TO: Mayor and City Council

FROM: Pamela Sloan, Chair, Civil Service/Equal Employment Commission

SUBJECT: **COMMISSION'S 2018 ANNUAL REPORT TO THE CITY COUNCIL**

Introduction:

The Civil Service Commission is a five-member body created by Article XXV of the City Charter whose members are appointed by the City Council. Together with the Human Resources Department and the City Manager, the Civil Service Commission:

- adopts, amends, or repeals rules for the Civil Service System;
- conducts investigations either upon complaint or upon its own motion concerning any matter touching the administration of the Civil Service System;
- acts in an advisory capacity to the City Manager on problems concerning personnel administration;
- hears appeals of dismissals, demotions, or reductions submitted by any person in the competitive service; and
- makes an annual report and such other reports as it deems desirable to the City Council covering the administration of the personnel system.

While the City Charter forms the basis for the Police and Fire Civil Service Rules, Title 2, Administration of Personnel, of the Stockton Municipal Code is the basis for Miscellaneous Employees. Chapter 2.36 provides for the creation of the Human Resources Department, which consists of the Civil Service Commission and the City Manager, who shall act as the Personnel Officer, to handle all personnel matters of the City. Generally, the Commission has the same authority over Classified Miscellaneous Employees as the Charter provides for Police and Fire employees.

Concurrently, the Civil Service Commission functions as the City's Equal Employment Commission. The Equal Employment Commission does not possess any legislative authority and has no independent power to act. It does, however, provide oversight of the City's progress towards equal employment. The Commission may identify and take positive steps to contribute toward greater opportunities for underrepresented groups.

Background:

City Charter Article XXV, Section 2525, entitled "Reports by the Commission," provides that "The Commission shall investigate and report annually to the legislative body of the City concerning the administrative needs of the service, the personnel, the positions in the service and the compensation provided therefore, the examinations held by the Commission, the appointments made, service ratings and removals in the civil service, the operation of the rules of the Commission and recommendations for promoting efficiency and economy in the service, with details of expenditure and progress of work. The legislative body of the City may require a report from said Commission at any time respecting any matter within the scope of its duties hereunder. The records of the

Commission shall be open to public inspection by any citizen under reasonable supervision."

The Classified Service

Generally, the terms "Civil Service," "Classified Service," "Included Service," and "Competitive Service" have the same meaning - a person must successfully complete an examination administered by the Civil Service Commission, which is designed to measure merit, efficiency, and fitness, before being appointed.

The Civil Service System is the employment system established by Article XXV of the City Charter (for sworn personnel) and Title 2 of the Stockton Municipal Code (for Miscellaneous personnel), wherein no appointment may be made without first successfully completing a competitive examination. In addition, a candidate must meet the minimum qualifications set forth in the class specification adopted by the Civil Service Commission.

Competitive service in the City of Stockton means exactly as it implies - to compete. In order to be a part of the Competitive, Classified, or Civil Service, an applicant must successfully complete an examination.

The class characteristics of these positions would have no confidential, policy making, fiduciary, or administrative relationship with the department head or deputy department head. Persons holding regular positions in civil service classes are eligible for noncompetitive (non-civil service) assignment through transfers, promotions, or reclassifications without having to compete with the general public in an open examination. The following is a summary of the Commission's accomplishments in calendar year 2019.

A. Administrative Needs of the Civil Service, the Personnel, the Positions in the Service, and Compensation Provided

The Administrative needs of the Civil Service are handled by the Human Resources Department. Human Resources takes pride in providing a fair and competitive process and the Commission ensures that the proper procedures are in place for all examination processes.

The classification plan is maintained by the Human Resources Department under the direction of the Commission. Currently, there are 331 classifications assigned to classified service. The following table is a list of the classifications, number of employees, and the minimum/maximum monthly salary associated with each classification.

D. The Operation of the Rules of the Commission and Recommendations for Promoting Efficiency and Economy in the Service

Recruitment of Civil Service Commissioners. In order to recruit a large and diverse candidate pool for Civil Service Commission vacancies the Office of the City Clerk continued to expanded outreach efforts.

Last year, vacancies on the Commission were created by the resignation of Commissioner Sylvester Langston. Mr. Langston resigned in May and the Office of the City Clerk initiated the recruitment process. The announcement was posted on the City's Boards and Commissions web page, and hard copies of the notices were posted on the City's public posting boards. A request to publish a public service announcement was sent to the Record, and the local Chamber of Commerce, City Council members, and other City staff were notified of the vacancy announcement via electronic mail.

The City Clerk's Office will be conducting and recording the interviews for Council's viewing upon receiving sufficient applications.

Commission Accomplishments. The Commission has a number of defined responsibilities as stated in the Civil Service Rules and Regulations. The Commission continues to adopt, amend and repeal rules for the Civil Service Commission, advises the City Manager on problems concerning personnel administration, were available to hear appeals of dismissals, demotions, or reductions by any person in competitive service, investigated complaints or concerns affecting the administration of the system and provided an annual report.

COMMISSION'S 2018
ANNUAL REPORT TO THE CITY COUNCIL
(Page 20)

Over the past year, the Commission reviewed and monitored numerous employee eligibility lists for diversity and ranking. Additionally, the Commission reviewed and adopted each department's annual report that outlines the department's progress in reaching equal employment goals.

The Commission did not make any rule changes during the 2018 calendar year.

The Commission continues to schedule and hold employee Appeals on an "as needed" basis. During 2018 one appeal was filed but withdrawn by the employee. Therefore, the Commission did not have scheduled Appeals in 2018.

Recommendations for Promoting Efficiency and Economy in the Service.

The Commission would like to focus on two goals in 2018. First, the Commission will work with the Human Resources Department to continue a review of all rules and regulations as to their functionality and relevance to City practices. It is suggested that a goal of three rules be reviewed and revised where necessary in 2019.

Second, the Commission will monitor each Department's progress (through annual reports) over the year regarding hiring practices, training and diversity to assure that all employees are treated according to the Civil Service Rules and Regulations. The goal is to create a diverse workforce that is reflective of the City's population.

E. Details of Expenditure and Progress of Work

Each Commissioner is paid \$25.00 per month, per meeting; however they must attend the meeting to receive payment. The City anticipates \$125 per meeting a month on stipends for the five members of the Commission. In each calendar year, the City budgets approximately \$2,750 for 12 regular meetings and unanticipated special meetings.

This amount varies depending on the Commissioners' attendance and the number of special meetings held in a given year. The total expenditures the City has incurred on Commissioners' remunerations in 2018 amounted to \$1,250. This amount does not include the 12 Agenda Review meetings that were attended by the Chair and/or the Vice Chair. The City does not provide any compensation for attending these meetings.

Fee expenditures incurred to pay the legal counsel for the Commission amounted to \$9,165 in calendar year 2018.

The Civil Service Commission has regular meetings that are held on the third Thursday of every month at 3:00pm. The commission consists of a Chair, Vice-Chair and three (3)
