If the Purchase Order indicates delivery outside Sacramento County, the Contractor and agency may negotiate delivery costs. If delivery is subject to an additional delivery charge, it shall be shown as a separate item on the purchase order and invoice.

State departments requesting delivery outside of Sacramento County must contact the Transportation Management Unit for freight rate comparisons to confirm appropriate pricing if the Contractor is delivering the vehicle.

Responsibility and liability for loss or damage for all orders shall remain with the Contractor until final inspection and acceptance, when all responsibility shall pass to the ordering agency, except the responsibility for latent defects, fraud, and the warranty obligations.

21. SHIPPED ORDERS

All shipments shall be in accordance with the General Provisions, Article 12 entitled "Packing and Shipment".

23. RESTOCKING FEES

The Contractor may impose a restocking fee to the ordering agency on orders cancelled after the order has been placed with the manufacturer: The Contractor shall notify the ordering agency of the order placement per Article 14, Order Acknowledgment.

Re-stocking fees can be no greater than ten percent (10%) of the value of the vehicle being restocked.

24. INVOICING

Ordering agencies may require separate invoicing, as specified by each ordering organization. Invoices will contain the following information:

- Contractor's name, address and telephone number
- Leveraged Procurement Number (Contract Number)
- Agency Order Number (Purchase Order Number)
- Item and commodity code number
- Quantity purchased

- Contract price and extension
- State sales and/or use tax
- Prompt payment discounts/cash discounts, if applicable
- Totals for each order

25. PAYMENT

A. Terms

Payment terms for contracts 1-22-23-23 B – G include a \$500 per vehicle discount for payment made within twenty (20) days. Contracts 1-22-23-23 H & I offer no discount. The cash discount time is defined by the State as beginning only after the vehicle has been inspected, delivered, and accepted by the receiving agency, or from the date a correct invoice is received in the office specified on the Purchase Order, whichever is later.

Payment is deemed to be made, for the purpose of earning the discount, one (1) working day after the date on the State warrant or check. Typically, acceptance will be accomplished within twenty (20) business hours after a vehicle is delivered.

Payment will be made in accordance with the provisions of the California Prompt Payment Act, Government Code Section 927, et seq. Unless expressly exempted by statute, the Act requires State departments to pay properly submitted, undisputed invoices not more than forty-five (45) days after the date of acceptance of goods, performance of services, or receipt of an undisputed invoice, whichever is later.

B. CAL-Card Use

Use of the CAL-Card for payment of invoices is not allowed under this statewide contract.

C. Payee Data Record

Each State accounting office must have a copy of the Payee Data Record (Std. 204) in order to process payments. State departments should forward a copy of the Std. 204 to their accounting office(s). Without the Std. 204, payment may be unnecessarily delayed. State departments may contact the Contractor for copies of the Payee Data Record.

D. State Financial Marketplace

The State reserves the right to select the form of payment for all procurements, be it either an outright purchase with payment rendered directly by the State, or a financing/lease-purchase or operating lease via the State Financial Marketplace (GS \$Mart and/or Lease \$Mart). If payment is via the financial marketplace, the Contractor will invoice the State and the State will approve the invoice and the selected Lender/Lessor for all product listed on the State's procurement document will pay the Contractor on behalf of the State.

26. CALIFORNIA SELLER'S PERMIT

The California seller permit number for the Contractor is listed below. State departments can verify that permits are currently valid at the following website: www.cdtfa.ca.gov. State departments must adhere to the file documentation required identified in the State Contracting Manual Volume 2 and Volume 3 and SCM-F.

27. WARRANTY

The manufacturer's standard new vehicle warranty shall apply to all vehicles purchased from these contracts. All warranties shall be factory authorized. The warranty shall be honored by all franchised dealers of the vehicle within the State of California. The Warranty term for the vehicles offered under these contracts shall meet the following (as applicable):

- Bumper to bumper warranty shall cover not less than 3 years/36,000 miles, no charge for parts and labor.
- Power train warranty for light duty vehicles weighing 8500 lbs. GVWR or less shall cover not less than 5 years/100,000 miles, no charge for parts and labor.
- Power train warranty for vehicles over 8500 lbs. GVWR shall cover not less than 5 years/60,000 miles, no charge for parts and labor.

