(A) Interest on Variable Interest Rate Obligations. Interest on any Variable Interest Rate Obligation shall be assumed to bear interest at a fixed rate equal to the higher of:

- (1) the actual rate on the date of calculation, or if such Parity Obligation is not yet outstanding, the initial rate (if established and binding); or
- (2) if such Parity Obligation has been outstanding for at least twelve months, the average rate over the twelve months immediately preceding the date of calculation, or if such Parity Obligation has not been outstanding for the twelve prior months, the average rate borne by reference to an index comparable to that to be utilized in determining the interest rate for the Parity Obligation to be issued.

(B) Interest on Parity Obligations with respect to which a Payment Agreement is in force. For purposes of the definition of Parity Debt Service, interest deemed to be payable on any Parity Obligation with respect to which a Payment Agreement is in force shall be based on the net economic effect on the City expected to be produced by the terms of such Parity Obligation and such Payment Agreement, including but not limited to the effects that (i) such Parity Obligation would, but for such Payment Agreement, be treated as an obligation bearing interest at a Variable Interest Rate instead shall be treated as an obligation bearing interest at a fixed interest rate, and (ii) such Parity Obligation would, but for such Payment Agreement, be treated as an obligation bearing interest at a fixed interest rate instead shall be treated as an obligation bearing interest at a Variable Interest Rate; and accordingly, the amount of interest deemed to be payable on any Parity Obligation with respect to which a Payment Agreement is in force shall be an amount equal to the amount of interest that would be payable at the rate or rates stated in such Parity Obligation plus the applicable Payment Agreement Payments minus the applicable Payment Agreement Receipts, and for the purpose of calculating as nearly as practicable the Payment Agreement Receipts and the Payment Agreement Payments under such Parity Obligation, the following assumptions shall be made:

(1) City Obligated to Pay Net Variable Payments. If a Payment Agreement has been entered into by the City with respect to a Parity Obligation resulting in the payment of a net variable interest rate with respect to such Parity Obligation and Payment Agreement by the City, the interest rate on such Parity Obligation for future periods when the actual interest rate cannot yet be determined shall be assumed, during the period the Payment Agreement is in effect, to be equal to the sum of (i) the fixed rate or rates stated in such Parity Obligation, minus (ii) the fixed rate paid by the counterparty to the City, plus (iii) the lesser of (A) the interest rate cap, if any, provided by the counterparty with respect to such Payment Agreement (but only during the period that such interest rate cap is in effect) and (B) the higher of (x) the actual variable rate or rates payable by the City to the Counterparty pursuant to the Payment Agreement on the date of calculation, or if such Payment Agreement is not yet outstanding, the initial rate (if established and binding) and (y) if such Payment Agreement has been in effect for at least twelve months, the average variable rate or rates payable by the City to the counterparty pursuant to the Payment Agreement over the twelve months immediately preceding the date of calculation, or if such Payment Agreement has not been outstanding for the twelve prior months, the average variable rate or rates that would have been payable by the City to the counterparty pursuant to such Payment Agreement for the twelve prior months determined by reference to an index comparable to that to be utilized in determining the variable rate for the Payment Agreement to be executed.

(2) City Obligated to Pay Net Fixed Payments. If a Payment Agreement has been entered into by the City with respect to a Parity Obligation which is reasonably believed, in the opinion of a financial consultant or financial consulting firm, to result in the payment of a net fixed interest rate with respect to such Parity Obligation and Payment Agreement by the City, the interest on such Parity Obligation shall be included in the calculation of the Parity Debt Service during the period the Payment Agreement is in effect by including for each calculation period an amount equal to the amount of interest payable at the fixed interest rate pursuant to such Payment Agreement;

(C) For purposes of calculating the Parity Debt Service on any Balloon Obligation, it shall be assumed that the principal of such Balloon Obligation will be amortized in a manner resulting in approximately equal annual installments of debt service over a term of thirty (30) years from the date of calculation of Parity Debt Service, at an assumed interest rate determined by reference to subparagraph (A) of this definition of Parity Debt Service;

