

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
GOAL LU-1:	REGIONAL DESTINATION: Become more of a regional destination that attracts visitors and invites residents to enjoy a diverse array of events and arts, entertainment, and dining options.					
POLICY LU-1.1	<u>Encourage retail businesses and housing development in mixed-use developments along regional transportation routes and in areas that serve local residents.</u>	Air Quality, Climate Change				
Action LU-1.1A	Require renovated and new mixed-use projects to be planned and designed to contribute to the corridor's identity through appropriate public spaces, gateways, streetscapes, pedestrian walkways, setbacks, edge treatments, and other design features.		Bike Master Plan ⁴ , Design ⁵ Guidelines, SMC ⁶	ED, CD, PW	Establish opportunity map for possible overlay areas. Investigate options for Citywide wayfinding program. Identify supportive documents and possible amendments/requirements that could be used to encourage/require enhanced urban amenities.	Direction may be required for wayfinding. 2020 and On-Going.
Action LU-1.1B	Evaluate the City's parking policies and amend the Development Code to provide more flexibility as appropriate to facilitate mixed-use redevelopment.	Air Quality, Climate Change	DTA Parking Authority ⁷ , SMC	ED, CD	Minor edits for streamline to be included in 2020 zoning code (ZC) amendment effort ⁸ . Possible parking study with business outreach for larger changes and parking district changes.	2020 and ongoing
Action LU-1.1C	Continue to study and consider repealing the "Big Box Ordinance" that was adopted in 2007, and if big-box stores are allowed in the future, require applicants to fund an analysis of economic and blight-inducement impacts of the proposed development on retail businesses in the market area, employment, City revenues and services, and any other relevant economic considerations. Prohibit the siting of any additional bigbox "power centers" at the edges of the city to limit growth-inducing impacts to adjacent farmlands.		Bike Master Plan, Design Guidelines, SMC	ED, CD	Possibly include in 2020 zoning amendments effort for discussion. Staff will review options on where there may be a market for this.	2020 and on-going
Action LU-1.1D	Encourage the redevelopment of struggling underutilized commercial strips into multi-family housing opportunities.		Building/Fire Code, SMC, Downtown Infill list	ED, H, CD	Establish list of all vacant and underutilized sites with land use, RHNA designation, and current use with owner/tenant information. Work with departments to administer existing City programs and solicit feedback on what can be improved.	Vacant and Infill list and maps shown on City websites. 2020 and on-going
POLICY LU-1.2	<u>Support expansion and improvement throughout the city of art, cultural, and educational facilities.</u>					
Action LU-1.2A	Advertise opportunities for the private sector to invest in public art throughout the city, and include public art in City roadway, building, and community parks projects.		Art Plan, ROW ⁹ , SMC	ED	The economic development department currently list vacant properties, parking plan, funding, and incentives to businesses. http://www.stocktongov.com/government/departments/econDev/default.html Possible Code amendments to include incentive based on requests typ. Requested. Include Arts Committee, Downtown Alliance ,	On-going
Action LU-1.2B	Provide funding mechanisms for the administration, development, and long-term maintenance of public art on a citywide basis.		SMC, Art Plan, ROW	ED, PW, CD	Possible procurement, Code update, Master plan for citywide program as defined in 1.3a. Plan could include location, possible funding and dev conditions for future projects. Arts Committee, CD, Downtown Alliance. Any non-profits that could be included.	May require further direction for implementation.
POLICY LU-1.3	<u>Improve the visual quality of the urban environment to be more welcoming and inviting at key gateways and travel corridors into the city.</u>					
Action LU-1.3A	Create a "gateway district" program for major corridor entries to the city, in which the design of public and private investment is		Art Plan, ROW, SMC	PW, CD, ED	Implementation would require additional direction. Possible use of procurement process to establish plan.	May require further direction for implementation and timing.

¹ Action Topics are defined on Page 1-4 and Appendix-A of the 2040 General Plan.

² Regulatory Documents are the primary implementing tools that exist. This can include regulatory documents and guidelines.

³ Action Lead(s) are the department and/or agencies with the primary responsibly to implement the specific General Plan Action Item.

<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
	coordinated to provide a cohesive and attractive welcome into Stockton.					
Action LU-1.3B	Work with transportation agency partners and private property owners to improve maintenance, code enforcement, screening, and landscaping of viewsheds along major transportation routes into Stockton, including rail corridors, Highway 99, Highway 4, and Interstate 5.		SMC, DG	CD, PW, CE	Possible zoning cleanups for LS and DR, included in Dev code. Possible inclusion into DG with CEPTED integration and coordination with state agencies who abut these areas.	2020 and on-going.
Action LU-1.3C	Require the incorporation of scenic views, including open space features like waterways, wetlands, natural landscapes, and parks, into design of the built environment.		SMC, GP	CD, PW, CE	Possibly establish certain corridors for protect and standards. Can include ZC and DG, but also OS and Preservation Standards.	2020 and ongoing depending on direction.
GOAL LU-2:	STRONG DOWNTOWN: Strengthen the Downtown to reinforce it as the region’s center for government, business, finance, arts, entertainment, and dining.					
POLICY LU-2.1	<u>Promote the Downtown and waterfront as a hub for regional commerce and entertainment, with high-quality housing to complement commercial activity and to infuse the area with daytime, evening, and weekend activity.</u>	Downtown				
Action LU-2.1A	Work with other public agencies and organizations to develop and utilize all available financing tools and incentives to stimulate investment in the Downtown.	Downtown	GP, EDSP ¹⁰	ED	Map out all entitled projects, vacant properties, highlighted infill areas, and CIP projects. Possibly define the what needs to be financed to establish payment, and incentives. The economic development department currently list vacant properties, parking plan, funding, and incentives to businesses. http://www.stocktongov.com/government/departments/econDev/default.html	On-Going
Action LU-2.1B	Amend the Development Code to provide flexibility for redevelopment of historic structures in the Downtown to meet the needs of modern users while maintaining the overall historic value.	Downtown	GP, SMC	CD, ED	Will include in 2020 zoning amendments.	2020 and on-going.
Action LU-2.1C	Improve Downtown wayfinding for vehicles and pedestrians to direct visitors to key destinations throughout the Downtown.	Downtown	SMC, ESS ¹¹	CD, ED, PW	See recommendations for signs under 1.3 above. Masterplans can be established to direct specific action and funding for both city/private investments. Possible BIDs	On-going
Action LU-2.1D	Improve sidewalk maintenance in the Downtown and widen key sidewalks to provide space for outdoor seating and tree plantings.	Downtown, Public Health	SMC, ESS	PW, CD	Bike/ped path, SMC, DG, Street Narrowing program. Include in COAs with current planning review.	On-going
Action LU-2.1E	Develop and implement a public/private strategy for mixed-use high-end development along both sides of the Stockton Channel/San Joaquin River Corridor, including the following: ■ A public promenade along the North Channel to Louis Park and the South Channel to Mormon Slough. ■ Mixed-use development and re-use of historic structures.	Downtown	EDSP, GP	PW, ED, CD	2020 Zoning Map Amendment will include workshops and outreach to owners to explore this option for possible inclusion into zoning efforts and strategic plans for sites. This could include master planning with CIP, SMC, and MFP coordination.	2020 workshops will solicit feedback from owners/stakeholders.
POLICY LU-2.2	<u>Facilitate the development of at least 4,400 new housing units in the Greater Downtown by 2040.</u>	Downtown				
Action LU-2.2A	Amend the Development Code to provide more flexibility for residential development to be feasible, including through a streamlined residential development permit process, and to contribute to the “charm” of the Downtown.	Downtown	BLD, SMC	CD, BLD, ED	Pull baseline # for 4sqm downtown boundary and 1sqm core area. Estimate how many permits needed per year and include 2019# and valuation.	ZC cleanup for process and design criteria.
Action LU-2.2B	Establish Transit Oriented Development (TOD) Overlay Zones around the Robert J. Cabral ACE Train Station and the San Joaquin Street Amtrak Station to promote high density residential, including affordable and mixed income housing, and other TOD items.	Downtown, Public Health, Air Quality, Climate Change	GP, SMC	ED, CD, H, RT	Phase 2 of zoning text/map amendments may include overlay for TOD related uses and intensities.	Possibly explore as 2020 zoning map amendment efforts.

¹⁰ Economic Development Strategic Plan

ATTACHMENT B

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
Action LU-2.2C	Evaluate and implement adjustments to the Public Facilities Fee ¹² structure to promote development in the Downtown	Downtown	GP, SMC	CD, PW	Currently in progress. The Stockton Economic Stimulus Plan (SESP) ¹³ is currently active and online.	Anticipated for 2020.
Action LU-2.2D	Discourage urban development at the edges of the city that would detract from or compete with the housing goals of the Greater Downtown.	Downtown, Air Quality, Climate Change	GP, SMC	CD, PW	Possible 2020 code amendments for performance measures and uses.	2020 and on-going.
<u>POLICY LU-2.3</u>	<u>Encourage more Downtown community and regional entertainment venues.</u>	Downtown				
Action LU-2.3A	Establish an entertainment district in the Downtown with a discrete boundary and strategies to promote entertainment uses, such as: ■ Reducing permit requirements; ■ Eliminating the requirement to sell food at bars; ■ Providing incentives for clubs and restaurants; ■ Allowing for reduced or shared parking; and ■ Delineating an area in which to facilitate food trucks and pop-up businesses	Downtown	SMC	ED, CD, PW	Should include changes for use, use with performance standards, DR reviews to encourage investment into bld., parking agreements in DTA	2020 amendments and on-going.
Action LU-2.3B	Partner with ride-sharing companies to facilitate safe nightlife in the Downtown.	Downtown	GP	ED, RT	Possibly expand rideshare for areas that need better transportation. Maybe locals to transport locals get discounts provided by city.	May require additional direction for specific action.
Action LU-2.3C	Develop curbside management policies that are flexible to accommodate the evolving nature of ride-sharing programs and future reliance on autonomous vehicles in the Downtown.	Downtown, Air Quality, Climate Change	SMC, ROW	CD, PW	Possibly coordinate with updated transportation and road diet programs. In 2019, RTD launched the Van Go! Ridesharing vehicles for the region. Other data is needed to determine where autonomous vehicle can best be accommodated through heavily traveled areas and areas with less auto dependency.	May require additional direction for specific action.
Action LU-2.3D	Promote events that bring residents and visitors to the Downtown.	Downtown	GP	ED, Parks	Events already included on city's website at www.stocktonca.gov/events . Downtown events are also shared by the ED Department on social media platforms as well as in monthly newsletters.	On-going
<u>POLICY LU-2.4</u>	<u>Encourage more resident- and visitor-serving restaurants, retail, and consumer services to locate in the Downtown.</u>	Downtown				
Action LU-2.4A	Implement strategies to promote new Downtown restaurant, retail, and consumer service businesses that primarily serve the needs of Downtown residents, but also add value for visitors, such as by: ■ Reducing permit requirements; ■ Allowing for reduced or shared parking; ■ Providing incentives; and ■ Facilitating planning and permitting for building renovations.	Downtown	ED Work Plan	ED	The City promotes new Downtown restaurants and businesses in the ED small business monthly newsletter. ED created the Storefront Beautification Micro Grant Program to assist small businesses to enhance their storefronts with projects that have minimal or reduced permit requirements. Staff will continue to explore options to promote existing fee reimbursement program and façade programs available to Downtown commercial property/ business owners. Downtown incentives are listed on the City's website www.stocktonca.gov/bizassist and promoted in the ED monthly newsletters and social media platforms.	On-going
Action LU-2.4B	Partner with the Downtown Stockton Alliance ¹⁴ to market the Downtown to existing Stockton businesses that would benefit from relocating to a centralized location	Downtown	GP	ED	Staff promotes available Downtown properties in the ED monthly newsletter. ED is exploring potential possibility for closer coordination with Downtown Stockton Alliance and related agencies to create unified collaborative marketing plan to promote benefits of relocating to downtown. ED staff participates with the DSA as an active Board member for collaboration efforts.	On-going
Action LU-2.4C	Partner with the Downtown Stockton Alliance to market the Downtown to attract businesses that complement the Downtown's multi-modal connectivity by appealing to the needs of travelers and providing shopping and recreation opportunities for visitors and commuters alike.	Downtown	GP	ED	Continue coordination; refer to the above.	On-going

