Interests & Experiences

Please tell us about yourself and why you want to serve.

I want to continue to be involved with this particular committee because I feel that number 1 the community needs to understand what goes on in the prison in terms of staff and inmates. There was a lot of discussion when the committee first opened about horrible things that would happen to community because of the hospital opening in our area, not only did horrible things not happen, but it was the opposite. It demonstrated that first impressions are not necessarily the impression that should last. One thing that I am involved with is Harmony Stockton, provides music training for children in underprivileged school districts which has shown changes in the children and how they have benefited from said programs. The funding of these programs comes from inmates who purchase products of contracted vendors. I have also been able to make suggestions and assist hospital staff with implementing music a music program to mentor prisoners. I have been involved in gift-wrapping program with Barnes and Nobles for donations to non-profits in the area. I have also worked with recovery programs and feel passionate about the passion that the inmates have to improve their life.

Please state the reason you would like to be a member of this board/commission.

Interests & Experiences

Please tell us about yourself and why you want to serve.

My interest in serving is to become more familiar with the community in which I pay my taxes. More importantly, I desire to acquaint myself with the members of District 2 and others who reside in the City of Stockton. I believe through my one on one and group interactions I will gain the knowledge and tools that I need to address and serve the community. An opportunity to better understand the culture by connecting with others who are actively engaged in reinventing Stockton is extremely important to me and my ability to be a productive citizen. As such, I am passionate about the things that would make Stockton a place that others will want to visit, reside, and remain within our unique society.

Please state the reason you would like to be a member of this board/commission.

Stockton is a "hidden treasure". The decisions and outcomes that arise as a result of this team have the potential to effect the socio-economics of our City. Inasmuch, I am a homeowner and want to be able to serve on a team that promises to effect positive change in Stockton. Our leadership team boasts a dynamic Mayor and an illustrious staff of council members who are passionate about community growth and development, which includes enhanced strategic community development and fiscal planning. While I've not served on a board or commission, I believe I bring the a plethora of skill sets that can aid in the goals, objectives, and mission of the Stockton. Stockton has great potential to improve upon its fiscal stability, socio-economic status, cultural and ethnic intelligence, and community resources and enhancements. For instance, I want Stockton to be a place where families are excited about raising their children. Stockton has the potential to attract people from around the world if we begin to bring to it those things that are attractive to both tourists, businesses, institutions of higher learning, potential home owners, and the like. I am interested in seeing Stockton develop into a place that people want to live. Serving on a commission or board will increase my knowledge of the City of Stockton. My ability to be involved would allow for my continued personal growth and development in the areas of management and leadership. I will expand my knowledge of the city and what it has to offer. I've much to learn and am certain if I roll up my sleeves and get in the trenches with those who share similar or the same passion -- together we can ensure Stockton is and remains a great place for people of all ethnicities and cultures to live and visit. As, together we all can make a difference. For me, I feel a burning desire to be a part of the very fabric of Stockton, but I need to know exactly what that is and what it truly means to be a Stocktonian. The best way, in my opinion, to gain this knowledge and character building experience is to serve on a committee, board, or commission. Serving will afford me the opportunity to work with Stockton's finest and become a student of their experiences, depth of knowledge, and wisdom. Thus, such tutelage will surely expand my horizons and how I view the city of which I intend to make my home as I journey into the next "book" of "my life" known as "retirement". Serving on the Community Development Committee will expand my knowledge base of the city's policies, governing body, increase my "emotional intelligence" through outreach and communicating with the citizens of Stockton, have a positive impact Stocktonians, and gain a new area of expertise. More than anything else, I desire a sense of belongingness and to be the change that I and others want to see.

☐ Yes ☒ No

Perhaps not directly. However, if poorly planned decisions and strategies are enacted by any governing body within the City of Stockton, the potential to change or cause a decline in the economics thereof will not only impact me and others.
