

## COOPERATIVE/PIGGYBACK PURCHASE AGREEMENT

### AGREEMENT SUMMARY:

<b>1. Cooperative/Piggyback Name:</b>	Sourcewell
<b>2. Contractor:</b>	Elliot Equipment Company
<b>3. Cooperative Agency Agreement Name and Agreement Number:</b>	Sourcewell, Public Utility Equipment and Services, #110421-EEC
<b>4. Cooperative Agency Initial Agreement Term:</b>	Start Date: December 20, 2021 End Date: December 27, 2025
<b>5. Cooperative Agency's Agreement-Options to extend:</b>	Agreement may be extended for a fifth year.
<b>6. Cooperative Agency Amended Term:</b>	N/A
<b>7. Cooperative Agency Remaining Options to Renew:</b>	1 one-year renewal option remaining.
<b>8. City of Stockton Cooperative Purchase Agreement Term:</b>	Start Date: Upon Execution End Date: December 27, 2025
<b>9. City of Stockton Cooperative/ Piggyback Purchase Agreement Amount:</b>	Not to Exceed \$442,625.02 for the term of the Agreement.

### AGREEMENT

The City of Stockton, a California municipal corporation on behalf of itself and its associated entities ("City"), and the above-named Contractor ("Contractor"), do hereby agree that City shall be granted the pricing, terms, and conditions under the above referenced Sourcewell, Public Utility Equipment and Services, #110421-EEC ("COOP") as such may be amended from time to time. The COOP and associated documents referenced in the agreement are incorporated herein as Exhibit A to this City Cooperative/Piggyback Purchase Agreement ("Agreement").

Contractor shall grant such pricing, terms, and conditions to City for all procurements of goods and services, whether taking place on a City purchase order, purchasing card (credit card), or other purchasing modality, whether via telephone, via the Contractor website, or via direct purchase at a Contractor retail location.

1. **Agreement Term:** The Term of this Agreement shall remain in effect from date of the signing of this Agreement through December 27, 2025 unless terminated earlier by the City. If the Cooperative/Piggyback Agency extends the COOP with Contractor by a written amendment, the City has the option to extend the term of this Agreement by written amendment not to go beyond the term stated in the COOP fully executed amendment.

2. **Insurance and Hold Harmless:** In addition to the pricing, terms and conditions stated in the COOP and the associated documents incorporated herein as Exhibit A, Contractor shall, at Contractor's sole cost and expense and for the full term of the Agreement or any extension thereof, obtain and maintain at least all the insurance requirements listed in attached Exhibit B.

To the fullest extent permitted by law, Contractor shall hold harmless, defend and indemnify City of Stockton and its officers, officials, employees and volunteers from and against any and all liability, loss, damage, expense, costs (including without limitation costs and fees of litigation) of every nature arising out of or in connection with Contractor's performance of work hereunder or its failure to comply with any of its obligations contained in the agreement, except such loss or damage which was caused by the sole negligence or willful misconduct of the City of Stockton. This obligation is independent of, and shall not in any way be limited by, the minimum Insurance obligations contained in this Agreement. These obligations shall survive the completion or termination of this Agreement.

3. **Compensation:** City and Contractor do hereby enter into this Agreement for "Public Utility Equipment and Services" available in the above-named COOP and associated documents incorporated herein as Exhibit A and referenced in the attached quote Exhibit C. In no way, shall payment to the Contractor during the term of this Agreement exceed \$442,625.02 for the purchase of one crane truck. Any person signing this Agreement on behalf of City or Contractor does warrants that he or she has full authority to do so.

4. **Governing Law.** California law shall govern any legal action pursuant to this Agreement with venue for all claims in the Superior Court of the County of San Joaquin, Stockton Branch or, where applicable, in the Federal District Court of California, Eastern District, Sacramento Division.

5. **Applicable Law.** Deliverables must conform with all applicable federal, state, and local laws. Such conformity includes compliance with federal sanctions, and Contractor certifies that it has not and will not engage in prohibited transactions with sanctioned persons or entities.

This Agreement may be amended only by a written amendment, consistent with the COOP, signed by Contractor and City.

**EXHIBIT A**

**Solicitation Number: RFP #110421****CONTRACT**

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and Elliott Equipment Company, 3514 South 25<sup>th</sup> Street, Omaha, NE 68105 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Public Utility Equipment with Related Accessories and Supplies from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

**1. TERM OF CONTRACT**

- A. EFFECTIVE DATE. This Contract is effective upon the date of the final signature below.
- B. EXPIRATION DATE AND EXTENSION. This Contract expires December 27, 2025, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended one additional year upon the request of Sourcewell and written agreement by Supplier.
- C. SURVIVAL OF TERMS. Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

**2. EQUIPMENT, PRODUCTS, OR SERVICES**

- A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above.

Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. **WARRANTY.** Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. **DEALERS, DISTRIBUTORS, AND/OR RESELLERS.** Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

### **3. PRICING**

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be

returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

#### **4. PRODUCT AND PRICING CHANGE REQUESTS**

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;

- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

## **5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS**

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

## **6. PARTICIPATING ENTITY USE AND PURCHASING**

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell

contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcwell will have no liability for any unpaid invoice of any Participating Entity.

B. **ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum; the terms of which will be negotiated directly between the Participating Entity and the Supplier. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcwell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. **TERMINATION OF ORDERS.** Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. **GOVERNING LAW AND VENUE.** The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

## **7. CUSTOMER SERVICE**

A. **PRIMARY ACCOUNT REPRESENTATIVE.** Supplier will assign an Account Representative to Sourcwell for this Contract and must provide prompt notice to Sourcwell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcwell and Participating Entity inquiries; and
- Business reviews to Sourcwell and Participating Entities, if applicable.

B. BUSINESS REVIEWS. Supplier must perform a minimum of one business review with Sourcwell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, supply issues, customer issues, and any other necessary information.

## **8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT**

A. CONTRACT SALES ACTIVITY REPORT. Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcwell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcwell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcwell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcwell, the Supplier will pay an administrative fee to Sourcwell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcwell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased

by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

#### **9. AUTHORIZED REPRESENTATIVE**

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

#### **10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE**

A. **AUDIT.** Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Agreement are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. **ASSIGNMENT.** Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid.

C. **AMENDMENTS.** Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. **WAIVER.** Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. **CONTRACT COMPLETE.** This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. **RELATIONSHIP OF THE PARTIES.** The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

### **11. INDEMNITY AND HOLD HARMLESS**

Supplier must indemnify, defend, save, and hold Sourcewell and its Participating Entities, including their agents and employees, harmless from any claims or causes of action, including attorneys' fees incurred by Sourcewell or its Participating Entities, arising out of any act or omission in the performance of this Contract by the Supplier or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to have been caused by some defect in the Equipment, Products, or Services under this Contract to the extent the Equipment, Product, or Service has been used according to its specifications. Sourcewell's responsibility will be governed by the State of Minnesota's Tort Liability Act (Minnesota Statutes Chapter 466) and other applicable law.

### **12. GOVERNMENT DATA PRACTICES**

Supplier and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell under this Contract and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Supplier under this Contract.

### **13. INTELLECTUAL PROPERTY, PUBLICITY, MARKETING, AND ENDORSEMENT**

#### **A. INTELLECTUAL PROPERTY**

1. *Grant of License.* During the term of this Contract:
  - a. Sourcewell grants to Supplier a royalty-free, worldwide, non-exclusive right and license to use the trademark(s) provided to Supplier by Sourcewell in advertising and promotional materials for the purpose of marketing Sourcewell's relationship with Supplier.
  - b. Supplier grants to Sourcewell a royalty-free, worldwide, non-exclusive right and license to use Supplier's trademarks in advertising and promotional materials for the purpose of marketing Supplier's relationship with Sourcewell.
2. *Limited Right of Sublicense.* The right and license granted herein includes a limited right of each party to grant sublicenses to their respective subsidiaries, distributors, dealers,

resellers, marketing representatives, and agents (collectively “Permitted Sublicensees”) in advertising and promotional materials for the purpose of marketing the Parties’ relationship to Participating Entities. Any sublicense granted will be subject to the terms and conditions of this Article. Each party will be responsible for any breach of this Article by any of their respective sublicensees.

*3. Use; Quality Control.*

- a. Neither party may alter the other party’s trademarks from the form provided and must comply with removal requests as to specific uses of its trademarks or logos.
- b. Each party agrees to use, and to cause its Permitted Sublicensees to use, the other party’s trademarks only in good faith and in a dignified manner consistent with such party’s use of the trademarks. Upon written notice to the breaching party, the breaching party has 30 days of the date of the written notice to cure the breach or the license will be terminated.

4. As applicable, Supplier agrees to indemnify and hold harmless Sourcewell and its Participating Entities against any and all suits, claims, judgments, and costs instituted or recovered against Sourcewell or Participating Entities by any person on account of the use of any Equipment or Products by Sourcewell or its Participating Entities supplied by Supplier in violation of applicable patent or copyright laws.

*5. Termination.* Upon the termination of this Contract for any reason, each party, including Permitted Sublicensees, will have 30 days to remove all Trademarks from signage, websites, and the like bearing the other party’s name or logo (excepting Sourcewell’s pre-printed catalog of suppliers which may be used until the next printing). Supplier must return all marketing and promotional materials, including signage, provided by Sourcewell, or dispose of it according to Sourcewell’s written directions.

B. **PUBLICITY.** Any publicity regarding the subject matter of this Contract must not be released without prior written approval from the Authorized Representatives. Publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Supplier individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

C. **MARKETING.** Any direct advertising, marketing, or offers with Participating Entities must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.

D. **ENDORSEMENT.** The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

#### 14. GOVERNING LAW, JURISDICTION, AND VENUE

The substantive and procedural laws of the State of Minnesota will govern this Contract. Venue for all legal proceedings arising out of this Contract, or its breach, must be in the appropriate state court in Todd County, Minnesota or federal court in Fergus Falls, Minnesota.

#### 15. FORCE MAJEURE

Neither party to this Contract will be held responsible for delay or default caused by acts of God or other conditions that are beyond that party's reasonable control. A party defaulting under this provision must provide the other party prompt written notice of the default.

#### 16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

#### 17. PERFORMANCE, DEFAULT, AND REMEDIES

A. PERFORMANCE. During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending.* Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. DEFAULT AND REMEDIES. Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

- Exercise any remedy provided by law or equity, or
- Terminate the Contract or any portion thereof, including any orders issued against the Contract.

## 18. INSURANCE

A. REQUIREMENTS. At its own expense, Supplier must maintain insurance policy(ies) in effect at all times during the performance of this Contract with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an "AM BEST" rating of A- or better, with coverage and limits of insurance not less than the following:

1. *Workers' Compensation and Employer's Liability.*

Workers' Compensation: As required by any applicable law or regulation.

Employer's Liability Insurance: must be provided in amounts not less than listed below:

Minimum limits:

\$500,000 each accident for bodily injury by accident

\$500,000 policy limit for bodily injury by disease

\$500,000 each employee for bodily injury by disease

2. *Commercial General Liability Insurance.* Supplier will maintain insurance covering its operations, with coverage on an occurrence basis, and must be subject to terms no less broad than the Insurance Services Office ("ISO") Commercial General Liability Form CG0001 (2001 or newer edition), or equivalent. At a minimum, coverage must include liability arising from premises, operations, bodily injury and property damage, independent contractors, products-completed operations including construction defect, contractual liability, blanket contractual liability, and personal injury and advertising injury. All required limits, terms and conditions of coverage must be maintained during the term of this Contract.

Minimum Limits:

\$1,000,000 each occurrence Bodily Injury and Property Damage

\$1,000,000 Personal and Advertising Injury

\$2,000,000 aggregate for Products-Completed operations

\$2,000,000 general aggregate

3. *Commercial Automobile Liability Insurance.* During the term of this Contract, Supplier will maintain insurance covering all owned, hired, and non-owned automobiles in limits of liability not less than indicated below. The coverage must be subject to terms

no less broad than ISO Business Auto Coverage Form CA 0001 (2010 edition or newer), or equivalent.

