

Next Steps for CCAAP

Next Steps

After completion of roadmaps, we will conduct community engagement around priority actions and implementation

We will develop and launch a community-friendly version of the CCAAP

The full CCAAP, including the EPA report, appendices, and community-friendly summary, will be adopted by City Council in Fall 2026

Next Steps

- After CCAAP adoption, focus will be on implementation
- CAPAC will continue to meet to guide implementation progress
- A status report will be developed in 2028 on implementation progress
