NOW, THEREFORE, City and Consultant agree as follows:

SECTION 1 – SCOPE OF SERVICES

The scope of services subject to this agreement and to be performed by Consultant for the Project is described in Exhibit "A", Scope of Services, attached hereto and incorporated herein.

SECTION 2 – CONSULTANT'S REPRESENTATIONS AND RESPONSIBILITIES

- A. Consultant acknowledges that in entering into this agreement the City is relying upon Consultant's special skills and experience to do and perform the services in accordance with best standards of professional practice in the codification services for public projects of similar size, scope and complexity. Consultant agrees to perform the services in accordance with these standards. The acceptance of Consultant's services by City does not operate as a release of Consultant from these obligations.
- B. Consultant accepts the relationship of trust and confidence established between it and City by this Agreement. Consultant shall use its best efforts, skill, judgment, and abilities to assist and work with City to perform the Services, to produce the necessary legal review and municipal code supplements, and to further the interests of City in accordance with City's requirements and procedures, each in accordance with professional standards that apply to Consultant.

perform their assigned tasks. Consultant shall give its personal attention to the fulfillment of the provisions of this Agreement by all of its employees and sub-Consultants, if any, and shall keep the Services under its control. If any employee or sub-Consultant of Consultant fails or refuses to carry out the provisions of this Agreement or appears to be incompetent or to act in a disorderly or improper manner, he or she shall be discharged immediately from the work under this Agreement on demand of City.

E. Consultant shall submit, for City's approval, a team or staffing proposal for the Services, complete with job descriptions, names and previous experience of all personnel.

F. Consultant's services are unique and personal. Consultant shall not assign or transfer any of its interest or obligation under this Agreement without the City's written consent. Consultant shall not subcontract its duties under this Agreement without the City's written consent. No sub-consultant will be recognized by City as such; rather, all sub-consultants are deemed to be the agents of Consultant, and Consultant agrees to be responsible for their performance.

G. Consultant warrants that the code will contain all of the currently effective ordinances provided to the Consultant by the City according to instructions from the City's representative.

SECTION 3 - INDEPENDENT CONTRACTOR

The services to be provided to the City as set forth in this Agreement shall be provided by Consultant as an independent contractor as defined in Labor Code 3353, under the control of the City as to the result of the work but not the means by which the result is accomplished, and nothing herein contained shall be construed to make Consultant an agent or employee of the City while providing these services. Consultant shall be entitled to no other benefits or compensation except as provided in this Agreement.

SECTION 4 - DUTIES OF CONSULTANT

A. Consultant's Services shall be furnished as described below and as more particularly described in Exhibit "A", Part I Scope of Services. Any changes in the Scope of Services must be approved in advance, in writing, by the City Manager or his designee, or if verbally requested by City, confirmed in writing by Consultant within five (5) working days.

B. Consultant shall be responsible for the professional quality, technical accuracy and coordination of all Services. Consultant shall, without additional compensation, correct or revise any errors or deficiencies in its Services.

C. Consultant shall furnish City with every reasonable opportunity for City to ascertain that the Services are being performed in accordance with the requirement and intentions of this Agreement.

SECTION 5 - TERM, PROGRESS AND COMPLETION

A. The term of this Agreement shall begin on the date the first written above and shall expire upon completion of the Services or when terminated as provided in Section 8.

B. Consultant shall promptly commence performance of the Services upon execution of this Agreement, and shall diligently pursue performance of the Services until completion.

C. Time is of the essence in the performance of this Agreement.

SECTION 6 - PAYMENT

A. Basic Services.

1. City shall pay Consultant for full and faithful performance of Basic Services the amounts listed on "Exhibit A" Part II Prices and Payment Terms.

2. Payments for various items of service may be modified with approval of City so long as there is no change in the maximum contract amount.

B. Additional Services.

1. City shall pay Consultant for authorized Additional Services on an hourly basis, in accordance with the Pricing and Payment Terms attached hereto as Exhibit A. City shall pay only for Additional Services authorized by the City Manager or his designee in writing or requested verbally by City and confirmed in writing by Consultant within five (5) working days.

2. Consultant and City shall agree upon an estimated not-to-exceed cost for any proposed Additional Services or, in the case of a verbal request, Consultant shall provide City with a written estimated not-to-exceed cost for such Additional Services at least one (1) working day prior to commencing the additional Services. In no event shall City pay for Additional Services made necessary by Consultant's errors or oversights.

