See Historical Note

DEFINITION

Under general supervision, provides assistance to the Emergency Communications Manager and supervision for the Fire Emergency Communications Dispatch Center during an assigned shift; participates in receiving calls from the public for emergency and non-emergency fire, rescue, medical and related services; dispatches Fire Department resources and private ambulance units and personnel as required; and performs management-related work as assigned.

CLASS CHARACTERISTICS

This is a supervisory class responsible for the continuous functioning of the Fire Emergency Communications Dispatch Center during a shift. Incumbents provide employee supervision, training and evaluation, and are responsible for resolution of day-to-day work issues and the handling of the more complex or difficult incidents. Incumbents are expected to exercise considerable independent judgment and discretion in the handling of emergency situations.

PRINCIPAL DUTIES (Illustrative Only)

Duties may include, but are not limited to, the following:

- Assigns, directs and reviews the work of a staff on an assigned shift; resolves technical questions related to daily work.
- Develops work schedules in coordination with sworn fire communications supervisors to ensure adequate staffing at all times.
- Prepares employee evaluations; participates in the selection of new employees; provides training to new employees and updates the training of current employees.
- Receives and evaluates incoming calls from the public as well as public agencies for routine and emergency medical and fire incidents; makes independent decisions and authorizes action in accordance with established Fire Department procedures regarding dispatching.
- Enters information received in the computer-aided dispatch system, logs incident information and completes required forms.
- Dispatches paramedics and/or EMT's as well as private ambulances to medical emergencies.
- Dispatches fire suppression apparatus and personnel to fire emergencies; maintains radio communications and assists with further dispatches or supplies requested information.
- Operates multi-channel radio systems, monitors multiple radio channels simultaneously, and a variety of standard office equipment.
- Assists callers in methods of handling medical emergencies prior to the arrival of dispatched emergency personnel using established emergency medical dispatch (EMD) protocols.
- Recommends possible resolutions regarding policy issues and problems with higher level staff.
- Reviews incident reports submitted by field personnel.
- Maintains logs and records and prepares a variety of periodic and special reports.
- Represents the City with dignity, integrity, and the spirit of cooperation in all relations with staff and the public.

- Fosters an environment that embraces integrity, service, inclusion, and collaboration.
- Builds and maintains positive working relationships with co-workers, other City employees and the public using principles of good customer service.
- Performs related duties as assigned.

QUALIFICATIONS

Knowledge of:

- Basic terminology used in fire and related emergency radio and telephone communications;
- Basic medical terminology;
- Principles, methods and techniques of telephone communications and fire dispatching;
- Principles and practices of employee supervision, including selection, training, work planning and scheduling, evaluating and discipline;
- Business computer applications, particularly as related to the input and retrieval of data;
- Basic record keeping principles and practices;
- Proper procedures for the effective operation of two-way radio, and telephone systems;
- Operation of communications equipment, including telephone, radio, computer, and related systems;
- The geography and major streets within the cities of San Joaquin County; and
- Correct English usage, spelling, grammar, and punctuation.

Skill in:

- Planning, assigning, directing, evaluating and reviewing the work of assigned staff;
- Training others in effective communication techniques and work procedures;
- Obtaining information from individuals in emergency situations, including those that are emotionally distraught, angry, or difficult to understand;
- Operating a computer-aided dispatch system including associated radio, telephone and paging;
- Understanding and following complex oral and written communications and instructions;
- Speaking concisely and with complete clarity;
- Communicating tactfully and effectively with public, public safety personnel, and others;
- Utilizing the codes and correct communications procedures employed in fire and medical emergency situations;
- Preparing and maintaining a variety of records and reports;
- Remaining calm and making rapid and sound independent judgment in stressful emergency situations;
- Interpreting and applying complex procedures, regulations and policies;
- Operating complex computer keyboards and related equipment and typing at a speed of 45 net words per minute;
- Maintaining organized and accurate records of the Fire Emergency Communications Center activities;
- Assessing and prioritizing emergency situations;
- Reading and interpreting geographic information;

- Attending to multiple activities and sources of input simultaneously;
- Active listening on the telephone and radio with accurate comprehension; and
- Multi-tasking competing priorities.

Ability to:

- Learn and enforce City and Fire Department dispatching codes, policies, and procedures;
- Supervise multiple staff responsible for answering emergency and non-emergency calls simultaneously;
- Memorize codes, names, locations, and other detailed information;
- Effectively train others;
- Make quick and appropriate determinations;
- Maintain accurate records; and
- Remain courteous and calm while interacting with staff and the public.

Education:

Possession of a high school diploma or GED.
