcels in the district receiving special benefit as set forth in the Preliminary Engineer's Report dated March 16, 2023? Annual revenues from the proposed assessment will be used to pay for: (1) levee and flood control improvements and (2) levee operation and maintenance services of flood control facilities. The assessment will be levied on a per parcel basis in perpetuity so long as the services are provided by SJAFCA. The assessment may only be increased by the annual change in the Consumer Price Index up to a maximum of 4% annually as described within the Preliminary Engineer's Report and with the approval of SJFACA's Board of Directors.

THIS IS A WEIGHTED BALLOT. The total votes for this ballot equal the total proposed annual assessments in the box above.

[] YES, I support the proposed annual assessment. [] NO, I oppose the proposed annual assessment.

The assessment will not be imposed if the ballots submitted, and not withdrawn, in opposition to the assessment exceed the ballots submitted, and not withdrawn, in favor of the assessment, with ballots weighted according to the proportional financial obligation of the affected property.

Property Owner/Authorized Representative must sign in his/her own handwriting for ballot to be counted:

SIGNATURE of Owner/Authorized Representative (DO NOT PRINT)

Date

Name of Owner/Authorized Representative (PRINT)

Witness Signature*

*Only required if property owner is unable to sign due to illness or injury. In that case, he/she may make a mark witnessed by one person.

PLEASE READ THE BACK OF THIS BALLOT AND THE BALLOT INFORMATION GUIDE FOR MORE INFORMATION

161762

FOR OFFICIAL USE ONLY

Please see the front of this ballot and the Ballot Information Guide for instructions on completing and returning your ballot. Ballots received after the close of the Public Hearing on June 8, 2023, cannot be counted, in accordance with California Proposition 218 law.

WHY DID I RECEIVE THIS BALLOT?

The San Joaquin Area Flood Control Agency and the San Joaquin County Flood Control & Water Conservation District Zone 9 are jointly proposing a property assessment to reduce flood risk in North and Central Stockton. Assessment revenues will be used to pay the local cost share for the \$1.4 billion Lower San Joaquin River Project and adequately fund maintenance for 112 miles of urban levees. Benefits to properties include the avoidance of flood damages to land, structures, and contents, along with the financial impacts that occur when properties are “remapped” into Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas (this results in mandatory flood insurance for most properties with mortgages). The state and federal governments will pay approximately \$1.26 billion of all costs for the Lower San Joaquin River Project (90%), but only if the local community provides the required 10% cost share (approximately \$140 million).

The total amount to be raised by the assessment in FY 2023-24 is \$7,684,000. The assessment can only be increased by the annual change in CPI up to a maximum of 4 percent annually as set forth in the Engineer’s Report. Any CPI escalation must have the approval of the Board of Directors for the San Joaquin Area Flood Control Agency as part of its annual budgeting process. The methodology for calculating individual parcel assessments is detailed in the Levee Construction and Maintenance Assessment Preliminary Engineer’s Report, while specific characteristics for your property can be viewed on the Assessment Calculator. Both are available online at www.sjafca.org/LCMA along with assessment boundary maps, frequently asked questions, and other information.

Please also read the Ballot Information Guide included in your ballot package.

HOW TO COMPLETE YOUR BALLOT

- 1. Mark an "X" in the box next to "Yes" or "No"
2. PRINT, SIGN, and DATE your ballot in the spaces provided.
3. DO NOT TEAR YOUR BALLOT. Ballots that are torn cannot be counted. Place the entire ballot into the postage-paid official ballot return envelope and return by either:
1) mailing the ballot in the postage-paid security envelope. Ballots must be received no later than 5 p.m., Thursday, June 8, 2023. Postmarks will not be considered.
2) delivering by hand to San Joaquin County Flood Control & Water Conservation District, 1810 East Hazelton Avenue, Stockton, CA 95205 before 5 p.m., Thursday, June 8
3) delivering by hand to one of the community meetings listed in the ballot information guide
4) delivering by hand to the public hearing commencing at 6 p.m., Thursday, June 8, San Joaquin County Board of Supervisors Chambers, 44 N. San Joaquin Street, 6th Floor, Stockton

Ballots must be received before the close of the public hearing. Ballots received after the close of the public hearing cannot be accepted as per state law.