¹² Stockton Public Facilities Fee Programs <http://www.stocktongov.com/government/departments/econDev/eDevBusPffep.html>

¹³ Stockton Economic Stimulus Plan (SESP) <http://www.stocktongov.com/government/departments/permitCenter/buildSesp.html>

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
<u>POLICY LU-2.5</u>	<u>Promote Downtown Stockton as a primary transit node that provides multi-modal connections throughout the city and region.</u>	Downtown, Public Health, Air Quality, Climate Change				
Action LU-2.5A	Improve transit, bicycle, and pedestrian connectivity between the Downtown and local colleges and universities.	Downtown, Public Health, Air Quality, Climate Change	Bike/Ped master plan, Circulation element, roadway plan	CD, PW	Work to establish routes consistent with the Master Bike Plan. Work with PW and CD to streamline the ROW review and design, especially for the Open Windows ROW plan.	Depends on action.
Action LU-2.5B	Study the possible one-way to two-way conversions of streets in the Downtown (e.g., El Dorado/Center, Park/Oak, and Main/Market) in order to improve pedestrian and bicycle safety, slow traffic speeds, and support local businesses.	Downtown, Public Health	Bike/Ped master plan, Circulation element, roadway plan	CD, PW	Continue coordination.	On-Going
Action LU-2.5C	Continue to develop an active transportation plan for Downtown Stockton, and implement complete streets projects to improve bicycle and pedestrian safety that are identified in the plan	Downtown, Public Health, Air Quality, Climate Change	Bike/Ped master plan, Circulation element, roadway plan	CD, PW	Annually reviewed and on-going.	On-Going.
GOAL LU-3	AUTHENTIC NEIGHBORHOODS: Protect and preserve the authentic qualities of Stockton’s neighborhoods and historic districts.					
<u>POLICY LU-3.1</u>	<u>Ensure that exterior remodels and the siting, scale, and design of new development are compatible with surrounding and adjacent buildings, public spaces, and cultural and historic resources.</u>					
Action LU-3.1A	Implement local and State incentives for the preservation and reuse of historic buildings and heritage housing in Downtown and other key areas.		HS, SMS, BLD	CD, BLD, CHB	Staff will coordinate the creation of historic BMPs, conditions of approval, and review procedures within entitlement and civic development review. Will coordinate with CHB for review and comment.	Standard BMPs and conditions of approval to be established in 2020.
Action LU-3.1B	If development has the potential to adversely affect buildings 50 years old or older, require a historical resources survey to be completed by a professional consistent with the Secretary of the Interior’s Standards for Architectural History.		HS, SMS	CD, BLD, CHB	Create map with parcels that could be affected by this and see how many DPR forms we have for them.	2020 and on-going.
Action LU-3.1C	Require historic structures, along with landscape, original roadways, sidewalks, and other public realm features in historic neighborhoods, to be maintained, restored, or repaired wherever possible. If alterations are proposed to historical buildings, require those changes to meet the Secretary of the Interior’s Standards for Treatment of Historic Properties.		HS, SMS, BLD	CD, BLD, CHB	Staff will coordinate the creation of historic BMPs, conditions of approval, and review procedures within entitlement and civic development review. Will coordinate with CHB for review and comment.	Standard BMPs and conditions of approval to be established in 2020.
Action LU-3.1D	Review the boundaries of the Magnolia Historic District and consider land use and zoning changes to reflect current uses and help facilitate access to grant funding for historic preservation.		HS, SMC	CD, ED	Will be included in 2020 zoning map efforts.	2020 and ongoing.
Action LU-3.1E	Maintain and periodically update the City’s historical resources inventory and adopt a priority list to protect the most important resources.		HS, SMC	CD, BLD	Create map that corresponds with 50yr old sites. Sac example has database with adaptive reuse sites. Figure 3-3 is a map with historical sites.	2020 establish active list. Ongoing.
Action LU-3.1F	Maintain and periodically update Citywide Design Guidelines.		SMC, DG	CD,	2020 Development code may help streamline DG efforts.	On-going
<u>POLICY LU-3.2</u>	<u>Retain narrower roadways and reallocate right-of-way space to preserve street trees and mature landscaping and enhance the pedestrian and bicycle network within and adjacent to residential neighborhoods.</u>	Public Health, Air Quality, Climate Change				
Action LU-3.2A	Implement the “road diet” recommendations from the City’s Bicycle Master Plan that reduce roadway widths to provide space for bike lanes and other amenities that improve safety and ease of the streetscape for all modes.	Public Health, Air Quality, Climate Change	GP, Road Plan, Eng. Standards	PW, CD	Some road diets programed in CIP. Staff to continue to explore options.	On-going
<u>POLICY LU-3.3</u>	<u>Maintain or expand the currently available amount of public park and open space area in each neighborhood.</u>	Public Health				

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
Action LU-3.3A	Continue to improve and maintain park facilities and fields to address deficiencies and improve park sustainability, including lighting improvements, conversion to solar lighting, drinking fountain maintenance, and natural stormwater management.	Public Health	GP, Eng. Standards	Parks	Staff will continue coordination.	On-Going
Action LU-3.3B	Pursue joint-use recreational facilities where possible, including on school grounds and utility easements.	Public Health	GP, Eng. Standards	Parks	Staff will continue coordination.	On-Going
Action LU-3.3C	Establish a citywide park maintenance assessment district.	Public Health	GP, Parks Plan	Parks	Staff will continue coordination. http://www.stocktongov.com/services/parkRec/default.html	On-Going
Action LU-3.3D	Periodically review the City’s Development Impact Fee requirements to determine whether they should be adjusted to reflect the City’s priorities for parks, community centers, and libraries that serve the surrounding neighborhoods.	Public Health	MFP, PFF	CD, PW, Parks	PFF in progress.	Anticipated 2020.
Action LU-3.3E	Require new development to improve utility easement property as usable public open space, where feasible.	Public Health	GP, SMC	PLN, PW	Included in current process for development review. Standard comments and conditions for entitlements will be established.	On-Going
Action LU-3.3F	Allow developers to develop pocket parks that function as social gathering places and/or children’s play areas, and which can count towards the park standard requirements for new development.	Public Health	GP, SMC	PLN, Parks	Included in current process for development review.	On-Going
GOAL LU-4	HIGH-QUALITY JOBS: Attract and retain companies that offer high-quality jobs with wages that are competitive with the region and state.					
<u>POLICY LU-4.1</u>	<u>Encourage large-scale development proposals in appropriate locations that include significant numbers of higher-wage jobs and local revenue generation. Such development may utilize the Economic and Education Enterprise land use designation if the proposal meets all of the criteria listed under the definition of the designation.</u>					
Action LU-4.1A	Update the Development Code and other City regulations to streamline project review as feasible for businesses that meet the City’s economic development and workforce support objectives.		SMC	CD	Will be included in 2020 zoning text/map amendments as well as Development Code Overhaul.	Amendments set for 2020 and beyond.
Action LU-4.1B	Seek out and market to businesses that build on Stockton’s competitive advantages and offer high- and living-wage jobs in a range of industries, such as management of companies and enterprises, finance and insurance, wholesale trade, professional and technical services, information, healthcare and social assistance, and education.		EDSP ¹⁵	ED	ED Staff developed industry-specific marketing material and will continue conducting marketing/outreach efforts. Materials are also posted on the website www.stocktonca.gov/econdev	On-Going
Action LU-4.1C	Conduct marketing and outreach to retain existing companies and use the City’s permitting and regulatory processes to facilitate expansions of existing businesses, consistent with other General Plan policies and actions.		EDSP, GP	ED, CD	Staff will continue to conduct business visits and evaluate business survey responses to assess the needs and provide assistance to existing local businesses.	On-Going
Action LU-4.1D	Consider future amendments to the General Plan for extraordinary growth plans outside the Urban Services Boundary that include significant job generators or public institutions such as a college campus.		GP, SMC	PLN	As part of the 2020 zoning amendments, possible GP amendments may be necessary.	2020 and On-Going.
<u>POLICY LU-4.2</u>	<u>Attract employment- and tax-generating businesses that support the economic diversity of the city.</u>					
Action LU-4.2A	Maintain a memorandum of understanding (MOU) with the San Joaquin Partnership, the Chambers of Commerce, and the Business Council to share marketing leads and collaborate on business attraction efforts.		GP	San Joaquin Partnership, the Chambers of	Staff has initiated a marketing collaboration group between different entities and will continue to coordinate.	On-Going

¹⁵ Economic Development Strategic Plan (EDSP)