(D) For purposes of any Parity Obligation or portions thereof the debt service requirements under which contain no current interest component but which are sold at a discount and which discount accretes with respect to such Parity Obligation or portions thereof, such accreted discount shall be treated as interest in the calculation of Parity Debt Service;

(E) For purposes of any Parity Obligations that constitute paired obligations, the interest rate on such Parity Obligations shall be the resulting linked rate or the effective fixed interest rate (each as certified by a financial consultant or financial consulting firm) reasonably expected to be paid by the City with respect to such paired obligations;

(F) The amount on deposit in a debt service reserve fund with respect to a Parity Obligation on any date of calculation of Parity Debt Service shall be deducted from the amount of principal due at the final maturity of such Parity Obligation to the extent the amount in such debt service reserve fund is in excess of such amount of principal, such excess shall be applied to the full amount of principal due, in each preceding year, in inverse order of due date, until such amount is exhausted;

(G) If, under any statutory scheme, during any period of calculation the City or a fiduciary, on behalf of the City, receives or expects to receive any subsidy, reimbursement or other payment from a governmental entity (including, but not limited to, the federal government of the United States of America) in connection with, or related to, payments of principal of and/or interest on Parity Obligations, then principal of and/or interest on such Parity Obligations during such period of calculation shall be disregarded and not included in calculating Parity Debt Service to the extent that such subsidy, reimbursement or other payment is received or expected to be received by the City or fiduciary, on behalf of the City, during such period of calculation;

(H) If any Parity Obligations feature an option, on the part of the owners, or a requirement under the terms of such Parity Obligations, to tender all or a portion of such Parity Obligations to the City, or other fiduciary or agent, and to purchase such Parity Obligations or portion thereof if properly presented, then for purposes of determining the amounts due in any

period with respect to such Parity Obligations, the options or obligations of the owners of such Parity Obligations to tender the same for purchase or payment shall be ignored;

(I) Payments on Parity Obligations shall be excluded to the extent such payments are to be paid from amounts on deposit with a trustee or other fiduciary in escrow specifically therefor;

(J) Credit Provider Reimbursement Obligations and potential Credit Provider Reimbursement Obligations shall be ignored; and

(K) Payments and potential payments under Payment Agreements may, at the option of the City, be ignored except as provided in clause (B) of this definition.

(a) The Refunding Price to be paid by the City hereunder to the Authority for the refunding of the aggregate installment payments payable by the City under the 2002 Installment Purchase Agreement, the 2005 Installment Purchase Agreement and the 2009 Installment Purchase Contract is \$[PAR IN WORDS] dollars (\$[PAR]), payable in installments of principal together with interest on the unpaid principal balance thereof, all as provided in Section 3.01(b) (subject in each case to any right of prepayment provided herein), plus the 2018 Reserve Account deposits required pursuant to Section 4.02, which may be credited to the 2018 Installment Payments as provided herein.

(b) The interest on the unpaid balance of the principal amount of the City's obligations hereunder constituting the 2018 Installment Payments shall accrue from [November \_\_], 2018, at the following annual rates of interest per annum, and shall be paid by the City as and constitute interest paid on the principal amount of the City's obligations hereunder constituting the 2018 Installment Payments, namely:

Installment Payment Date (October 1)	Principal Installment	Interest Rate

SECTION 3.02. Payment of the 2018 Installment Payments. The City shall, subject to any right of prepayment as provided herein, pay the Authority the 2018 Installment Payments as herein provided, without offset or deduction of any kind, by paying the principal components of the 2018 Installment Payments annually in the amounts and on or before the date that is at least two (2) business days prior to October 1 in each of the years in accordance with Exhibit A attached hereto and incorporated herein and made a part hereof, together with the interest components of the 2018 Installment Payments, which interest components shall be paid semiannually on or before the date that is at least two (2) business days prior to each April 1 and October 1, commencing [April 1, 2019] (each a "2018 Installment Payment Date"), in the amounts set forth in Exhibit A attached hereto and incorporated herein and made a part hereof; provided, that in the event the City fails to make any 2018 Installment Payment when due, the defaulted 2018 Installment Payment shall continue as an obligation of the City, and the City shall pay the same with interest thereon from the due date thereof at the rate of interest applicable thereto.

