Interests & Experiences

Please tell us about yourself and why you want to serve.

Long time commitment to city life. I have an ongoing and persistent interest in improving all aspects of the city of Stockton. I chose to move here with the express desire to not only live here but do I all I can to make this a livable urban area. I have a particular interest in the midtown and downtown areas and a desire to see them improve in their liveability and economic growth.

Please state the reason you would like to be a member of this board/commission.

The history of California is about Water, period. I took a California History class as an undergraduate and was astonished that so many of the key decisions around the growth and prosperity revolved around water, its maintenance and acquisition. Maintaining the quality, conservation and accessibility of water is critical to the health, economy and growth of our state and city.