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
Orange: (ED); Blue: (PW, Parks, MUD)						
				Commerce, and the Business Council		
Action LU-4.2B	Develop strategic partnerships with higher education institutions, workforce training agencies, business associations, financial institutions, and venture capital concerns to support the development of beneficial industry clusters.		GP	CM, ED	Staff will continue coordination by partnering with organizations to market and support industry growth.	On-Going
Action LU-4.2C	Continuously improve the efficiency, timeliness, and transparency of the City’s permitting process to assist businesses in expanding or locating in Stockton, while providing certainty in fee calculations and regulatory requirements.		Website, Accela	CD, BLD, ENG	Possible interactive map for development projects tied to our permit tracking system. This can include more information about submittals and active submittals (i.e. entitlements and permits).	2020 and ongoing for website improvements and updated handouts.
Action LU-4.2D	Continually reexamine the City’s planning and permitting fee structures to ensure that they do not constitute undue burdens on business.		Fee Study	CD	The 2020 zoning code amendments will look to streamline uses and activities that implement the city’s vision. This would lessen the need for review for many future applicants that adhere to the city standards. Since many uses would no longer require time consuming review, planning fees would not be applicable. While an updated fee study can be imitated, it is not as high of a priority as streamline and could occur and the zoning text and use table has been updated.	On-going. No timeline of imitation of updated fee study.
GOAL LU-5	PROTECTED RESOURCES: Protect, maintain, and restore natural and cultural resources.					
<u>POLICY LU-5.1</u>	<u>Integrate nature into the city and maintain Stockton’s urban forest.</u>	Public Health				
Action LU-5.1A	Require renovated and new projects to provide open spaces that create gateways, act as collectors for pedestrian systems, and/or provide a social focal point for a project and the surrounding community and corridor, as appropriate.		SMC, GP	PW	Staff will continue coordination.	On-Going
Action LU-5.1B	Protect, preserve, and improve riparian corridors and incorporate them in the City’s parks, trails, and open space system.		SMC, GP, DG	PLN, Parks	Maintain zoning and design standards for preservation.	On-Going
Action LU-5.1C	Require landscape plans to incorporate native and drought-tolerant plants in order to preserve the visual integrity of the landscape, conserve water, provide habitat conditions suitable for native vegetation, and ensure that a maximum number and variety of well adapted plants are maintained.		SMC, GP, DG	PLN	Currently include in the city’s design review process for preliminary and final landscape plans.	On-Going
<u>POLICY LU-5.2</u>	<u>Protect natural resource areas, fish and wildlife habitat, scenic areas, open space areas, agricultural lands, parks, and other cultural/historic resources from encroachment or destruction by incompatible development.</u>	Public Health				
Action LU-5.2A	Continue to coordinate with the San Joaquin Council of Governments and comply with the terms of the Multi-Species Habitat Conservation and Open Space Plan to protect critical habitat areas that support endangered, threatened, and special-status species		SMC, GP, HPC, Delta Plan in 2013	CD, SJCOG	Possible map of sensitive areas requiring BIO/reviews per entitlements. Coordinate entitlement and CIP review for standard process, comments, and conditions.	2020 and on-going.
Action LU-5.2B	For projects on or within 100 feet of sites that have the potential to contain special-status species or critical or sensitive habitats, including wetlands, require preparation of a baseline assessment by a qualified biologist following appropriate protocols, such as wetland delineation protocol defined by the US Army Corps of Engineers (Corps). If such sensitive species or habitats are found to be present, development shall avoid impacting the resource, and if avoidance is not feasible, impacts shall be minimized through project design or compensation identified in consultation with a qualified biologist.		SMC, GP, DS	CD, State and Regional Agencies, California’s Delta Stewardship Council	Possible interactive map of sensitive areas requiring BIO/reviews per entitlements. Coordinate entitlement and CIP review for standard process, comments, and conditions.	2020 and on-going.
Action LU-5.2C	Require new development to implement best practices to protect biological resources, including incidental take minimization measures and other federal and State requirements and recommendations that		San Joaquin County Multi-Species Habitat	CD, SJ County	Possible interactive map of sensitive areas requiring BIO/reviews per entitlements. Coordinate entitlement and CIP review for standard process,	2020 and on-going.

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
	are consistent with the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan.		Conservation and Open Space Plan		comments, and conditions. Coordinate review with the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan.	
Action LU-5.2D	Require the following tasks by a qualified archaeologist or paleontologist prior to project approval: ■ Conduct a record search at the Central California Information Center located at California State University Stanislaus, the University of California Museum of Paleontology at Berkeley, and other appropriate historical or archaeological repositories. ■ Conduct field surveys where appropriate. ■ Prepare technical reports, where appropriate, meeting California Office of Historic Preservation or other appropriate standards. ■ Where development cannot avoid an archaeological or paleontological deposit, prepare a treatment plan in accordance with appropriate standards, such as the Secretary of the Interior’s Standards for Treatment of Archaeological Sites		SMC, GP, HCP	PLN	Currently include in the city’s design review process and demolition review process for older buildings and buildings registered as historic. City has on-call consultants who assist in this effort.	On-Going
Action LU-5.2E	Continue to consult with Native American representatives, including through early coordination, to identify locations of importance to Native Americans, including archaeological sites and traditional cultural properties.		SMC, GP	PLN	Currently included in the city’s environmental review process and long-range planning processes. Staff will continue to manage contacts with impacted tribes to maintain accurate information and BMPs for review and monitoring.	On-Going
Action LU-5.2F	If development could affect a tribal cultural resource, require the developer to contact an appropriate tribal representative to train construction workers on appropriate avoidance and minimization measures, requirements for confidentiality and culturally appropriate treatment, other applicable regulations, and consequences of violating State laws and regulations.		SMC, GP	PLN	Currently include in the city’s environmental review process. Specific tribal noticing required by state law will continued to be processed.	On-Going
Action LU-5.2G	Comply with appropriate State and federal standards to evaluate and mitigate impacts to cultural resources, including tribal, historic, archaeological, and paleontological resources.		SMC, GP	PLN	Currently include in the city’s environmental review process. Specific tribal noticing required by state law will continued to be processed.	On-Going
Action LU-5.2H	Comply with applicable water conservation measures.	Climate Change	SMC, GP, SWRCB	PLN, PW	Currently included in entitlement and development permit reviews. Staff will continue reviews with BMPs consistent with state law and best practices.	On-Going
Action LU-5.2I	Coordinate with water agencies and non-profit organizations to promote public awareness on water quality and conservation issues and consistency in water quality impacts analyses.	Public Health, Climate Change	Right to Farm ordinance (Municipal Code Section 16.36.040),		List water agencies/non-profits	On-Going
<u>POLICY LU-5.3</u>	<u>Define discrete and clear city edges that preserve agriculture, open space, and scenic views.</u>	Air Quality, Climate Change				
Action LU-5.3A	At the interface between development and rural landscapes, use landscaping and other attractive edging instead of sound walls and similar utilitarian edges of developments to maintain the visual integrity of open space.		GP, SMC	PLN, BLD, PW	Currently included in entitlement and permit reviews.	On-Going.
Action LU-5.3B	Coordinate with San Joaquin County and property owners in unincorporated areas to preserve agricultural land and open space areas in the unincorporated county that contribute to maintaining clear boundaries between cities.		GP, SMC, SJ County	PLN, BLD, PW	Currently included in entitlement and permit reviews. Staff will coordinate with County and Lafco, although the City does not currently have authority to enforce land within the county. County will continue to notify staff of development projects within the SOI and planning area.	On-Going. County to coordinate development reviews.
Action LU-5.3C	Maintain the City’s agricultural conservation program that requires either dedication of an agricultural conservation easement at a 1:1 ratio or payment of an in-lieu agricultural mitigation fee for the conversion of prime farmland, farmland of statewide importance, or unique farmland, as defined by the State Farmland Monitoring and Mapping Program.	Climate Change	GP, SMC, HCP	PLN	Currently included in entitlement and permit reviews. Annual updates to the city council on banking and conservation efforts will continue.	On-Going.
<u>POLICY LU-5.4</u>	<u>Require water and energy conservation and efficiency in both new construction and retrofits.</u>					

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
Action LU-5.4A	Require all new development, including major rehabilitation, renovation, and redevelopment, to adopt best management practices for water use efficiency and demonstrate specific water conservation measures.	Climate Change	GP, SMC, BLD Code	PLN, BLD, PW	Currently included in entitlement and permit reviews.	On-Going.
Action LU-5.4B	Require all new development, including major rehabilitation, renovation, and redevelopment, to incorporate feasible and appropriate energy conservation and green building practices, such as building orientation and shading, landscaping, and the use of active and passive solar heating and water systems.		CAP, SMA,	BLD, CD	Currently included in entitlement and permit reviews.	On-Going.
Action LU-5.4C	Update the Citywide Design Guidelines to strengthen energy conservation and green building provisions.		GP, DG	CD	2020 code amendment will look to strengthen design review criteria and streamline projects that adhere to the design guidelines and GP policies on attractive design. As part of process, city staff will review guidelines for possible improvements. Council direction may be sought after efforts.	2020 and On-Going.
GOAL LU-6:	EFFECTIVE PLANNING: Provide for orderly, well-planned, and balanced development					
<u>POLICY LU-6.1</u>	<u>Carefully plan for future development and proactively mitigate potential impacts.</u>					
Action LU-6.1A	The Envision Stockton General Plan Update Environmental Impact Report (EIR) assumes the following maximum development projections for the year 2040 for the lands located within the Sphere of Influence, including projects that were already approved prior to the General Plan Update, but not yet constructed: <ul style="list-style-type: none"> ■ 40,900 new dwelling units ■ 13.8 million square feet of new commercial and office space ■ 35.6 million square feet of new industrial space 		SMC, GP	CD, BLD	Will continue to monitor annually. Projects found consistent with the 2040 GP projections and intensities may not require subsequent environmental review.	On-Going; Monitored annually.
Action LU-6.1B	Monitor the rate of growth to ensure that it does not overburden the City's infrastructure and services and does not exceed the amounts analyzed in the General Plan EIR.		SMC, MFP	CD, PW	Current growth rate is reflected in adopted 2040 GP which is the basis for infrastructure planning. Rates will be monitored annually should rates increase significantly change beyond those identified in the 2040 GP.	On-Going
Action LU-6.1C	Require that vacant unincorporated properties be annexed into the city prior to the provision of any City services, or that a conditional service agreement be executed agreeing to annex when deemed appropriate by the City.		SMC, GP, MFP, MSR	CD, PW, MUD, Fire/PD	MSR/SOI currently being updated to define services. Current entitlement review requires this information per determination and submittal to lafco.	Currently practiced and On-Going
Action LU-6.1D	Require that all utility connections outside the city limit be for land uses that are consistent with the General Plan.		SMC, GP, MFP	CD, PW, MUD	Currently included in development review. Findings of approval must indicate this prior to staff recommendation on approval.	On-going.
Action LU-6.1E	Do not approve new development unless there is infrastructure in place or planned and funded to support the growth.		SMC, GP, MFP	CD, PW, MUD	Currently included in development review. Findings of approval must indicate this prior to staff recommendation on approval.	On-Going.
Action LU-6.1F	Evaluate and implement adjustments to the Public Facilities Fee (PFF) structure to encourage development in areas where infrastructure is already present and ensure that non-infill development pays its fair share of anticipated citywide capital facilities and operational costs.		CD, PW	CD, PW	Currently in progress. The Stockton Economic Stimulus Plan (SESP) ¹⁶ is currently active and online.	Anticipated for 2020.
Action LU-6.1G	Maintain adequate staffing levels to support achieving the City's service level goals for police and fire protection.		GP, MSR, Marshall Plan	PD, Fire	Staffing and additional procurement to begin early 2020.	On-Going until filled.