Minimum Limits:

\$1,000,000 each accident, combined single limit

4. *Umbrella Insurance*. During the term of this Contract, Supplier will maintain umbrella coverage over Employer's Liability, Commercial General Liability, and Commercial Automobile.

Minimum Limits:

\$2,000,000

5. *Network Security and Privacy Liability Insurance*. During the term of this Contract, Supplier will maintain coverage for network security and privacy liability. The coverage may be endorsed on another form of liability coverage or written on a standalone policy. The insurance must cover claims which may arise from failure of Supplier's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data – including but not limited to, confidential or private information, transmission of a computer virus, or denial of service.

Minimum limits:

\$2,000,000 per occurrence

\$2,000,000 annual aggregate

Failure of Supplier to maintain the required insurance will constitute a material breach entitling Sourcewell to immediately terminate this Contract for default.

B. CERTIFICATES OF INSURANCE. Prior to commencing under this Contract, Supplier must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Contract. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or sent to the Sourcewell Supplier Development Administrator assigned to this Contract. The certificates must be signed by a person authorized by the insurer(s) to bind coverage on their behalf.

Failure to request certificates of insurance by Sourcewell, or failure of Supplier to provide certificates of insurance, in no way limits or relieves Supplier of its duties and responsibilities in this Contract.

C. ADDITIONAL INSURED ENDORSEMENT AND PRIMARY AND NON-CONTRIBUTORY INSURANCE CLAUSE. Supplier agrees to list Sourcewell and its Participating Entities, including their officers, agents, and employees, as an additional insured under the Supplier's commercial general liability insurance policy with respect to liability arising out of activities, "operations," or "work" performed by or on behalf of Supplier, and products and completed operations of Supplier. The policy provision(s) or endorsement(s) must further provide that coverage is

primary and not excess over or contributory with any other valid, applicable, and collectible insurance or self-insurance in force for the additional insureds.

D. **WAIVER OF SUBROGATION.** Supplier waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Sourcewell and other additional insureds for losses paid under the insurance policies required by this Contract or other insurance applicable to the Supplier or its subcontractors. The waiver must apply to all deductibles and/or self-insured retentions applicable to the required or any other insurance maintained by the Supplier or its subcontractors. Where permitted by law, Supplier must require similar written express waivers of subrogation and insurance clauses from each of its subcontractors.

E. **UMBRELLA/EXCESS LIABILITY/SELF-INSURED RETENTION.** The limits required by this Contract can be met by either providing a primary policy or in combination with umbrella/excess liability policy(ies), or self-insured retention.

## **19. COMPLIANCE**

A. **LAWS AND REGULATIONS.** All Equipment, Products, or Services provided under this Contract must comply fully with applicable federal laws and regulations, and with the laws in the states and provinces in which the Equipment, Products, or Services are sold.

B. **LICENSES.** Supplier must maintain a valid and current status on all required federal, state/provincial, and local licenses, bonds, and permits required for the operation of the business that the Supplier conducts with Sourcewell and Participating Entities.

## **20. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION**

Supplier certifies and warrants that it is not in bankruptcy or that it has previously disclosed in writing certain information to Sourcewell related to bankruptcy actions. If at any time during this Contract Supplier declares bankruptcy, Supplier must immediately notify Sourcewell in writing.

Supplier certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time.

## **21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS**

Participating Entities that use United States federal grant or FEMA funds to purchase goods or services from this Contract may be subject to additional requirements including the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Participating Entities may have additional requirements based on specific funding source terms or conditions. Within this Article, all references to “federal” should be interpreted to mean the United States federal government. The following list only applies when a Participating Entity accesses Supplier’s Equipment, Products, or Services with United States federal funds.

A. **EQUAL EMPLOYMENT OPPORTUNITY.** Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 C.F.R. § 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.” The equal opportunity clause is incorporated herein by reference.

B. **DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148).** When required by federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Supplier must be in compliance with all applicable Davis-Bacon Act provisions.

C. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708). Where applicable, all contracts awarded by the non-federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

D. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT. If the federal award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of \$150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Supplier certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. §180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names

of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Supplier certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

G. BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352). Suppliers must file any required certifications. Suppliers must not have used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Suppliers must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Suppliers must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Supplier must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Supplier further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

I. ENERGY POLICY AND CONSERVATION ACT COMPLIANCE. To the extent applicable, Supplier must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

J. BUY AMERICAN PROVISIONS COMPLIANCE. To the extent applicable, Supplier must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition.

K. ACCESS TO RECORDS (2 C.F.R. § 200.336). Supplier agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and records of Supplier that are directly pertinent to Supplier's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Supplier's personnel for the purpose of interview and discussion relating to such documents.

L. PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322). A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation

and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

M. FEDERAL SEAL(S), LOGOS, AND FLAGS. The Supplier not use the seal(s), logos, crests, or reproductions of flags or likenesses of Federal agency officials without specific pre-approval.

N. NO OBLIGATION BY FEDERAL GOVERNMENT. The U.S. federal government is not a party to this Contract or any purchase by an Participating Entity and is not subject to any obligations or liabilities to the Participating Entity, Supplier, or any other party pertaining to any matter resulting from the Contract or any purchase by an authorized user.

O. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS. The Contractor acknowledges that 31 U.S.C. 38 (Administrative Remedies for False Claims and Statements) applies to the Supplier's actions pertaining to this Contract or any purchase by a Participating Entity.

P. FEDERAL DEBT. The Supplier certifies that it is non-delinquent in its repayment of any federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowance, and benefit overpayments.

Q. CONFLICTS OF INTEREST. The Supplier must notify the U.S. Office of General Services, Sourcewell, and Participating Entity as soon as possible if this Contract or any aspect related to the anticipated work under this Contract raises an actual or potential conflict of interest (as described in 2 C.F.R. Part 200). The Supplier must explain the actual or potential conflict in writing in sufficient detail so that the U.S. Office of General Services, Sourcewell, and Participating Entity are able to assess the actual or potential conflict; and provide any additional information as necessary or requested.

R. U.S. EXECUTIVE ORDER 13224. The Supplier, and its subcontractors, must comply with U.S. Executive Order 13224 and U.S. Laws that prohibit transactions with and provision of resources and support to individuals and organizations associated with terrorism.

S. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT. To the extent applicable, Supplier certifies that during the term of this Contract it will comply with applicable requirements of 2 C.F.R. § 200.216.

T. DOMESTIC PREFERENCES FOR PROCUREMENTS. To the extent applicable, Supplier certifies that during the term of this Contract will comply with applicable requirements of 2 C.F.R. § 200.322.

**22. CANCELLATION**

Sourcewell or Supplier may cancel this Contract at any time, with or without cause, upon 60 days' written notice to the other party. However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

## Specifications

Table 1: Proposer Identity &amp; Authorized Representatives

**General Instructions** (applies to all Tables) Sourcwell prefers a brief but thorough response to each question. Do not merely attach additional documents to your response without also providing a substantive response. Do not leave answers blank; respond "N/A" if the question does not apply to you (preferably with an explanation).

Line Item	Question	Response *
1	Proposer Legal Name (one legal entity only): (In the event of award, will execute the resulting contract as "Supplier")	Elliott Equipment Company EIN: 47-0741258
2	Identify all subsidiary entities of the Proposer whose equipment, products, or services are included in the Proposal.	n/a
3	Identify all applicable assumed names or DBA names of the Proposer or Proposer's subsidiaries in Line 1 or Line 2 above.	n/a
4	Proposer Physical Address:	3514 South 25th Street Omaha, NE 68105
5	Proposer website address (or addresses):	www.elliottequip.com
6	Proposer's Authorized Representative (name, title, address, email address & phone) (The representative must have authority to sign the "Proposer's Assurance of Compliance" on behalf of the Proposer and, in the event of award, will be expected to execute the resulting contract):	M.J. DuBois, President of DuCo, LLC will be acting as both Contract Administrator and Authorized Negotiator for the duration of the proposal period and any subsequent contract award. See attached Authorization Letter. DuCo, LLC 1079 Tamiami Trl N #350 Nokomis, FL 34275 email: mjdubois@ducollc.com Phone: 410-924-1004
7	Proposer's primary contact for this proposal (name, title, address, email address & phone):	M.J. DuBois, Authorized Contract Administrator DuCo, LLC 1079 Tamiami Trl N #350 Nokomis, FL 34275 email: mjdubois@ducollc.com Phone: 410-924-1004
8	Proposer's other contacts for this proposal, if any (name, title, address, email address & phone):	Jim Glazer, President Elliott Equipment Company 3514 South 25th Street Omaha, NE 68105 402-932-9492 jim.glazer@elliottequip.com

Table 2: Company Information and Financial Strength

Line Item	Question	Response *
-----------	----------	------------

9	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	<p>Elliott Equipment Company was founded in 1948 by Richard Elliott. The company has been a leading supplier to users in the utility, governmental, sign and lighting, electrical contractor, mining, and related industries for over 70 years. Elliott products were instrumental in building our nation's electrical grid and interstate highway system and continue that tradition to this day.</p> <p>Elliott's mission is 'Creating the Best Solutions for Lifting and Positioning People and Materials'. This simple phrase says a great deal about Elliott, as follows:</p> <p>Creating – Creativity and innovation have been at the core of Elliott since its inception. Elliott was a pioneer in truck-mounted construction equipment. Over the years, Elliott has engineered products that have helped change the work practices of crews in multiple industries, improving safety and efficiency along the way.</p> <p>The Best Solutions – Elliott takes the time to listen closely to its customers, enabling them to design the best machine for their work. Equally importantly, it takes the time to build it to last. Elliott products have exceptionally long useful lives. This helps retain their value and ensure years of trouble-free ownership. In fact, Elliott is still selling repair parts for units built in the 1970's.</p> <p>For Lifting and Positioning People and Materials– All of Elliott's products are multi-functional, and can perform as an aerial work platform, crane and/or digger derrick. They can be further customized, allowing them to do additional tasks as well. This flexibility increases their utilization and maximizes a crew's productivity. The combination of innovation, solid construction and multi-functionality results in Elliott's ability to deliver a solution to optimize the users work as well as their budget.</p> <p>Elliott's values build upon this mission and reflect who they are and how they approach their business. They are as follows:  Safety - It is essential in the workplace and the solutions they provide.  Customer Satisfaction - Elliott is dedicated to exceeding their customer's expectations.  Culture - They operate with integrity, in a dynamic environment based on trust, teamwork, mutual respect and fun.  Sustainability - They are responsible to their team members, customers, and stakeholders, to position their business for long term growth and financial stability.</p> <p>As a family-owned company, Elliott's culture is unique and long-term oriented. Elliott is customer focused and prudently managed. They truly care about the people they serve. These values have led to an outstanding reputation and long-term growth over the years.</p> <p>Current ownership purchased Elliott Equipment Company in 1991. At the time of purchase, Elliott offered only two models, a 50 foot and an 80-foot HiReach aerial. Despite the narrow offering, Elliott had loyal customers in the governmental and utility markets.</p> <p>Ownership has dramatically expanded the product line that started with the base two models of HiReach product. The Company now offers a line of over 33 models of HiReach material handling aerial work platforms that range from 45 to 240 feet in working height with options for a variety of platform sizes, platform accessories, insulation, and material handling.</p> <p>Elliott entered the truck mounted crane industry in 2002, to provide users a supplier that was customer solution focused and willing to customize products for their unique applications. Elliott now offers 32 models ranging from 10 to 50 tons in capacity. Elliott cranes are found in diverse applications from power line construction, to road and rail maintenance to mining support.</p> <p>Elliott recently developed its first digger derricks, for use in transmission construction and storm repair. These machines feature long booms, large lifting capacity, and high torque. Like all Elliott machines, the digger derricks are multi-functional, and are capable of digging, lifting loads and positioning people.</p> <p>Product development and innovation are only one part of the company's growth. Ownership has invested significant amounts in plant, equipment, systems, and support to allow Elliott to produce its products consistently, efficiently and with the highest quality. In 2020, Elliott relocated its entire operation to a modern, 210,000 sq/ft production facility in Omaha, NE. The facility is designed to optimize product flow, allowing Elliott the ability to significantly increase its manufacturing capacity and efficiency.</p> <p>When owners purchased the company, Elliott had a total of two factory salesmen, who represented the company directly to the end-users. Elliott now has a sales, service and rental network throughout the U.S. and Canada. Elliott has recently begun establishing a specialized network of distributors to focus specifically on governmental users. These dealers typically sell products like street sweepers, vacuum trucks, and the like. Elliott's products are highly complementary to these lines. By establishing this network Elliott will gain significant exposure to these markets and should allow accelerated growth in the years to come.</p> <p>Elliott will soon celebrate its 75th anniversary. Not only is Elliott one of the very few firms to survive to this milestone, because of its customer and employee focused mission and values, the Company is growing and thriving with its best years still to come.</p>
10	What are your company's expectations in the event of an award?	<p>Elliott is excited about the possibility of another awarded Sourcewell Contract. They have an expectation that a contract awarded will allow your Members to have continued access to innovative, exceptionally built, customizable, multi-function product solutions to their public works, material handling and utility needs.</p> <p>An award will also allow Elliott to participate in reinforcing their goals of superior sales and service support by offering a tool for their distributors to utilize in expanding their market reach. Elliott feels very strongly about their participation in this contract and has actively pursued and signed distributors that are "government houses" that specialize in sales to municipal customers in the last 18 months. These specialized dealers have been actively promoting Elliott's equipment and current Sourcewell Contract extensively throughout the US and Canada.</p> <p>Elliott has experienced a growth in municipal sales due to the Sourcewell Contract and firmly expects that trend to continue.</p>