### REVENUES

SECTION 4.01. Pledge of Net System Revenues; Springing Pledge of Revenues; City Revenue Fund.

(a) All Net System Revenues are hereby irrevocably pledged to the payment of the 2018 Installment Payments and all other Parity Obligations as provided herein, and the Net System Revenues shall not be used for any other purpose while any 2018 Installment Payments remain unpaid; provided, that out of the Net System Revenues there may be apportioned such sums for such purposes as are expressly permitted by this article. This pledge, together with any other pledge of the Net System Revenues created for Parity Obligations, shall constitute an exclusive lien on the Net System Revenues for the payment of the 2018 Installment Payments and all other Parity Obligations in accordance with the terms hereof, subordinate and junior in priority only to the lien thereon granted as security for the Senior Obligations.

(b) If the Senior Obligations shall hereafter be deemed to be paid and no longer outstanding pursuant to their terms and if the lien on Net System Revenues created as security therefore shall be terminated and discharged, immediately upon such termination and discharge and automatically without any further act, all Net System Revenues shall be irrevocably pledged to the payment of Parity Obligations, and the Net System Revenues shall not be used for any purpose while any 2018 Installment Payments remain unpaid; provided, that out of Net System Revenues there may be apportioned such sums for such purposes as are expressly permitted by this article. Upon the effectiveness of such pledge, such pledge, together with any other pledge of the Net System Revenues created for Parity Obligations, shall constitute a first and exclusive lien on Net System Revenues for the payment of the 2018 Installment Payments and Parity Obligations in accordance with the terms hereof.

(c) All System Revenues shall be deposited as and when received in the City Revenue Fund which fund is hereby continued in the treasury of the City and which fund shall be maintained by the City, and all money in the City Revenue Fund shall be set aside by the City and applied to the payment of Operation and Maintenance Costs, as and when required to be paid.

(d) The City hereby covenants (for so long as the Senior Obligations remain outstanding pursuant to their terms) to apply Net System Revenues to payments, transfers and

other deposits required by the terms of the Senior Obligations at the times and in the amounts required by the Senior Obligations.

(e) This paragraph shall apply until such time as the Senior Obligations shall be deemed to be paid and no longer outstanding pursuant to their terms, at which time this paragraph shall have no continuing force or effect. The City hereby covenants to cause all Available Revenues to be set aside in a separate account in the City Revenue Fund, to be known as the "Available Revenue Account," which account is hereby established, and shall cause such Available Revenues to be allocated and applied as provided in Section 4.02(a); provided, that pending the use by the City of the Available Revenues for such purposes, such money may be invested by the City in Permitted Investments.

(f) This paragraph shall apply from and after such time as the Senior Obligations shall be deemed to be paid and no longer outstanding pursuant to their terms, prior to which time this paragraph shall have no force or effect. The City hereby covenants to cause all Net System Revenues to be allocated and applied as provided in Section 4.02(b); provided, that pending the use by the City of the Net System Revenues for such purposes, such money may be invested by the City in Permitted Investments.

SECTION 4.02. Allocation of Net System Revenues and Available Revenues.

(a) This subsection (a) shall apply until such time as the Senior Obligations shall be deemed to be paid and no longer outstanding pursuant to their terms, at which time this subsection (a) shall have no continuing force or effect. All Available Revenues in the Available Revenue Account shall be set aside by the City at the following times and deposited in the following account or fund in the following order of priority:

(1) 2018 Installment Payment Fund Deposits. On or before each 2018 Installment Payment Date, the City shall, from Available Revenues, transfer to the 2018 Trustee (on a parity with any required transfers of Available Revenues for the payment of all other Parity Obligations) for deposit in the 2018 Installment Payment Fund a sum equal to the amount of the interest components becoming due hereunder on such 2018 Installment Payment Date and a sum equal to the amount of the principal components, if any, becoming due hereunder on such 2018 Installment Payment Date;