¹⁶ Stockton Economic Stimulus Plan (SESP) <http://www.stocktongov.com/government/departments/permitCenter/buildSesp.html>

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
<u>POLICY LU-6.2</u>	<u>Prioritize development and redevelopment of vacant, underutilized, and blighted infill areas.</u>	Downtown, EJ, air quality, climate change				
Action LU-6.2A	Develop and implement an infill incentive program that encourages infill development through expedited permitting, changes in fee structures, prioritizing infrastructure improvements in infill areas, property owner and/or landlord incentives to maintain property and reduce blight, and/or other strategies. As part of this program, define and prioritize categories of infill types based on land use and residential density or nonresidential intensity.	Downtown, air quality, climate change	Fee Schedule, PFF	CD	Will review options in 2020, but no direct effort to establish a separate fee study.	On-Going.
Action LU-6.2B	Do not approve future annexations or City utility connections unless they are consistent with the overall goals and policies of the General Plan and do not adversely impact the City's fiscal viability, environmental resources, infrastructure and services, and quality of life.	air quality, climate change	GP, MSR	CD	Currently being applied for all annexation requests.	Continue and On-Going.
Action LU-6.2C	Ensure prioritization of development and redevelopment of vacant, underutilized, and blighted infill areas be considered through strategies such as zoning changes and strategies to avoid gentrification.		GP, SMC	CD, ED	City to update vacant and underutilized parcel list for coordination of site-specific opportunities and constraints review. Possible coordination with property owners for further discussion.	2020 and On-Going.
Action LU-6.2D	Comply with State requirements that limit the idling of motor vehicles.	air quality,	GP, CAP	CD	Coordinate CAP and GP mitigation measure into CIP, entitlement, and permit reviews for compliance. Possibly require projects and sites to post no-idling signage for loading and parking areas.	Continue and On-Going.
<u>POLICY LU-6.3</u>	<u>Ensure that all neighborhoods have access to well-maintained public facilities and utilities that meet community service needs.</u>	Public health, EJ				
Action LU-6.3A	Require development to mitigate any impacts to existing sewer, water, stormwater, street, fire station, park, or library infrastructure that would reduce service levels		GP, MFP	PW, CD	Part of CIP and entitlement reviews. Master Facilities Plan and Public Facilities Fee (PFF) to be updated in 2020 and beyond.	On-Going.
Action LU-6.3B	Ensure that public facilities, infrastructure, and related land area and other elements are designed, and right-of way is acquired to meet 2040 planned development requirements to avoid the need for future upsizing or expansion, unless planned as phased construction.		GP, MFP	PW, CD	Part of CIP and entitlement reviews. Master Facilities Plan and Public Facilities Fee (PFF) to be updated in 2020 and beyond.	On-Going.
Action LU-6.3C	Coordinate, to the extent possible, upgrades and repairs to roadways with utility needs, infrastructure upgrades, and bicycle and pedestrian improvements (i.e., "dig once").		GP, MFP	PW, CD	Part of the 2019-2020 CIP plan. Master Facilities Plan and Public Facilities Fee (PFF) to be updated in 2020 and beyond.	2020 and On-Going.
Action LU-6.3D	Design public facilities and infrastructure to maintain and improve the visual quality of the urban environment, including through the following approaches: <ul style="list-style-type: none"> ■ Designing buildings and infrastructure to fit into and complement their ultimate surroundings. ■ Buffering buildings and infrastructure from their surroundings as appropriate to shield unsightly areas from public view. ■ Providing appropriate landscaping. 		GP, MFP	PW, CD	Currently a part of the entitlement and permit review process. 2020 amendments will streamline design reviews that enhance the area and achieve the principals of the design guidelines and General Plan. Master Facilities Plan and Public Facilities Fee (PFF) to be updated in 2020 and beyond.	2020 and On-Going.
<u>POLICY LU-6.4</u>	<u>Ensure that land use decisions balance travel origins and destinations in as close proximity as possible and reduce vehicle miles traveled (VMT).</u>	<u>Air quality, climate change</u>				
Action LU-6.4A	Maintain a reasonable balance between potential job generation and local workforce availability with a goal of one job for each employed resident.	Air quality, climate change	GP	CD, H, ED	Monitored with annual reports. 2020 amendments will bring zoning and other documents into consistency with GP policies and land uses.	2020 and On-Going.
Action LU-6.4B	Maintain a reasonable proximity and balance (i.e., magnitude) between job-generating uses, housing opportunities, and resident services and amenities, including transit and active transportation.	Air quality, climate change	GP	CD, ED	Currently monitored with the annual GP/Housing reports.	On-Going.

ATTACHMENT B

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
Action LU-6.4C	Reduce Vehicle Miles Traveled (VMT) per household by planning new housing in closest proximity to employment centers, improving and funding public transportation and ridesharing, and facilitating more direct routes for pedestrians and bicyclists.	Public Health, Air quality, climate change	GP, CAP, TA	PW, CD	VMT baseline for city established via the CAP. Staff will work on specific thresholds to maintain and reduce measure as part of entitlement and permit reviews.	2020 and On-going.
<u>POLICY LU-6.5</u>	<u>Improve and maintain the City's fiscal health.</u>					
Action LU-6.5A	Require preparation of a fiscal impact analysis for large development projects and proposed annexations to ensure a full accounting of infrastructure and public service costs and to confirm whether revenue enhancement mechanisms are necessary to ensure net fiscal balance or better, and require appropriate fiscal mitigations, when necessary, to ensure the City's ongoing fiscal health and continued viability of the City's General Fund.		GP, MFP	CD, PW	Add to submittal Requirements and required prior to determination on projects.	On-Going
Action LU-6.5B	Utilize development agreements (DAAs) as a tool to implement public facilities financing plans and to secure fiscal mitigations and various public benefits from new development projects.		GP, MFP, PFF	CD, PW, MUD	DAs will be updated and brought before Council for monitoring.	2020 and On-Going.
Action LU-6.5C	Evaluate and update all development impact fees to be consistent with the 2040 General Plan		GP, MFP, PFF	CD, PW, MUD	PFF and inclusionary housing fee analysis to occur in 2020.	2020 and On-Going.
Action LU-6.5D	Continue to utilize developer fees, the City's public facilities fees, and other methods (e.g., grant funding and assessment districts) to finance public facility design, construction, operation, and maintenance.		GP, MFP, PFF	CD, PW, MUD	Master Facilities Plan and Public Facilities Fee (PFF) to be updated in 2020 and beyond.	2020 and On-Going.
<u>POLICY LU-6.6</u>	<u>Coordinate land use planning efforts among City departments and with regional agencies</u>					
Action LU-6.6A	Provide written comments to San Joaquin County on all proposed significant development projects in the City's Planning Area to request consistency with this General Plan and other City regulations.		GP	CD, PW, ED	Staff will coordinate review of county and city projects to ensure collaboration on project review.	On-Going.
Action LU-6.6B	Participate in the San Joaquin Council of Governments' (SJCOG) regional planning programs and coordinate City plans and programs with those of SJCOG, including the Regional Transportation Plan/Sustainable Communities Strategy, among others, and work with non-profit organizations also engaging in these planning programs.	Air quality, climate change	GP	CD, PW, ED	Currently coordinating regional and local coordination on city and countywide projects.	On-Going
Action LU-6.6C	Review and update the Development Code to ensure consistency with the updated General Plan.		GP, SMC	CD	2020 amendments will achieve this consistency.	2020
Action LU-6.6D	Review and update the Zoning District Map to ensure consistency with the updated General Plan.		GP, SMC	CD	2020 amendments will achieve this consistency.	2020
<u>POLICY LU-6.7</u>	<u>Enhance public participation in the planning process.</u>					
Action LU-6.7A	Work with community-based organizations to develop and implement a comprehensive and accountable long-term strategy to engage the Stockton community in planning decisions.	EJ	GP	CD, ED, H	2020 amendments will include significant outreach to implement the GP policies for engaging the community. Staff will work to improve online resources to educate and empower residents through use of online materials and notifications.	2020 and On-Going.
Action LU-6.7B	Require that sponsors of new development projects, especially those that require Planning Commission and/or City Council approval, have early, frequent, and meaningful communication with affected citizens and stakeholders.		SMC, City Outreach Plan	CD, IT	Currently required and ongoing. Will work to streamline process and provide additional materials online, including DEV and CIP project maps for people to review and comment on.	2020 and Ongoing.

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
GOAL TR-1:	MOBILE COMMUNITY: Provide an integrated transportation system that enables safe and efficient movement of people and goods for all modes of travel.					
POLICY TR-1.1	<u>Ensure that roadways safely and efficiently accommodate all modes and users, including private, commercial, and transit vehicles, as well as bicycles and pedestrians and vehicles for disabled travelers.</u>	Public Health				
Action TR-1.1A	Direct truck traffic to designated truck routes that facilitate efficient goods movement and minimize risk to areas with concentrations of sensitive receptors, such as schools, for example by disallowing any new truck routes to pass directly on streets where schools are located, and vulnerable road users, like pedestrians and bicyclists.	Public health, EJ, air quality	Complete Streets, Precise Road Plans	PW	Continue to coordinate and implement.	On-Going
Action TR-1.1B	Maintain and periodically update a schedule for synchronizing traffic signals along arterial streets and freeway interchanges to facilitate the safe and efficient movement of people and goods and to provide signal priority for transit vehicles at intersections.	air quality, climate change	MFP	PW	Continue to coordinate and implement.	On-Going
Action TR-1.1C	Require roadways in new development areas to be designed with multiple points of access and to address barriers, including waterways and railroads, in order to maximize connectivity for all modes of transportation		GP, SMC	PW, CD, Fire	Currently included with entitlement and CIP review.	On-Going.
Action TR-1.1D	Update existing Precise Road Plans to reflect the 2040 General Plan, including changes in land use and level of service requirements, and a shift in priority from vehicular travel to travel by all modes through complete streets	Public health, air quality, climate change	GP, SMC	PW, CD, Fire	Currently included with entitlement and CIP review. Older plans could be evaluated when sufficient staff capacity is achieved.	On-Going.
Action TR-1.1E	Work with local school districts to implement pedestrian crossing enhancements like stop signs within neighborhoods around schools, encourage activities like a walking school bus, and create educational programs that teach students bicycle safety.	Public health, air quality, climate change	SMC	PW, CD	Currently included in entitlement reviews. Possible coordination and integration into CIP items.	On-Going
POLICY TR-1.2	<u>Enhance the use and convenience of rail service for both passenger and freight movement.</u>					
Action TR-1.2A	Actively support and pursue access to high-speed rail.	Air quality, climate change	SMC	PW, CD	Currently included in entitlement reviews. Possible coordination and integration into CIP items.	On-Going
Action TR-1.2B	Support the San Joaquin Regional Transportation District’s Regional Bus Service, Altamont Commuter Express (ACE), and AMTRAK’s San Joaquin intercity rail service, and pursue and support other regional transit programs and projects, such as: ■ ACE plans to bypass existing bottlenecks (e.g., the Union Pacific railyards in South Stockton); ■ Connecting to the BART system; ■ Extending ACE service south to Merced; and ■ Proposing rail between Stockton and Sacramento along the California Traction and other rail corridors.	Air quality, climate change	SMC	PW, CD	Currently included in entitlement reviews. Possible coordination and integration into CIP items.	On-Going
Action TR-1.2C	Provide grade separations at railroad crossings on arterial streets where feasible to ensure public safety and minimize traffic delay.		SMC	PW, CD	Currently included in entitlement reviews. Possible coordination and integration into CIP items.	On-Going
POLICY TR-1.3	<u>Facilitate expanded port and airport operations, service, and development as travel and goods movement assets to the community and sources of employment growth.</u>					
Action TR-1.3A	Protect the Airport and related aviation facilities from encroachment by ensuring that all future development within the Airport Influence Area (AIA) is consistent with the policies adopted by the San Joaquin	Public health, EJ	SMC, GP	CD, Fire	City staff monitors application requests near the AIA for review and coordination with the ALUC.	On-Going

