 - Bear Creek/Pixley Slough Pedestrian/Bike Path Project
 - Montauban Avenue & Hammertown Drive Roundabout Project
 - South Airport Way Separated Bikeway Project
 - Lincoln Street/8th Street Roundabout Project
 - Active Safe Routes to School Train the Trainer
 - Main Street Complete Streets Project
 - Grant Writing Assistance for the Congestion Mitigation and Air Quality (CMAQ)
 - Safe Routes to School Sidewalk Network Completion Project
 - Stockton Soccer Complex Upgrades and Maintenance Program
 - Worth Street Sanitary Sewer Line Rehabilitation
 - Professional Traffic Counts Collection Services
 - 2019 On-Call Construction Management Services
 - Energy Audit of the Weber Towers

- West Lane Traffic Responsive Signal Control System
- On-Call Material Testing Contract
- Mormon Slough Sanitary Sewer Rehabilitation Project
- Safe Route to School Priority Safety Project
- Sierra Nevada Sanitary Sewer Rehabilitation Project
- Closing Pedestrian Gaps to School Project
- Regional Wastewater Control Facility Modifications (RWCF) Project Phase 1 – 60% Design (Basis of Design Report and Engineered Improvement Plans)
- RWCF Modifications Project Phase 2A – 90% Design (Basis of Design Report and Plans)
- Awarded Construction Contracts
 - Della Street Sanitary Sewer Rehabilitation Project
 - Myrtle Street Sanitary Sewer Rehabilitation Project
 - Abandonment of Water Wells 4 and 7
 - 2018-19 Sanitary Sewer Maintenance Hole Rehabilitation
 - Neighborhood Traffic Calming Program
 - Roof Replacement and HVAC Upgrades – Central Stores
 - Cesar Chavez Library Staff, Children’s Restroom & ADA Compliance Project
- Completed Construction Projects
 - Traffic Signal Modifications at Pacific Avenue/Castle Street and Hammer Lane/Kelley Drive
 - Rapid Flashing Beacon HSIP Cycle 6
 - Fremont Square Sidewalk Reconstruction
 - Pershing Avenue Adaptive Traffic Signal Control System
 - March Lane Adaptive Traffic Signal Control System
 - Main PD Parking Lot Improvements
 - Black Oak Public Utility Easement Sanitary Sewer Rehabilitation
 - Thornton Road Widening
 - Hammer Lane Widening
 - Highway 99 at Farmington Fresh Sanitary Sewer Lining
 - Black Oak Sewer Trunk Lining, Pershing Ave to Alexandria Place
 - Replace and Upsize Ferric Chloride Tanks at Digester Feed Station
 - Brookside Storm Pump Station Levee and Pipe Repairs
 - RWCF Cogen Gas Dryer replacement (1 of 2 completed)
- Report of Waste Discharge (ROWD) was prepared and submitted to the State as the first step in re-applying for a new National Pollutant Discharge Elimination System (NPDES) permit
- Successfully prepared and adopted the Wastewater Rate Study, which evaluated the Wastewater Utility’s revenue requirements, prepared a cost of service analysis, and designed rates that are equitably and proportionately distributed among all customer classes
- Successfully completed a Federal EPA inspection and audit of the City’s Industrial Pre-Treatment Program with no findings or recommendations made
- Established Dental Amalgam Program database to identify all dental facilities within the City’s Wastewater service area; achieved 100% compliance with dental offices submitting required one-time compliance report certifications
- Repaired influent slide gates and supported sewer plant shutdown; repaired filter backwash pipe at Tertiary Plant, secondary clarifier #4 valve, belt filter press, belt wash water pump repair
- Held groundbreaking ceremonies for construction of the RWCF Plant Modifications Project on October 8th