C. If CITY disagrees with any portion of a billing, the CITY shall promptly notify Consultant of the disagreement, and the CITY and the Consultant shall attempt to resolve the disagreement. CITY'S payment of any amounts shall not constitute a waiver of any disagreement and CITY shall promptly pay all amounts not in dispute.

D. Consultant shall maintain complete and accurate records of the number of hours worked by persons and Reimbursable Expenses on the Project during each phase under this Agreement. All such records shall be maintained on a generally accepted accounting basis and shall be clearly identified and readily accessible. CITY shall have the right to examine and copy such books and records at all times. Consultant shall permit the CITY to examine and audit those books and records, shall permit the CITY to make copies of those books and records, and shall permit the CITY to inspect all work data, documents, proceedings and activities related to this Agreement for a period of three (3) years from the date of final payment under this Agreement. All accounting records shall provide an understandable breakdown of costs charged to this Agreement.

SECTION 7 - CONFLICT OF INTEREST

Consultant understands that its professional responsibility is solely to City. Consultant warrants that it presently has no interest, and will not acquire any direct or indirect interest, that would conflict with its performance of this Agreement. Consultant shall not knowingly, and shall take reasonable steps to ensure that it does not, employ a person having such an interest in the performance of this Agreement. If after employment of a person, Consultant discovers that it has employed a person with a direct or indirect interest that would conflict with its performance

of this Agreement, Consultant shall promptly disclose the relationship to the City and take such action as the City may direct to remedy the conflict.

SECTION 8 - TERMINATION

A. If Consultant at any time refuses or neglects to prosecute its Services in a timely fashion or in accordance with the Project schedule, or is adjudicated a bankrupt, or commits any act of insolvency, or makes an assignment for the benefit of creditors without City's consent, or fails to make prompt payment to persons furnishing labor, equipment, or materials, or fails in any respect to properly and diligently prosecute its services, or otherwise fails to perform fully any and all of the agreements herein contained, Consultant shall be in default.

B. If Consultant fails to cure the default within seven (7) days after written notice thereof, City may, at its sole option, take possession of any Documents or other materials (in paper and electronic form) prepared or used by Consultant in connection with the Project and (1) provide any such work, labor, or materials as may be necessary to overcome the default and deduct the cost thereof from any money then due or thereafter to become due to Consultant under this Agreement; or (2) terminate Consultant's right to proceed with this Agreement.

C. In the event City elects to terminate, City shall have the right to immediate possession of all Documents and work in progress prepared by Consultant, whether located at the Project, at Consultant's place of business, or at the offices of a subconsultant, and may employ any other person or persons to finish the design work and provide the materials therefor. In case of such default termination, Consultant shall not be entitled to receive any further payment under this Agreement until the Project is completely finished. At that time, if the unpaid balance of the amount to be paid under this Agreement exceeds the expenses incurred by City in obtaining review and codification services for the Project, such excess shall be paid by City to Consultant, but, if such expense shall exceed such unpaid balance, then Consultant shall promptly pay to City the amount by which such expense exceeds such unpaid balance. The expense referred to in the last sentence shall include expenses incurred by City in causing the services called for under this Agreement to be provided by others, for attorneys' fees, and for any costs or damages sustained by City by reason of Consultant's default or defective work.

D. In addition to the foregoing right to terminate for default, City reserves the absolute right to terminate this Agreement without cause, upon 72-hours' written notice to Consultant. In the event of termination without cause, Consultant shall be entitled to payment in an amount not to exceed the Maximum Contract Amount, which shall be calculated as follows: (1) Payment for Services then satisfactorily completed and accepted by City, plus (2) Payment for Additional Services satisfactorily completed and accepted by City, plus (3) Reimbursable Expenses actually incurred by Consultant, as approved by City. The amount of any payment made to Consultant prior to the date of termination of this Agreement shall be deducted from the amounts described in (1), (2) and (3) above. Consultant shall not be entitled to any claim or lien against City or the Project for any additional compensation or damages in the event of such termination and payment. In addition, the City's right to withhold funds under Section 6(E) shall be applicable in the event of a termination for convenience.

E. If this Agreement is terminated by City for default and it is later determined that the default termination was wrongful, such termination automatically shall be converted to and treated as a termination for convenience under this Article and Consultant shall be entitled to receive only the amounts payable hereunder in the event of a termination for convenience.