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
Orange: (ED); Blue: (PW, Parks, MUD)						
	County Airport Land Use Commission (ALUC) ¹⁷ , except in cases where the City Council concludes that project approval would provide for the orderly development of the Airport and the areas surrounding it while protecting the public health, safety, and welfare by minimizing the public's exposure to excessive noise and safety hazards, consistent with the San Joaquin County Airport Land Use Compatibility Plan and the Stockton Metropolitan Airport Land Use Compatibility Plan.					
Action TR-1.3B	Where substantial development already exists within the AIA and is incompatible with ALUC policies, only allow additional infill development of similar land uses if projects meet all of the following criteria to be an infill project: ■ The project site is bounded on at least three sides by uses similar to those proposed. ■ The proposed project would not extend the perimeter of the area developed with incompatible uses.		SMC, GP	CD, PW	City staff monitors application requests near the AIA for review and coordination with the ALUC. Will explore possible inclusion of criteria in the 2020 amendments.	On-Going
Action TR-1.3C	Within the AIA, require that new development or an expansion of an existing use that requires a building permit file an avigation easement with the City.		SMC, GP	CD, PW	City staff monitors application requests near the AIA for review and coordination with the ALUC. Will explore possible inclusion of criteria in the 2020 amendments.	On-Going
GOAL TR-2:	ACTIVE COMMUNITY: Offer active transportation opportunities for the entire community.					
<u>POLICY TR-2.1</u>	<u>Develop safe and interconnected bicycle and pedestrian facilities, including along "complete" streets that target multiple travel modes.</u>	Public health, air quality, climate change				
Action TR-2.1A	Require safe and secure bicycle parking facilities to be provided at major activity centers such as public facilities, employment sites, and shopping and office centers, along with showers and lockers for major employment sites.	Public health, air quality, climate change	GP, SMC, Bike Plan	CD, PW	Currently, the bicycle system in Stockton consists of about 117 miles of existing bikeways, including approximately 46 miles of bike paths, 36 miles of bike lanes, and 35 miles of bike routes.	On-Going
Action TR-2.1B	Maintain and implement the City of Stockton Bicycle Master Plan ¹⁸ .	air quality, climate change	GP, SMC, Bike Plan	CD, PW	Currently used in entitlement and CIP reviews.	On-Going
Action TR-2.1C	Maintain and implement the City of Stockton Safe Route to School Plan ¹⁹ .	Public health	Safe Route to School Plan, SMC	CD, PW	Currently used in entitlement and CIP reviews.	On-Going
<u>POLICY TR-2.2</u>	<u>Connect housing and employment development in areas with good transit access through open and inclusive processes where appropriate.</u>	Public health, air quality, climate change				
Action TR-2.2A	Require major new development to incorporate and fund design features to promote safe and comfortable access to transit, such as a circulation network that facilitates efficient and connected bus travel, clear pedestrian and bicycle routes connecting origins and destinations to transit stops, sheltered bus stops, park-and-ride facilities, and highly visible transit information and maps.	Public health, air quality, climate change	GP, SMC, Bike Plan	CD, PW, RT	Currently used in entitlement and CIP reviews. Funding programs will be coordinated with regional agencies and CIP prioritization. Project obligations are currently applied to entitlement reviews.	On-Going
Action TR-2.2B	Obtain input from community residents, non-profit organizations, and local and regional transit operators on major new development projects, and support transit operators by ensuring major projects are designed to support transit and provide fair share funding of the cost of adequate transit service and access.	Public health, air quality, climate change	GP, SMC	CD, PW, ED	Staff will improve online resources for public to view active entitlements and CIP projects for comment and information.	2020 and On-going.
Action TR-2.2C	Request that public transit service providers expand routes and increase frequency and operational hours consistent with current	Public health, air quality, climate change	GP	PW	Continue to coordinate and implement.	On-Going

¹⁷ San Joaquin County Airport Land Use Commission (ALUC) Stockton Metro Airport Land Use Compatibility Plan <https://www.sjcog.org/DocumentCenter/View/1318/2016-Stockton-Metropolitan-Airport-ALUCP---Amended-February-2018?bidId=>

<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
	short- and long-range transit planning, with the assistance of new development funding.					
Action TR-2.2D	Support efforts to electrify buses.	air quality, climate change	GP	PW	Continue to coordinate and implement.	On-Going
POLICY TR-2.3	<u>Utilize natural features and routes with lower traffic volumes and speeds to encourage residents to walk and wheel more frequently.</u>	Public health, air quality, climate change				
Action TR-2.3A	Develop and maintain bikeways on separate rights-of way (e.g., Calaveras River, East Bay Municipal Utility District easement, French Camp Slough, and Shima Tract Levee).	Public health, air quality, climate change	GP, SMC, Bike Plan	CD, PW	Currently used in entitlement and CIP reviews.	On-Going
Action TR-2.3B	Require dedication of adequate right-of-way for bicycle use in new arterial and collector streets, and where feasible, in street improvement projects.	Public health, air quality, climate change	GP, SMC, Bike Plan	CD, PW	Currently used in entitlement and CIP reviews.	On-Going
GOAL TR-3:	SUSTAINABLE TRANSPORTATION: Design transportation infrastructure to help reduce pollution and vehicle travel.					
POLICY TR-3.1	<u>Avoid widening existing roadways in an effort to preclude inducement of additional vehicle traffic.</u>	Public health, air quality, climate change				
Action TR-3.1A	Limit street widths to the minimum necessary to adequately carry the volume of anticipated traffic, while allowing for safe bicycle and pedestrian facilities, emergency access, and large vehicle access.	Public health, air quality, climate change	GP	PW	Continue Coordination.	On-Going
Action TR-3.1B	Where feasible and appropriate, reduce the width of existing streets using bulb-outs, medians, pedestrian islands, shade tree landscaping, appropriate signage, and similar methods, while not jeopardizing emergency response.	Public health, air quality, climate change	GP, SMC, Bike Plan	PW, CD	Included in current roadway and citywide bike plan. Will continue to require design and ROW through entitlement review.	On-Going.
Action TR-3.1C	Preserve right-of-way for transit and bicycle uses when designing new roadways and improving existing roadways and ensuring adequate and clear signage.	Public health, air quality, climate change	GP, SMC, Bike Plan	PW, CD	Included in current roadway and citywide bike plan. Will continue to require design and ROW through entitlement review.	On-Going.
POLICY TR-3.2	<u>Require new development and transportation projects to reduce travel demand and greenhouse gas emissions, support electric vehicle charging, and accommodate multi-passenger autonomous vehicle travel as much as feasible.</u>	air quality, climate change				
Action TR-3.2A	Amend the parking requirements in the Development Code to encourage shared parking, require preferential parking for rideshare vehicles, and allow reduced parking requirements to support transit, bicycling, and walking.	air quality, climate change	SMC	CD	City staff will explore as part of the 2020 amendments.	2020 and On-Going
Action TR-3.2B	Require commercial, retail, office, industrial, and multifamily residential development to provide charging stations and prioritized parking for electric and alternative fuel vehicles.	air quality, climate change	GP, SMC, CAP	CD	City staff will continue to require per entitlement and permit review.	On-Going
Action TR-3.2C	Respond to the implications and opportunities associated with connected vehicles and autonomous vehicles by monitoring technological advances and adjusting roadway infrastructure and parking standards to accommodate autonomous vehicle technology and parking needs.	air quality, climate change	GP	CD, PW	City staff will continue to explore options with local and regional agencies.	On-Going
Action TR-3.2D	Continue to coordinate with the San Joaquin Council of Governments to increase opportunities for additional park and ride facilities, consistent with the San Joaquin County Regional Park and Ride Lot Master Plan.	air quality, climate change	GP	CD, PW	City staff will continue to coordinate with SJCOG on potential opportunities.	On-Going
GOAL TR-4:	EFFECTIVE TRANSPORTATION ASSESSMENTS: Ensure that traffic-related impacts of proposed land uses are evaluated and mitigated.					

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
<u>POLICY TR-4.1</u>	<u>Utilize level of service (LOS) information to aid understanding of potential major increases to vehicle delay at key signalized intersections.</u>					
Action TR-4.1A	Strive for Level of Service (LOS) D or better for both daily roadway segment and peak hour intersection operations, except when doing so would conflict with other land use, environmental, or economic development priorities, and with the following additional exceptions: ■ In the Greater Downtown, strive for LOS E or better, but LOS F may be acceptable after consideration of physical or environmental constraints and other City goals and policies. ■ Strive for different LOS standards along the following corridors due to physical constraints that limit the improvements that can be constructed: • Benjamin Holt Drive, Plymouth Road to Gettysburg Place – LOS F • Eight Mile Road, Trinity Parkway to I-5 – LOS E • Eight Mile Road, Lower Sacramento Road to West Lane – LOS E • Eighth Street, I-5 to El Dorado Street – LOS E • Eighth Street, Airport Way to Mariposa Road –LOS E • French Camp Road, Manthey Road to I-5 – LOS E • French Camp Road, I-5 to Val Dervin Parkway –LOS F • Hammer Lane, I-5 to Kelly Drive – LOS E • Hammer Lane, West Lane to Holman Road –LOS E • Interstate 5, Hammer Lane to Benjamin Holt Drive – LOS E • Interstate 5, Benjamin Holt Drive to Downing Avenue – LOS F • Interstate 5, Downing Avenue to French Camp Road – LOS E • Otto Drive, I-5 to Thornton Road – LOS F • Roadway segments determined to be operating at deficient LOS by the San Joaquin Council of Governments in the Regional Congestion Management Program ■ Accept worse than adopted-standard LOS at intersections where widening the intersection would reduce bicycle and pedestrian safety and/or increase pedestrian crossing times such that they would create longer traffic delays due to signal timing.		GP	PW, CD	City staff will continue to explore options with local and regional agencies and review applications for consistency with this action item.	On-Going
Action TR-4.1B	Amend the City’s Transportation Impact Analysis Guidelines to reflect the updated LOS goals under Action TR-4.1.A and to refine the threshold at which a project needs to evaluate LOS impacts		TAG, SMC	CD, PW	Staff will coordinate with traffic consultant on the scope of this effort.	2020 and On-Going.
<u>POLICY TR-4.2</u>	<u>Replace LOS with: (1) vehicle-miles traveled (VMT) per capita; and (2) impacts to non-automobile travel modes, as the metrics to analyze impacts related to land use proposals under the California Environmental Quality Act, in accordance with SB 743.</u>	air quality, climate change				
Action TR-4.2A	To evaluate the effects of new development and determine mitigation measures and impact fees, require projects to evaluate per capita VMT and impacts to transit, bicycle, and pedestrian modes.	Public health, air quality, climate change	TAG, SMC	CD, PW	Staff will continue to require VMT analysis as part of entitlement review and determination. The TAG may need amendments to codify VMT baselines and preferred mitigation for projects that are shown to have VMT increases.	2020 and On-Going.
Action TR-4.2B	Amend the City’s Transportation Impact Analysis Guidelines to include alternative travel metrics and screening criteria.	Public health, air quality, climate change	TAG, SMC	CD, PW	Staff will continue to require VMT analysis as part of entitlement review and determination. The TAG may need amendments to codify VMT baselines and preferred mitigation for projects that are shown to have VMT increases.	2020 and On-Going.
<u>POLICY TR-4.3</u>	<u>Use the threshold recommended by the California Office of Planning and Research for determining whether VMT impacts associated with land uses are considered significant under State environmental analysis requirements.</u>	air quality, climate change				
Action TR-4.3A	Amend the City’s Transportation Impact Analysis Guidelines to:	air quality, climate change	TAG, SMC	CD, PW	Staff will continue to require VMT analysis as part of entitlement review and determination. The TAG may need amendments to codify VMT baselines and preferred mitigation for projects that are shown to have VMT increases.	2020 and On-Going.