- Awarded Phase 2A of the Progressive Design-Build contract for the regional wastewater Control Facility (RWCF) Modifications Project
- Certified the RWCF Modifications Project Final Environmental Impact Report, adopted Findings of Fact and Mitigation Monitoring and Reporting Program
- Awarded Phase 2B of the Progressive Design-Build contract for the final design, engineering services during construction, construction management and construction of the Regional Wastewater Control Facility (RWCF) Modifications Project
- Rebuilt Primary No. 3 pump, three mixing pumps for Digesters No. 3 & 4, Raw Sewage Pump No. 1 and bar rakes No. 3 & 4
- Repaired all filters in the filter galley to be able run in automatic mode
- Fabricated 4 new shafts for the Primary's
- Designed and installed a new complete gas dryer system for the Cogeneration
- Project Lead to plan, design, permit, and construct connection-ready utility services for the VA Medical Campus being constructed by the United States Department of Veterans Affairs (VA) in French Camp
- Secured an additional 6,500-acre feet of water (for a total of 13,000 acre feet) from the Mokelumne river

- Installed membrane filters into two complete water treatment skids at the Water Treatment Plant
- Ordered and installed two new Variable Frequency Drives at the Delta Water Intake Pump Station
- Replaced 42 valves on the membrane water filter skids with new improved high-performance valves at the Water Treatment Plant
- Installed new rigging on the Intake Pump Station log booms at the Water Treatment Plant to prevent failures, protect pumps and reduce labor costs
- At Water Well No. 32, converted well pump seal and rebuilt the pump
- Installed two 24-inch diameter isolation valves on the membrane filter supply pipes
- Cleaned and repaired City of Stockton Channel Bubbler System
- Established Calaveras Zone XIV, a new zone in the Stockton Consolidated Storm Drainage Maintenance Assessment District
- Fabricated and installed a new discharge pipe at the Alexandria storm station and two new discharge pipes at the Brookside North storm station

V. Effective Government

- Established online payment capability and rolled-out first permit to be offered online (Transportation Permit)
- Building Staff continued to improve efficiency in the plan review process by tracking plan reviews by due dates across all departments and coordinating strategy meetings when plan reviews are not completed within the established due date. Developed a policy to meet with all project stake holders when the plan review is not approved by the third cycle.
- Established mentor program with Consulting Engineers working with City Plan Checkers to enhance ability to plan review more complicated projects
- Supervising Building Inspector established weekly training with Neighborhood Services to discuss building permit process, inspections and building code questions
- Chief Building Official Lydia Clary was recognized as the Building Official of the Year from the California Building Officials (CALBO) organization
- Building Department established a policy for allowing Temporary Certificates of Occupancy (TCO) for projects nearing completion with the use of temporary generators to allow businesses to operate while awaiting permanent power from PG&E
- All recreation services managed within the new online system resulting in improved accounting and revenue collection procedures
- Developed a standardized training curriculum for part-time Library Support Staff
- Hosted livestreamed Collaborative Connections program in partnership with 49-99 libraries to provide resources and support for ESL (English as a Second Language) adults and staff presented overview of program at two professional conferences
- Participated in state-wide Creando Enlaces program to learn best practices in service to marginalized populations
- Increased Book Mobile service with weekly stops in the Mountain House community while construction of new facility is being completed
- New Community Center private rental procedures were implemented to eliminate the amount of unpaid debt
- Implemented Security Awareness Training program
- Implemented web content filtering
- Completed proof of value for CrowdStrike endpoint security management
- Implemented Intrusion Detection System (IDS) to investigate network security issues
- Deployed security group policy for improved management of user accounts for protection of City data
- Re-established annualized lifecycle replacement rate for Radio Fund
- Initiated the draft Computer Fund Long-Rang Financial Plan
- Implemented technology contract review program with Gartner consultant
- Implemented new backup solution for Data Center with near real-time data recovery and offsite disaster recovery features
- Procured IT networking equipment for infrastructure upgrade.
- Procured a 2nd failover internet connection for redundancy and service reliability
- Replaced communication fiber in Stewart Eberhardt Building for faster connectivity.
- Assisted Fire Department with conversion from Windows Tablets to Apple Tablets for vehicles, with estimated annual cost savings of \$100K
- Completed vendor selection for Enterprise Resource Planning 2020 Project and began implementation of project phase I with focus on core Finance modules

