## Interests & Experiences

**Please tell us about yourself and why you want to serve.**

---

After 40 years in the financial services industry, I am now retired and looking for ways to serve my community. As a retired EVP of Commercial Banking for local Union Safe Deposit Bank and a Chief Credit Officer of a northern California bank, I have extensive experience in leadership, financial analysis, management and Human Resources. In the past I have served on several non-profit boards, including 5 years with the Downtown Stockton Alliance and as Treasurer for the Tacoma Art Museum.

**Please state the reason you would like to be a member of this board/commission.**

---

After 35 years developing relationships with businesses as a Commercial Banking Executive, I would like to use my skills, knowledge and experience to assist the Port's future growth and financial success. In addition, I feel my skills would be of particular value to the Measure A Citizens' Committee because of my familiarity with financial statements, budgets and business plans and strategies. My years managing employees and working through a wide variety of human resource issues would provide a strong perspective to the Civil Service Commission. My background working with, and understanding legal documents and the ability to logically work through issues in a group setting would be assets to the Charter Review Committee. Since my wife is a former councilmember, I am also aware of the Charter as a living document and how it can facilitate or hamper the work of the City. And finally, I am a pass holder at Swenson's Golf Course and have played most of the other local private and public courses. My grown children once used a variety of public facilities here, and in the Seattle area, so I am familiar with the recreational needs and wants of families. I believe this experience would be of value to the Parks & Recreation Commission.

## Interests & Experiences

**Please tell us about yourself and why you want to serve.**

I was born and raised in this city and I've always seen so much potential here. Progress relies heavily on leadership. I believe that I can utilize critical thinking regarding any topic and make decisions beneficial to a common good.

**Please state the reason you would like to be a member of this board/commission.**

I'm very much in favor for transparency across the board. At the same time, the safety of all people in Stockton is a top priority for most. I would like to ensure that we are transparent with Measure A funds and see to it that the plan already in existence is carried out.