BALLOT QUESTION

Shall the San Joaquin Area Flood Control Agency (SJAFCA) establish a new assessment district and commencing in fiscal year 2023/24, levy an annual total of \$7,684,000 on all parcels in the district receiving special benefit as set forth in the Preliminary Engineer's Report dated March 16, 2023? Annual revenues from the proposed assessment will be used to pay for: (1) levee and flood control improvements and (2) levee operation and maintenance services of flood control facilities. The assessment will be levied on a per parcel basis in perpetuity so long as the services are provided by SJAFCA. The assessment may only be increased by the annual change in the Consumer Price Index up to a maximum of 4% annually as described within the Preliminary Engineer's Report and with the approval of SJFACA's Board of Directors.

THIS IS A WEIGHTED BALLOT. The total votes for this ballot equal the total proposed annual assessments in the box above.

[] YES, I support the proposed annual assessment. [] NO, I oppose the proposed annual assessment.

The assessment will not be imposed if the ballots submitted, and not withdrawn, in opposition to the assessment exceed the ballots submitted, and not withdrawn, in favor of the assessment, with ballots weighted according to the proportional financial obligation of the affected property.

Property Owner/Authorized Representative must sign in his/her own handwriting for ballot to be counted:

SIGNATURE of Owner/Authorized Representative (DO NOT PRINT)

Date

Name of Owner/Authorized Representative (PRINT)

Witness Signature*

*Only required if property owner is unable to sign due to illness or injury. In that case, he/she may make a mark witnessed by one person.

PLEASE READ THE BACK OF THIS BALLOT AND THE BALLOT INFORMATION GUIDE FOR MORE INFORMATION

161768

FOR OFFICIAL USE ONLY

Please see the front of this ballot and the Ballot Information Guide for instructions on completing and returning your ballot. Ballots received after the close of the Public Hearing on June 8, 2023, cannot be counted, in accordance with California Proposition 218 law.

WHY DID I RECEIVE THIS BALLOT?

The San Joaquin Area Flood Control Agency and the San Joaquin County Flood Control & Water Conservation District Zone 9 are jointly proposing a property assessment to reduce flood risk in North and Central Stockton. Assessment revenues will be used to pay the local cost share for the \$1.4 billion Lower San Joaquin River Project and adequately fund maintenance for 112 miles of urban levees. Benefits to properties include the avoidance of flood damages to land, structures, and contents, along with the financial impacts that occur when properties are “remapped” into Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas (this results in mandatory flood insurance for most properties with mortgages). The state and federal governments will pay approximately \$1.26 billion of all costs for the Lower San Joaquin River Project (90%), but only if the local community provides the required 10% cost share (approximately \$140 million).

The total amount to be raised by the assessment in FY 2023-24 is \$7,684,000. The assessment can only be increased by the annual change in CPI up to a maximum of 4 percent annually as set forth in the Engineer’s Report. Any CPI escalation must have the approval of the Board of Directors for the San Joaquin Area Flood Control Agency as part of its annual budgeting process. The methodology for calculating individual parcel assessments is detailed in the Levee Construction and Maintenance Assessment Preliminary Engineer’s Report, while specific characteristics for your property can be viewed on the Assessment Calculator. Both are available online at www.sjafca.org/LCMA along with assessment boundary maps, frequently asked questions, and other information.

Please also read the Ballot Information Guide included in your ballot package.

HOW TO COMPLETE YOUR BALLOT

- 1. Mark an "X" in the box next to "Yes" or "No"
2. PRINT, SIGN, and DATE your ballot in the spaces provided.
3. DO NOT TEAR YOUR BALLOT. Ballots that are torn cannot be counted. Place the entire ballot into the postage-paid official ballot return envelope and return by either:
1) mailing the ballot in the postage-paid security envelope. Ballots must be received no later than 5 p.m., Thursday, June 8, 2023. Postmarks will not be considered.
2) delivering by hand to San Joaquin County Flood Control & Water Conservation District, 1810 East Hazelton Avenue, Stockton, CA 95205 before 5 p.m., Thursday, June 8
3) delivering by hand to one of the community meetings listed in the ballot information guide
4) delivering by hand to the public hearing commencing at 6 p.m., Thursday, June 8, San Joaquin County Board of Supervisors Chambers, 44 N. San Joaquin Street, 6th Floor, Stockton

Ballots must be received before the close of the public hearing. Ballots received after the close of the public hearing cannot be accepted as per state law.

BALLOT QUESTION

Shall the San Joaquin Area Flood Control Agency (SJAFCA) establish a new assessment district and commencing in fiscal year 2023/24, levy an annual total of \$7,684,000 on all parcels in the district receiving special benefit as set forth in the Preliminary Engineer's Report dated March 16, 2023? Annual revenues from the proposed assessment will be used to pay for: (1) levee and flood control improvements and (2) levee operation and maintenance services of flood control facilities. The assessment will be levied on a per parcel basis in perpetuity so long as the services are provided by SJAFCA. The assessment may only be increased by the annual change in the Consumer Price Index up to a maximum of 4% annually as described within the Preliminary Engineer's Report and with the approval of SJFACA's Board of Directors.