(2) Reserve Account Deposits. On each date required by the 2018 Indenture, after making the transfers and deposits required by paragraph (1) for 2018 Installment Payments and payments on Parity Obligations currently due and payable, the City shall, from Available Revenues, transfer to the 2018 Trustee (on a parity with any required transfers of Available Revenues for the replenishment of all other reserve accounts for all Parity Obligations) for deposit in the 2018 Reserve Account a sum equal to the amount, if any, required by the terms of the 2018 Indenture, to be necessary to restore the 2018 Reserve Account to the 2018 Reserve Requirement on such date; and

(3) Surplus Available Revenues. On any date, provided that (a) all transfers and deposits required by paragraph (1) for 2018 Installment Payments and

payments on Parity Obligations currently due and payable have been made and (b) all transfers required to be made on such date by paragraph (2) have been made, Available Revenues may be used for any lawful purpose, including, but not limited to the payment of any obligations secured by Net System Revenues on a priority subordinate to the Parity Obligations or the payment of any Termination Payment;

provided, that no such transfers to and deposits in the 2018 Installment Payment Fund need be made if the amount available and contained therein is at least equal to the interest component becoming due hereunder on such 2018 Installment Payment Date, plus the principal component, if any, becoming due hereunder on such 2018 Installment Payment Date and if the 2018 Indenture does not require a replenishment of the amounts contained in the 2018 Reserve Account; and provided further, that nothing in this section shall be construed to limit the City's ability to make other transfers and deposits at any time from Available Revenues for the payment of debt service, reserve replenishment, credit enhancement reimbursement costs and Payment Agreement Payments to the extent required with respect to additional Parity Obligations incurred in accordance with Section 4.03.

(b) This subsection (b) shall apply from and after such time as the Senior Obligations shall be deemed to be paid and no longer outstanding pursuant to their terms, prior to which time this subsection (b) shall have no force or effect. All Net System Revenues shall be set aside by the City at the following times and deposited in the following account or fund in the following order of priority:

(1) 2018 Installment Payment Fund Deposits. On or before each 2018 Installment Payment Date, the City shall, from Net System Revenues, transfer to the 2018 Trustee (on a parity with any required transfers of Net System Revenues for the payment of all other Parity Obligations) for deposit in the 2018 Installment Payment Fund a sum equal to the amount of the interest components becoming due hereunder on such 2018 Installment Payment Date and a sum equal to the amount of the principal components, if any, becoming due hereunder on such 2018 Installment Payment Date;

(2) Reserve Account Deposits. On each date required by the 2018 Indenture, after making the transfers and deposits required by paragraph (1) for 2018 Installment Payments and payments on Parity Obligations currently due and payable, the City shall, from Net System Revenues, transfer to the 2018 Trustee (on a parity with any required transfers of Net System Revenues for the replenishment of all other reserve accounts for all Parity Obligations) for deposit in the 2018 Reserve Account a sum equal to the amount, if any, required by the terms of the 2018 Indenture, to be necessary to restore the 2018 Reserve Account to the 2018 Reserve Requirement on such date; and

(3) Surplus Net System Revenues. On any date, provided that (a) all transfers and deposits required by paragraph (1) for 2018 Installment Payments and payments on Parity Obligations currently due and payable have been made and (b) all transfers required to be made on such date by paragraph (2) have been made, Net System Revenues may be used for any lawful purpose, including, but not limited to the payment of any obligations secured by Net System Revenues on a priority subordinate to the Parity Obligations or the payment of any Termination Payment;

provided, that no such transfers to and deposits in the 2018 Installment Payment Fund need be made if the amount available and contained therein is at least equal to the interest component becoming due hereunder on such 2018 Installment Payment Date, plus the principal component, if any, becoming due hereunder on such 2018 Installment Payment Date and if the 2018 Indenture does not require a replenishment of the amounts contained in the 2018 Reserve Account; and provided further, that nothing in this section shall be construed to limit the City's ability to make other transfers and deposits at any time from Net System Revenues for the payment of debt service, reserve replenishment, credit enhancement reimbursement costs and Payment Agreement Payments to the extent required with respect to additional Parity Obligations incurred in accordance with Section 4.03.