11	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	Elliott is a financially strong company. Please see the attached Great Western Bank Reference Letter, and State of Nebraska Certificate of Good Standing.	*
12	What is your US market share for the solutions that you are proposing?	Elliott's HiReach products are very unique, and have few direct competitors. They are not 'bucket trucks' as they offer material handling and platform tools that bucket trucks do not offer. Elliott estimates an 80% market share for those models.  Elliott has approximately 20% market share in cranes under 18 tons, which is a primary size for Sourcewell customers. They also have a 40% market share in transmission digger derricks.	*
13	What is your Canadian market share for the solutions that you are proposing?	Elliott estimates that their Canadian market share mirrors their US market share.	*
14	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	Elliott has never petitioned for bankruptcy.	*
15	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	b) Elliott Equipment is a manufacturer, located in Omaha Nebraska, which works directly through a North American distribution network. The distributors in North America are individually owned companies. These distributors are assigned a geographic territory for exclusive product representation. Each distributor has sales, service and parts responsibilities within their geographic territory . Elliott also employs "in house" sales, service and parts personnel that support their distributors.	*
16	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	See attached Nebraska Motor Vehicle Dealer License.  Elliott HiReach aerial work-platforms are designed and built in accordance with ANSI A92.2 standards.  Elliott BoomTruck cranes are designed and built in accordance with ASME B30.5 Standards.  Elliott Boom Trucks with personnel handling are designed and built in accordance with ASME B30.23 Standards.  Elliott Digger Derricks are designed and built in accordance with ANSI A10.31 Standards.  Elliott cranes meet OSHA Standard 1926-1400.	*
17	Provide all "Suspension or Debarment" information that has applied to your organization during the past ten years.	Elliott Equipment has never been suspended or disbarred.	*

Table 3: Industry Recognition &amp; Marketplace Success

Line Item	Question	Response *	
18	Describe any relevant industry awards or recognition that your company has received in the past five years	Elliott is recognized by the National Safety Council as one of the safest workplaces in Nebraska, for over eight years running. Elliott has also been awarded the Nebraska Small Exporter of The Year by the Nebraska Business Development Council. They were recently recognized by Lift and Access as a LLEAP awardee and have been chosen as Construction Equipment Magazine's Top 100 New Products of the Year on multiple occasions..  10/2021 - Model I211 aerial was awarded first place in the Vehicle-Mounted Aerial Lift Category for their LLEAP Awards (The Leadership in Lifting Equipment and Aerial Platforms - LLEAP. Awards normally recognize innovative equipment, support products and services introduced during the previous 12 months.  Elliott Equipment hosted the American Welding Society for their annual awards meeting.  Nebraska's Governor, Pete Ricketts visited Elliott October 1, 2021 to proclaim National Manufacturing Month.	*
19	What percentage of your sales are to the governmental sector in the past three years	Approximately 10% of Elliott's sales over the past three years have gone to governmental users. Of that 10%, the primary users include municipalities, utilities, toll roads and DOT's, school districts, universities, airports and light rail. Elliott envisions this percentage to increase over time, as they have added dedicated governmental distributors to their distribution team.	*
20	What percentage of your sales are to the education sector in the past three years	Less than 1% of Elliott's sales have been to the education sector.	*
21	List any state, provincial, or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?	Sourcewell is the only cooperative purchasing contract Elliott currently holds.	*
22	List any GSA contracts or Standing Offers and Supply Arrangements (SOSA) that you hold. What is the annual sales volume for each of these contracts over the past three years?	While many Federal agencies (DOE, DOD and NASA) use their products, Elliott does not currently have a GSA contract.	*

**Table 4: References/Testimonials**

**Line Item 23.** Supply reference information from three customers who are eligible to be Sourcewell participating entities.

Entity Name *	Contact Name *	Phone Number *

**Table 5: Top Five Government or Education Customers**

**Line Item 24.** Provide a list of your top five government, education, or non-profit customers (entity name is optional), including entity type, the state or province the entity is located in, scope of the project(s), size of transaction(s), and dollar volumes from the past three years.

Entity Name	Entity Type *	State / Province *	Scope of Work *	Size of Transactions *	Dollar Volume Past Three Years *	
New Jersey Transit Department	Government	New Jersey - NJ	HiReach Platforms	3 units	\$1,275,836.0	*
Orange County Water District	Government	California - CA	Boom Trucks	2 units	\$850,568.00	*
South Dakota DOT	Government	South Dakota - SD	80' HiReach Platforms	2 units	\$473,553.00	*
Las Vegas Valley Water District	Government	Nevada - NV	Boom Trucks and HiReach Platform	2 units	\$431,330.00	*
Maryland Port Administration	Government	Maryland - MD	110' HiReach Platform	2 units	\$368,596.00	*

**Table 6: Ability to Sell and Deliver Service**

Describe your company's capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *
25	Sales force.	Elliott's sales team is comprised of two inside sales managers and three regional sales managers. They work with the distributors and end users in a consultative approach, to ensure they have the optimal machine to do their job.
26	Dealer network or other distribution methods.	Elliott's products are sold, serviced and rented through a network of authorized distributors throughout the United States and Canada. Since the start of their relationship with Sourcewell, they have added a number of the leading distributors of governmental products in the United States to their network. Their pipeline of potential Sourcewell sales has never been larger. See the attached list of exclusive Elliott Equipment distributors.
27	Service force.	Elliott's service team includes five technical support representatives and a four person parts team supporting our nationwide distributor network. They also maintain a supplemental service network in addition to their distributors to minimize any user downtime.
28	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	<p>Sourcewell Members will work directly with their Elliott Distributor on a contract sale.</p> <ol style="list-style-type: none"> <li>1. When the Member decides to purchase a new Elliott unit, the member will contact their local Elliott distributor.</li> <li>2. The Member will request a Sourcewell quote from their Distributor and provide their Member Number.</li> <li>3. Elliott's internal sales staff will work with the distributor and price out a unit based on the SW price and provide the distributor with a Sourcewell Worksheet (see attached sample). The distributor provides the authorized quote to the Member</li> <li>4. The distributor will receive the Purchase Order from the Sourcewell Member and when placing the order with Elliott to build the unit, return the Sourcewell Worksheet with the Purchase Order.</li> <li>5. Elliott's Distributor will invoice, deliver the unit once built and train the unit at the customer facility.</li> </ol>
29	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	<p>Elliott maintains a dedicated quality and after sales support team to support its customers, dealers and service providers. The goal of Elliott's aftersales support is to keep their customer's machines up and always running, with zero downtime. This starts at the factory, where they have a rigorous quality and product testing system, to ensure each machine works as it should when it leaves. Their local dealers perform an predelivery check to prior to placing the machine in service with the user.</p> <p>Elliott offers the longest warranty in the industry, with one year parts and labor on aerials and digger derricks, two years parts and labor on cranes and a lifetime structural warranty on all products.</p> <p>Elliott measures its warranty as a percentage of sales, its quality in terms of scrap, rework and check out time, and its service and parts response time. Continuous improvement in these areas is expected each year.</p> <p>Elliott maintains a significant spare parts inventory and incentivizes its dealers to do the same. The vast majority of parts orders are filled within 24 hours. Next day parts delivery is available upon request.</p> <p>Elliott's service technicians are available 24-7 to support their dealers and customers. Elliott has recently begun adding Bluetooth technology to its machines to assist in remote electrical and hydraulic system troubleshooting. In addition to its dealer network, Elliott has a supplemental network of service-only providers to enhance customer response time. Elliott regularly reviews its dealer's service capabilities and performance, to ensure they offer the highest levels of support to their customers.</p>
30	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	Elliott and their distributors sell and service Elliott products throughout the United States and Canada currently and expects to maintain that path with Sourcewell Members.
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	Elliott views the US and Canada as a single market (North America). Canadian exports comprise approximately 10% of their annual sales. Elliott has distributors across Canada that sell and support their products, just as we do in the United States. Elliott expects to maintain their superior level of sales and service within all areas in Canada.
32	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	Sourcewell is Elliott's sole cooperative purchasing contract. Elliott will have no restrictions on their contract sales and support anywhere in North America.
33	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	Elliott wishes to sell to and support all Sourcewell Members and sees no restrictions for any entity sectors.
34	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	Elliott has no additional requirements or restrictions for Alaska, Hawaii or any US Territory other than time in shipment and the applicable cost of shipping. All items will be disclosed on the quotation prior to a Member issuing a Purchase Order.

Table 7: Marketing Plan

Line Item	Question	Response *
35	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	<p>Elliott believes it is imperative to the success of their anticipated Sourcewell Contract award that the Executive Staff embraces the culture of contract sales. With the support/directive from Elliott Management and a "Go-To-Market" strategy developed, Elliott will continue to educate their sales, service, and distributor network about the award and what it will mean in maximizing municipal sales avenues. Both DuCo LLC (our Contract Administrator) and Sourcewell Supplier Development personnel will help with this process, make sure goals are met, and contract requirements are maintained. Elliott will hold national sales meetings to promote any new award to their internal staff, and distributors. The education of the distributor's sales teams will be accomplished by both one on one meetings and by group sales meetings. Elliott's response to this solicitation has been designed with success in mind; they believe that both the distributor and Sourcewell Member must be accepting of their Pricing for realization of their goals.</p> <p>Elliott will utilize Sourcewell's promotional flags at industry trade shows, Sourcewell Logo's on municipal market specific literature, ads, and web site. See attached examples</p>
36	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	<p>Elliott maintains a presence on social media outlets, including LinkedIn, Facebook, Twitter and Instagram. Their goal in doing so is to maintain and grow their user interaction with the Elliott brand by sharing Company and product news, success stories and other industry items of interest. Elliott continues to grow in followers each week.</p> <p>In addition to those items, Elliott has a monthly e-newsletter that it sends to customers and prospects. They also utilize Google Adwords to drive additional traffic to their website.</p>
37	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	<p>Sourcewell has an exceptional reputation and based on their steady increase of sales, knows how to promote their contracts. Elliott believes that Sourcewell's marketing model works. The basis for longevity is service related and from what Elliott's municipal customers are saying, Sourcewell is aware of this concept. Elliott Expects the same existence at trade shows, Getting to Know You and Sourcewell University events will be continued as can be in the new COVID environment.</p> <p>Sourcewell Vendor paraphernalia available to contract holders is also helpful for trade shows and the new Vendor Supplier section of the Website has been and will be utilized.</p>
38	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	Elliott's products do not lend themselves to e-procurement ordering; there is no option for it.