THIS IS A WEIGHTED BALLOT. The total votes for this ballot equal the total proposed annual assessments in the box above.

[] YES, I support the proposed annual assessment. [] NO, I oppose the proposed annual assessment.

The assessment will not be imposed if the ballots submitted, and not withdrawn, in opposition to the assessment exceed the ballots submitted, and not withdrawn, in favor of the assessment, with ballots weighted according to the proportional financial obligation of the affected property.

Property Owner/Authorized Representative must sign in his/her own handwriting for ballot to be counted:

SIGNATURE of Owner/Authorized Representative (DO NOT PRINT)

Date

Name of Owner/Authorized Representative (PRINT)

Witness Signature*

*Only required if property owner is unable to sign due to illness or injury. In that case, he/she may make a mark witnessed by one person.

161774

FOR OFFICIAL USE ONLY

Please see the front of this ballot and the Ballot Information Guide for instructions on completing and returning your ballot. Ballots received after the close of the Public Hearing on June 8, 2023, cannot be counted, in accordance with California Proposition 218 law.

WHY DID I RECEIVE THIS BALLOT?

The San Joaquin Area Flood Control Agency and the San Joaquin County Flood Control & Water Conservation District Zone 9 are jointly proposing a property assessment to reduce flood risk in North and Central Stockton. Assessment revenues will be used to pay the local cost share for the \$1.4 billion Lower San Joaquin River Project and adequately fund maintenance for 112 miles of urban levees. Benefits to properties include the avoidance of flood damages to land, structures, and contents, along with the financial impacts that occur when properties are “remapped” into Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas (this results in mandatory flood insurance for most properties with mortgages). The state and federal governments will pay approximately \$1.26 billion of all costs for the Lower San Joaquin River Project (90%), but only if the local community provides the required 10% cost share (approximately \$140 million).

The total amount to be raised by the assessment in FY 2023-24 is \$7,684,000. The assessment can only be increased by the annual change in CPI up to a maximum of 4 percent annually as set forth in the Engineer’s Report. Any CPI escalation must have the approval of the Board of Directors for the San Joaquin Area Flood Control Agency as part of its annual budgeting process. The methodology for calculating individual parcel assessments is detailed in the Levee Construction and Maintenance Assessment Preliminary Engineer’s Report, while specific characteristics for your property can be viewed on the Assessment Calculator. Both are available online at www.sjafca.org/LCMA along with assessment boundary maps, frequently asked questions, and other information.

Please also read the Ballot Information Guide included in your ballot package.

HOW TO COMPLETE YOUR BALLOT

- 1. Mark an "X" in the box next to "Yes" or "No"
2. PRINT, SIGN, and DATE your ballot in the spaces provided.
3. DO NOT TEAR YOUR BALLOT. Ballots that are torn cannot be counted. Place the entire ballot into the postage-paid official ballot return envelope and return by either:
1) mailing the ballot in the postage-paid security envelope. Ballots must be received no later than 5 p.m., Thursday, June 8, 2023. Postmarks will not be considered.
2) delivering by hand to San Joaquin County Flood Control & Water Conservation District, 1810 East Hazelton Avenue, Stockton, CA 95205 before 5 p.m., Thursday, June 8
3) delivering by hand to one of the community meetings listed in the ballot information guide
4) delivering by hand to the public hearing commencing at 6 p.m., Thursday, June 8, San Joaquin County Board of Supervisors Chambers, 44 N. San Joaquin Street, 6th Floor, Stockton

Ballots must be received before the close of the public hearing. Ballots received after the close of the public hearing cannot be accepted as per state law.

BALLOT QUESTION

Shall the San Joaquin Area Flood Control Agency (SJAFCA) establish a new assessment district and commencing in fiscal year 2023/24, levy an annual total of \$7,684,000 on all parcels in the district receiving special benefit as set forth in the Preliminary Engineer's Report dated March 16, 2023? Annual revenues from the proposed assessment will be used to pay for: (1) levee and flood control improvements and (2) levee operation and maintenance services of flood control facilities. The assessment will be levied on a per parcel basis in perpetuity so long as the services are provided by SJAFCA. The assessment may only be increased by the annual change in the Consumer Price Index up to a maximum of 4% annually as described within the Preliminary Engineer's Report and with the approval of SJFACA's Board of Directors.