#### SECTION 4.03. Additional Obligations.

(a) The City will not incur any obligations payable from Net System Revenues superior to the payment of the 2018 Installment Payments, including, but not limited to, any obligations permitted to be incurred by the terms of the Senior Obligations.

(b) Without regard to Section 4.03(c), the City may at any time enter into or create an obligation or commitment which is a Credit Provider Reimbursement Obligation or a Payment Agreement.

(c) The City may at any time and from time to time issue or create any other Parity Obligations (in addition to the 2018 Installment Payments, which may be incurred without compliance with this Section 4.03), provided:

(1) There shall not have occurred and be continuing (i) an Event of Default under the terms of this 2018 Contract or any Issuing Document or (ii) an Event of Default or Termination Event (as defined in any Payment Agreement) under any Payment Agreement; and

(2) The City obtains or provides a certificate or certificates, prepared by the City or at the City's option by a Consultant, showing that either:

(A) the Adjusted Available Revenues for either the most recent Fiscal Year for which audited financial statements are available or any 12 consecutive calendar month period during the 18 consecutive calendar month period ending immediately prior to the incurring of such additional Parity Obligations were at least sufficient to satisfy the Coverage Requirement for each of the next five full Fiscal Years following the incurring of such additional Parity Obligations or each of the next three full Fiscal Years following the incurring of such additional Parity Obligations during which no interest is capitalized, whichever is later, including the Parity Debt Service during such Fiscal Years on such additional Parity Obligations; and for the purpose of providing such certificate or certificates, the City or the City's Consultant, as applicable, may adjust the Adjusted Available Revenues for such Fiscal Year or 12 calendar month period, as the case may be, to reflect:

(i) an allowance for Net System Revenues that would have been derived from each new connection to the Water System that was made prior to the incurrence of such additional Parity Obligations but which was not in existence, during all or any part of such Fiscal Year or 12 calendar month period under consideration, in an amount equal to the estimated additional Net System Revenues that would have been derived from each such connection if it had been made prior to the beginning of such Fiscal Year or 12 calendar month period, and

(ii) an allowance for Net System Revenues that would have been derived from any increase in the rates, fees and charges fixed and prescribed for Water Service which became effective prior to the incurrence of such additional Parity Obligations but which was not in effect, during all or any part of such Fiscal Year or 12 calendar month period, in an amount equal to the estimated additional Net System Revenues that would have been derived from such increase in rates, fees and charges if it had been in effect prior to the beginning of such Fiscal Year or 12 calendar month period; or

(B) the estimated Adjusted Available Revenues for each of the five full Fiscal Years next following the earlier of (i) the end of the period during which interest on such additional Parity Obligations is to be capitalized or, if no interest is capitalized, the Fiscal Year in which such additional Parity Obligations are incurred, or (ii) the date on which substantially all Water Projects financed with such additional Parity Obligations plus all Water Projects financed with all existing Parity Obligations are expected to commence operations, will be at least sufficient to satisfy the Coverage Requirement for such period; and for the purpose of providing such certificate or certificates, the City or the City's Consultant, as applicable, may adjust the foregoing estimated Adjusted Available Revenues to reflect:

(i) an allowance for Net System Revenues that are estimated to be derived from any increase in the rates, fees and charges for Water Service which have been adopted by the City and which will be in effect during all or any portion of the period for which such estimates are provided; and

(ii) an allowance for Net System Revenues that are estimated to be derived from new customers of the Water System anticipated to be served by any additions or improvements to or extensions of the Water System reasonably expected to become available during such five year period in an amount equal to the additional Net System Revenues that are estimated to be derived from such customers.

For purposes of clause (B) above, with respect to Operation and Maintenance Costs, the City or the City's Consultant, as applicable, shall use such assumptions (which shall be set forth in such certificate or certificates) as such believes to be reasonable, taking into

account: (i) historical Operation and Maintenance Costs, (ii) Operation and Maintenance Costs associated with the additions or improvements to or extensions of the Water System to be financed with the proceeds of such additional Parity Obligations and any other new additions or improvements to or extensions of the Water System during such five year period and (iii) such other factors, including inflation and changing operations or policies of the City, as the City or the City's Consultant, as applicable, believes to be appropriate.

