## RESOLUTION AUTHORIZING CONTRACT AMENDMENT NO. 1 WITH UNIVAR SOLUTIONS USA LLC IN THE AMOUNT OF \$521,000 TO PURCHASE SODIUM HYPOCHLORITE FOR WASTEWATER TREATMENT

The Municipal Utilities Department staff operate and maintain the Regional Wastewater Control Facility (RWCF), an advanced tertiary wastewater treatment facility with a 55 million-gallon per day capacity located adjacent to the San Joaquin River; and

The RWCF currently uses sodium hypochlorite for disinfection at the tertiary plant in the wastewater treatment process. Sodium hypochlorite is also used for cleaning during operation of the disc filter process that was installed as part of the new RWCF Modifications Project; and

On May 13, 2025, by Resolution 2025-05-13-1215, the City Council authorized a \$1,803,000.00 contract with Univar Solutions USA LLC for the purchase of sodium hypochlorite for wastewater treatment. The contract expires on June 30, 2026; and

During the past year, the amount of sodium hypochlorite used at the RWCF has increased significantly; and

Staff reviewed the average monthly usage rate of sodium hypochlorite for the first eight months of the fiscal year and determined that an additional \$521,000 is needed to ensure sufficient budget for purchases through the remainder of the fiscal year; now, therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF STOCKTON, AS FOLLOWS:

1. Amendment No. 1, adding \$521,000 to the contract with Univar Solutions USA LLC for a total contract amount of \$2,324,000, is hereby approved, and the City Manager is authorized and directed to execute same, a copy of which is attached as Exhibit 1 and incorporated by this reference.
