To Whom It May Concern:

I own buildings and businesses located at 10 and 19 N California Street. I am very familiar with Sharma's Market. I have also read the letters submitted by other downtown interests. However, I do not believe that the letters fairly and accurately reflect the situation at Sharma's Market. It is very true that there were individuals that loitered on the corner of California and Weber. However, there were only two people chasing those individuals away...Sharma and myself. The landlords/managers never hired security to help address the situation. They were never out on the street like Sharma and I were. The idea that Sharma is being accused of being the problem is pretty absurd. The two of us constantly put our safety at risk making people leave the area. Nobody, other than the bike patrol, ever helped.

I also think the comparison to Grand Save Market is absurd. I am very familiar with both situations and they are nothing alike. It is also insincere to say that the problem resolved itself when Sharma left. That is completely false. The problem continued after his lease was terminated and even got worse. It was only when people began to move into the building and there was a larger presence of law abiding citizens that the problem stopped. That was at least 6 weeks after Sharma left.

I understand the city's concern about the loitering and would agree that it must be made clear to Sharma that it cannot occur at his new location. It just doesn't sit right for me to hear people blame Sharma for problems at Cal-Weber when the people casting blame always refused to get their hands dirty and help to solve the problem. I have come to know Sharma personally and have witnessed the devastation that this is causing for him. He is going to lose his business. I can't sit idly by and watch that occur.

Sincerely,

Jacob Benguerel

To whom it may concern,

I am writing to argue in favor of allowing Sharma's Market to sell alcohol. Mr. Sharma is a kind generous man, staple of the community and a positive influence on the area. Not allowing the sale of alcohol in his store is crippling to his bottom line. He is a small business owner trying to overcome the loss of his previous store and trying to stay part of the community he is so well known in. I believe he should be allowed to sell alcohol in his new location. I for one enjoy stopping by his shop when my work has me in the area. Not allowing him to make these sales will force the shutdown of the store and a loss of a loved member of the community.

Jonathan Park.

To: Stockton City Council

Re: Use Permit to Allow Off-Sale Beer & Wine at "Sharma's Market"

Introduction

I want to thank you for considering my appeal of the Planning Commission's denial of my use permit to continue to sell beer and wine at my convenience store. I have operated my store in Downtown Stockton for 28 years. My store was located at the corner of Hunter and Channel Streets for 18 years, until I was forced to move because of redevelopment. I moved to the corner of Weber and California where I've operated the store for the last 10 years. Now I have been forced out by the landlord, for redevelopment again.

I signed a new lease and moved my store to 836 E. Miner Avenue, between Grant and Aurora. This location is not in the Downtown core, like my other locations, and there is less foot traffic here, but it is acceptable and I am happy to continue operating my business in Stockton. The problem is that the Planning Commission has denied my use permit, they have not approved my continuing to sell beer and wine at my market.

The Planning Commission Recommendation

I understand that the Planning Commission says that they are denying my use permit because the area is a "high crime area." But according to the letter we got from the Community Development Department, the crime has been going down.

The Planning Commission says that one of the reasons for denying my permit is that there have been a number of calls for police service to the area of my previous store at Weber and California. But many those calls for service came from me! I've also called the Downtown Stockton Alliance for assistance.

I do not want people loitering in front of my store, it scares customers away, and creates problems with my neighbors. For most of my time at the Weber and California location I had no trouble, but beginning about the time of the renovation

of the building by the new developer, I began to have some trouble with homeless sleeping around the scaffolding and trashing the street at night. I also had some problems with some young men hanging out in front of my store. I told them they couldn't hang out there, but they wouldn't listen to me, so I called the police. By the time the police arrived, an hour or so later, these men had left. This occurred many times, but each time, the police arrived too late to do anything. I even called the Mayor to seek the city's assistance. I believe that the reconstruction and the scaffolding around the building created a bad condition that attracted people to hang out around there. I didn't have much trouble before the reconstruction.