THIS IS A WEIGHTED BALLOT. The total votes for this ballot equal the total proposed annual assessments in the box above.

[] YES, I support the proposed annual assessment. [] NO, I oppose the proposed annual assessment.

The assessment will not be imposed if the ballots submitted, and not withdrawn, in opposition to the assessment exceed the ballots submitted, and not withdrawn, in favor of the assessment, with ballots weighted according to the proportional financial obligation of the affected property.

Property Owner/Authorized Representative must sign in his/her own handwriting for ballot to be counted:

SIGNATURE of Owner/Authorized Representative (DO NOT PRINT)

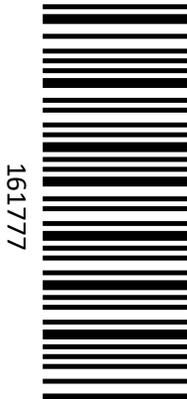

Date

Name of Owner/Authorized Representative (PRINT)

Witness Signature*

*Only required if property owner is unable to sign due to illness or injury. In that case, he/she may make a mark witnessed by one person.

PLEASE READ THE BACK OF THIS BALLOT AND THE BALLOT INFORMATION GUIDE FOR MORE INFORMATION

FOR OFFICIAL USE ONLY

Please see the front of this ballot and the Ballot Information Guide for instructions on completing and returning your ballot. Ballots received after the close of the Public Hearing on June 8, 2023, cannot be counted, in accordance with California Proposition 218 law.

WHY DID I RECEIVE THIS BALLOT?

The San Joaquin Area Flood Control Agency and the San Joaquin County Flood Control & Water Conservation District Zone 9 are jointly proposing a property assessment to reduce flood risk in North and Central Stockton. Assessment revenues will be used to pay the local cost share for the \$1.4 billion Lower San Joaquin River Project and adequately fund maintenance for 112 miles of urban levees. Benefits to properties include the avoidance of flood damages to land, structures, and contents, along with the financial impacts that occur when properties are “remapped” into Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas (this results in mandatory flood insurance for most properties with mortgages). The state and federal governments will pay approximately \$1.26 billion of all costs for the Lower San Joaquin River Project (90%), but only if the local community provides the required 10% cost share (approximately \$140 million).

The total amount to be raised by the assessment in FY 2023-24 is \$7,684,000. The assessment can only be increased by the annual change in CPI up to a maximum of 4 percent annually as set forth in the Engineer’s Report. Any CPI escalation must have the approval of the Board of Directors for the San Joaquin Area Flood Control Agency as part of its annual budgeting process. The methodology for calculating individual parcel assessments is detailed in the Levee Construction and Maintenance Assessment Preliminary Engineer’s Report, while specific characteristics for your property can be viewed on the Assessment Calculator. Both are available online at www.sjafca.org/LCMA along with assessment boundary maps, frequently asked questions, and other information.

Please also read the Ballot Information Guide included in your ballot package.

WHY DID I RECEIVE THIS BALLOT?

The San Joaquin Area Flood Control Agency and the San Joaquin County Flood Control & Water Conservation District Zone 9 are jointly proposing a property assessment to reduce flood risk in North and Central Stockton. Assessment revenues will be used to pay the local cost share for the \$1.4 billion Lower San Joaquin River Project and adequately fund maintenance for 112 miles of urban levees. Benefits to properties include the avoidance of flood damages to land, structures, and contents, along with the financial impacts that occur when properties are “remapped” into Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas (this results in mandatory flood insurance for most properties with mortgages). The state and federal governments will pay approximately \$1.26 billion of all costs for the Lower San Joaquin River Project (90%), but only if the local community provides the required 10% cost share (approximately \$140 million).

The total amount to be raised by the assessment in FY 2023-24 is \$7,684,000. The assessment can only be increased by the annual change in CPI up to a maximum of 4 percent annually as set forth in the Engineer’s Report. Any CPI escalation must have the approval of the Board of Directors for the San Joaquin Area Flood Control Agency as part of its annual budgeting process. The methodology for calculating individual parcel assessments is detailed in the Levee Construction and Maintenance Assessment Preliminary Engineer’s Report, while specific characteristics for your property can be viewed on the Assessment Calculator. Both are available online at www.sjafca.org/LCMA along with assessment boundary maps, frequently asked questions, and other information.

