Interests & Experiences

Please tell us about yourself and why you want to serve.

I believe a thriving and vibrant community is one with engaged constituents. Prior to moving to Stockton, I was the Board Treasurer for a Sacramento neighborhood association. The association was a volunteer non-profit geared towards educating residents on local resources and fostering the necessary dialogue with elected officials in order to voice community concerns. We also fundraised annually to provide scholarships to local high school students seeking higher education. Now, as a resident of Stockton, I intend to get engaged with my community and local government.

Please state the reason you would like to be a member of this board/commission.

Having experience in affordable housing development, I want to contribute my skills and knowledge.

Interests & Experiences

Please tell us about yourself and why you want to serve.

Since purchasing a home in Stockton three years ago, I have become very interested in the challenges facing the City during its growth and restructuring period. Located in the heart of the central valley and planked by main interstate highways and a strategic port, Stockton's potential to become a key player in attracting new business in both agriculture and high tech is promising. As an Advisor to executives at Stars Casino and former CEO of a successful finance company, I believe I can provide invaluable insight for the Community Development Committee. I want to serve in this Committee to help improve the standard of living for Stockton residents by sharing my experience and providing an unbiased approach to studying demographical data, financial analysis and community outreach.

Please state the reason you would like to be a member of this board/commission.

As a second generation Filipino immigrant, I feel that I would be able to reach out to the all residents of Stockton, especially in the Filipino community that has a big presence in Stockton.

Interests & Experiences

Please tell us about yourself and why you want to serve.

I'm a young Californian man, coming fresh out of High School, and looking for a job that will not only benefit my community, but will help shape me for my desired career. I've lived near the poverty line, for much of my later years, visiting the Bay's roughest cities. San Francisco, Oakland, and even Richmond, where I've seen the people and community deteriorate beyond measure. Thus, I feel it is my civic duty and right, to seek the means and tools to better my community, life, and even happiness.

Please state the reason you would like to be a member of this board/commission.

Community development is important to maintaining the infrastructure, well being, and financial status of our fair city and neighborhood. My hope, is to do my part to transform the image and health of Stockton, from that of a death trap for young citizens, to a city of technological, economic, and political freedom. My reasons are indeed lofty and high, yet it is better to try for the best outcome, then the worse. If I were to be appointed to this board, I shall make it my full time to duty, to commit to the well being of this city.

Have you served on an advisory group before?

☒ Yes ☐ No

If yes, please explain.

The Training and Operations Officer (S3) for the Lathrop High Spartan Battalion. Part of the Cadet Command group, in charge of a battalion of 110 cadets. Offered advise and planning tools to the Battalion Commander (B.C), and coordinated operations with fellow staff members as well as my own group of workers.

How did you hear about the position?

I noticed the trash, broken walls, and abandoned work projects in my local neighborhood, (Weston Ranch), and asked what happened. Seeing that there wasn't much people to ask, or those who won't simply say "Get used to it", I figured there must exist a committee to handle this. Therefore, I did my research and here I am hoping to be hired as a valid member of this board.