SECTION 9- OWNERSHIP OF DOCUMENTS

A. The reports, ordinance reviews, municipal code and other material prepared by or on behalf of Consultant under this Agreement including all drafts and working documents, and including electronic and paper forms (collectively the "Documents"), shall be and remain the property of the City, whether the Services or Project is completed or not. Consultant shall deliver all Documents to City upon (1) the substantial completion date of the Services, (2) the date of termination of this Agreement for any reason, or (3) at any time requested by City, upon five (5) days written notice.

B. The Documents may be used by City and its agents, employees, representatives, and assigns, in whole or in part, or in modified form, for all purposes City may deem advisable, without further employment of or payment of any compensation to Consultant; provided, however, that if this Agreement is terminated for any reason prior to completion of the Project and if under such circumstances City uses, or engages the services of and directs another Consultant to use, such documents, CITY agrees to hold Consultant harmless from any and all liability, costs, and expenses (including reasonable legal fees and disbursements), relative to claims arising out of matters and/or events which occur subsequent to the termination of this Agreement as a result of causes other than the fault or negligence of Consultant, or anyone for whose acts it is responsible, in preparation of the Documents. Consultant shall not be responsible for deficiencies solely attributable to modifications to the Documents performed by others, or that arise from use of the Documents in connection with a project or site other than that shown in the Documents.

C. All reports, information, data, and exhibits prepared or assembled by Consultant in connection with the performance of its services pursuant to this Agreement are confidential until released by the City to the public, and the Consultant shall not make any of these documents or information available to any individual or organization not employed by the Consultant or the City without the written consent of the City before any such release.

SECTION 10 – INDEMNITY

A. Claims for Professional Liability – Consultant shall, with respect to all Services performed in connection with this Agreement, defend, indemnify, and hold the City of Stockton, its elected and appointed officers, employees, and volunteers harmless from and against any and all claims, liability, loss, damage, costs, or expenses, including reasonable attorneys' fees, awards, fines, or judgments (collectively, "Claims"), arising from or relating to negligent acts, errors, or omissions in the performance of professional services by Consultant, its subconsultants, agents or employees. Consultant shall not be obligated under this Agreement to indemnify City to the extent that the damage is caused by the sole or active negligence or willful misconduct of City, its agents or employees.

B. Claims for Other Liability – Consultant shall, with respect to all Services performed in connection with this Agreement, defend, indemnify, and hold the City of Stockton, its elected and appointed officers, employees, and volunteers harmless from and against any and all liens and Claims by firms or individuals claiming through Consultant, and all Claims for compensation, the death or bodily injury to persons, injury to property, or other loss, damage, or expense arising from or related to the Services of Consultant, its subcontractors, agents or employees. Consultant shall not be obligated under this Agreement to indemnify City to the extent that the damage is caused by the sole or active negligence or willful misconduct of City, its agents or employees.

C. Claims involving intellectual property - In addition to the obligations set forth in (A) and (B) above, Consultant shall indemnify, defend, and hold the City of Stockton, its elected and appointed officers, employees, and volunteers, harmless against any Claim is alleged in which a violation of intellectual property rights, including but not limited to copyright or patent rights, that arises out of or relates to the Services of Consultant, its subcontractors, agents or employees. PROFESSIONAL SERVICES PROPOSAL

Quality Code Publishing, hereinafter referred to as "QCP," hereby agrees to research, edit, codify and publish the ordinances of the City of Stockton, California hereinafter referred to as "City," according to the following terms and conditions:

PART I - SCOPE OF SERVICES

Upon completion of the Code Analysis and Review, QCP will begin the recodification phase.

1. **EDITORIAL CONFERENCE.** QCP will schedule an editorial conference with the City Attorney or authorized City representatives to discuss:
 - 1.1. **Issues.** Issues will include all inconsistencies and conflicts set out in the analysis.
 - 1.2. **Solutions.** Specific suggestions will be offered for amendatory action to resolve the issues discussed.
 - 1.3. **Implementation.** The City Attorney has ultimate decision-making authority for solutions and implementation.
 - 1.4. **Editorial procedures.** The editorial procedures for stylistic editing of the code manuscript, the indexing format, and various production issues will be reviewed.
 - 1.5. **Code structure.** The code's proposed structure will be reviewed and appropriate changes made.
 - 1.6. **Editorial cutoff date.** At the conclusion of the conference, a mutually agreed cutoff date will be established. All new enactments received at QCP by this date will be included in the code. Ordinances received after this date may be held for the first supplement.
2. **CONFERENCE MEMORANDUM.** Immediately following the conference, QCP will send a conference memorandum to the City, summarizing the decisions reached during the conference.
3. **EDITORIAL WORK.**
 - 3.1. Under the direction of QCP's attorneys, the editorial staff will prepare the code for publication by organizing the code materials as agreed during the conference. All amendments and new ordinances will be incorporated into their proper places and repealed provisions will be deleted from the code text.
 - 3.2. The code will be carefully edited for proper code style, grammar and punctuation, as well as for numerical and editorial consistency. Where necessary, the language of existing ordinances will be converted into concise, modern and proper language. **No** substantive changes will be made in the language of the code without the authorization of the City.