HOW TO COMPLETE YOUR BALLOT

- 1. Mark an "X" in the box next to "Yes" or "No"
2. PRINT, SIGN, and DATE your ballot in the spaces provided.
3. DO NOT TEAR YOUR BALLOT. Ballots that are torn cannot be counted. Place the entire ballot into the postage-paid official ballot return envelope and return by either:
1) mailing the ballot in the postage-paid security envelope. Ballots must be received no later than 5 p.m., Thursday, June 8, 2023. Postmarks will not be considered.
2) delivering by hand to San Joaquin County Flood Control & Water Conservation District, 1810 East Hazelton Avenue, Stockton, CA 95205 before 5 p.m., Thursday, June 8
3) delivering by hand to one of the community meetings listed in the ballot information guide
4) delivering by hand to the public hearing commencing at 6 p.m., Thursday, June 8, San Joaquin County Board of Supervisors Chambers, 44 N. San Joaquin Street, 6th Floor, Stockton

Ballots must be received before the close of the public hearing. Ballots received after the close of the public hearing cannot be accepted as per state law.

BALLOT QUESTION

Shall the San Joaquin Area Flood Control Agency (SJAFCA) establish a new assessment district and commencing in fiscal year 2023/24, levy an annual total of \$7,684,000 on all parcels in the district receiving special benefit as set forth in the Preliminary Engineer's Report dated March 16, 2023? Annual revenues from the proposed assessment will be used to pay for: (1) levee and flood control improvements and (2) levee operation and maintenance services of flood control facilities. The assessment will be levied on a per parcel basis in perpetuity so long as the services are provided by SJAFCA. The assessment may only be increased by the annual change in the Consumer Price Index up to a maximum of 4% annually as described within the Preliminary Engineer's Report and with the approval of SJFACA's Board of Directors.

THIS IS A WEIGHTED BALLOT. The total votes for this ballot equal the total proposed annual assessments in the box above.

[] YES, I support the proposed annual assessment. [] NO, I oppose the proposed annual assessment.

The assessment will not be imposed if the ballots submitted, and not withdrawn, in opposition to the assessment exceed the ballots submitted, and not withdrawn, in favor of the assessment, with ballots weighted according to the proportional financial obligation of the affected property.

Property Owner/Authorized Representative must sign in his/her own handwriting for ballot to be counted:

SIGNATURE of Owner/Authorized Representative (DO NOT PRINT)

Date

Name of Owner/Authorized Representative (PRINT)

Witness Signature*

*Only required if property owner is unable to sign due to illness or injury. In that case, he/she may make a mark witnessed by one person.

PLEASE READ THE BACK OF THIS BALLOT AND THE BALLOT INFORMATION GUIDE FOR MORE INFORMATION

FOR OFFICIAL USE ONLY

Please see the front of this ballot and the Ballot Information Guide for instructions on completing and returning your ballot. Ballots received after the close of the Public Hearing on June 8, 2023, cannot be counted, in accordance with California Proposition 218 law.

WHY DID I RECEIVE THIS BALLOT?

The San Joaquin Area Flood Control Agency and the San Joaquin County Flood Control & Water Conservation District Zone 9 are jointly proposing a property assessment to reduce flood risk in North and Central Stockton. Assessment revenues will be used to pay the local cost share for the \$1.4 billion Lower San Joaquin River Project and adequately fund maintenance for 112 miles of urban levees. Benefits to properties include the avoidance of flood damages to land, structures, and contents, along with the financial impacts that occur when properties are “remapped” into Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas (this results in mandatory flood insurance for most properties with mortgages). The state and federal governments will pay approximately \$1.26 billion of all costs for the Lower San Joaquin River Project (90%), but only if the local community provides the required 10% cost share (approximately \$140 million).

The total amount to be raised by the assessment in FY 2023-24 is \$7,684,000. The assessment can only be increased by the annual change in CPI up to a maximum of 4 percent annually as set forth in the Engineer’s Report. Any CPI escalation must have the approval of the Board of Directors for the San Joaquin Area Flood Control Agency as part of its annual budgeting process. The methodology for calculating individual parcel assessments is detailed in the Levee Construction and Maintenance Assessment Preliminary Engineer’s Report, while specific characteristics for your property can be viewed on the Assessment Calculator. Both are available online at www.sjafca.org/LCMA along with assessment boundary maps, frequently asked questions, and other information.

Please also read the Ballot Information Guide included in your ballot package.

WHY DID I RECEIVE THIS BALLOT?

