Project Title: Pixley Lateral Pipeline ConversionProject Applicant: Woodbridge Irrigation DistrictProject Location (include county): Between Lodi and Stockton, San Joaquin County

Project Description:

Woodbridge Irrigation District's Pixley Lateral extends west approximately 10,000 feet from WID's South Main Canal to the City of Stockton's DWSP Treatment Plant west of Lower Sacramento Rd. Currently, the majority of Pixley Lateral is an unlined, open-ditch canal serving growers between the South Main Canal and Lower Sacramento Road, one-quarter mile south of Mettler Road, midway between Lodi and Stockton. TWID proposes converting the Pixley Lateral Canal to a pipeline to provide a second route (other than the Wilkerson Lateral to the north, which is currently the sole supply conveyance) for the delivery of water to Stockton's Treatment Plant.

This is to advise that the Woodbridge Irrigation District has approved the above