The certificate or certificates described above in subsection (c)(2) shall not be required if the Parity Obligations being issued are for the purpose of refunding (x) then outstanding Parity Obligations, if at the time of the issuance of such refunding Parity Obligations a certificate of the City shall be delivered showing that Parity Debt Service in each Fiscal Year on all Parity Obligations outstanding after the issuance of the refunding Parity Obligations will not exceed 110% of Parity Debt Service in each corresponding Fiscal Year on all Parity Obligations outstanding prior to the issuance of such refunding Parity Obligations; or (y) then outstanding Balloon Obligations or Variable Interest Rate Obligations, but only to the extent that the principal amount of such Balloon Obligations or Variable Interest Rate Obligations has been put, tendered to or otherwise purchased by a standby purchase or other liquidity facility relating to such indebtedness.

(d) Without regard to Section 4.03(c), the City may issue or incur obligations secured by Net System Revenues on a priority subordinate to the Parity Obligations and such obligations may be paid only in accordance with the provisions of Section 4.02 as long as (i) no Event of Default has occurred and is continuing (unless such Event of Default will not be continuing after the incurrence of such subordinate obligations) and (ii) no Event of Default or Termination Event (as defined in any Payment Agreement) under any Payment Agreement has occurred and is continuing (unless such Event of Default or Termination Event will not be continuing after the incurrence of such subordinate obligations).

## ARTICLE V

### COVENANTS OF THE CITY

#### SECTION 5.01. Compliance with and Amendment of 2018 Contract.

(a) The City will punctually pay the 2018 Installment Payments in strict conformity with the terms hereof, and will faithfully observe and perform all the agreements, conditions, covenants and terms contained herein required to be observed and performed by it, and will not terminate the 2018 Contract for any cause whatsoever, including, without limiting the generality of the foregoing, any acts or circumstances that may constitute failure of consideration, destruction of or damage to the Water System, commercial frustration of purpose, any change in the tax or other laws of the United States of America or of the State of California or any political subdivision of either or any failure of the Authority to observe or perform any agreement, condition, covenant or term contained herein required to be observed and performed by it, whether express or implied. The City will, so long as any 2018 Installment Payments remain unpaid, apply Net System Revenues and Available Revenues as provided herein.

(b) The City and the Authority shall not supplement, amend, modify or terminate any of the terms of the 2018 Contract, or consent to any such supplement, amendment, modification or termination, without the prior written consent of the 2018 Trustee, which such consent shall be given only if (a) such supplement, amendment, modification or termination will not materially adversely affect the interests of the 2018 Bonds or result in any material impairment of the security hereby given for the payment of the 2018 Installment Payments, or (b) the 2018 Trustee first obtains the written consent of the Holders of a majority in aggregate principal amount of the 2018 Bonds then Outstanding to such supplement, amendment, modification or termination; provided, that no such supplement, amendment, modification or termination shall reduce the amount of 2018 Installment Payments to be made to the Authority or the 2018 Trustee by the City pursuant to the 2018 Contract, or extend the time for making such 2018 Installment Payments, or permit the creation of any lien prior to the lien created by the 2018 Contract on Net System Revenues without the written consent of all of the Holders of all 2018 Bonds then Outstanding.

SECTION 5.02. Against Encumbrances. The City will not make any use of or encumber the Net System Revenues or Available Revenues except as provided herein; provided, that so long as the City is not in default hereunder, the City may issue any obligations subordinate to the Parity Obligations that are payable from surplus Available Revenues as provided in paragraph (a)(3) of Section 4.02, or from surplus Net System Revenues as provided in paragraph (b)(3) of Section 4.02.

SECTION 5.03. Against Sale or Other Disposition of Property. The City will not sell, lease or otherwise dispose of the Water System or any part thereof essential to the proper operation of the Water System or to the maintenance of Net System Revenues. The City will not enter into any agreement which impairs the operation of the Water System or any part thereof necessary to secure adequate Net System Revenues for the payment of Parity Obligations or which would otherwise impair the rights of the City with respect to Net System Revenues or the operation of the Water System.