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
Orange: (ED); Blue: (PW, Parks, MUD)						
	<div>■ Establish a threshold of 15 percent below baseline VMT per capita to determine a significant transportation impact under the California Environmental Quality Act.</div> <div>■ Identify screening criteria that will streamline certain types of development and/or development in certain areas by not requiring a VMT analysis.</div>					
GOAL SAF-1:	SAFE COMMUNITY: Create a safe and welcoming environment in all areas of the city at all times of day.					
POLICY SAF-1.1	Invest in neighborhood safety through partnerships with the community to help prevent violence and crime ("community policing").					
Action SAF-1.1A	Promote public safety programs, including business, neighborhood, and school watches; child identification and fingerprinting; and other public education efforts.		GP	PD	Police will continue outreach efforts. Continue to implement and encourage enhanced design through Crime Prevention Through Environmental Design (CPTED).	On-Going
Action SAF-1.1B	Maintain and expand community outreach programs to improve the community’s understanding of how the criminal justice system works, foster a positive relationship between community members and public safety staff, provide a venue for open dialog, and promote transparency in public safety.		GP	PD	Police will continue outreach efforts.	On-Going
Action SAF-1.1C	Engage with schools, non-profit organizations, and faith-based organizations to recognize and work with at-risk youth to avert future criminal activity.		GP	PD	Police will continue outreach efforts.	On-Going
POLICY SAF-1.2	Reduce community violence and crime by fostering community connectivity, creating a sense of place, and encouraging social interactions between residents, employees, and business owners.					
Action SAF-1.2A	Update the City’s Design Guidelines and Development Code to require new and retrofitted development to support effective police and fire protection response and services by using the following principles of crime prevention through environmental design (CPTED): <div>■ Delineate private and public spaces</div> <div>■ Enhance visibility</div> <div>■ Control property access</div> <div>■ Ensure adequate property maintenance</div>		DG, SMC	CD, PD	Staff will continue to review applications consistent with CPTED policies. As part of 2020 amendments, staff will explore effective options to implement CPTED standards in project and permit review.	2020 and On-Going
Action SAF-1.2B	Pursue public art projects that match the culture of the neighborhood to create a sense of ownership and belonging.		GP	CD, ED	Staff will work to educate and provide incentives for public arts projects.	On-going.
Action SAF-1.2C	Engage residents and business owners in ongoing discussions about how land use and planning decisions can help to reduce violence.		GP	PD, CD	Continue to coordinate with businesses and residents and require applications to comply with safety design standards and practices.	On-going.
Action SAF-1.2D	Incentivize a variety of uses in a neighborhood that will be active throughout the day and night.		GP, SMC	CD	City staff will explore as part of 2020 amendments.	2020 and On-Going.
POLICY SAF-1.3	Ensure that City-managed spaces and facilities support a feeling of safety for users.					
Action SAF-1.3A	Design and maintain parks, waterways, trail corridors, and other facilities to meet the recreational needs of the community, while maximizing public safety and access concerns, such as through the following approaches: <div>■ Locate facilities to ensure visibility along public roadways where appropriate;</div> <div>■ Provide clear access points;</div>		GP, Parks Master Plan	PW, CD	Staff will continue to review entitlement and CIP projects for consistency with design guidelines and Action SAF-1.3A	On-Going.

	<div>■ Maintain vegetation to maximize visibility and demonstrate active attention to the site; and</div> <div>■ Use signage to clearly convey site ownership and rules.</div>					
Action SAF-1.3B	Design and improve City streetscapes to create safer places by maximizing visibility through installation and maintenance of appropriate lighting and landscaping.		GP, SMC	CD	City staff will continue to require per entitlement and permit review. Areas to improve will be explored during the 2020 amendment process.	On-Going
GOAL SAF-2:	HAZARD PROTECTION: Protect residents and businesses from natural and human-caused hazards.					
<u>POLICY SAF-2.1</u>	<u>Ensure that community members are adequately prepared for natural disasters and emergencies through education and training.</u>					
Action SAF-2.1A	Develop neighborhood watch and emergency support groups to be trained and put into action in the event of an emergency in support of government staff.		GP, CPTED	CD, CS, PD, CM	Check for HOAs and neighbors. Maybe a how to guide for establishing watch and/or HOA. Greenville Fault roughly 22 miles away. The Hayward Fault, about 40 miles away, has an over 60-percent probability of a magnitude 6.7 or greater earthquake by 2036,	On-Going
Action SAF-2.1B	Inform the public about the specific risks of living in flood-prone areas and provide residents instructional information on how to take steps to reduce their exposure to flood damages.		GP, SMC	CD, PW	California Division of Safety of Dams (DSOD); California Department of Water Resources (DWR) provides Levee Flood Protection Zone (LFPZ); Federal Emergency Management Agency (FEMA	On-Going
<u>POLICY SAF-2.2</u>	<u>Prepare sufficiently for major events to enable quick and effective response.</u>					
Action SAF-2.2A	Require new development to provide adequate access for emergency vehicles and evacuation routes, including by designing roadway systems to provide multiple escape routes in the event of a levee failure.		GP, SMC	CD, Fire	Staff currently reviews entitlement and permit applications for health and safety compliance.	On-Going
Action SAF-2.2B	Formulate, review, periodically update, and make available to the public emergency management plans (EMP) for the safe evacuation of people from areas subject to inundation from levee and dam failure.		GP, EMP	CD, Fire	Staff currently reviews entitlement and permit applications for health and safety compliance. Emergency plan review will include coordination within SJCOG for resiliency and adaptation. Maybe require additional direction for updates.	2020 and On-Going
Action SAF-2.2C	Require new critical facilities, including hospitals, emergency operations centers, communications facilities, fire stations, and police stations, to be located, designed, and constructed to avoid or mitigate potential risks and ensure functional operation during flood events (i.e., avoid locating in the 100-year and 200-year floodplains), seismic and geological events, fires, and explosions.		GP, SMC	PW, Fire	Staff currently reviews entitlement and permit applications for health and safety compliance. Staff will review emergency plans with coordination within SJCOG for resiliency and adaptation. Maybe require additional direction for updates.	2020 and On-Going
Action SAF-2.2D	Continue to work with San Joaquin County, the County Office of Emergency Services, other cities in the region, and disaster agencies to coordinate disaster and emergency preparedness planning.		GP, EMP, CAP	CD, Fire	Staff will continue coordination.	On-Going
<u>POLICY SAF-2.3</u>	<u>Protect the community from potential flood events.</u>					
Action SAF-2.3A	Coordinate with appropriate State, federal, and local flood control agencies to develop a flood protection plan for the levee systems protecting the city that: <div>■ Identifies the levees protecting the city and the entities responsible for the operation and maintenance of the levees;</div> <div>■ Determines the flood levels in the waterways and the level of protection offered by the existing levees along the waterways;</div> <div>■ Identifies a long-term plan to upgrade the system as necessary to provide at least a 100-year level of flood protection to the city, and 200-year level of flood protection, where feasible;</div>		GP, EMP	CD, Fire	Staff will continue coordination.	On-Going

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
Orange: (ED); Blue: (PW, Parks, MUD)						
	<div>■ Encourages multi-purpose flood management projects that, where feasible, incorporate recreation, resource conservation, preservation of natural riparian habitat, and scenic values of the city's streams, creeks, and lakes; and</div> <div>■ Includes provisions for updates to reflect future State or federally mandated levels of flood protection.</div>					
Action SAF-2.3B	Collaborate with State and local flood management agencies and other interested parties to develop funding mechanisms to finance the local share of flood management responsibilities, and maintain cooperative working relationships with appropriate agencies to minimize flood hazards and improve safety.		GP, EMP, PFF	CD, Fire	Staff will continue coordination.	On-Going
Action SAF-2.3C	Require new public and private waterfront development to be oriented to waterways and provide setbacks and easements along levees and channels to provide space for levee widening, flood fighting, roadway and maintenance access, open space and trail amenities, and appropriate landscaping.		GP, SMC	CD, Fire	Staff will continue coordination. These are currently reviewed as part of the entitlement and permit applications process.	On-Going
Action SAF-2.3D	Prepare and maintain a map of evacuation routes for major flood events		GP, EMP	PW, Fire	Staff will review emergency plans with coordination within SJCOG for resiliency and adaptation. Maybe require additional direction for updates.	2020 and On-Going
<u>POLICY SAF-2.4</u>	<u>Minimize risks to the community from flooding through appropriate siting and protection of structures and occupants.</u>					
Action SAF-2.4A	Regulate new urban development in accordance with State requirements for 200-year level of flood protection and federal requirements for 100-year level of flood protection.		GP, SMC	CD, PW	Staff will continue coordination. These are currently reviewed as part of the entitlement and permit applications process.	On-Going
Action SAF-2.4B	Investigate and implement when feasible mitigation measures that offer 200-year level of flood protection for existing urban development in flood-prone areas.		GP, SMC, EMP	CD, PW	Staff will continue coordination and can possibly investigate historical flood data for mapping and project coordination. These are currently reviewed as part of the entitlement and permit applications process.	On-Going
Action SAF-2.4C	Preserve floodways and floodplains for non-urban uses to maintain existing flood carrying capacities, except when mitigated in conformance with the City's floodplain management program.		GP, SMC	PW	Staff will continue coordination. These are currently reviewed as part of the entitlement and permit applications process.	On-Going
Action SAF-2.4D	Consider the best available flood hazard information and mapping from regional, State, and federal agencies to inform land use and public facilities investment decisions		GP, SMC, EMP	CD, PW	Staff will continue coordination and can possibly investigate historical flood data for mapping and project coordination. These are currently reviewed as part of the entitlement and permit applications process.	On-Going
<u>POLICY SAF-2.5</u>	<u>Protect the community from health hazards and annoyance associated with excessive noise levels</u>	Public Health				
Action SAF-2.5A	Prohibit new commercial, industrial, or other noise generating land uses adjacent to existing sensitive noise receptors such as residential uses, schools, health care facilities, libraries, and churches if noise levels are expected to exceed 70 dBA Community Noise Equivalent (CNEL) (decibels on A-weighted scale CNEL) when measured at the property line of the noise sensitive land use.	Public Health	GP, SMC	CD, CS	Staff will continue to require noise studies for projects that may generate significant levels of noise and apply mitigation accordingly. Where mitigation cannot be placed, staff will make recommendations on a case-by-case basis and enforce the noise standards.	On-Going
Action SAF-2.5B	Require projects that would locate noise sensitive land uses where the projected ambient noise level is greater than the "normally acceptable" noise level indicated on Table 5-1 to provide an acoustical analysis that shall: <div>■ Be the responsibility of the applicant;</div> <div>■ Be prepared by a qualified person experienced in the fields of environmental noise assessment and architectural acoustics;</div> <div>■ Include representative noise level measurements with sufficient sampling periods and locations to adequately describe local conditions;</div>	Public Health	GP, SMC	CD, CS	Staff will continue to require noise studies for projects that may generate significant levels of noise and apply mitigation accordingly. Where mitigation cannot be placed, staff will make recommendations on a case-by-case basis and enforce the noise standards.	On-Going