- Initiated data clean-up for conversion to the new Enterprise Resource Planning system
- Reached Agreement with 2 of the 9 Bargaining Units (SCEA & B&C) for 4-year deals (July 1, 2019-June 30, 2023)
- Hired and onboarded 179 new hires
- Procured and implemented a new benefit and eligibility system within a 60-day notice of termination by the former B&E vendor; successfully continued to offer a secure and user-friendly web portal for employees to access their health benefits and complete their 2019 Open Enrollment elections
- Procured and implemented an electronic insurance tracking software
- Attended nearly a dozen local job fairs and several community outreach events

Other Quality of Life Accomplishments

- Opened Micro Libraries at the Stribley and Van Buskirk Community Centers where neighbors have access to collection, makerspace activities, programs, and other services
- Deployed Mobile City Hall to numerous events to highlight city programs and services, including Neighborhood Traffic Management Meetings with neighborhood groups, Police events in community parks; National Night Out events
- Hosted 3 LENA programs (in English and Spanish) to support early literacy development in young children
- Launched Kanopy, a movie-streaming service which provides free access to critically acclaimed movies, documentaries and foreign films
- Welcomed 1,644 new library card holders during September's Library Card Sign-Up Month
- Increased participation in the annual Summer Reading program with 62,204 books read system-wide
- Hosted first "In Conversation" program at the Chavez Library which provides opportunity for community dialogue, inspired by participants of 2018 Aspen Dialogue
- Provided free afternoon meals for youth at each community center
- In partnership with Stockton Unified School District's School for Adults & Early Childhood Education, Seifert Community Center hosted a 7-week Family Literacy Camp targeting ESL parents of preschool to first grade children to bolster parent/family literacy in our community
- Mini Movers Activity program designed to engage parents and their children ages 3-5 continues
- Youth Sports added instructional clinics for players and coaches, Jamborees (practice games) prior to each season and Kick Off events on the first day of each sport season
- In collaboration with Stockton Unified School District, provided free summer lunches at libraries and community centers
- In collaboration with Lodi Unified School District, provided free afternoon meals as a part of our After-School Program for youth at each Community Center and added two (2) new locations, the Teen Center and Merlo Gymnasium in 2019
- At Arnold Rue Community Center, partnered with a local salon and twenty (20) hair stylists to provide free haircuts for community youth prior to the school year starting
- Offered nineteen (19) Ultra-Friday Nights at Arnold Rue, Seifert, Stribley and Van Buskirk Community Centers throughout the year; the events focused on family programming during extended hours on specific Friday evenings
- Youth Sports hosted the Pitch, Hit & Run and Jr. Home Run Derby competitions for children ages 6 to 14, which are tied to larger Major League Baseball campaigns engaging youth in sports

- Expanded play and added multiple new division and adult sports to accommodate demand, including additional basketball leagues, a kickball league and, a volleyball league
- Adult Sports hosted two (2) table tennis tournament with over 40 participants in singles and doubles events
- Youth Sports was awarded a 25-year certificate of participation by the San Francisco Giants for our continued involvement in their Jr. Giants baseball and softball program; of the ninety (90) affiliated cities, Stockton is the largest participating league with over 1,000 participants each year
- Reintroduced the City of Stockton Employee Wellness Program by branding the new wellness slogan, “Nourish to Flourish,” and offered monthly Lunch and Learn forums to educate employees about the importance of health and wellness on topics including the benefits of sleep, healthy eating and exercise, and awareness of Alzheimer’s and heart disease along with mental health topics
- Established a discount ticket program for employees through “Ticketsatwork” - good, positive response from employees who we polled
- Venue activity for calendar year 2019:
 - Weber Point Events Center completed 24 reservations; 46 events were held with a combined total of approximately 97,850 attendees.
 - City produced events include Activate Your Summer, Movies at the Point, Fourth of July Celebration, Collide Finale, Spooktacular, Tree Lighting Ceremony, Youth in Government, and more
