

Jamie's Stockton  
Project Narrative

Jamie's Stockton intends to operate a City and State licensed Microbusiness from the subject property. The Microbusiness will consist of the following RDM subtypes: Retail Storefront, Distribution, and Manufacturing. The Retail Storefront will be open from 9 am to 8 pm, Monday – Sunday. The Distribution and Manufacturing hours of operation will be from 9 am to 5 pm, Monday – Friday. The Retail Storefront area will be approximately 2,679 square feet, the Distribution area will be approximately 1,740 square feet, the Manufacturing area will be approximately 360 square feet, and the common areas will be approximately 1,455 square feet.

We estimate that Jamie's Stockton will employ approximately twenty full-time employees at the Retail Storefront, eight full-time employees in Distribution, and four full-time employees in Manufacturing. It is our goal to meet the City's workforce diversity program. We look forward to providing quality jobs with a positive work environment for Stockton residents that are interested in a career in cannabis.

The current management team of Jamie's Stockton has over twenty years of combined experience in the regulated cannabis industry in Arizona, along with multiple State of California Cultivation, Manufacturing, and Distribution licenses. We have experience with the State of California's METRC system, and full understanding of the State's rules and regulations regarding cannabis. We are excited to become a part of the Stockton community!

Sincerely,

Curtis Devine