Table 8: Value-Added Attributes

Line Item	Question	Response *
39	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	In conjunction with their dealers, Elliott offers a variety of services, including, but not limited to, operator and mechanic training, crane operator certification, periodic inspections and more. Dealer provided operator training is standard. Sourcewell members can work with their dealer or Elliott to design a custom training curriculum. In depth training like this typically costs \$1,800 per day, plus travel.
40	Describe any technological advances that your proposed products or services offer.	During the past three years, Elliott has been on a campaign to update their control systems from direct wiring to a CANbus network. This improves reliability and service times. In addition, their controls have Bluetooth capability, which allows the user to contact the dealer or factory for trouble shooting. The Bluetooth package gives additional operating information and adaptability for the user. This technology is on all of Elliott cranes with cabs, and is making its way through to the HiReach line starting with the V60 and L65 models.

<p>41</p>	<p>Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.</p>	<p>Elliott's Green Product Attributes                  Designed a special manifold to reduce number of hydraulic fittings and leak points.                   Remote engine start/stop to allow engine shut down to minimize fuel usage and emissions.                   ANSI A92.2 compliance for aerial work platforms (HiReach, SkyWalk, ELine).                   ANSI A10.31 compliance for digger derricks.                   ASME B30.5 compliance for boom trucks/cranes.                   All products are designed to optimize strength and weight. This allows products to be mounted on lighter chassis to consume less fuel.                   Products are designed and built to minimize weight while maximizing product life. Lower weight products also minimize impact on roads, prolonging road life.                   Products are designed to minimize operator fatigue and for safe operator use. Ingress/egress, operator controls, sight-lines and set up/tear down are all factored into design.                   Safe and Healthy Buildings                  Eye and ear protection required, hearing testing required, buildings monitored for noise level and air quality.                   Lean environment where materials and tools are minimized and in their place.                   New, state of the art ventilation and air filtration for paint, prep and burning operations.                   Safety scrap and waste are key performance indicators that are measured and worked for continuous improvement. Safety committee, safety meetings, safety recognition.                   Worker's compensation experience mod of .78, far better than industry average.                   All lighting in buildings has been retrofit with LED fixtures and motion sensors for better light and lower energy consumption.                   Waste is properly marked and disposed of. Paper is recycled. Laser or plasma cut steel is computer nested to minimize waste. Steel scrap is recycled. Elliott reclaims cleaning solvents used in paint preparation.                   On line registration, manuals and parts ordering significantly reduce paper use.                   Elliott is Efficient in Use of Materials                  Well-designed structures not only give the machine a longer useful life (reflected in its lifetime structural warranty), but also lengthen chassis life, by minimizing chassis frame twist and maximizing the structure of the chassis. The longer lived products reduce the need for rapid replacement.                   Multi-functionality allows more work to be done with a single machine which reduces machine count. Minimized piece count of machine to reduce opportunities for rework and scrap.                   Products are designed to minimize weight / material.                   Designed to reduce downtime, so fewer hydraulic fittings, fewer electrical connections, designed to maximize user safety and productivity.                   Rework and scrap are tracked for continuous improvement.                   Vendors are evaluated for quality and defects to reduce their scrap and rework.                   Training on floor ensures proper work is done, reducing scrap and rework.                   Only certified welders are used, to minimize material waste.                   Units are designed for exceptionally long useful life, and given lifetime structural warranty – this minimizes the need for regular replacement which saves trucks and other resources.                   Elliott moved to a new energy efficient building in April 2020. The building has excellent natural lighting and LED lights throughout with motion sensors. Green also includes safety and Elliott is consistently recognized by the National Safety Council as one of the safest companies in Nebraska.</p>
<p>42</p>	<p>Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.</p>	<p>Elliott does not have any third party certifications. It is important to note however, that during their current contract term, they have moved locations to a far more energy efficient building with state of the art air handling, energy efficient lighting, excellent material flow and new electrical systems. In addition, one of the primary considerations in their product designs is weight. They recently redesigned their most popular model and reduced its weight by over 20%. This contributes to increased fuel economy and lower ownership costs for Elliott users.</p>
<p>43</p>	<p>Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.</p>	<p>A number of Elliott's local distributors are SBE, MBE, WMBE or Veteran owned businesses. The actual participation of each will be dictated by the customer's delivery area. The actual percentage of SBE, MBE, WMBE or Veteran owned business information can be provided to the customer upon request prior to the order being placed.                   Elliott is also utilizing a Small Woman Owned Business, DuCo, LLC, to administer the proposed Sourcewell Contract.</p>

44	<p>What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?</p>	<p>Only Elliott HiReach aeriels have the platform size and accessories of self-propelled aerial combined with platform material handling and main boom lifting capabilities. This allows crews to use one machine to do the work of two, increasing utilization and reducing equipment costs.</p> <p>All Elliott aeriels are telescopic. Their 'point and shoot' design allows greater side reach to minimize lane closures and eliminates tail swing, protecting workers from accidentally moving a portion of the boom into traffic. Like a Swiss Army Knife, HiReach aeriels let workers do more jobs with a single piece of equipment.</p> <p>Elliott cranes are unique in that they can mount on lighter chassis, which differentiates them in water and sewer related activities. Only Elliott cranes have the capability to power hydraulic tools like clam buckets or grapples at the boom tip, eliminating the need to drag a hydraulic line on the ground. Elliott cranes can be equipped with remote control work platforms or post hole augers for even more savings to Sourcewell members.</p> <p>Elliott's digger derricks have taller tip heights, greater lifting capacity, and higher digging torque than any other machines on the market. They also can mount on a tandem axle chassis, with no permits required.</p> <p>Currently Elliott has several design initiatives in progress which will benefit Sourcewell members. One of these is reducing the weight of the Company's aerial work platforms, so they use less material and can fit on smaller trucks (or offer more carrying capacity on larger trucks) minimizing the need for a CDL and maximizing fuel economy.</p> <p>Examples of this include their new L65, which replaces one of their most popular units, the L60, and offers more reach, better lifting and weighs 3,000 lbs. less. The new M87, 87-foot aerial fits on a non-CDL chassis and offers more reach and lifting capacity on this class of chassis than anyone in the world. Elliott's new digger derricks also can mount on tandem axle chassis with no pusher or tag axle needed.</p> <p>Elliott is also transitioning to a next generation control system for its products, that allows for operators to individualize the performance of their machines and perform diagnostic system checks using Bluetooth technology.</p> <p>A third initiative is to allow users to maximize the utilization of their investment. As an example, Elliott's new E150 transmission machine is the industry's first machine to feature interchangeable booms and platforms, material handling and over-center boom operation. This single machine can do the work of five, literally cutting the cost of operation by over 50%, while simultaneously improving machine utilization and worker efficiency.</p>
----	---	---

**Table 9: Warranty**

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
45	Do your warranties cover all products, parts, and labor?	<p>Elliott's warranties cover parts and labor for one year (two years for cranes). Elliott is the only company in the industry to offer a lifetime structural warranty on all of their products.</p> <p>Customers can purchase extended parts and labor warranties if desired.</p>
46	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	No usage restrictions are imposed on the warranty. The only limitations apply if equipment has been misused, modified, not maintained, operator error or third party (non-Elliott) replacement parts have been used.
47	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Elliott's warranty covers technician travel time and mileage. This work is typically performed by the distributor closest to the user.
48	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	Elliott does not expect any region not to be covered by their distributors. Elliott has distributors and service providers coast to coast. Most of these have physical shops as well as the ability to provide field service and warranty repair.
49	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Elliott's warranty covers all Elliott supplied items. Chassis are covered under their respective manufacturer's warranties. In cases of other significant third party parts that are added to the machine (like a welder/generator or rail gear), or provided by the user, the warranty would be a pass through from their respective manufacturer.
50	What are your proposed exchange and return programs and policies?	Elliott manufactures specialized equipment, built to suit, and does not offer exchanges or returns.
51	Describe any service contract options for the items included in your proposal.	<p>The purchasing Member can contact the local distributor for any service contracts. This is not something that can be purchased at the factory level.</p> <p>Customers can choose to purchase extended warranties of up to five years for their unit and/or truck chassis at the time of new unit purchase.</p>

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *
52	Describe your payment terms and accepted payment methods?	Payment terms are net 30 days unless otherwise arranged prior to purchase on a case-by-case basis. Payments or units can be made by check, wire transfer or Automated Clearing House transfer (ACH).
53	Describe any leasing or financing options available for use by educational or governmental entities.	Elliott will offer municipal and non-profit leasing through third party vendors if there is Member interest. Elliott does not quote rates or terms for leasing, however it should be known to Members that we have this service available to them. Elliott will work with other Sourcewell Awarded Vendors (NCL) or any leasing agency of the Member's choice.
54	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	See the attached Sourcewell Distributor Worksheet commonly used with the current Sourcewell Contract. This form will be used with any future award for information to the Distributor and recognition as a Sourcewell Sale.
55	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	P-card procurement is not accepted.

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
56	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	It is Elliott's intent to offer a percentage discount from the manufacturer list price to the Sourcewell Members on all of the items being proposed in this offer. Elliott's discount will be based on a percentage off of the base model and price listed options.
57	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Elliott is offering a discount of 7% on HiReach and Digger Derricks and a 6% discount on Boom Truck Cranes. This discount will be for the Elliott Base Unit and Elliott Price Listed options. Chassis will not be discounted.
58	Describe any quantity or volume discounts or rebate programs that you offer.	Elliott will offer additional discounts for volume purchases. There will be an additional 2% discount off the base unit discounted price for a single Purchase Order for 4 or more units.  At this time, Elliott does not offer any rebate programs.
59	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	It is Elliott's intention to cover all items available on their commercial price lists. Elliott does realize, from time to time, there may be individual requirements that will not be listed. Elliott will provide any items "specific" to Sourcewell Members needs that they are able to. The pricing for such items will be cost plus 20%. Prior to accepting an order with Open Market items from a Sourcewell Member, Elliott will discuss the availability of a specific request and price the item. Any documentation of cost that Elliott can provide for these items will be presented on an individual basis when requested.  In cases where there is additional engineering and integration required, Elliott will provide this cost information to the customer at the time of their quote.

