

Resolution No.

STOCKTON CITY COUNCIL

RESOLUTION APPROVING FINDINGS AND AWARDING A \$1,250,000 CONTRACT TO TROJAN TECHNOLOGIES FOR REPLACEMENT PARTS, ON-CALL REPAIR AND MAINTENANCE SERVICES

During construction of the Regional Wastewater Control Facility (RWCF) Modifications Project, the project team installed a Trojan Technologies UVSIGNA system (UVSIGNA system) disinfect wastewater during the treatment process; and

The UVSIGNA system is a proprietary brand that requires Trojan Technologies parts and certified services to maintain proper operation. Consequently, Trojan Technologies is the sole available source for materials, on-call repair and maintenance services; and

The UVSIGNA system is routinely monitored by MUD Maintenance staff and requires frequent maintenance, parts, and repairs to continue performing as designed by the manufacturer. The proposed contract includes the materials and services necessary to maintain the system in accordance with the manufacturer's specifications; now, therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF STOCKTON, AS FOLLOWS:

1. The City Council approves the following findings pursuant to Stockton Municipal Code section 3.68.070 to support and justify an exception to the competitive bidding process:
 - a. Trojan Technologies is the only source for UVSIGNA replacement parts and repair services in the United States.
 - b. Routine maintenance, replacement parts, and repairs are standard practice required to preserve the UVSIGNA system's ability to effectively disinfect wastewater during the treatment process.
 - c. The UVSIGNA system requires the use of original manufacturer replacement parts and services for proper operation, performance guarantees, and lowest life-cycle cost.
 - d. Maintaining and repairing the UVSIGNA system is more cost-effective than replacing it with an alternative UV system. Accordingly, the proposed contract serves the public's best interest.
2. The City Council authorizes the City Manager to execute a five-year contract, not-to-exceed \$1,250,000, with Trojan Technologies of London, Ontario,

Canada for materials as well as on-call repair and maintenance services, a copy of which is attached as Exhibit 1 and incorporated by this reference.

3. The City Manager or designee is hereby authorized to take appropriate and necessary actions to carry out the purpose and intent of this Resolution.

PASSED, APPROVED, and ADOPTED January 13, 2026.

CHRISTINA FUGAZI
Mayor of the City of Stockton

ATTEST:

KATHERINE ROLAND, CMC, CPMC
City Clerk of the City of Stockton