SECTION 5.04. Against Competitive Facilities. The City will not, to the extent permitted by law, acquire, purchase, maintain or operate and will not, to the extent permitted by law and within the scope of its powers, permit any other public or private agency, corporation, district or political subdivision or any person whomsoever to acquire, purchase, maintain or operate within the City any water system competitive with the Water System.

SECTION 5.05. Tax Covenants. The City will at all times do and perform all acts and things permitted by law which are necessary or desirable in order to assure that the interest components of the 2018 Installment Payments will not be included in the gross income of the owners of the 2018 Bonds (as defined in the 2018 Indenture) for federal income tax purposes under the Code and will be exempt from State of California personal income taxes, and will take no action that would result in such interest being so included or not being so exempt. Without limiting the foregoing, the City and the Authority will at all times comply with the requirements of the Tax Certificate executed in connection with the delivery of the 2018 Bonds. This covenant shall survive any defeasance or discharge of the 2018 Installment Payments pursuant to Article VII or any prepayment of principal components of the 2018 Installment Payments pursuant to Article III.

SECTION 5.06. Maintenance and Operation of the Water System. The City will maintain and preserve the Water System in good repair and working order at all times and will operate the Water System in an efficient and economical manner and will pay all Operation and Maintenance Costs as they become due and payable.

SECTION 5.07. Payment of Claims. The City will pay and discharge any and all lawful claims for labor, materials or supplies which, if unpaid, might become a lien on Net System Revenues or any part thereof or on any funds in the hands of the City or which might impair the security of the 2018 Installment Payments.

SECTION 5.08. Compliance with Contracts. The City will comply with, keep, observe and perform all agreements, conditions, covenants and terms, express or implied, required to be kept, observed and performed by it contained in all contracts for the use of the Water System and all other contracts affecting or involving the Water System to the extent that the City is a party thereto.

SECTION 5.09. Insurance. The City will procure and maintain such insurance relating to the Water System which it shall deem advisable or necessary to protect its interests and the interests of the Authority and the 2018 Trustee, which insurance shall afford protection in such amounts and against such risks as are usually covered in the State in connection with municipal water systems comparable to the Water System; provided, that any such insurance may be maintained under a self-insurance program so long as such self-insurance is maintained in the amounts and manner usually maintained in connection with municipal water systems in the State comparable to the Water System and is, in the opinion of an accredited actuary, actuarially sound. All policies of insurance required to be maintained herein shall provide that the Authority and the 2018 Trustee shall be given thirty (30) days' written notice of any intended cancellation thereof or reduction of coverage provided thereby.

SECTION 5.10. Accounting Records; Financial Statements and Other Reports.

(a) The City will keep appropriate accounting records in which complete and correct entries shall be made of all transactions relating to the Water System and the Net System Revenues, the Operation and Maintenance Costs and the Available Revenues relating thereto, which records shall be available for inspection by the Authority and the 2018 Trustee at reasonable hours and under reasonable conditions.

(b) The City will prepare annually within two hundred seventy (270) days after the close of each Fiscal Year (commencing with the Fiscal Year ending June 30, 2019) financial statements of the City for the preceding Fiscal Year prepared in accordance with generally accepted accounting principles, together with an Accountant's Report thereon, which records shall be available for inspection by the Authority and the 2018 Trustee at reasonable hours and under reasonable conditions.

SECTION 5.11. Protection of Security and Rights of Authority. The City will preserve and protect the security hereof and the rights of the Authority to the 2018 Installment Payments hereunder and will warrant and defend such rights against all claims and demands of all persons.

SECTION 5.12. Payment of Taxes and Compliance with Governmental Regulations. The City will pay and discharge all taxes, assessments and other governmental charges which may hereafter be lawfully imposed upon the Water System or any part thereof or upon Net System Revenues when the same shall become due. The City will duly observe and comply with all valid regulations and requirements of any governmental authority relative to the operation of the Water System or any part thereof, but the City shall not be required to comply with any regulations or requirements so long as the validity or application thereof shall be contested in good faith.