60	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	<p>There are several costs not included in the pricing submitted in this proposal. These costs are listed below:</p> <p>Freight and Delivery: Freight costs will be pre-paid and added to the Members Quote and Invoice. Small items will be, in most cases, delivered by UPS. Other freight carriers may be utilized in shipments, i.e. Federal Express, DHL drive-away service, and common carrier. The actual cost of shipment will be passed through to the customer. Elliott will not mark up this item for profit. Minimal handling fees may be added where special packaging is required. The Member will be notified of these charges if applicable prior to order placement.</p> <p>Federal Excise Tax: Elliott is required by law to collect Federal Excise Tax on any truck mounted unit rated above 33,000 GVW. This tax will be added to the customer invoice as a separate line item. Elliott will pay this tax directly to the Internal Revenue Service. The rate of tax is calculated at 12%. Most municipal and non-profit entities are exempt from this tax. If Elliott is provided a Federal Excise Tax Exemption Certificate, they will not be required to collect this tax.</p> <p>Mounting Fee: This fee is charged to the customer when ordering a truck mounted unit. Mounting fees cover the cost of the mounting of the body on the desired truck chassis.</p> <p>Federally Mandated Items: The cost of any federally mandated items will be passed on to the Member. Elliott pricing includes any federally mandated items that are mandated at the time of this proposal. Should there be a Federal Mandate after the date of this proposal, any cost incurred to meet the requirements of this mandate will be passed on to the member. Any costs applicable will be provided to the Member prior to any Purchase Order being issued. This fee would typically be charged to meet any future EPA standards that may arise. An example of such costs would be in meeting Federal Emission Standards.</p> <p>Local Dealer Pre-Delivery Inspection, On Site Training, and Local Delivery Fees: These costs are charged by local dealers to inspect, test, in service the unit, local extended delivery and follow up training. These costs are a pass through cost to the member from the local dealer.</p>
61	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	<p>All freight charges are pre-paid and added to the Member quotation for convenience. Members always have the choice of picking up the units at the factory or retaining a 3rd party of their choice to deliver the equipment. The freight charges are at a pass-through price. Elliott has negotiated quantity-discounted shipping rates and will pass those discounts on to the Members.</p> <p>Most offered items are custom built to customer specification. Anticipated delivery of items ordered on a stock chassis or customer supplied chassis is expected to be 45-90 days after receipt of order or customer chassis. Anticipated delivery of an item ordered on a "special order" chassis is expected to be 120-180 days after receipt of order; however, this time can vary greatly depending upon chassis manufacturer back log.</p> <p>Delivery of truck mounted units will be pre-paid and added to Member Quotation and Invoice. Both "Drive-A-Way" service and common carrier service will be used.</p>
62	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	<p>The shipping and delivery charges for Canada, Alaska and Hawaii and any other off shore location are the same as the previously stated delivery programs for the contiguous US. The shipping charges to the port location will be calculated in the same manner.</p> <p>If the customer wishes that Elliott deliver via ocean transport, Elliott will pass on the negotiated shipping rates that they will pay to the ocean transport carrier to the Member. It has been their experience that the customers in these locations usually have their own negotiated rates with shipping carriers. If this is the case, Elliott will provide the customer shipping to their desired port and provide the customer with the appropriate documentation required. Elliott strives to provide the equipment as customer specified and to their satisfaction upon delivery.</p>
63	Describe any unique distribution and/or delivery methods or options offered in your proposal.	<p>As stated above, Elliott passes on negotiated bid freight pricing to their customers.</p> <p>Most of the Elliott distributors have units in stock and Member's can purchase those units to enhance delivery times and in some cases better prices.</p>

**Table 12: Pricing Offered**

Line Item	The Pricing Offered in this Proposal is: *	Comments
64	c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	Elliott gives the best discounts available to Sourcewell Members.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
65	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	Elliott closely monitors their distributor's Sourcewell opportunities and sales. Typically, Elliott's distributors request pricing from Elliott for each machine they are selling. This is because Elliott's products are all customizable, and governmental customers tailor their equipment to best fit their applications. As an additional tracking mechanism, Elliott reviews their warranty registrations and contacts all of their customers when they register a unit, this is done for customer satisfaction, distributor satisfaction and when municipal customers are involved, to verify what vehicle they used to purchase their unit.
66	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Elliott establishes annual objectives with their distributors and reviews their progress throughout the year. Items they specifically track include sales calls, quotations, quotations converted to orders, and total sales under the Sourcewell contract. Elliott then discusses the dealer's progress on these and develops an ongoing plan to improve their performance.
67	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Elliott proposes an administrative fee of 1%. The fee will be calculated on the Member price.

**Table 14A: Depth and Breadth of Offered Equipment Products and Services**

Line Item	Question	Response *
68	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	<p>HiReach – HiReach Truck-Mounted Material Handling Aerial Work Platforms</p> <p>Elliott HiReach material handling aerial work platforms feature a heavy duty, telescopic boom design, with easy 'point and shoot' operation. Material handling is available for all HiReach products, commonly both on the main boom and in work platform. This allows the machines to multi-function, increasing their versatility and lowering operating costs by eliminating the need for two separate units and chassis.</p> <p>Elliott's HiReach product line offers working heights from 48-240 feet. They offer 19 models within this range, all of which can be customized to optimize them for the user's application. This wide variety of models allows users to reach further and gives flexibility in choosing the optimal height for their application.</p> <p>The telescopic nature of Elliott's machines eliminates tail-swing inherent in an articulated boom. This simplifies operation and eliminates the risk of inadvertently swinging the 'knuckle' of the boom into traffic. The telescopic design also maximizes side reach, allowing users to reach further in a single set up.</p> <p>The HiReach work platform is unique in that it has an open rail design and is typically sized at 40"x60" or larger (up to 16 feet long). The standard 40"x60" platform allows for more than double the work surface of a typical 24"x48" two-worker fiberglass bucket. In addition, the open rail of the HiReach platform allows for far greater range of access for workers than enclosed bucket. Also offered, enclosed fiberglass buckets upon request; however users almost always opt for the platform design.</p> <p>Only Elliott offers "Office in the Sky" platform accessories include 110V, hydraulic tools, air tools, pressure washer, welder, oxy/acetylene, material handling forks and material handling jib winch. This is the largest range of platform tools of any truck mounted aerial device and allows users to maximize the types of work they do while in the air.</p> <p>Elliott HiReach units can also handle materials from both the main boom and the work platform. Typically the units offer 5,900 lbs. capacity from the main boom and 500 lbs. from the platform. Insulated units offer 3,650 lbs. material handling and longer units offer up to 15,000 lbs. material handling. This adds additional functionality and allows one machine to do the work of two or more.</p> <p>Users can also add an optional post hole digger to three and four section units (50-90 feet models), to provide a third major application to their machine.</p> <p>Elliott will further customize their units for fit a unique application. For example, they offer special outriggers that allow users to clear guardrails and get extra vertical penetration for the shoulder. Special bodies, lighting, tool circuits, recovery winches and other equipment are also available.</p> <p>All Elliott HiReach units are certified to ANSI A92.2 in personnel, material handling, and digging modes. This ensures outstanding stability and structural integrity.</p> <p>Elliott HiReach units feature a full-length sub-frame and oversize turret and bearing. This allows Elliott to back them with a lifetime structural warranty.</p> <p>Finally, Elliott works with all chassis manufacturers and can either supply a chassis or the user can supply their own if desired.</p> <p><b>Digger Derricks</b>                      Elliott has a growing line of digger derricks. Currently there are three models, with 86-, 105- and 115-foot tip heights, respectively. Elliott digger derricks are designed for use in the most demanding applications - transmission line construction and storm work. They feature the longest boom lengths, highest digging torque, wide digging radius, class leading material handling capacity at digging radius, full hydraulic controls and can mount on standard tandem axle chassis. Elliott is in the process of expanding their digger derrick product line, and plan to add multiple new models in the coming three years.</p> <p>Elliott Digger Derricks are backed by a one-year parts and labor warranty and lifetime structural warranty which is the best in the industry.</p> <p><b>Boom Truck - Boom Truck Mounted Telescopic Cranes</b>                      In addition to their HiReach aeriels and digger derricks, Elliott offers 14 models of truck mounted telescoping cranes 'BoomTrucks' that range from 10-50 tons of lifting capacity, boom lengths from 39 to 142 feet, and tip heights up to 207 feet. All of Elliott's BoomTrucks feature a telescopic design for simple 'point and shoot' operation.</p> <p>Elliott offers the widest selection of telescopic truck mounted cranes between 10-18 tons in the industry. These models are tailored for typical Sourcewell member applications, as they are compact, easy to operate and customizable. Users can add several options including hydraulic powered grapples, radio remote controlled work platforms, post hole diggers, lights, bodies and much more.</p> <p>Like all Elliott products, their BoomTrucks use the latest technology from industry leading suppliers to ensure smooth and trouble-free operation. All Elliott Boom Trucks comply with ASME B30.5 and ASME B30.23 for mobile and locomotive cranes.</p> <p>Elliott Boom Trucks are backed by a two-year parts and labor warranty and lifetime structural warranty which is the best in the industry.</p>
69	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.	<p>Truck-mounted multi-function equipment                      Material handling aerial work platforms                      Boom Truck cranes                      Digger Derricks</p>

**Table 14B: Depth and Breadth of Offered Equipment Products and Services**

Indicate below if the listed types or classes of equipment, products, and services are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Category or Type	Offered *	Comments
70	Telescopic, articulated, mast, and boom, aerial lifts, towers, buckets, and platforms	<input checked="" type="radio"/> Yes <input type="radio"/> No	HiReach models and cranes are offered in this category.
71	Digger derricks, and cable placing, pulling, and tensioning equipment	<input checked="" type="radio"/> Yes <input type="radio"/> No	Elliott offers digger derrick models in this response
72	Directional drills, trenchless excavation equipment, thrust and boring machines, soil piercing tools, trenchers, rock wheels, and pile drivers	<input type="radio"/> Yes <input checked="" type="radio"/> No	not offered
73	Utility locating equipment	<input type="radio"/> Yes <input checked="" type="radio"/> No	not offered
74	Accessories, supplies, replacement or wear parts, and services related to the offering of equipment in Lines 69-72	<input type="radio"/> Yes <input checked="" type="radio"/> No	not offered - to offer this kind of item would require more effort to track and report sales than is possible at this time.

**Table 15: Exceptions to Terms, Conditions, or Specifications Form**

**Line Item 75. NOTICE:** To identify any exception, or to request any modification, to the Sourcewell template Contract terms, conditions, or specifications, a Proposer must submit the exception or requested modification on the **Exceptions to Terms, Conditions, or Specifications Form** immediately below. The contract section, the specific text addressed by the exception or requested modification, and the proposed modification must be identified in detail. Proposer's exceptions and proposed modifications are subject to review and approval of Sourcewell and will not automatically be included in the contract.

Contract Section	Term, Condition, or Specification	Exception or Proposed Modification

**Documents**

Ensure your submission document(s) conforms to the following:

1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.
2. Documents should NOT have a security password, as Sourcewell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcewell.
3. Sourcewell may reject any response where any document(s) cannot be opened and viewed by Sourcewell.
4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding to. For example, if responding to the Marketing Plan category save the document as "Marketing Plan."

**Addenda, Terms and Conditions****PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE**

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.
2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.
3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.
4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.
5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.
6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.
7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.
8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.
9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
11. Proposer its employees, agents, and subcontractors are not:
  1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: <https://www.treasury.gov/ofac/downloads/sdnlist.pdf>;
  2. Included on the government-wide exclusions lists in the United States System for Award Management found at: <https://sam.gov/SAM/>; or
  3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - M.J. DuBois, Contract Administrator, DuCo, LLC

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

Yes  No

The Bidder acknowledges and agrees that the addendum/addenda below form part of the Bid Document.

Check the box in the column "I have reviewed this addendum" below to acknowledge each of the addenda.

**RFP #110421**  
**REQUEST FOR PROPOSALS**  
**for**  
**Public Utility Equipment with Related Accessories and Supplies**

**Proposal Due Date: November 4, 2021, 4:30 p.m., Central Time**

Sourcewell, a State of Minnesota local government unit and service cooperative, is requesting proposals for Public Utility Equipment with Related Accessories and Supplies to result in a contracting solution for use by its Participating Entities. Sourcewell Participating Entities include thousands of governmental, higher education, K-12 education, nonprofit, tribal government, and other public agencies located in the United States and Canada. A full copy of the Request for Proposals can be found on the Sourcewell Procurement Portal [<https://proportal.sourcewell-mn.gov>]. Only proposals submitted through the Sourcewell Procurement Portal will be considered. Proposals are due no later than November 4, 2021, at 4:30 p.m. Central Time, and late proposals will not be considered.

Opening:	November 4, 2021, 6:30 p.m., Central Time See RFP Section V.G. "Opening"

## I. ABOUT SOURCEWELL

### A. SOURCEWELL

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that facilitates a competitive public solicitation and contract award process for the benefit of its 50,000+ participating entities across the United States and Canada. Sourcewell's solicitation process complies with State of Minnesota law and policies, conforms to Canadian trade agreements, and results in cooperative purchasing solutions from which Sourcewell's Participating Entities procure equipment, products, and services.

