95203	66	9%
95205	57	8%
95209	50	7%
95204	40	5%
95210	40	5%
95212	22	3%
95215	20	3%
95219	19	3%
95377	19	3%
95240	13	2%
95336	10	1%
95231	6	<1%

Clinical Resolutions

Aug '23 – Jan '24

Examples of MCRT Making a Difference

Case Study 1

- MCRT conducted a welfare check at the request of a concerned family member
- Team transported patient to men's shelter
- Through assessment and conversation, identified patient was involved with Valley Mountain Regional Center and in process of being placed at an Adult Day Living Facility
- MCRT followed up with family member who initially called in for support, connected them with additional behavioral health support
- Great collaboration between MCRT and VMRC systems

Examples of MCRT Making a Difference

Case Study 2

- MCRT called to a school to assist school clinician with a LGBTQIA youth who was recently experiencing homelessness and re-enter public school
- Youth had threatened harm against himself
- MCRT, school clinician, and family came together to transport youth to BHS for further evaluation
- Family of youth have been receiving services from MCRT, including therapy, assistance with laundry, and assistance with gas

Examples of MCRT Making a Difference

Case Study 3

- MCRT responded to a call regarding male who was observed talking to himself and fighting the air
- MCRT team visited the individual at his home and identified both behavioral needs and basic needs not being met
- Team accompanied individual to social security office to resolve existing and ongoing SSI issue
- Patient and family were confused about how to proceed with the case/appeal
- MCRT assisted and helped family formally establish a case

Examples of MCRT Making a Difference

Case Study 4

- In January, MCRT responded to CMC Respite site for an individual acting aggressively
- Team documented: disorganized thoughts and speech, auditory hallucinations
- Patient was on probation, but while experiencing homelessness, could not continue his medication program
- MCRT assisted patient in accessing medication, make connections to Gospel and provided appointment availability at CMC
- Patient declined appointment, but retained MCRT card for future needs