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
	<div>■ Estimate existing and projected (20-year) noise levels in terms of Ldn/CNEL and compare the levels to the adopted noise policies and actions in this General Plan;</div> <div>■ Recommend appropriate mitigation to achieve compatibility with the adopted noise policies and standards;</div> <div>■ Where the noise source in question consists of intermittent single events, address the effects of maximum noise levels in sleeping rooms in terms of possible sleep disturbance;</div> <div>■ Estimate noise exposure after the prescribed mitigation measures have been implemented;</div> <div>■ If the project does not comply with the adopted standards and policies of this General Plan, provide acoustical information for a statement of overriding considerations for the project; and</div> <div>■ Describe a post-project assessment program, which could be used to evaluate the effectiveness of the proposed mitigation measures.</div>					
Action SAF-2.5C	Require noise produced by commercial uses to not exceed 75 dB Ldn/CNEL at the nearest property line.	Public Health	GP, SMC	CD, CS	Staff will continue to require noise studies for projects that may generate significant levels of noise and apply mitigation accordingly. Where mitigation cannot be placed, staff will make recommendations on a case-by-case basis and enforce the noise standards.	On-Going
Action SAF-2.5D	Grant exceptions to the noise standards for commercial and industrial uses only if a recorded noise easement is conveyed by the affected property owners.	Public Health	GP, SMC	CD, CS	Staff will continue to require noise studies for projects that may generate significant levels of noise and apply mitigation accordingly.	On-Going
Action SAF-2.5E	Require all new habitable structures to be set back from railroad tracks to protect residents from noise, vibration, and safety impacts	Public Health	GP, SMC	CD, CS	Staff will continue to require noise studies for projects that may generate significant levels of noise and apply mitigation accordingly.	On-Going
<u>POLICY SAF-2.6</u>	<u>Minimize the risk to city residents and property associated with the transport, distribution, use, and storage of hazardous materials.</u>	Public Health				
Action SAF-2.6A	Restrict transport of hazardous materials within the city to routes that have been designated for such transport.	Public Health	EMP	Fire	Continue to review and enforce on a case-by-case basis.	On-Going
Action SAF-2.6B	When appropriate, require new development to prepare a hazardous materials inventory and/or prepare Phase I or Phase II hazardous materials studies, including any required cleanup measures.	Public Health	GP, SMC	CD, PW	Staff will continue coordination. These are currently reviewed as part of the entitlement and permit applications process.	On-Going
Action SAF-2.6C	Educate the public regarding the types of household hazardous wastes and the proper methods of disposal	Public Health	GP, SMC	CD, PW	Staff will continue coordination.	On-Going
GOAL SAF-3:	CLEAN WATER: Sustain clean and adequate water supplies.					
POLICY SAF-3.1	Secure long-term renewable contracts and related agreements to ensure that surface water rights will be available to meet projected demand.					
Action SAF-3.1A	Actively participate in appropriate forums designed to discuss and solve regional water supply and quality issues.		GP, SMC	CD, PW	Staff will continue coordination.	On-Going
<u>POLICY SAF-3.2</u>	<u>Protect the availability of clean potable water from groundwater sources.</u>	Public health				
Action SAF-3.2A	Continue to cooperate with San Joaquin County, Stockton East Water District, and CalWater to monitor groundwater withdrawals and ensure that they fall within the target yield for the drinking water aquifer.		GP, SMC	CD, PW	Staff will continue coordination.	On-Going

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
Orange: (ED); Blue: (PW, Parks, MUD)						
Action SAF-3.2B	Require new development to employ low impact development (LID) approaches, including: ■ Conserving natural areas and reducing imperviousness ■ Runoff storage ■ Hydro-modification (to mimic pre-development runoff volume and flow rate) ■ Reducing trash accumulation ■ Public education and outreach		GP, SMC, CSWRCB	CD, MUD	Staff will continue to implement as part of entitlement and permit review and approvals.	On-Going
POLICY SAF-3.3	<u>Encourage use of recycled ("gray") water for landscaping irrigation to reduce demand on potable supplies.</u>					
Action SAF-3.3A	Require new development to install non-potable water infrastructure for irrigation of large landscaped areas where feasible.		CRWQCBCVR-R5-2007-0173	CD, MUD	Staff will continue to implement as part of entitlement and permit review and approvals.	On-Going
Action SAF-3.3B	Investigate and implement Code amendments to allow installation of dual plumbing and/or rainwater capture systems to enable use of recycled water and/or captured rainwater generated on-site.		SMC, CRWQCBCVR-R5-2007-0173	CD, MUD	Staff will continue to implement as part of entitlement and permit review and approvals.	2020 and On-Going
POLICY SAF-3.4	<u>Ensure adequate collection, treatment, and safe disposal of wastewater.</u>					
Action SAF-3.4A	Require all new urban development to be served by an adequate wastewater collection system to avoid possible contamination of groundwater from onsite wastewater disposal systems.	Public health	SMC	PW, MUD	Staff will continue to implement as part of entitlement and permit review and approvals.	On-Going
Action SAF-3.4B	Conduct outreach and provide information to encourage homeowners with septic tanks to abandon existing septic tanks and hook up to the City wastewater collection system.	Public health	SMC	PW, MUD	Staff will continue to implement as part of entitlement and permit review and approvals. The city will explore existing and future outreach options.	2020 and On-Going
Action SAF-3.4C	Continue to discharge treated effluent to the Delta and reuse that water through the City's California Water Code Section 1485 water right ²⁰ .		GP, SMC	CD, PW	Staff will continue coordination.	On-Going
GOAL SAF-4:	CLEAN AIR: Improve local air quality.					
POLICY SAF-4.1	<u>Reduce air impacts from mobile and stationary sources of air pollution.</u>	Air quality, public health				
Action SAF-4.1A	Require the construction and operation of new development to implement best practices that reduce air pollutant emissions, including: ■ Use of low-emission and well-maintained construction equipment, with idling time limits. ■ Development and implementation of a dust control plan during construction. ■ Installation of electrical service connections at loading docks, where appropriate. ■ Installation of Energy Star-certified appliances. ■ Entering into Voluntary Emissions Reduction Agreements with the San Joaquin Valley Air Pollution Control District.	Air quality, public health	GP, AQMP	CD	Staff will continue to implement as part of entitlement and permit review and approvals.	On-Going
Action SAF-4.1B	Use the results of the Health Risk Assessments required by the California Air Toxics "Hot Spots" Act to establish appropriate land use buffer zones around any new sources of toxic air pollutants that pose substantial health risks.	Air quality, public health	GP, AQMD	CD, Air District	Staff will continue coordination and can possibly investigate historical data for mapping and project coordination. These are currently reviewed as part of the entitlement and permit applications process.	On-Going
Action SAF-4.1C	Require the use of electric-powered construction and landscaping equipment as conditions of project approval when appropriate.	Air quality, public health	GP, AQMD	CD	CAP and building requirements will continue to be integrated into entitlement and permit applications process.	On-Going

²⁰ California Water Boards- SWRCB-Statutory Water Rights Law https://www.waterboards.ca.gov/laws_regulations/docs/wrlaws.pdf

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
Action SAF-4.1D	Limit heavy-duty off-road equipment idling time to meet the California Air Resources Board’s idling regulations for on-road trucks.	Air quality, public health	GP, AQMD	CD	CAP and building requirements will continue to be integrated into entitlement and permit applications process.	On-Going
POLICY SAF-4.2	Encourage major employers to participate in a transportation demand management program (TDM) that reduces vehicle trips through approaches such as carpooling, vanpooling, shuttles, car-sharing, bike sharing, end-of-trip facilities like showers and bicycle parking, subscription bus service, transit subsidies, preferential parking, and telecommuting.	Air quality, public health				
Action SAF-4.2A	Provide information and conduct marketing and outreach to major existing and new employers about the transportation demand management (TDM) program facilitated by the San Joaquin Council of Governments.	Air quality, public health	GP, TDM	CD, PW	Staff will continue coordination.	On-Going
POLICY SAF-4.3	Coordinate with the San Joaquin Valley Air Pollution Control District and non-profit organizations to promote public awareness on air quality issues and consistency in air quality impacts analyses.	Air quality,				
Action SAF-4.3A	Distribute educational materials from the San Joaquin Valley Air Pollution Control District on the City’s website and at its Permit Center.	Air quality,	GP, Air District	CD, PW	Staff will continue coordination.	On-Going
Action SAF-4.3B	Coordinate review of development project applications with the San Joaquin Valley Air Pollution Control District to ensure that air quality impacts are consistently identified and mitigated during CEQA review.	Air quality,	GP, AQMD	CD	CAP, AQMD, and building requirements will continue to be integrated into entitlement and permit applications process.	On-Going
GOAL CH-1:	HEALTHY PEOPLE: Support the ability of the entire community to maintain healthy lifestyles.					
POLICY CH-1.1	Maintain walking and wheeling facilities and parks that are safe and accessible in all areas of Stockton.	Public health, air quality, climate change.				
Action CH-1.1A	Plant and maintain appropriate shade trees along all City streets to reduce heat exposure, prioritizing areas of the city with significantly less tree canopy, and provide a buffer between the travel way and bicycle and pedestrian facilities, and provide other amenities like well-marked crosswalks, bulb-outs, and pedestrian-scale street lighting.	Public health, air quality, climate change.	GP	CD	CAP and building requirements will continue to be integrated into entitlement and permit applications process.	On-Going
Action CH-1.1B	Prepare a parks master plan through an open and engaging process inclusive of community residents that assesses the quality and distribution of existing parks, facilities, and community centers throughout the city relative to the population served (i.e., within a set walking distance) and their needs (i.e., considering age, income, and abilities), and, based on this information, identifies and prioritizes new, renovation, and expansion park and community center projects and describes funding means and timelines.	Public health, EJ	GP	CD, PW	Park requirements will continue to be integrated into entitlement and permit applications process. Existing approvals will be implemented through construction and amendment review.	On-Going
POLICY CH-1.2	Promote healthy retail food choices within and adjacent to residential areas	Public Health				
Action CH-1.2A	Adapt, expand, and target existing small business development programs to provide training, promotion, and technical, financial, and business assistance to small neighborhood grocery and convenience stores that provide healthy food and accept Supplemental Nutrition Assistance Program (SNAP or CalFresh) and Supplemental Nutrition for Women, Infants and Children (WIC).	Public health, EJ	GP, EDSP	CD, PW	The City offers Stocked Full of Produce, a grant program for neighborhood grocery and convenience stores to encourage the sale of healthy food options. Incentive is listed on the website www.stocktonca.gov/produce. Staff will continue coordination to market other business resources	On-Going
Action CH-1.2B	Prepare a healthy food ordinance that creates incentives and guidelines that support access to healthy food, such as standards	Public health, EJ	GP	CD, PW	Staff will continue coordination and explore options as part of the 2020 amendments.	2020 and On-Going

