## **Interests & Experiences**

**Please tell us about yourself and why you want to serve.**

---

As a resident and attorney in Stockton, I have a desire to give back to my community and to help continue to make it a great place to live and work. I am committed to improving the communities in which I have lived through volunteerism and from college onward I have served as a board member of volunteer for community organizations in my community. I moved to Stockton in February 2013, my husband's hometown and have continued my community efforts in my new home. Shortly after relocating, I began serving on the Women Lawyer's Executive Committee of the San Joaquin County Bar Association. In my role as Chair of that committee, I worked to serve the women lawyers in our community by putting on programs and creating networking opportunities. I also participated in the Leadership Stockton program through the Greater Stockton Chamber of Commerce and was a member of the Class of 2015. This enabled me to become more familiar with Stockton and its needs. Also, for the last three years, I have served on the Pixie Woods Board of Directors. I am passionate about Stockton and believe that I could be an asset to a city commission.

**Please state the reason you would like to be a member of this board/commission.**

---

I believe strongly in the benefit of parks and recreation to thriving communities and would like an opportunity to contribute to Stockton's community through the Parks and Recreation Commission. The benefit of the parks and recreation system is unique in that it is far-reaching. Every member of our community has the opportunity to use our parks or the services of the Parks and Recreation department. Consequently, serving on this commission is a unique opportunity to benefit a wide range of individuals. Also, the benefit of community parks is multi-generational. For example, I serve on the Pixie Woods Board of Directors. The park has existed for 60 years and has provided a safe, fun, and enriching place for children to play for countless children over the years. I believe my background would make me an asset to this commission.

I am a passionate Stocktonian that believes in the amazing community we have and I am constantly preaching that message. The time has come for me to step up and throw my hat in the ring of public service so that i can help continue the positive change this community is experiencing. I have worked as a consultant, a CEO of multiple Trade Associations and a small business owner. I will bring lots of diverse experience to the Port Commission. Not only do I know how private companies work but I have a deep knowledge and understanding how commissions/boards operate. In addition to my business knowledge, I also have vast experience in dealing with multiple types of people or groups and bringing them together for a common purpose and I look forward to that same type of consensus building here. Lastly, I want to serve because I care about this great community. I feel that we can use this economic engine to help enrich the community and will work hard to continue this enrichment that the Stockton Port has to offer.

**Please state the reason you would like to be a member of this board/commission.**

---

I have wanted to serve on the Commission for a number of years. I have applied in the past unsuccessfully but wanted to try again as this is a great time for me to serve my community. I am very passionate about Stockton and think this is a great town with amazing resources. Resources that we can take further advantage of to help build a stronger, safer city using the economic engine of the Port. I know that I will bring a fresh perspective to the Commission and my passion will be contagious. I have worked in Associations and am familiar with how boards and commissions work and will bring a level of professionalism that most people do not understand initially in their positions. I have been active in the community serving on the HOA's for my community in Brookside as well as being involved intimately with the Green up Stockton and Climate Action Plan Committee for a number of years. I want to share my expertise and make Stockton a better place for my fellow citizens and the next generation, including my own children.
