

ORDINANCE NO. _____

AN ORDINANCE AMENDING TITLE 8 TO ADD CHAPTER 8.70, AND AMENDING CHAPTER 8.56, SECTIONS 8.56.010, 8.56.030, AND 8.56.040; AND AMENDING TITLE 12, CHAPTER 12.56, SECTION 12.56.010, AND REPEALING TITLE 12, CHAPTER 12.76 OF THE STOCKTON MUNICIPAL CODE TO COMPLY WITH STATE LAW REGARDING STREET AND SIDEWALK VENDORS

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF STOCKTON, AS FOLLOWS:

SECTION I. FINDINGS AND INTENT.

On, or about, September 17, 2018, and September 23, 2022, the California Legislature approved, and the Governor signed, Senate Bill 946 and 972, respectively, which created new provisions for the licensing, activities, and enforcement regulations relating to Street and Sidewalk Vendors throughout the State, regardless of whether the City is a General Law or Chartered City. The provisions created by these Bills prohibit a municipality from forbidding Street and Sidewalk Vendors from operating, within certain limitations, in public parks and upon public sidewalks. With an ever-growing number of Street and Sidewalk Vendors operating within the City since the new laws took effect, the City Council finds it necessary to incorporate rules and regulations to ensure vendors are providing their services in a safe and sanitary manner, safeguard the health and safety of the general public being served by vendors, and create standards to protect public resources.

The proposed creation of this Chapter, and the amending and repealing of other existing code, will bring the City into compliance with changes in State Law, give Street and Sidewalk Vendors clear and concise direction for providing their services in accordance with State and Local regulations, and provide methods to preserve the public's health, safety and enjoyment of public grounds where vendor activities occur. Creation of this Chapter will also afford the City the ability to mitigate some of the negative impacts to public parks that will be impacted by pedestrian traffic and activities that were not originally intended, or designed, for such locations. The provisions of this chapter are intended to ensure compliance with Senate Bill 946 (signed into law on September 17, 2018), and Senate Bill 972 (signed into law on September 23, 2022).

SECTION II. AMENDMENT OF CODE.

Title 8, Chapter 8.70, titled, "SALE OF FOOD PRODUCTS AND MERCHANDISE BY STREET AND SIDEWALK VENDORS" is added to the Stockton Municipal Code and shall read as follows:

8.70.010 Purpose.

- A. Regulation of the sale of food and merchandise on public sidewalks will benefit the City by promoting entrepreneurship, while ensuring the protection of the public health, safety, and welfare.
- B. The City Council finds that the vending of produce, meat, and other prepared or prepackaged foods, goods, and wares on sidewalks, the public right-of-way, and parks poses special conditions that may potentially impact the public health, safety, and welfare of the residents of the City of Stockton. The requirements set forth by this Chapter are necessary to ensure vending operations do not adversely impact the public welfare, that food vendors adhere to State and County public health requirements, and there are free and safe flows of vehicular and pedestrian traffic in the public right-of-way where vendors are conducting their business.
- C. The city council further finds that parks and nature areas are a finite and valuable resource within the city. Public parks are designed and maintained to support the recreational activities for which they were intended and have inadequate facilities such as restrooms, water, sanitary services, and pedestrian and vehicular traffic flow necessary to support commercial vending activities. It is the purpose and intent of the city council, in enacting this Chapter, to protect the health, safety, and welfare of the public by regulating the use of parks, nature areas, and recreation facilities, to ensure the public's use and enjoyment of natural resources and recreational opportunities and prevent an undue concentration of commercial activities that unreasonably interfere with the intended use of the parks, but not infringe on a person's right to pursue economic opportunities afforded to them by law.
- D. Street and Sidewalk Vendor Business Licensing requirements and regulations are located in SMC 5.106 et seq.

Should a vendor decide after having already obtained a business license without paying to operate in a park or sidewalk adjacent to a park, the vendor shall pay to the City of Stockton, in the full annual amount, the cost of the use fee prior to operating thereon. The purpose of the fees shall be to mitigate the effects of additional and unordinary traffic upon landscaped park surfaces and the increased use of park systems and facilities by persons that otherwise would not be using those facilities, as well as the use of the park and its facilities by vendors themselves; a use which was

never originally intended, or designed, for such locations. The proceeds from this use fee shall be allocated to the Public Works Department for the purposes of addressing the additional costs of maintenance, repair, and replacement of damaged landscaping, sprinklers, and other affected ancillary systems and facilities.