4. **EDITORIAL FEATURES.** The code will contain the following features to make it easy to use:
- 4.1. **Expandable Numbering System.** If authorized by the City, QCP will use a practical, expandable numbering system in the code. This numbering style makes it easy to locate information quickly and will accommodate new material without interrupting the integrity or sequence of the system.
 - 4.2. **Technical codes.** Technical codes which have been adopted by reference--e.g., building, plumbing, electrical, and similar technical codes--will be excluded from the City code unless the City's representative directs QCP to include such technical codes. Ordinances adopting such technical codes by reference shall be included and classified in appropriate sections of the City code.
 - 4.3. **History Notes.** Each code section will include a notation showing the origin of the section, and any amendments made thereto.
 - 4.4. **Cross references and footnotes.** Cross references will be prepared to tie together related sections of the new code. Proper explanation will also be made in the form of footnotes to relevant provisions of the code.
 - 4.5. **Charter references.** Charter references will be prepared to tie together related sections of the Charter and new code.
 - 4.6. **Catchlines.** Each code section will begin with a "catchline" which summarizes the contents of that section.
 - 4.7. **Table of Contents.** The code will include a general Table of Contents listing the titles contained therein; each Title will contain a table showing the chapters it includes; each chapter will list the number and catchlines of the sections it includes.
 - 4.8. **Statutory Reference Table.** This lists state laws which pertain to, or affect, the City's local code provisions.
 - 4.9. **Ordinance List.** Tables showing the disposition of each City ordinance will be prepared and included in the code volume. Repealed and omitted special ordinances will be so noted.
 - 4.10. **Prior Code Cross Reference Table.** If QCP reorganizes material from the City's previous code, QCP will include a table of prior code sections and their location in the new code. (These are sometimes referred to as Comparative Tables.)
 - 4.11. **Editorial omissions.** Only the substantive provisions of each ordinance will be codified. Provisions such as the title, ordaining clause and attestation clause of each ordinance will be omitted to the extent permitted by law.
5. **INDEX.** QCP's experienced legal indexers will prepare a new general alphabetical subject index, referencing each section of the code. Additionally we will use the terminology of the City's ordinances, common synonyms that our indexers have developed over 20 years' experience and local terminology or "buzz-words" used by the City. Our indexes are specifically designed to remain accurate after the code is supplemented, with minimal reprinting.

6. **PROOFREADING.** QCP will proofread the entire code for accuracy. QCP is responsible for the typographical correctness of the code. Any errors attributable to QCP will be corrected at no charge to the City.

7. **PUBLICATION.**

7.1. **Stock.** The code will be printed on 20 lb. white bond paper or equivalent. The City may elect to have the code printed on one side of each sheet of paper, or on both sides. (Note: a page is one side of a sheet of paper.)

7.2. **Page format.** The page style will be consistent with the format chosen by the City: 8½ x 11 inches, single or double column, (samples attached).

7.3. **Printing.** QCP will print the number of copies specified by the City. Additional copies of the entire code, or portions thereof, may be ordered by the City as they are needed.

8. **PRODUCTION SCHEDULE.**

City's Review of Report and Editorial Conference	1 month
City Amendatory Action.....	2 months
Manuscript Preparation.....	4 months
Printing and Binding.....	2 months
Total of Publisher's Time.....	9 months

9. **ELECTRONIC COPY OF THE CODE ON CD-ROM.** QCP will provide the City with one copy of the revised code on CD-ROM in MS WORD. RTF files can also be provided upon request.

10. **ADOPTION ORDINANCE.** After delivery of the code, QCP will provide a sample ordinance with suggested language for the adoption of the new code.

