Reinstatement Letter

October 1, 2024
Bryant D. Bowen Sr
Senior Maintenance Repair Tech

Dear Mr. Chad Reed,

As you know, I recently started a new job with the City of Elk Grove. However I realized that the job duties and the work environment are not what I expected. I am therefore writing to inquire about the possibility of returning to my position as a Senior Maintenance Repair Technician for the City of Stockton Which I have held for the past two and half years.

I sincerely regret my decision to resign and if I am rehired, I can assure you that I can offer a long term commitment to the City of Stockton.

Since entering the City of Stockton I have taken steps to furthering my education. I have enrolled and have completed several courses at Delta College for my degree in Transportation and logistics. I have also taken the Supervising training courses with the City of Stockton and through Delta College as well. I believe my training and skills as a Senior Maintenance Repair Tech would continue to make myself a valuable employee and asset to the City of Stockton.

If the City of Stockton would consider rehiring me, I can assure you that my values align with the City of Stockton's mission statement by serving the community, providing innovative and courteous responses for service and promoting economic opportunity, by enhancing the quality of life for the citizens.

Thank you in advance for your consideration. I look forward to hearing from you, and I am available at your convenience for a conversation. I can be reached at [REDACTED] or at [REDACTED]

Best regards,

Bryant D. Bowen Sr [REDACTED]