Cooperative purchasing provides participating entities and suppliers increased administrative efficiencies and the power of combined purchasing volume that result in overall cost savings. At times, Sourcewell also partners with other purchasing cooperatives to combine the purchasing volume of their membership into a single solicitation and contract expanding the reach of contracted suppliers' potential pool of end users.

Sourcewell uses a website-based platform, the Sourcewell Procurement Portal, through which all proposals to this RFP must be submitted.

### B. USE OF RESULTING CONTRACTS

In the United States, Sourcewell's contracts are available for use by:

- Federal and state government entities;
- Cities, towns, and counties/parishes;
- Education service cooperatives;
- K-12 and higher education entities;
- Tribal government entities;
- Some nonprofit entities; and
- Other public entities.

In Canada, Sourcewell's contracts are available for use by:

- Provincial and territorial government departments, ministries, agencies, boards, councils, committees, commissions, and similar agencies;
- Regional, local, district, and other forms of municipal government, municipal organizations, school boards, and publicly-funded academic, health, and social service entities referred to as MASH sector (this should be construed to include but not be limited to the Cities of Calgary, Edmonton, Toronto, Ottawa, and Winnipeg), as well as any corporation or entity owned or controlled by one or more of the preceding entities;
- Crown corporations, government enterprises, and other entities that are owned or controlled by these entities through ownership interest;

- Members of the Rural Municipalities of Alberta (RMA) and their represented Associations: MASH (municipalities, academic institutions, schools and hospitals) and MUSH (municipalities, universities, schools and hospitals) sectors, and other governmental agencies eligible to use the Sourcewell contracts. MASH and MUSH sector refers to regional, local, district or other forms of municipal government, school boards, publicly-funded academic, health and social service entities, as well as any corporation or entity owned or controlled by one or more of the preceding entities, including but not limited to represented associations, Saskatchewan Association of Rural Municipalities ("SARM"), Association of Manitoba Municipalities ("AMM"), Local Authorities Services/Association of Municipalities Ontario ("LAS/AMO", excluding the cities of Toronto and Ottawa), Nova Scotia Federation of Municipalities ("NSFM"), Federation of Prince Edward Island Municipalities ("FPEIM"), Municipalities Newfoundland Labrador ("MNL"), Union of New Brunswick Municipalities ("UNBM"), North West Territories Association of Communities ("NWTAC") and their members. RMA Participants may include all not-for-profit agencies for Canadian provinces and territories.

For a listing of current United States and Canadian Participating Entities visit Sourcewell's website (note: there is a tab for each country): <https://www.sourcewell-mn.gov/sourcewell-for-vendors/agency-locator>.

Participating Entities typically access contracted equipment, products, or services through a purchase order issued directly to the contracted supplier. A Participating Entity may request additional terms or conditions related to a purchase. Use of Sourcewell contracts is voluntary and Participating Entities retain the right to obtain similar equipment, products, or services from other sources.

To meet Participating Entities' needs, Sourcewell broadly publishes public notice of all solicitation opportunities, including this RFP. In the United States each state-level procurement department receives notice for possible re-posting.

Proof of publication will be available at the conclusion of the solicitation process.

## **II. SOLICITATION DETAILS**

### **A. SOLUTIONS-BASED SOLICITATION**

This RFP and contract award process is a solutions-based solicitation; meaning that Sourcewell is seeking equipment, products, or services that meet the general requirements of the scope of this RFP and that are commonly desired or are required by law or industry standards.

## B. REQUESTED EQUIPMENT, PRODUCTS, OR SERVICES

It is expected that proposers will offer a wide array of equipment, products, or services at lower prices and with better value than what they would ordinarily offer to a single government entity, a school district, or a regional cooperative.

1. Sourcewell is seeking proposals for Public Utility Equipment with Related Accessories and Supplies including, but not limited to:
  - a. Chassis-mounted, trailer-mounted, and self-propelled (wheel or track):
    - i. Telescopic, articulated, mast, and boom, aerial lifts, towers, buckets, and platforms;
    - ii. Digger derricks, and cable placing, pulling, and tensioning equipment; and,
    - iii. Directional drills, trenchless excavation equipment, thrust and boring machines, soil piercing tools, trenchers, rock wheels, and pile drivers.
  - b. Utility locating equipment; and,
  - c. Accessories, supplies, replacement or wear parts, and services related to the offering of the solutions in subsections 1. a. and b. above.
  
2. The primary focus of this solicitation is on Public Utility Equipment with Related Accessories and Supplies. This solicitation should NOT be construed to include excavators principally intended for the cleaning of sewer lines, catch basins, and storm sewers, or for municipal pumping applications.
  
3. This solicitation does not include those equipment, products, or services covered under categories included in contracts currently maintained by Sourcewell:
  - a. Trailers with Related Equipment, Accessories, and Services (RFP #121918), except the trailer-mounted solutions identified in subsections 1. a. i. – iii. above;
  - b. Heavy Construction Equipment with Related Accessories, Attachments, and Supplies (RFP #032119);
  - c. Medium Duty and Compact Construction Equipment with Related Attachments, Accessories, and Supplies (RFP #040319);
  - d. Ag Tractors with Related Attachments, Accessories, and Supplier (RFP #110719);
  - e. Class 4-8 Chassis with Related Equipment, Accessories, and Services (RFP #060920), except the chassis-mounted solutions identified in subsections 1. a. i. – iii. above;
  - f. Forklifts and Lift Trucks with Related Services (RFP #091520); and,
  - g. Sewer Vacuum, Hydro-Excavation, and Municipal Pumping Equipment with Related Accessories and Supplies (RFP #101221).

Proposers may include related equipment, accessories, and services to the extent that these solutions are complementary to the equipment, products, or service(s) being proposed.

Generally, the solutions for Participating Entities are turn-key solutions, providing a combination of equipment, products and services, delivery, and installation to a properly operating status. However, equipment or products only solutions may be appropriate for situations where Participating Entities possess the ability, either in-house or through local third-party contractors, to properly install and bring to operation the equipment or products being proposed.

Sourcewell prefers suppliers that provide a sole source of responsibility for the equipment, products, and services provided under a resulting contract. If proposer is including the equipment, products, and services of its subsidiary entities, the proposer must also identify all included subsidiaries in its proposal. If proposer requires the use of distributors, dealers, resellers, or subcontractors to provide the equipment, products, or services, the proposal must address how the equipment, products or services will be provided to Participating Entities, and describe the network of distributors, dealers, resellers, and/or subcontractors that will be available to serve Participating Entities under a resulting contract.

Sourcewell desires the broadest possible selection of equipment, products, and services being proposed over the largest possible geographic area and to the largest possible cross-section of Sourcewell current and future Participating Entities.

#### C. REQUIREMENTS

It is expected that proposers have knowledge of all applicable industry standards, laws, and regulations and possess an ability to market and distribute the equipment, products, or services to Participating Entities.

1. Safety Requirements. All items proposed must comply with current applicable safety or regulatory standards or codes.
2. Deviation from Industry Standard. Deviations from industry standards must be identified with an explanation of how the equipment, products, and services will provide equivalent function, coverage, performance, and/or related services.
3. New Equipment and Products. Proposed equipment and products must be for new, current model; however, proposer may offer certain close-out equipment or products if it is specifically noted in the Pricing proposal.
4. Delivered and operational. Unless clearly noted in the proposal, equipment and products must be delivered to the Participating Entity as operational.
5. Warranty. All equipment, products, supplies, and services must be covered by a warranty that is the industry standard or better.

#### D. ANTICIPATED CONTRACT TERM

Sourcewell anticipates that the term of any resulting contract(s) will be four years, with an optional one year extension that may be offered based on the best interests of Sourcewell and its Participating Entities.

#### E. ESTIMATED CONTRACT VALUE AND USAGE

Based on past volume of similar contracts, the estimated annual value of all transactions from contracts resulting from this RFP are anticipated to be USD \$90 Million; therefore, proposers are expected to propose volume pricing. Sourcewell anticipates considerable activity under the contract(s) awarded from this RFP; however, sales and sales volume from any resulting contract are not guaranteed.

#### F. MARKETING PLAN

Proposer's sales force will be the primary source of communication with Participating Entities. The proposer's Marketing Plan should demonstrate proposer's ability to deploy a sales force or dealer network to Participating Entities, as well as proposer's sales and service capabilities. It is expected that proposer will promote and market any contract award.

#### G. ADDITIONAL CONSIDERATIONS

1. Contracts will be awarded to proposers able to best meet the need of Participating Entities. Proposers should submit their complete line of equipment, products, or services that are applicable to the scope of this RFP.
2. Proposers should include all relevant information in its proposal, since Sourcewell cannot consider information that is not included in the proposal. Sourcewell reserves the right to verify proposer's information and may request clarification from a proposer, including samples of the proposed equipment or products.
3. Depending upon the responses received in a given category, Sourcewell may need to organize responses into subcategories in order to provide the broadest coverage of the requested equipment, products, or services to Participating Entities. Awards may be based on a subcategory.
4. A proposer's documented negative past performance with Sourcewell or its Participating Entities occurring under a previously awarded Sourcewell contract may be considered in the evaluation of a proposal.

### III. PRICING

#### A. REQUIREMENTS

All proposed pricing must be:

1. Either Line-Item Pricing or Percentage Discount from Catalog Pricing, or a combination of these:
  - a. **Line-item Pricing** is pricing based on each individual product or services. Each line must indicate the proposer's published "List Price," as well as the "Contract Price."

- b. **Percentage Discount from Catalog or Category** is based on a percentage discount from a catalog or list price, defined as a published Manufacturer's Suggested Retail Price (MSRP) for the products or services. Individualized percentage discounts can be applied to any number of defined product groupings. Proposers will be responsible for providing and maintaining current published MSRP with Sourcewell, and this pricing must be included in its proposal and provided throughout the term of any Contract resulting from this RFP.
2. The proposer's not to exceed price. A not to exceed price is the highest price for which equipment, products, or services may be billed to a Participating Entity. However, it is permissible for suppliers to sell at a price that is lower than the contracted price.
3. Stated in U.S. and Canadian dollars (as applicable).
4. Clearly understandable, complete, and fully describe the total cost of acquisition (e.g., the cost of the proposed equipment, products, and services delivered and operational for its intended purpose in the Participating Entity's location).

Proposers should clearly identify any costs that are NOT included in the proposed product or service pricing. This may include items such as installation, set up, mandatory training, or initial inspection. Include identification of any parties that impose such costs and their relationship to the proposer. Additionally, proposers should clearly describe any unique distribution and/or delivery methods or options offered in the proposal.

#### B. ADMINISTRATIVE FEES

Proposers are expected to pay to Sourcewell an administrative fee in exchange for Sourcewell facilitating the resulting contracts. The administrative fee is normally calculated as a percentage of the total sales to Participating Entities for all contracted equipment, products, or services made during a calendar quarter, and is typically one percent (1%) to two percent (2%). In some categories, a flat fee may be an acceptable alternative.

### IV. CONTRACT

Proposers awarded a contract will be required to execute a contract with Sourcewell (see attached template). Only those modifications the proposer indicates in its proposal will be available for discussion. Much of the language in the Contract reflects Minnesota legal requirements and cannot be altered. Numerous and/or onerous exceptions that contradict Minnesota law may result in the proposal being disqualified from further review and evaluation.

To request a modification to the template Contract, a proposer must submit the Exceptions to Terms, Conditions, or Specifications table with its proposal. Only those exceptions noted at the time of the proposal submission will be considered.

Exceptions must:

1. Clearly identify the affected article and section.

2. Clearly note the requested modification; and as applicable, provide requested alternative language.

Unclear requests will be automatically denied.

Only those exceptions that have been accepted by Sourcewell will be included in the contract document provided to the awarded supplier for signature.

If a proposer receives a contract award resulting from this solicitation it will have up to 30 days to sign and return the contract. After that time, at Sourcewell's sole discretion, the contract award may be revoked.