11. **SALE OF CODES.** The City has exclusive rights to sell copies of the completed codes and looseleaf supplements.

12. **SUPPLEMENT SERVICES.** QCP will provide ongoing updates for the City, on a regular schedule, as directed by the City. Ordinances will be forwarded to QCP as they are adopted. Prior to beginning a regularly scheduled supplement, QCP will contact the City to confirm that QCP has received all the necessary ordinances. QCP's editors will prepare each supplement by completing the following steps:

12.1. **Editing.** QCP will organize the new ordinances by subject and will insert all amendments into their proper places in the code text. Provisions that have been repealed will be deleted from the code text.

12.2. **Update Related Parts.** All history notes, tables, cross-references and index entries will be updated to reflect the new material.

12.3. **Publish Supplement Pages.** The revised pages will be typeset to match the style and format of the code. The supplement will be printed in the quantity specified by the City.

12.4. **Insertion Guide.** Each supplement will include a page with instructions for inserting the new pages and removing obsolete ones.

- 12.5. **Electronic Copy of Code on CD-ROM.** QCP will provide the City with one copy of the revised code on CD-ROM in MS WORD after each supplement. RTF files can also be provided upon request.
- 12.6. **Frequency.** The City may choose to supplement the code quarterly, semi-annually, annually, or on an "as-needed" basis. The City may change the supplement interval at any time. Frequency of supplementation does not affect the supplement rate.
- 12.7. **Supplement Turn-around time.** Time is of the essence. For the laws of the City to be effective, they must be accessible and easily available to the public. It is the intention of the company, with the cooperation of the City, to deliver each regularly scheduled supplement to the City within 30-45 days after the established supplement cutoff date.
- 12.8. **Termination.** The City may terminate the supplement service by canceling in writing at least 60 days prior to the editorial cutoff date for any regularly scheduled supplement.

PART II - OPTIONAL SERVICES

13. **ELECTRONIC PUBLISHING & INTERNET SERVICES.** QCP will create a searchable Internet database for posting on QCP's website with a link to the City's site. As the code is updated, QCP will post the changes to your code on the Internet at the same time that QCP sends the City its printed supplements. QCP's online codes feature a robust full-text search engine utilizing advanced Boolean operators, wildcards, exact-phrase searching, and allow control over how results are ranked. Search results are displayed by code section, and search results feature search-term highlighting. A simplified user interface is also provided to allow the less-advanced user to easily create and combine "and," "or," and phrase search expressions. QCP's on-line service provides the user with the option of viewing and printing the code by either chapter or section. Another standard feature of QCP's on-line codes is in the Statutory Reference Table which includes a "link" directly to the appropriate California State Statute. An example of QCP's Internet services can be viewed at www.qcode.us/codes/sacramento/. No license is required for the browse and search options.

QCP's Internet search facility, as well as our Web storage and delivery system, is custom-tailored to municipal code publication. The software is built upon the MySQL database server, the world's most popular open-source database software. MySQL is installed on more than 5 million web servers worldwide, and is used by organizations such as The Associated Press, Google and NASA. MySQL is renowned for its high speed, reliability, and compliance with industry standards.

- 13.1. **CODEALERT (Optional).** CodeAlert is an on-demand updating service that is designed to work in conjunction with the Internet copy of the City's Code. CodeAlert notifies the code user that a code section has been amended and provides a list of ordinances that have been passed, but not yet incorporated into the code. Sections of the code that have been affected by an adopted ordinance will contain a warning at the beginning of the section with a link to both the ordinance and the CodeAlert page. This service assures the viewer the most accurate, up-to-date version of the code, no matter how frequently you choose to supplement. An example of our CodeAlert services can be viewed at www.qcode.us/codes/sacramento/.
- 13.2. **Code on CD-ROM.** Subscribers to our electronic publishing services will receive an electronic copy of the code on CD. The CD will contain the entire code in MS-Word format, as well as a version that can be searched directly from the CD. PART V – SAMPLE PAGE

PAGE STYLE COMPARISON

Please note, both page samples have been set with the same text for easy comparison. They have also been set in the three tiered numbering system utilized by QCP.

All codification companies charge per printed page. With this in mind, it is important to compare actual page samples as well as costs per page when evaluating proposals. This enables the City to compare apples to apples.

For example, a proposal may have a lower price per page but the page sample has less words per page resulting in more pages and a higher total cost.