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
	requiring that a percent of sales area in neighborhood food and beverage stores be devoted to healthy foods and/or requiring acceptance of CalFresh and WIC. As part of this ordinance, collect geographic data about current health conditions, and discourage unhealthy food establishments (e.g., mini markets and fast food restaurants) in neighborhoods with high rates of obesity and/or diabetes.					
Action CH-1.2C	Collaborate with non-profit partners and San Joaquin County Public Health Services to attract full-service grocery stores in areas that lack access to fresh food and/or are at a high risk of obesity and diabetes.	Public health, EJ	GP	CD, CM	Staff will continue coordination.	On-Going
Action CH-1.2D	Prioritize pedestrian and active transportation improvement projects in low-income/disadvantaged communities that connect residential areas to retail locations that sell healthy food.	Public health, air quality, climate change	GP	CD	Pedestrian requirements will continue to be integrated into entitlement and permit applications process. Staff will explore other options to integrate enhanced design into existing areas.	On-Going
POLICY CH-1.3	<u>Encourage activities that support local agriculture, such as farmers' markets, urban farming and community gardening.</u>	Public health				
Action CH-1.3A	Provide public land, traffic control, cleanup, and other City services to farmers' markets, including technical assistance to encourage markets to accept CalFresh and WIC.	Public health, EJ	GP, Food & Ag Plan	ED, CD	Staff will explore possibility of coordinating with SJC Public Health and farmers markets.	On-Going.
Action CH-1.3B	Create an accessible inventory of publicly-owned and private vacant sites appropriate for community gardens or other forms of urban agriculture.	Public health	GP, Food & Ag Plan	ED, CD	Staff will explore possibilities of this in 2020. Urban Ag ordinance to potentially be adopted in first half of 2020.	On-Going.
Action CH-1.3C	Amend the Development Code to include standards for small-scale, urban local food operations	Public health	GP, SMC	CD, ED, PW	Staff will explore overlay as part of 2020 amendments.	2020 and On-Going.
Action CH-1.3D	Adopt and Implement an Urban Agriculture Incentive Zone (per AB 551) to allow privately-owned vacant property to be productively used for growing food.	Public health	GP, SMC	CD, ED, PW	Staff will explore overlay as part of 2020 amendments. Staff will explore possibilities of this in 2020. Urban Ag ordinance to potentially be adopted in first half of 2020.	2020 and On-Going.
Action CH-1.3E	Partner with nonprofits, local farmers and San Joaquin County Public Health Services to conduct public outreach and education to aid in the development of an urban agriculture ordinance.	Public health	GP, Air District	CD, PW	Staff will continue coordination.	On-Going
Action CH-1.3F	Identify new potential locations for farmers' markets in low-income and nutrient deficient neighborhoods, including opportunities to hold markets on publicly owned land.	Public health, EJ	GP, SMC, Food & Ag Plan	CD, ED	The Stocked Full of Produce Grant Program assists businesses in nutrient deficient neighborhoods. Staff will explore in 2020 to expand upon existing markets https://www.visitstockton.org/blog/farmers-markets-in-and-around-stockton/ and http://www.stocktonfarmersmarket.org/	2020 and On-Going.
GOAL CH-2	RESTORED COMMUNITIES: Restore disadvantaged communities to help them become more vibrant and cohesive neighborhoods with high-quality affordable housing, a range of employment options, enhanced social and health services, and active public spaces.					
POLICY CH-2.1	<u>Prioritize maintenance of streets and improvement of sidewalks, parks, and other infrastructure in areas of the city that historically have been comparatively underserved by public facilities, including implementation of complete streets where needed, especially in conjunction with infrastructure maintenance and improvement projects.</u>	Public health., EJ				
Action CH-2.1A	When considering parks and infrastructure maintenance and improvement projects, consider the following through an open and engaging process inclusive of community residents: ■ Whether the affected community is underserved or disadvantaged. ■ What the priority needs of the community are and whether the project would address those needs.	EJ	GP, MFP	PW, CD	Staff will explore options.	On-Going.

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
<i>Orange: (ED); Blue: (PW, Parks, MUD)</i>						
	<ul style="list-style-type: none"> Whether the project would negatively impact the community, such as through increased exposure to pollutants or displacement of residents or local businesses. 					
Action CH-2.1B	Provide incentives for rehabilitation or redevelopment of distressed properties that takes into consideration strategies to avoid gentrification.	EJ	GP, SMC	CD, ED	Staff will continue to monitor and provide information and incentives for residential and business to rehabilitate buildings.	On-Going.
Action CH-2.1C	Develop incentives to promote reuse of distressed areas, such as through re-zoning, permit streamlining, density bonuses, and other appropriate tools.	EJ	GP, SMC	CD, ED, PW	Staff will explore overlay as part of 2020 amendments.	2020 and On-Going.
Action CH-2.1D	Conduct marketing to potential developers to encourage the redevelopment and conversion of distressed commercial strips into housing and mixed-use areas that includes strategies to avoid gentrification.	EJ	GP, SMC	CD, ED, PW	Staff will explore overlay as part of 2020 amendments.	2020 and On-Going.
Action CH-2.1E	Investigate and implement programs that will incentivize landlords to maintain properties free of Municipal Code violations and criminal activity	EJ	GP, SMC	CD, ED, CS	Staff will explore overlay as part of 2020 amendments.	2020 and On-Going.
Action CH-2.1F	Work with transit agencies, non-profit organizations, and communities to maintain and improve transit service in underserved and disadvantaged neighborhoods to connect residents with jobs, shopping, and services.	EJ, air quality, climate change	GP, SMC	CD, ED, PW	Staff will explore overlay as part of 2020 amendments.	2020 and On-Going.
<u>POLICY CH-2.2</u>	<u>Stimulate investment through partnerships with private property owners, neighborhood groups, health and housing advocates, nongovernmental organizations, and other community supporters.</u>	EJ				
Action CH-2.2A	Aggressively facilitate the conservation and rehabilitation of older neighborhoods through the following approaches: <ul style="list-style-type: none"> Utilize all federal, State, and local programs for conservation and rehabilitation projects. Prioritize older disadvantaged neighborhoods for investment using funds such as the Community Development Block Grants. Encourage private investment in older neighborhoods. Cooperate in joint public-private partnerships to invest in older neighborhoods. 	EJ	GP, HE	ED, CD	Coordination with business and property owners will continue and staff will maintain and improve underutilized and housing condition survey list. ED Staff will continue to actively participate in the South Stockton Promise Zone working group www.rssc Coalition.org .	On-Going
Action CH-2.2B	Establish Transit Oriented Development (TOD) Overlay Zones around the Robert J. Cabral ACE Train Station and the San Joaquin Street Amtrak Station to promote high density residential, including affordable and mixed income housing, and other TOD.	Downtown, public health, air quality, climate change	GP, SMC	CD, ED, PW	Staff will explore overlay as part of 2020 amendments.	2020 and On-Going.
Action CH-2.2C	Evaluate and implement adjustments to the Public Facilities Fee structure to promote development in the Downtown.	Downtown	GP, PFF	CD, ED	PFF to be updated in 2020. The city currently operates a PFF reduction program for DTA areas. http://www.stocktongov.com/government/departments/econDev/eDevBusPffep.html	2020 and On-Going.
Action CH-2.2D	Collaborate with non-profit partners and San Joaquin Public Health Services to attract medical clinics, mental health facilities, and pharmacies in areas that lack access to health care.	Public health, EJ	GP	ED	Ongoing project meetings held with Community Medical Centers and STAND, agencies committed to develop services to areas in need; Continue coordination.	On-Going
<u>POLICY CH-2.3</u>	<u>Focus on reducing the unique and compounded environmental impacts and risks in disadvantaged communities.</u>	Public health, EJ				
Action CH-2.3A	Build strong ties with disadvantaged communities to ensure that local residents can make significant contributions to planning decisions through the following: <ul style="list-style-type: none"> Use culturally appropriate approaches. Consider the convenience of the timing and locations of meetings to community members. 	EJ	GP	CD, CM, CD	Concurrent with 2020 amendment efforts, the city will seek to establish strong and robust working groups with various aspects of the community. Especially Disadvantaged communities and stakeholders.	2020 and On-Going.

Category	POLICY/ACTION	Action Topic ¹	Regulatory Documents ²	Action Lead ³	Possible Tools/Steps/Funding	STATUS Estimated Time of Completion
Orange: (ED); Blue: (PW, Parks, MUD)						
	<div>■ Use social media and other communication techniques for those without time to attend public meetings.</div> <div>■ Provide translation services and translated materials when needed.</div> <div>■ Partner with non-profit organizations who are already active within the community.</div>					
Action CH-2.3B	Expand efforts to repair and rehabilitate substandard housing in disadvantaged communities, taking into consideration strategies to avoid gentrification.		GP, Fire/Bld Code	CD, CS, ED-H	Staff to continue to provide information on making home repairs and possible funding sources for those repairs.	On-Going
Action CH-2.3C	Require applicants for residential remodel and rehabilitation projects to remediate structural health hazards, such as lead-based paint, mold, mildew, and asbestos.	Public health, EJ	GP, Fire/Bld Code	CD, CS, ED-H	Already required if discovered. Staff to possibly provide more specific information online about repairs and funding to these items.	On-Going
Action CH-2.3D	Focus enforcement of public health-related codes in disadvantaged communities, including on properties that are managed by homeowners’ associations.	Public health, EJ	GP, SMC	CD, PD, CS	Staff will establish contact with HOAs for 2020 amendment efforts. As part of amendments options will be discussed with community groups.	2020 and On-Going
Action CH-2.3E	Work with wastewater, water, and stormwater utilities to seek funding to complete sewer, water, and stormwater systems in areas within the SOI where parcels still rely on septic systems, wells, and roadside ditches.	Public health, EJ	GC, CIP	PW, MUD, CD	Entitlement, permits, and CIP reviews currently include service reviews for these areas.	Ongoing
GOAL CH-3:	SKILLED WORKFORCE: Expand opportunities for local enterprise, entrepreneurship, and gainful employment.					
<u>POLICY CH-3.1</u>	<u>Promote entrepreneurial development and small business expansion.</u>					
Action CH-3.1A	Coordinate with the Small Business Development Centers and other agencies to provide well-tailored services and resources for small and minority-owned businesses.		GP	ED	Staff will continue coordination with partnering organizations.	On-Going
Action CH-3.1B	Provide training, promotion, and technical, financial, and business assistance to small and minority-owned businesses.	EJ	GP	ED	The Entrepreneurship Grant Program administered by ED provides funding for organizations that serve as business service providers and provide assistance to small businesses.	On-Going
<u>POLICY CH-3.2</u>	<u>Encourage neighborhood-serving commercial uses in areas where frequently needed goods and services are not widely available, especially for those areas with no availability within a 2-mile radius.</u>	Public health, EJ, air quality, climate change				
Action CH-3.2A	Work with property owners to develop corridor-specific strategies for attracting and retaining businesses that will provide synergistic opportunities and improve the availability of goods and services adjacent to residential areas.	Public health, EJ, air quality, climate change	GP	ED	Staff will continue coordination.	On-Going
Action CH-3.2B	Consider options and develop an ordinance to restrict mini markets, gas stations, fast food restaurants, checkcashing establishments, and tobacco stores in areas with high existing concentrations of similar establishments, and continue to restrict over-concentrations of liquor stores through the City’s Alcohol Ordinance. To inform the development of this ordinance, create a map that identifies the locations of current establishments of these types, and regularly maintain it so that it continues to aid in decision-making about such uses.	Air quality, EJ	GP, SMC	CD	Staff can explore this as part of the 2020 amendments.	2020 and On-Going.
Action CH-3.2C	Work with regulators, service providers, and employers to ensure the provision of safe, affordable, and high-quality childcare services.	Air quality, EJ	GP, CAP	CD, ED	Staff to highlight requirements for entitlements and permit inclusion and possible incentives to encourage more services.	2020 and On-Going.
Action CH-3.2D	Work with the California Department of Alcoholic Beverage Control to avoid over concentration of liquor stores.	EJ	GP	CD, PD	Staff will continue to review license applications on a case-by-case basis and include possible proximity standards in the zoning code to avoid over concentration.	2020 and On-Going