Taking away my use permit will not result in any less alcohol being sold Downtown, people will just buy it at another store. But, what it will do it put me out of business, it is already very hard to make ends meet selling groceries, toiletries, and small market and convenience store items, for 28 years I've been able to make a go of it by maintaining my California Alcohol Beverage Control type 20 off-sale license. The Cal ABC has no problem with continuing my license in the new location.

Sales to Minors

I understand that one of the reasons they are recommending against approving my license because I had 2 sales to minors. I accept responsibility for that, those sales were in 2009 and in 2011, 5 years ago and more. These incidents were "sting" operations with unusual circumstances, I challenged them, but ultimately had to take a brief suspension for each. The Cal ABC does not see these as a reason to deny continuing my license at the new store.

I have not had any problem since then. I take this very seriously and I do not sell to minors. It's wrong and illegal. I do not want to go to jail or lose my ABC license. If you allow me to continue selling beer and wine at my store, I will be installing a point-of-purchase system that will require me to swipe a valid I.D. before completing any sale that includes beer or wine. I will also be taking a L.E.A.D. Class to refresh myself on the best practices.

High Crime Area

The report from the Planning Commission says that my permit should be denied because my store is in a high-crime reporting area. I understand this, but the new store only 6 blocks from my prior location and is in the same high-crime reporting

area. I am simply asking permission to re-locate my store, this will not make the crime issues in the area worse.

Because of the high crime in my Reporting District, the Planning Commission says the sale of beer and wine in my area is a "Problem Use" and so staff recommended against my permit because they said I failed to provide any evidence that the beer and wine sales would not negatively impact the area. The Planning Commission says my sale of beer and wine will increase deterioration and blight because there are 9 off-sales here. They say it has the potential to worsen safety problems in the neighborhood due to increased crimes, illegal activities, and drunkenness.

But I have one of the off-sale licenses, I am just trying to move 6 blocks away within the same census tract and continue my business. That won't make things worse, I think it will make them better. I think my new location which is on a street with less foot traffic and more cars, and where I have a parking lot, will be better for sales from people who stop by in their cars, instead of walking in off the street. So there's no increase in the number of licenses but less sales to people who might just hang around the neighborhood.

Negative Effect

They say that my sale of beer and wine will be contrary to improvement and development because my establishment has the potential to increase so-called "Alcohol-related illegal activities" that would adversely impact the quality of life for the area's residents and the future retail/commercial development in the area.

What can I do to "Prove that my business will have no negative effect?"

It's just a convenience store that sells beer and wine along with food and soft drinks and groceries and other items.

I am dedicated to preventing loitering and drinking of alcohol anywhere around my store. It is simply bad for business. As I said, I consistently called the police when it was happening outside my Weber Ave. location, and I do not tolerate it at Miner Ave. I've installed cameras and security lighting and the doors are locked behind bars at night.

I just want to provide a little full-service grocery store for the neighborhood and people who stop by in their cars too. I cannot prevent the crime, the alcohol that is sold in my store will be purchased somewhere else if I don't sell it. It will. I have 28 years of experience Downtown, and I want to work with the City and the

neighborhood to make it a vibrant safe community. I serve the people in the neighborhood and many of the people there already know me at the new location, I also have customers from the old store that still shop with me.

Conclusion

Taking all of this into consideration, I respectfully ask you to approve my use permit. My new business location will not have a negative impact, I already have an off-sale license in the area and I just want to move 6 blocks and continue my business. My new location has security cameras and security lighting, and I will be installing a point-of-purchase system that will require me to swipe a valid I.D. for any beer or wine sale. The new location is on a street that is less travelled by foot and more travelled by cars. My business is now directed at people in their cars, more than it was on Weber Avenue. Beer and wine sales at my new location will have less of an effect on the immediate area than my old store. Please approve my permit, I've been working hard Downtown for 28 years and now because of redevelopment I understand I have to move, but my wife and I are not going to be able to support ourselves without our type 20 license.