The San Joaquin Area Flood Control Agency and the San Joaquin County Flood Control & Water Conservation District Zone 9 are jointly proposing a property assessment to reduce flood risk in North and Central Stockton. Assessment revenues will be used to pay the local cost share for the \$1.4 billion Lower San Joaquin River Project and adequately fund maintenance for 112 miles of urban levees. Benefits to properties include the avoidance of flood damages to land, structures, and contents, along with the financial impacts that occur when properties are “remapped” into Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas (this results in mandatory flood insurance for most properties with mortgages). The state and federal governments will pay approximately \$1.26 billion of all costs for the Lower San Joaquin River Project (90%), but only if the local community provides the required 10% cost share (approximately \$140 million).

The total amount to be raised by the assessment in FY 2023-24 is \$7,684,000. The assessment can only be increased by the annual change in CPI up to a maximum of 4 percent annually as set forth in the Engineer’s Report. Any CPI escalation must have the approval of the Board of Directors for the San Joaquin Area Flood Control Agency as part of its annual budgeting process. The methodology for calculating individual parcel assessments is detailed in the Levee Construction and Maintenance Assessment Preliminary Engineer’s Report, while specific characteristics for your property can be viewed on the Assessment Calculator. Both are available online at www.sjafca.org/LCMA along with assessment boundary maps, frequently asked questions, and other information.

Please also read the Ballot Information Guide included in your ballot package.

HOW TO COMPLETE YOUR BALLOT

- 1. Mark an "X" in the box next to "Yes" or "No"
2. PRINT, SIGN, and DATE your ballot in the spaces provided.
3. DO NOT TEAR YOUR BALLOT. Ballots that are torn cannot be counted. Place the entire ballot into the postage-paid official ballot return envelope and return by either:
1) mailing the ballot in the postage-paid security envelope. Ballots must be received no later than 5 p.m., Thursday, June 8, 2023. Postmarks will not be considered.
2) delivering by hand to San Joaquin County Flood Control & Water Conservation District, 1810 East Hazelton Avenue, Stockton, CA 95205 before 5 p.m., Thursday, June 8
3) delivering by hand to one of the community meetings listed in the ballot information guide
4) delivering by hand to the public hearing commencing at 6 p.m., Thursday, June 8, San Joaquin County Board of Supervisors Chambers, 44 N. San Joaquin Street, 6th Floor, Stockton

Ballots must be received before the close of the public hearing. Ballots received after the close of the public hearing cannot be accepted as per state law.

BALLOT QUESTION

Shall the San Joaquin Area Flood Control Agency (SJAFCA) establish a new assessment district and commencing in fiscal year 2023/24, levy an annual total of \$7,684,000 on all parcels in the district receiving special benefit as set forth in the Preliminary Engineer's Report dated March 16, 2023? Annual revenues from the proposed assessment will be used to pay for: (1) levee and flood control improvements and (2) levee operation and maintenance services of flood control facilities. The assessment will be levied on a per parcel basis in perpetuity so long as the services are provided by SJAFCA. The assessment may only be increased by the annual change in the Consumer Price Index up to a maximum of 4% annually as described within the Preliminary Engineer's Report and with the approval of SJFACA's Board of Directors.

THIS IS A WEIGHTED BALLOT. The total votes for this ballot equal the total proposed annual assessments in the box above.

- [] YES, I support the proposed annual assessment.
[] NO, I oppose the proposed annual assessment.

The assessment will not be imposed if the ballots submitted, and not withdrawn, in opposition to the assessment exceed the ballots submitted, and not withdrawn, in favor of the assessment, with ballots weighted according to the proportional financial obligation of the affected property.

Property Owner/Authorized Representative must sign in his/her own handwriting for ballot to be counted:

SIGNATURE of Owner/Authorized Representative (DO NOT PRINT)

Date

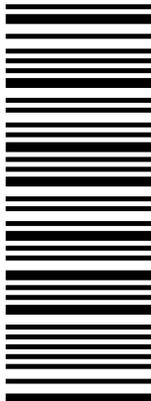

Name of Owner/Authorized Representative (PRINT)

Witness Signature*

*Only required if property owner is unable to sign due to illness or injury. In that case, he/she may make a mark witnessed by one person.

161792

FOR OFFICIAL USE ONLY

Please see the front of this ballot and the Ballot Information Guide for instructions on completing and returning your ballot. Ballots received after the close of the Public Hearing on June 8, 2023, cannot be counted, in accordance with California Proposition 218 law.

WHY DID I RECEIVE THIS BALLOT?