## **V. RFP PROCESS**

### **A. PRE-PROPOSAL CONFERENCE**

Sourcewell will hold an optional, non-mandatory pre-proposal conference via webcast on the date and time noted in the Solicitation Schedule for this RFP and on the Sourcewell Procurement Portal. The purpose of this conference is to allow potential proposers to ask questions regarding this RFP and Sourcewell's competitive contracting process. Information about the webcast will be sent to all entities that have registered for this solicitation opportunity through their Sourcewell Procurement Portal Supplier Account. Pre-proposal conference attendance is optional.

### **B. QUESTIONS REGARDING THIS RFP AND ORAL COMMUNICATION**

All questions regarding this RFP must be submitted through the Sourcewell Procurement Portal. The deadline for submission of questions is found in the Solicitation Schedule and on the Sourcewell Procurement Portal. Answers to questions will be issued through an addendum to this RFP. Repetitive questions will be summarized into a single answer and identifying information will be removed from the submitted questions.

All questions, whether specific to a proposer or generally related to the RFP, must be submitted using this process. Do not contact individual Sourcewell staff to ask questions or request information as this may disqualify the proposer from responding to this RFP. Sourcewell will not respond to questions submitted after the deadline.

### **C. ADDENDA**

Sourcewell may modify this RFP at any time prior to the proposal due date by issuing an addendum. Addenda issued by Sourcewell become a part of the RFP and will be delivered to potential proposers through the Sourcewell Procurement Portal. Sourcewell accepts no liability in connection with the delivery of any addenda.

Before a proposal will be accepted through the Sourcewell Procurement Portal, all addenda, if any, must be acknowledged by the proposer by checking the box for each addendum. It is the responsibility of the proposer to check for any addenda that may have been issued up to the solicitation due date and time.

If an addendum is issued after a proposer submitted its proposal, the Sourcewell Procurement Portal will WITHDRAW the submission and change the proposer's proposal status to INCOMPLETE. The proposer can view this status change in the "MY BIDS" section of the Sourcewell Procurement Portal Supplier Account. The proposer is solely responsible to check the "MY BIDS" section of the Sourcewell Procurement Portal Supplier Account periodically after submitting its proposal (and up to the Proposal Due Date). If the proposer's proposal status has changed to INCOMPLETE, the proposer is solely responsible to:

- i) make any required adjustments to its proposal;
- ii) acknowledge the addenda; and
- iii) ensure the re-submitted proposal is received through the Sourcewell Procurement Portal no later than the Proposal Due Date and time shown in the Solicitation Schedule above.

#### D. PROPOSAL SUBMISSION

Proposer's complete proposal must be submitted through the Sourcewell Procurement Portal no later than the date and time specified in the Solicitation Schedule. Any other form of proposal submission, whether electronic, paper, or otherwise, will not be considered by Sourcewell. **Late proposals will not be considered.** It is the proposer's sole responsibility to ensure that the proposal is received on time.

It is recommended that proposers allow sufficient time to upload the proposal and to resolve any issues that may arise. The time and date that a proposal is received by Sourcewell is solely determined by the Sourcewell Procurement Portal web clock.

In the event of problems with the Sourcewell Procurement Portal, follow the instructions for technical support posted in the portal. It may take up to 24 hours to respond to certain issues.

Upon successful submission of a proposal, the Sourcewell Procurement Portal will automatically generate a confirmation email to the proposer. If the proposer does not receive a confirmation email, contact Sourcewell's support provider at [support@bidsandtenders.ca](mailto:support@bidsandtenders.ca).

To ensure receipt of the latest information and updates via email regarding this solicitation, or if the proposer has obtained this solicitation document from a third party, the onus is on the proposer to create a Sourcewell Procurement Portal Supplier Account and register for this solicitation opportunity.

Within the Sourcewell Procurement Portal, all proposals must be digitally acknowledged by an authorized representative of the proposer attesting that the information contained in the proposal is true and accurate. By submitting a proposal, proposer warrants that the information

provided is true, correct, and reliable for purposes of evaluation for potential contract award. The submission of inaccurate, misleading, or false information is grounds for disqualification from a contract award and may subject the proposer to remedies available by law.

#### E. GENERAL PROPOSAL REQUIREMENTS

Proposals must be:

- In substantial compliance with the requirements of this RFP or it will be considered nonresponsive and be rejected.
- Complete. A proposal will be rejected if it is conditional or incomplete.
- Submitted in English.
- Valid and irrevocable for 90 days following the Proposal Due Date.

Any and all costs incurred in responding to this RFP will be borne by the proposer.

#### F. PROPOSAL WITHDRAWAL

Prior to the proposal deadline, a proposer may withdraw its proposal.

#### G. OPENING

The Opening of proposals will be conducted electronically through the Sourcewell Procurement Portal. A list of all proposers will be made publicly available in the Sourcewell Procurement Portal after the Proposal Due Date, but no later than the Opening time listed in the Solicitation Schedule.

To view the list of proposers, verify that the Sourcewell Procurement Portal opportunities list search is set to "All" or "Closed." The solicitation status will automatically change to "Closed" after the Proposal Due Date and Time.

### **VI. EVALUATION AND AWARD**

#### A. EVALUATION

It is the intent of Sourcewell to award one or more contracts to responsive and responsible proposers offering the best overall quality, selection of equipment, products, and services, and price that meet the commonly requested specifications of Sourcewell and its Participating Entities. The award(s) will be limited to the number of proposers that Sourcewell determines is necessary to meet the needs of its Participating Entities. Factors to be considered in determining the number of contracts to be awarded in any category may include the following:

- The number of and geographic location of:
  - Proposers necessary to offer a comprehensive selection of equipment, products, or services for Participating Entities' use.

- A proposer’s sales and service network to assure availability of product supply and coverage to meet Participating Entities’ anticipated needs.
- Total evaluation scores.
- The attributes of proposers, and their equipment, products, or services, to assist Participating Entities achieve environmental and social requirements, preferences, and goals.

Information submitted as part of a proposal should be as specific as possible when responding to the RFP. Do not assume Sourcewell has any knowledge about a specific supplier or product.

#### B. AWARD(S)

Award(s) will be made to the proposer(s) whose proposal conforms to all conditions and requirements of the RFP, and consistent with the award criteria defined in this RFP.

Sourcewell may request written clarification of a proposal at any time during the evaluation process.

Proposal evaluation will be based on the following scoring criteria and the Sourcewell Evaluator Scoring Guide (a copy is available in the Sourcewell Procurement Portal):

Conformance to RFP Requirements	50
Financial Viability and Marketplace Success	75
Ability to Sell and Deliver Service	100
Marketing Plan	50
Value Added Attributes	75
Warranty	50
Depth and Breadth of Offered Equipment, Products, or Services	200
Pricing	<u>400</u>
<b>TOTAL POINTS</b>	<b>1000</b>

#### C. PROTESTS OF AWARDS

Any protest made under this RFP by a proposer must be in writing, addressed to Sourcewell’s Executive Director, and delivered to the Sourcewell office located at 202 12th Street NE, P.O. Box 219, Staples, MN 56479. All documents that comprise the complete protest package must be received no later than 10 calendar days’ following Sourcewell’s notice of contract award(s) or non-award and must be time stamped by Sourcewell no later than 4:30 p.m., Central Time. A protest must allege a procedural, technical, or legal defect, with supporting documentation. A protest that merely requests a re-evaluation of a proposal’s content will not be entertained

A protest must include the following items:

- The name, address, and telephone number of the protester;

- Identification of the solicitation by RFP number;
- A precise statement of the relevant facts;
- Identification of the alleged procedural, technical, or legal defect;
- Analysis of the basis for the protest;
- Any additional supporting documentation;
- The original signature of the protester or its representative; and
- Protest bond in the amount of \$20,000 (except where prohibited by law or treaty).

Protests that do not address these elements will not be reviewed.

#### D. RIGHTS RESERVED

This RFP does not commit Sourcewell to award any contract, and a proposal may be rejected if it is nonresponsive, conditional, incomplete, conflicting, or misleading. Proposals that contain false statements or do not support an attribute or condition stated by the proposer may be rejected.

Sourcewell reserves the right to:

- Modify or cancel this RFP at any time;
- Reject any and all proposals received;
- Reject proposals that do not comply with the provisions of this RFP;
- Select, for contracts or for discussion, a proposal other than that with the lowest cost;
- Independently verify any information provided in a proposal;
- Disqualify any proposer that does not meet the requirements of this RFP, is debarred or suspended by the United States or Canada, State of Minnesota, Participating Entity's state or province; has an officer, or other key personnel, who have been charged with a serious crime; or is bankrupt, insolvent, or where bankruptcy or insolvency are a reasonable prospect;
- Waive or modify any informalities, irregularities, or inconsistencies in the proposals received;
- Clarify any part of a proposal and discuss any aspect of the proposal with any proposer; and negotiate with more than one proposer;
- Award a contract if only one responsive proposal is received if it is in the best interest of Participating Entities; and
- Award a contract to one or more proposers if it is in the best interest of Participating Entities.

#### E. DISPOSITION OF PROPOSALS

All materials submitted in response to this RFP will become property of Sourcewell and will become public record in accordance with Minnesota Statutes Section 13.591, after negotiations are complete. Sourcewell considers that negotiations are complete upon execution of a resulting contract. It is the proposer's responsibility to clearly identify any data submitted that

it considers to be protected. Proposer must also include a justification for the classification citing the applicable Minnesota law. Sourcewell may reject proposals that are marked confidential or nonpublic, either substantially or in their entirety.

Sourcewell will not consider the prices submitted by the proposer to be confidential, proprietary, or trade secret materials. Financial information, including financial statements, provided by a proposer is not considered trade secret under the statutory definition.

Addendum No. 1

Solicitation Number: RFP 110421

Solicitation Name: Public Utility Equipment with Related Accessories and Supplies

Consider the following Question and Answer to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

---

**Question 1:**

Are radio batteries and accessories considered in-scope for this contract?

**Answer 1:**

Each proposer, in its discretion, will propose the equipment, products, and services that it deems to fall within Sourcewell's requested equipment, products, and services as stated in RFP Section II. B. - Requested Equipment, Products or Services. However, only those products within the scope of the RFP will be included in any contract awarded by Sourcewell as a result of this solicitation. Proposals are evaluated based on the criteria stated in the RFP.

---

End of Addendum

Acknowledgement of this Addendum to RFP 110421 posted to the Sourcewell Procurement Portal on 9/20/2021, is required at the time of proposal submittal.

9/24/2021

Addendum No. 2

Solicitation Number: RFP 110421

Solicitation Name: Public Utility Equipment with Related Accessories and Supplies

Consider the following Question and Answer to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

---

**Question 1:**

Can we submit a bid response that includes the body, with installation, and excludes the chassis? Can chassis pricing be added later?

**Answer 1:**

Sourcewell will not advise a proposer on the content of the proposal. Each proposer, in its discretion, will propose the equipment, products, and services that it deems to fall within Sourcewell's requested equipment, products, and services as described in RFP Section II. B (Requested Equipment, Products and Services). The solicitation is a competitive process and proposals are evaluated on the content submitted.

The Proposer's complete proposal must be submitted through the Sourcewell Procurement Portal no later than the date and time specified in the Solicitation Schedule (RFP Section V. D.), and all relevant information should be included in the proposal (RFP Section II., G.).

For additional guidance on the process for pricing changes during the contract term refer to Section 4. – Product and Pricing Change Requests in the Sourcewell template contract available on the Sourcewell Procurement Portal.

---

End of Addendum

Acknowledgement of this Addendum to RFP 110421 posted to the Sourcewell Procurement Portal on 9/24/2021, is required at the time of proposal submittal.