Respectfully,

SUNIL SHARMA

Sharma's Market

Sharmas Market
836 East Miner Ave
Stockton, CA 95202

The purpose of this letter is to show my support for local business and ask that Sharma's Market receive a license to sell Beer, Wine, and groceries at their new address on Miner Ave.

Sharma's Market has been locally selling wine beer, and groceries dating back to 1988. The market has always been a great place to purchase those items. Recently Sharma's Market had to move to a new address on Miner Ave. As a local business owner myself, I stand behind small local businesses in this town. Please support Sharma's Market and issue their business a new license so they can continue their legacy here in Stockton.

Sincerely,

A handwritten signature in cursive script, appearing to read "Brad Furr".

Re: Sharma's Market Support Letter:

September 6, 2016

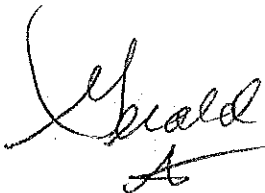

To whom this may concern:

I would like to request that our Sharma's Market be reconsidered for any type of business licenses such as retail to sell groceries, household supplies, cigarettes and tobacco products, beer and wine.

This location is a great location for those traveling out to the country for a weekend event and would like to buy something for the road including, for the residents that live close by in the neighborhood.

I am a college student studying Business Administration/ Law pending graduation in the near future from San Joaquin Delta College, my family really enjoys Sharma's market and pray for the existence of the appropriate permits.

Thank you for your time and attention, as I await your kindest replies, I am
Sincerely, Gerald Arnett (209) 481-2361 garnett489@students.deltacollege.edu

8662 Trumpet Ct
Elk Grove, CA 95624

Dear Sir or Madam,

In regards to the recent denied request for a business licenses, it would be in great endeavour if the decision was reconsidered. Our proud business name "Sharma's Market" has been a household name and is widely known by the city of Stockton for over two decades. The owner Sunil Dutt Sharma has been persistent and committed to not only running the entity of the shop but also inspiring the younger generation that walk among his store to be someone in this world.

Moving to numerous locations has given Sunil Sharma a steady hand to fulfill his dreams as a store owner. Not a single time has he given up on his dreams nor his family. No matter what the circumstance is he always prevails whether it's for the children of Stockton, his family, or himself he always finds a way to succeed. This business licenses assures himself that he is capable of continuing to make a difference in the city of Stockton, CA. It's in a perfect location where it can be accessed by car, bus, or simply walking. Also having fresh daily products for the residents that live close by and greeted by Sunil Sharma himself with a smile that will get anyone out of having a bad day.

As for myself, I am Sunil Sharma's youngest child out of five who is certified in Travel and Tourism Professional. A recent pharmacy technician but a flight attendant in the near future and hopes that as my dreams start to exist in real world phenomenon my dad will be able to live out his dreams as a Store Owner with the necessary documents that permit him to. If you have any additional questions or concerns, please feel free to contact me at (916) 513-5550 or request to speak to any of my other siblings. We look forward to speaking with you to resolve this matter.

Sincerely,

Krisneal Sharma

To Whom it may Concern:

My name is Marcos Siu. I am a dairy vendor. I have been doing business with MR Sharma for almost a decade.

I have known him as a very Trustworthy Person. He is the kind of person that will go the extra mile for a customer, friend or just anybody in need.

Please consider granting any Permit, License or Certificate for his new business. I know he will make it into a successful convenience store.

Thank You!

Marcos Siu.

To whom it concerns,...

I believe like any other stores,
Sharma Market should be able
to sell Beer & Wine.

There are no other stores around
the neighborhood that sell
Beer & Wine.

At this location we need a
grocery store that sells Beer &
Wine.

Thank you,
Minnie Garcia
Minnie Garcia

To Whom it may Concern:

I have known Sharma for over ten years. To my knowledge he is an honest and decent human being. He is a well mannered all around good person. He has owned Sharma's Market for many years and to my knowledge he has never had any problems. He moved to this location a few months ago and business has been really slow! He really need a Beer and Wine ~~use~~ Permit to stay in business. Thank you!