The San Joaquin Area Flood Control Agency and the San Joaquin County Flood Control & Water Conservation District Zone 9 are jointly proposing a property assessment to reduce flood risk in North and Central Stockton. Assessment revenues will be used to pay the local cost share for the \$1.4 billion Lower San Joaquin River Project and adequately fund maintenance for 112 miles of urban levees. Benefits to properties include the avoidance of flood damages to land, structures, and contents, along with the financial impacts that occur when properties are "remapped" into Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas (this results in mandatory flood insurance for most properties with mortgages). The state and federal governments will pay approximately \$1.26 billion of all costs for the Lower San Joaquin River Project (90%), but only if the local community provides the required 10% cost share (approximately \$140 million).

The total amount to be raised by the assessment in FY 2023-24 is \$7,684,000. The assessment can only be increased by the annual change in CPI up to a maximum of 4 percent annually as set forth in the Engineer's Report. Any CPI escalation must have the approval of the Board of Directors for the San Joaquin Area Flood Control Agency as part of its annual budgeting process. The methodology for calculating individual parcel assessments is detailed in the Levee Construction and Maintenance Assessment Preliminary Engineer's Report, while specific characteristics for your property can be viewed on the Assessment Calculator. Both are available online at www.sjafca.org/LCMA along with assessment boundary maps, frequently asked questions, and other information.

Please also read the Ballot Information Guide included in your ballot package.

WHY DID I RECEIVE THIS BALLOT?

The San Joaquin Area Flood Control Agency and the San Joaquin County Flood Control & Water Conservation District Zone 9 are jointly proposing a property assessment to reduce flood risk in North and Central Stockton. Assessment revenues will be used to pay the local cost share for the \$1.4 billion Lower San Joaquin River Project and adequately fund maintenance for 112 miles of urban levees. Benefits to properties include the avoidance of flood damages to land, structures, and contents, along with the financial impacts that occur when properties are “remapped” into Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas (this results in mandatory flood insurance for most properties with mortgages). The state and federal governments will pay approximately \$1.26 billion of all costs for the Lower San Joaquin River Project (90%), but only if the local community provides the required 10% cost share (approximately \$140 million).

The total amount to be raised by the assessment in FY 2023-24 is \$7,684,000. The assessment can only be increased by the annual change in CPI up to a maximum of 4 percent annually as set forth in the Engineer’s Report. Any CPI escalation must have the approval of the Board of Directors for the San Joaquin Area Flood Control Agency as part of its annual budgeting process. The methodology for calculating individual parcel assessments is detailed in the Levee Construction and Maintenance Assessment Preliminary Engineer’s Report, while specific characteristics for your property can be viewed on the Assessment Calculator. Both are available online at www.sjafca.org/LCMA along with assessment boundary maps, frequently asked questions, and other information.

Please also read the Ballot Information Guide included in your ballot package.

HOW TO COMPLETE YOUR BALLOT

- 1. Mark an "X" in the box next to "Yes" or "No"
2. PRINT, SIGN, and DATE your ballot in the spaces provided.
3. DO NOT TEAR YOUR BALLOT. Ballots that are torn cannot be counted. Place the entire ballot into the postage-paid official ballot return envelope and return by either:
1) mailing the ballot in the postage-paid security envelope. Ballots must be received no later than 5 p.m., Thursday, June 8, 2023. Postmarks will not be considered.
2) delivering by hand to San Joaquin County Flood Control & Water Conservation District, 1810 East Hazelton Avenue, Stockton, CA 95205 before 5 p.m., Thursday, June 8
3) delivering by hand to one of the community meetings listed in the ballot information guide
4) delivering by hand to the public hearing commencing at 6 p.m., Thursday, June 8, San Joaquin County Board of Supervisors Chambers, 44 N. San Joaquin Street, 6th Floor, Stockton

Ballots must be received before the close of the public hearing. Ballots received after the close of the public hearing cannot be accepted as per state law.

BALLOT QUESTION

Shall the San Joaquin Area Flood Control Agency (SJAFCA) establish a new assessment district and commencing in fiscal year 2023/24, levy an annual total of \$7,684,000 on all parcels in the district receiving special benefit as set forth in the Preliminary Engineer's Report dated March 16, 2023? Annual revenues from the proposed assessment will be used to pay for: (1) levee and flood control improvements and (2) levee operation and maintenance services of flood control facilities. The assessment will be levied on a per parcel basis in perpetuity so long as the services are provided by SJAFCA. The assessment may only be increased by the annual change in the Consumer Price Index up to a maximum of 4% annually as described within the Preliminary Engineer's Report and with the approval of SJFACA's Board of Directors.

THIS IS A WEIGHTED BALLOT. The total votes for this ballot equal the total proposed annual assessments in the box above.

[] YES, I support the proposed annual assessment. [] NO, I oppose the proposed annual assessment.