SECTION 5.13. Amount of Charges, Fees and Rates; Rate Stabilization Fund. The City will fix, prescribe and collect rates, fees and charges for the Water Service during each Fiscal Year which are estimated to yield Available Revenues for such Fiscal Year equal to at least the Coverage Requirement for such Fiscal Year. The City may make adjustments from time to time in such fees and charges and may make such classification thereof as it deems necessary, but shall not reduce the rates, fees and charges then in effect unless the Available Revenues from such reduced rates, fees and charges are estimated to be sufficient to meet the requirements of this section.

The City has previously established a fund denominated the Rate Stabilization Fund. From time to time the City may deposit into the Rate Stabilization Fund, from current System Revenues, such amounts as the City shall determine and the amount of available current System Revenues shall be reduced by the amount so transferred. The City may also deposit amounts in the Rate Stabilization Fund from any other lawfully available source other than current System Revenues and the amount of available current System Revenues shall not be reduced by the amounts so transferred. Amounts may be transferred from the Rate Stabilization Fund and deposited in the City Revenue Fund, and any amounts so transferred within 270 days after the end of a Fiscal Year shall be deemed System Revenues for such Fiscal Year when so transferred. The City may also apply moneys on deposit in the Rate Stabilization Fund for any lawful purpose. All interest or other earnings upon amounts in the Rate Stabilization Fund may be withdrawn therefrom and accounted for as System Revenues in accordance with the terms of this Section or used for any lawful purpose.

SECTION 5.14. Eminent Domain and Insurance Proceeds. If all or any part of the Water System shall be taken by eminent domain proceedings, or if the City receives any insurance proceeds resulting from a casualty loss to the Water System, the net proceeds thereof, at the option of the City, shall be applied either to (a) the prepayment of the Senior Obligations, then to the extent of any remaining proceeds, the prepayment of Parity Obligations, or (b) to acquire and construct additions, betterments or improvements to the Water System to replace the condemned or destroyed portion of the Water System.

SECTION 5.15. Continuing Disclosure. The City hereby agrees to comply with and carry out all of the provisions of the continuing disclosure undertaking relating to the

2018 Bonds. Notwithstanding any other provision of this 2018 Contract, failure of the City to comply with such undertaking shall not be considered an Event of Default under the 2018 Contract or the 2018 Indenture; provided, that the 2018 Trustee may (and, at the request of any Participating Underwriter or the Holders of at least twenty-five per cent (25%) in aggregate principal amount of Outstanding 2018 Bonds, shall) or any Holder or Beneficial Owner may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the City to comply with its obligations under this section. Capitalized terms used in this section but not defined in this 2018 Contract shall have the meanings given in the aforesaid continuing disclosure undertaking.

SECTION 5.16. Further Assurances. The City will adopt, deliver, execute and make any and all further assurances, instruments and resolutions as may be reasonably necessary or proper to carry out the intention or to facilitate the performance hereof and for the better assuring and confirming unto the Authority of the rights and benefits provided to it herein.

## ARTICLE VI

SECTION 6.01. Events of Default. If one or more of the following Events of Default shall happen, that is to say --

(a) if default shall be made in the due and punctual payment of any 2018 Installment Payment when the same shall become due and payable;

(b) if default shall be made by the City in the performance of any of the other agreements or covenants contained herein required to be performed by it, and such default shall have continued for a period of thirty (30) days after the City shall have been given notice in writing of such default by the Authority or the 2018 Trustee;

(c) if the City shall file a petition or answer seeking arrangement or reorganization under the federal bankruptcy laws or any other applicable law of the United States of America or any state therein, or if a court of competent jurisdiction shall approve a petition filed with or without the consent of the City seeking arrangement or reorganization under the federal bankruptcy laws or any other applicable law of the United States of America or any state therein, or if under the provisions of any other law for the relief or aid of debtors any court of competent jurisdiction shall assume custody or control of the City or of the whole or any substantial part of its property;
