## Interests & Experiences

Please tell us about yourself and why you want to serve.

---

I was born in Stockton and I love this city. I am a graduate of San Diego State University with a degree in Business. I have been in business for myself in financial services for a over a decade and have learned that success and positive change comes from hard work, vision, and an ability to bring people together towards common goals. My business specializes in helping and educating public employees, specifically school teachers about their finances and making sure their families are protected so that one day they can retire with dignity. When I first got into the industry I realized the power of financial knowledge, especially since my family did not have that same knowledge as I was growing up. I made promise then that one day I would open operations in my home town so that I may give back and do my part to change both insiders and outsiders opinions on Stockton. That it is a great city. Since then I've helped open operations in San Diego, the Bay Area, Sacramento, Dallas, Houston, and now I'm beginning to make good on my promise from all those years ago and have just opened my new Stockton office. One way or another I will influence positive change.

**Please state the reason you would like to be a member of this board/commission.**

---

My reason for serving is very closely tied to my reason for being in Stockton from the comments above. I believe it will allow me to give back and help foster positive growth and change in this city. Lastly please forgive not attaching a resume, having been in business for myself for over 12 years I haven't needed one.

---

Mostly through my company, serving on various advisory groups through out the years that would influence company policy.

**How did you hear about the position?**

---

Through councilman Sol Jobrack.