The assessment will not be imposed if the ballots submitted, and not withdrawn, in opposition to the assessment exceed the ballots submitted, and not withdrawn, in favor of the assessment, with ballots weighted according to the proportional financial obligation of the affected property.

Property Owner/Authorized Representative must sign in his/her own handwriting for ballot to be counted:

3. DO NOT TEAR YOUR BALLOT. Ballots that are torn cannot be counted. Place the entire ballot into the postage-paid official ballot return envelope and return by either:
1) mailing the ballot in the postage-paid security envelope. Ballots must be received no later than 5 p.m., Thursday, June 8, 2023. Postmarks will not be considered.
2) delivering by hand to San Joaquin County Flood Control & Water Conservation District, 1810 East Hazelton Avenue, Stockton, CA 95205 before 5 p.m., Thursday, June 8
3) delivering by hand to one of the community meetings listed in the ballot information guide
4) delivering by hand to the public hearing commencing at 6 p.m., Thursday, June 8, San Joaquin County Board of Supervisors Chambers, 44 N. San Joaquin Street, 6th Floor, Stockton

Ballots must be received before the close of the public hearing. Ballots received after the close of the public hearing cannot be accepted as per state law.

BALLOT QUESTION

Shall the San Joaquin Area Flood Control Agency (SJAFCA) establish a new assessment district and commencing in fiscal year 2023/24, levy an annual total of \$7,684,000 on all parcels in the district receiving special benefit as set forth in the Preliminary Engineer's Report dated March 16, 2023? Annual revenues from the proposed assessment will be used to pay for: (1) levee and flood control improvements and (2) levee operation and maintenance services of flood control facilities. The assessment will be levied on a per parcel basis in perpetuity so long as the services are provided by SJAFCA. The assessment may only be increased by the annual change in the Consumer Price Index up to a maximum of 4% annually as described within the Preliminary Engineer's Report and with the approval of SJFACA's Board of Directors.

THIS IS A WEIGHTED BALLOT. The total votes for this ballot equal the total proposed annual assessments in the box above.

YES, I support the proposed annual assessment. NO, I oppose the proposed annual assessment.

The assessment will not be imposed if the ballots submitted, and not withdrawn, in opposition to the assessment exceed the ballots submitted, and not withdrawn, in favor of the assessment, with ballots weighted according to the proportional financial obligation of the affected property.

Property Owner/Authorized Representative must sign in his/her own handwriting for ballot to be counted:

SIGNATURE of Owner/Authorized Representative (DO NOT PRINT) Date

Name of Owner/Authorized Representative (PRINT) Witness Signature*

*Only required if property owner is unable to sign due to illness or injury. In that case, he/she may make a mark witnessed by one person.

PLEASE READ THE BACK OF THIS BALLOT AND THE BALLOT INFORMATION GUIDE FOR MORE INFORMATION

FOR OFFICIAL USE ONLY

Please see the front of this ballot and the Ballot Information Guide for instructions on completing and returning your ballot. Ballots received after the close of the Public Hearing on June 8, 2023, cannot be counted, in accordance with California Proposition 218 law.

WHY DID I RECEIVE THIS BALLOT?

The San Joaquin Area Flood Control Agency and the San Joaquin County Flood Control & Water Conservation District Zone 9 are jointly proposing a property assessment to reduce flood risk in North and Central Stockton. Assessment revenues will be used to pay the local cost share for the \$1.4 billion Lower San Joaquin River Project and adequately fund maintenance for 112 miles of urban levees. Benefits to properties include the avoidance of flood damages to land, structures, and contents, along with the financial impacts that occur when properties are “remapped” into Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas (this results in mandatory flood insurance for most properties with mortgages). The state and federal governments will pay approximately \$1.26 billion of all costs for the Lower San Joaquin River Project (90%), but only if the local community provides the required 10% cost share (approximately \$140 million).

The total amount to be raised by the assessment in FY 2023-24 is \$7,684,000. The assessment can only be increased by the annual change in CPI up to a maximum of 4 percent annually as set forth in the Engineer’s Report. Any CPI escalation must have the approval of the Board of Directors for the San Joaquin Area Flood Control Agency as part of its annual budgeting process. The methodology for calculating individual parcel assessments is detailed in the Levee Construction and Maintenance Assessment Preliminary Engineer’s Report, while specific characteristics for your property can be viewed on the Assessment Calculator. Both are available online at www.sjafca.org/LCMA along with assessment boundary maps, frequently asked questions, and other information.

Please also read the Ballot Information Guide included in your ballot package.