9/27/2021

Addendum No. 3

Solicitation Number: RFP 110421

Solicitation Name: Public Utility Equipment with Related Accessories and Supplies

Consider the following Question and Answer to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

---

**Question 1:**

We saw a posting for this solicitation on a website other than the Sourcewell Procurement Portal. Are the products or commodities listed on the other site part of this opportunity, or is the opportunity only for the equipment or products included in the Sourcewell RFP?

**Answer 1:**

The requested equipment, products, or services for this solicitation are as stated in RFP Section II. B. – Requested Equipment, Products, or Services. The contents of a posting on a site other than the Sourcewell Procurement Portal have no impact on the scope of the Sourcewell RFP.

---

End of Addendum

Acknowledgement of this Addendum to RFP 110421 posted to the Sourcewell Procurement Portal on 9/27/2021, is required at the time of proposal submittal.

10/14/2021

Addendum No. 4

Solicitation Number: RFP 110421

Solicitation Name: Public Utility Equipment with Related Accessories and Supplies

Consider the following Questions and Answers to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

---

**Question 1:**

Would bulk water dispensing and wastewater receiving systems be in scope for this RFP?

**Answer 1:**

Each proposer, in its discretion, will propose the equipment, products, and services that it deems to fall within Sourcewell's requested equipment, products, and services as stated in RFP Section II. B. - Requested Equipment, Products or Services. However, only those products within the scope of the RFP will be included in any contract awarded by Sourcewell as a result of this solicitation. Proposals are evaluated based on the criteria stated in the RFP.

**Question 2:**

We have already been awarded an agreement by Canoe Procurement Group of Canada. Can it be transferred to this Sourcewell opportunity, or will we have to bid again?

**Answer 2:**

The solicitation issued by Sourcewell is independent of contracts that have been previously awarded by Canoe Procurement Group of Canada.

To participate in the Sourcewell competitive solicitation, a proposal must be submitted through the Sourcewell Procurement Portal. Guidance on preparing a response in the Portal can be found in the "Submit Response Guide" found on the "Bids Homepage" in the Resource Materials section. After selecting "Start Submission" from the Bid Details page, a proposer will navigate to Step 1 to begin the submission.

---

End of Addendum

Acknowledgement of this Addendum to RFP 110421 posted to the Sourcewell Procurement Portal on 10/14/2021, is required at the time of proposal submittal.

Illinois track gets Cup date

Kelly Crandall
RACER magazine | USA TODAY Network
NASCAR senior vice president of strategy and innovation Ben Kennedy believes the collaboration between industry stakeholders and fan feedback led to the creation of "what we think is ultimately the best Cup Series schedule that we've had so far."
On Wednesday, NASCAR rolled out the 2022 schedule, which includes two new stops. The first will be the Clash exhibition race to be run on a temporary short track built inside Los Angeles Memorial Coliseum, and then a visit to Illinois and World Wide Technology Raceway. The full schedule features 39 race events.
While WWTR is the only new points-paying race, there are notable highlights. NASCAR returns to competition on Easter weekend for the first time since 1989. The event will be the second on the dirt at Bristol Motor Speedway and in prime time.
"We're pleased that it's important for us to make sure that dirt event is into the evening or under the lights, and that we're able to secure that prime-time window on Fox," Kennedy says. "You think of all the other sports leagues with NFL on Thanksgiving, NBA on Christ-

mas. This was our opportunity to run on Easter Sunday and drive a lot of momentum for fans who are watching at home through Fox's season and NBC's season, from start to finish."
The inaugural Bristol dirt race this year was rained out and pushed to Monday. It was well-received, but there were lessons learned with tire wear and visibility issues. Moving the race to prime time should keep the surface in better racing condition.
Pocono was the only track to lose a race. For the first time since the early 1980s, it will not host two dates. A significant change is that teams will have only one off weekend next year. That will be after the June 12 race on the Sonoma road course. There have routinely been two weeks off during the Cup season for Easter and then one in summer. This year added one more because, besides Easter, NASCAR went on a two-week summer break in August to allow for the Olympics.
"It's something that we're certainly looking at, and know it was nice to have the two-week off week with the Olympic break, and I think it was a natural break for our season this year," says Kennedy. "That's said, if you look at our schedule overall, starting on Presidents Day weekend as we traditionally have with the Dayto-

MOTOR SPORTS

NASCAR Camping World Truck Series

UNOH 200 Presented by Ohio Logistics
TV: 9 p.m. ET Thursday, FS1
Track: Bristol Motor Speedway
Fast Facts: Sheldon Creed, the defending series champion, led 104 of the 147 laps at Darlington and has won three consecutive playoff races dating to last season. He leads John Hunter Nemechek by two points in the standings through one race in the post-season. Three-time champion Matt Crafton is third, 34 points behind.
- The Associated Press

na 500 and ending our season at Phoenix with the championship race, by the time you lay out the entire schedule, really ultimately, it leads to only one off week if we're running on Sundays and weekends."
California's Auto Club Speedway is back on the schedule after being shuttered during the COVID-19 pandemic. There are six road course races, five of which will be during the regular season.
NASCAR also shuffled dates around late in the year, such as Watkins Glen being before the regular-season finale, and Texas and Kansas swapping post-season dates. Homestead is also back in the playoffs.

 Time Manufacturing Company  
 Vermeer Corporation

Proposals were reviewed by the Proposal Evaluation Committee:

Kim Austin, MBA, CPPB, Procurement Lead Analyst  
 Brandon Town CPSM, CPSD, Procurement Analyst  
 Carol Jackson, Procurement Analyst  
 Craig West, Procurement Analyst

**The findings of the Proposal Evaluation Committee are summarized as follows:**

The Proposal Evaluation Committee applied the Sourcewell RFP evaluation criteria and determined that the products and services offered in the proposal response from Computrol Fuel Systems, Inc., fall outside of the Requested Equipment, Products, or Services of the RFP. All other proposals were found to meet the scope and mandatory submittal requirements and were evaluated.

Altec Industries, Inc., provides Sourcewell participating entities access to their full product line of equipment, including aerial devices, cranes and cable placers. Standard warranty is one year on parts and labor with most models including a limited lifetime warranty. Altec directly sells and services through their robust sales network and 44 Service Centers located throughout the United States and Canada. They are offering participating entities competitive pricing.

Sourcewell

Elliot Equipment Company manufactures aerial work platforms, digger derricks, cranes, and boom trucks. Through their geographically dispersed distributors and internal sales and service teams, participating entities in Canada and the United States can receive sales and service support. Elliot offers a one-year warranty on parts and labor for aerials and digger derricks and two years on cranes. All products also include a lifetime structural warranty. Products included in this proposal are being offered with strong discounts from list prices.

Terex Utilities, Inc. offers their full line of public utility equipment that includes digger derricks, aerial devices, auger drills, auger tools, equipment remounts, inspections, and repair services. They have a strong direct sales and service force that is supplemented by a large distributor and rental partner network that allows them to provide sales and service to Sourcewell participating entities in the United States and Canada. Replacement parts for Terex products are available for purchase through their online e-commerce platform. Terex Utilities, Inc. proposes a solid discount from their list pricing.

The Charles Machine Works, Inc., dba Ditch Witch, offers a complete line of pedestrian and ride on trenchers, vibratory plows, compact utility products, stand on track loaders and attachments, directional drills, vacuum excavation products, micro trenching products, pipe and cable locators, tracking electronics, and pneumatic piercing tools. They have an independent dealer network throughout the United States and Canada, along with over 600 service personnel. Financing and competitive discounts off MSRP are available to Sourcewell participating entities.

Time Manufacturing Company brands include Versalift, BrandFX, Ruthmann, Steiger, Ecoline, Eagle, Blueline and Aspen Aerials. They offer a complete solution including bucket trucks, high access aerials, compact aerials, service trucks, cable placers and digger derricks with a dealer network that covers the United States and Canada. Standard one-year parts and labor warranties are included, and extended warranties are available. Time Manufacturing offers competitive pricing and discounts off MSRP to Sourcewell participating entities.

Vermeer Corporation has a comprehensive product lineup with trenchers, directional drills, piercing tools, and utility locating equipment. Their factory product specialists and dealerships located across the United States and Canada are available to fully serve Sourcewell participating entities. Standard warranties cover all products with extended warranty and service contracts available. Vermeer offers a competitive discount off standard pricing to Sourcewell participating entities.

For these reasons, the Sourcewell Proposal Evaluation Committee recommends award of Sourcewell Contract #110421 to:

Altec Industries, Inc.	#110421-ALT
Elliott Equipment	#110421-EEC
Terex Utilities, Inc.	#110421-TER
The Charles Machine Works, Inc.	#110421-CMW
Time Manufacturing Company	#110421-TIM
Vermeer Corporation	#110421-VRM

The preceding recommendations were approved on December 20, 2021.

### STATEMENT OF COMPLIANCE

As Chief Procurement Officer for Sourcewell, I have reviewed the recommendation of the Evaluation Committee and the accompanying support materials documenting the process followed for **RFP #110421 for Public Utility Equipment with Related Accessories and Supplies**.

The committee accepted, deemed responsive, evaluated, and recommended proposals for award. Under authority granted to the Chief Procurement Officer in Sourcewell's bylaws, the recommendations set forth above are approved.

I hereby certify:

1. Sourcewell is a government agency, created and authorized by Minnesota law to provide cooperative procurement contracts.
2. The procurement process and resulting contracts have been awarded in compliance with the laws of the State of Minnesota (Minnesota Statutes Chapter 471 and Minnesota Statutes Section 123A.21), and in conformity to Sourcewell's Procurement Policy.

Member Thomas moved the adoption of the following Resolution:

**RESOLUTION TO APPROVE SOLICITATION AND/OR RE-SOLICITATION OF CATEGORIES**

**Resolution No. 2021-18**

**WHEREAS**, Sourcewell desires to issue a solicitation, and is seeking permission from the Board to issue a solicitation, for the categories listed on Appendix A, which is attached and incorporated.

**WHEREAS**, through the Sourcewell Procurement Policy, the Board designated the Chief Procurement Officer to administer Sourcewell’s cooperative purchasing and contracting program; and

**WHEREAS**, the Chief Procurement Officer recommends approval of categories detailed above.

**NOW THEREFORE BE IT RESOLVED** that the Board of Directors hereby approves the solicitation of categories.

The motion for the adoption of the foregoing resolution was duly seconded by Member Thiel

and the following voted in favor: (list names here)

wilson, Zylka, Veronen, Nagel, Thomas, Thiel, Arts, Kircher

and the following voted against: (list names here or “NONE”)

None

whereupon said resolution was declared duly passed and adopted.

STATE OF MINNESOTA**

Member Kircher moved the adoption of the following Resolution:

**RESOLUTION TO RATIFY COOPERATIVE CONTRACTING AWARDS**

**1/18/2022**

**Resolution No. 2022-03**

**WHEREAS**, the Sourcewell Board of Directors previously authorized the solicitations for the cooperative categories listed on Appendix A, which is attached and incorporated; and

**WHEREAS**, Sourcewell issued the cooperative contracting solicitations for the authorized categories; and

**WHEREAS**, through the Sourcewell Procurement Policy, the Board designated the Chief Procurement Officer to administer Sourcewell's cooperative purchasing and contracting program and to award all competitively solicited contracts, without limitation; and

**WHEREAS**, the Chief Procurement Officer made the awards listed based on the results of the competitive solicitation process; and

**WHEREAS**, the Board acknowledges that the awards made by the Chief Procurement Officer are valid and binding; however, based upon some members' legal requirements the Chief Procurement Official is required to seek subsequent Board ratification of all cooperative purchasing awards.

**NOW THEREFORE BE IT RESOLVED** by the Board of Directors ratifies the cooperative contracting awards made by the Chief Procurement Officer listed on Appendix A.

The motion for the adoption of the foregoing resolution was duly seconded by Member Zylka

and the following voted in favor: (list names here)

wilson, Zylka, Veronen, Nagel, Thomas, Thiel, Arts, Kircher

and the following voted against: (list names here or "NONE")

None

whereupon said resolution was declared duly passed and adopted.