The State's established preventative maintenance procedures and practices shall be acceptable to the manufacturer/contractor in lieu of the manufacturer's prescribed procedures which may form a part of the warranty.

All emission-related components shall be warranted in compliance with California Air Resources Board and Federal requirements. Contractor cannot offer independent insurance or statements indicating self insurance. If an additional extended warranty is purchased, a warranty certificate, warranty card, or a statement indicating the extended warranty has been recorded with the manufacturer shall be furnished with each vehicle delivered.

Normal wear items such as tires, belts, hoses, headlamps, light bulbs, brake linings, brake discs/drums, etc. are excluded from warranty coverage. All other items not subject to normal wear or gross operator neglect and abuse, such as window, seat, or wiper motors, chassis electrical switches (door, trunk lid), paint, hinges, locks, etc., shall be covered.

The State reserves the right to use re-refined lubrication oils, where available, in lieu of virgin equivalent oils. The re-refined oils used by the State will meet all API and SAE standards and specifications as set forth by the vehicle manufacturer. The use of said oils shall in no way void or degrade the original manufacturer's standard warranty.

The State reserves the right to use recycled content antifreeze/coolant, where available, in lieu of virgin equivalent antifreeze/coolant when servicing its vehicles. The recycled content antifreeze/coolant used by the State will meet all ATSM standards and specifications as set forth by the vehicle manufacturer.

28. REPAIR PARTS

The manufacture of the awarded vehicle(s) should maintain an adequate stock of all regular and special parts to meet the continuing service and repair parts needs of the State without undue delay.

A special system shall be set up for expediting the procurement of back-order items needed to repair an inoperative vehicle including a system to air freight parts at factory expense when parts are not in stock in California parts depots. Parts must be available within three (3) working days after telephone notification.

Vehicles with new technology emerging into the industry (e.g., fuel cell vehicles) may require more than (3) working days for the availability of certain parts. Contractor must notify the State Contract Administrator and ordering agency when this occurs and provide the estimated date of availability.

29. MAINTENANCE PLAN

A maintenance plan is available for light duty vehicles under 8500 lbs. GVWR. The purchase of a maintenance plan is optional. The maintenance plan covers all regularly scheduled service for a minimum of five (5) years/75,000 miles. The maintenance shall include at a minimum all manufacturer recommended services such as, but not limited to:

- Oil changes;
- Filter changes;
- Fluid changes;
- Lubrications;
- Tire rotations;
- Equipment and safety inspections

The Maintenance Plan is not required to cover wear items such as brake pads/shoes, wiper blades, etc.

Purchase of the Maintenance Plan is non-mandatory for State departments.

The Maintenance Plan is not applicable to vehicles over 8,500 lbs. GVWR.

30. *VETTED FORMS/CERTIFICATIONS

The DGS-PD, as the awarding department, has assessed the Contractor and subcontractor forms, certifications, and compliance to performing a commercially useful function (CUF) during the solicitation evaluation process. Consequently, when executing purchase documents pursuant to this contract, it is not necessary for State departments operating under statewide contract purchasing authority to conduct a CUF evaluation or request the completion of the following required certifications and forms:

- *GenAI Disclosure & Factsheet (STD 1000)*
- *Bidder Declaration Form (GSPD 05-105)*
- *DVBE Declaration Form (DGS-PD 843)*
- *Darfur Contracting Act Form*
- *California Civil Rights Certification Form*
- *Iran Contracting Act Certification*
- *Russian Sanctions Agreement*
- *Federal Debarment*

*State departments should make a notation of this within their procurement file.**

31. RECYCLED CONTENT

State departments are required to report purchases in many product categories. The Postconsumer-Content Certification Form (CIWMB 74) for the Contractor(s) is attached (Attachment C).

32. SB/DVBE PARTICIPATION

There is no Small Business (SB) or Disabled Veteran Business Enterprise (DVBE) participation for this contract.

33. STATE AND LOCAL GOVERNMENT EMPLOYEE PRICING

In the interest of expanding the California marketplace for Zero Emission Vehicles (ZEV), some Contractors have offered a discount to any interested State of California or local government employee when purchasing a ZEV for personal use. A list of participating Dealers and vehicles can be found at: <https://www.dgs.ca.gov/PD/Resources/Page-Content/Procurement-Division-Resources-List-Folder/State-of-California-Green-Fleet-Employee-Pricing-Program>