Sincerely yours:

Jesse E. Williams

To whom it may concern
you know all the stores in Stockton.
they all have Groceries, Beer wine
Some with liquor.

Crime is Everywhere the area where
he has his Business is still slow
if, He gets his Beer & Wine Licence back
Business will Boom, Very good.

Look how Vegas was. Look how Vegas City
is Now. There are no other stores near
by. At this location Sharma's Market
will do better, then where he was.

This man is a Very good person who
respects people and they love him.
He is well know in this City.

Thanki - Sincerely

Sara Muñoz

To Whom it may concern

I want to stand up in the fight for Sharma's Market to obtain a permit use for sales of beer and wine at his convenience store located at 836 East Miner Avenue in Stockton, CA

Myself being a mental health client, am very appreciative that Sharma's Market has still remained located in the area of my residence downtown. I am my own advocate. Having Mr. Sharma's store still around allows me to keep my routine I follow to help maintain my mental health. I'm comfortable and safe with Sharma's Market and the management. I'm not intimidated in any such way for my disabilities. He has educated me on how to spend and how to budget my money, which has helped myself become a better advocate for myself and has improved my way of living and shopping standards. He is more than a store owner. Breaking barriers and boundaries are difficult for myself and handling change in people, places and things can be frightening. I ask

you to allow Mr. Sharma a permit use of beer and wine sales. I am not the only mental health client Mr. Sharma share time and conversation with. He is my friend and has treated me as an equal. I am already conflicting my health as to what am I going to do if Sharma leaves. I know his store and I learned how to move my life in an around wherever Mr. Sharma and Sharma's Market has been since Hunter Street to California/Weber and now Miner Avenue. I like spending/buying for myself at his convenience stores in his past location and Now at 836 East Miner Avenue location because he has treated me fair and honest. He does need the security from sales of beer and wine to meet the needs of all who come and shop at Sharma's Market. And I also need security and safety And I find the equalities at Sharma's Market

Thank You Susan Vallo
Susan Vallo

To "WHOM IT MAY CONCERN",

This is to be a letter of reference for Mr. Neal Sharma. I have known and been friends with Mr. Sharma for nine years through business and personal contact. I am a Stockton Homeowner and Security Officer. He is a true friend and many times I've seen him help the truly needy people at his store. A small business owner should not have to be "red taped" into poverty for a simple store re-location of a few short blocks. A simple transfer of his Beer and Wine license should be only necessary. Not The re-applying and added cost this entails. It's not his fault the City has dragged it's feet for his Application and brought the "coder" up to Par.

I have worked two tabs for over
thirty years. I can see now
why this city is losing so
many small businesses. Please
reconsider this case and do the
City of Stockton a "Justice".

Thank You
Theodore G. Spain
110 W. Gestrud Ave
Stockton, CA. 95215
AA. # 209-518-6619

To: City of Stockton
Re: Sharma's Market

We strongly support the re-instatement of Sharma's liquor license.

Sharma's Mkt. has been in the community for almost 30 years with no problems. We appreciate having his store in our community, especially for those of us who ^{do} not have easy access to larger markets and other store owners ~~agree~~ in the area, feel the same.

Beer and wine sells boost his sales. Most people who purchase these items take them home.

For other customers, who may purchase beer & wine are customers who have access to the RTD, is located directly across the street from

his former place of business, at 48 N. California Street.

Unfortunately, younger people chose to hang out in front of Sharma's Mkt.

HOWEVER, we haven't seen empty bottles or cans near his place of business.

Now, at his new place of business, there are no people, which are minors, hanging around his store.

So, we ask you to please consider and approve Sharma's Mkt. to be issued a liquor license.

Thank you for your consideration in this matter.

Sincerely,
Beverly Laws
